DIRECTORS ADOPT PRESIDENT TODD'S BUILDING SCHEME

Plan Opens New Era in History of College; Library Building

With the adoption of a five million dollar program by the Board of Directors of the College of Puget Sound at their meeting Thursday afternoon, the institution began a new era in its history. The plan presented to the trustees by Dr. Edward H. Todd calls for a systematic presentation to the public of the wider and wider finding of persons interested in these projects. One of the projects calls for the purchase of a million dollar library with a staff of five, which will rival the best-publicists in the Northwest.

The unique feature of the plan is that the campaign has been carried out in the past years will be undertaken by the various projects. The campaign will be completed to make the total projected program a reality. The campaign will be divided into six major phases, each comprising five years. The first phase will be the construction of a million dollar library, to be completed by 1936. Other considerations will include the construction of a new science building and the expansion of the campus. The campaign will be formally commenced on June 1, 1932.

Debaters Meet Pullman Squad

Will Debate on Kappa Delta Question

Charles Thomas and J. Norman Willman represent the College of Puget Sound in a debate against the Washington State College Monday evening at 8:15 in the Auditorium, with Robert S. Greene and Robert A. Elrod to oppose them. A panel of three judges, which has not yet been selected, will be chosen to judge the debate. C. P. E. will take the affirmative side of the Kappa Delta question. Resolved: 'That Congress should enact legislation providing for the controlled control of industry (Constitutional or otherwise?)

The Pullman Squad from the Washington Agricultural College on Thursday afternoon, Dr. J. Howard Wilkin. The Pullman Squad will meet again on this subject next Monday with the Pullman Squad, the question is, of course, the one that has been under discussion.

Gordon Injured In Car Accident

After being pinned between a truck and a farm house yesterday morning, March 10, Gordon Busen, graduate of the College of Puget Sound, was rushed to the hospital with a badly crushed chest.

Mr. Gordon was rushing the door to assist in the planting of a dry-slip from George Washington's home in Mount Vernon. Lee Carter of the American Legion will give the slips and assist in the planting. The slips were given to Mr. Carter by a relative who lives near Westport from Mount Vernon.

BUSEN, '25, WILL RETURN

Chester Bush, graduate of the College of Puget Sound, will return to the city of Mount Vernon, his home, Thursday morning. He has left the college to take graduate work in economics at the University of Washington.

The accident occurred when Mr. Bush was planting the slips and assisting in the planting. The slips were given to Mr. Carter by a relative who lives near Westport from Mount Vernon.

Mr. Gordon was rushing the door to assist in the planting of a dry-slip from George Washington's home in Mount Vernon. Lee Carter of the American Legion will give the slips and assist in the planting. The slips were given to Mr. Carter by a relative who lives near Westport from Mount Vernon.
WASHINGTON'S Birthday will be spent enjoying popular winter sports.

ARRANGEMENTS have been made for the outdoor activities of the university at Longmire. Skiing, tobogganing and hiking will be enjoyed. Miss Martha Pearl Jones, advisor, will accompany the party.

Miss Weigle is in charge of the affair. She has as assistants Betty Fox and Doris Langton. Spur making is to be done by Alta Karlberg, Mary Jane Watson, Doris Langton, Edna Crewe, Ruth Arwood, Dorothy Powell, Elizabeth Spencer, Alberta Van Dyke, Eva Twiti, Virena Lassen, Alice Wilgin, Miriam Weigle, Pearl Ingersoll and Miss Jones.

At a recent election the vacant offices in this organization were filled. Betty Fox was chosen vice president and Alice Washoltz, secretary.

ART HEADS SHOW DRAWINGS

Picture drawings from the winners of the Lambda Sigma Chi annual art contest, held under the auspices of the American Institute of Architects, are on display in the Art Room of Jones Hall.

All the drawings submitted from Washington, Oregon and Idaho would be of superior quality, but participants do not have to be members of either. The contest is in course. The work will be shown in the Art Room. Popular opinion in favor of the collection is shown by a wonderful technique in presentation and choice of subject matter.

Students in the classes of Messrs. C. T. Wright, Robert F возможно, Sandra, and Miss Noreena Long have drawings and paintings on display. Among the drawings to be particularly noted are those by William Birkett, Sr., and Bob and Jane Hoke, who was enrolled in the college last year.

Miss Coohran, Art department chairman, was present for the special effort to see the wonderful collection, which will appear until the end of March.

Hanawalt Talks To Astronomers

Swiss Calendar Plan Outlined By Professor

In an address to the members of the Tacoma Amateur Telescope Makers and Astronomers Association last Monday evening, Professor Francis W. Hanawalt presented the new Swiss plan in regard to the chronology of the year. This plan is one of the new types of calendars that are being used by various societies in the League of League of the Nation.

Combining all of the advantages of the thirteen month calendar, it has the added utility of being divided into the thirds, fourths and sixths so necessary to business dealings of today.

The calendar provides for a cycle of three standard month periods of four times. The first of these is thirty days long and begins the year on Monday. The second month of this cycle would be thirty days long, but would begin on Wednesday. The third month of this cycle would also be thirty days long and again begin on Friday. This cycle would be repeated as many times as one might need it.

The professor stated that, "All new men do anything needs a calendar; and all men must be considered."

Hanawalt pointed out that, "The International Standard Calendar (thirteen-month calendar) does not need the day, since the day is an integral part of the month."

According to Professor Hanawalt the change from the present calendar to the new would be made only by the traditionalists and those who do not want to make any changes for their own satisfaction. The calendar would not be adopted by any other group, and the new date would be given as the new date by all.

Spanish Students Pledge Alpha Chi Nu

History of Latin America is Studied

Although the students of Spanish 12 have only had one semester of Spanish, they have already pledged to further the students' use of Spanish.

Spanish students must be better in their instruction after making their pledge to be given a greater degree of influence by the university. The Greek students and members of the Latin American fraternity should be made to be given together with a statement to the drama work the applicant has done and the institutions with which he has been connected.

The three official drama tours offered this year are the Biblical tour, under the direction of H. W. Jekland, the English tour, led by Dr. DuBoulay, and the summer tour, and of which Carl Klein is the director. Tours this season are both lower and less expensive than those of last year. Extreme care has been taken in the arrangement of a number of such trips to avoid additional costs for the ordinary traveler.

All of these tours are elastic and additions and substitutions regarding expenses can be readily made to suit every individual. Any student interested in the tours in securing a schedule of them should see Miss Jones for further particulars.

Schedule
Tuesday, Feb. 22—12:00, Outlaws vs. Daley; 1:00, Sigma Zeta Epsilon vs. Independent.

Thursday, Feb. 24—12:00, Sigma Mu Chi vs. Delta P. Chi; 1:00 Delta Omicron vs. Nippons.

In the second week of intramural play four teams still remained undefeated. Two teams have won twice, while the other two have only played against each other. Two large scores were obtained by teams this week, the Outlaws defeated the Nippons 31 to 10, while the Sigma Beta Omicron defeated the Daley Epsilon 36 to 0. In the other game played by the Chi Nu Chi vs. Divine Omicron, the Nippons defeated the Divine Omicron by the score of 36 to 10. In the other game played by the Alpha Chi Nu defeated the Divine Omicron 23 to 12. The Outlaws defeated the Divine Epsilon by the score of 36 to 0. In the other game played by the Alpha Chi Nu defeated the Divine Omicron 23 to 12.

Summary

Nippons vs. Outlaws

By totaling the largest number of points scored by their respective teams during the second basketball game this year the Outlaws defeated the Nippons 31 to 10, stretching the game played at noon. The Outlaws scored at will and as the Nippons played most of the game with only four men, due to foul trouble, the only score recorded early in the second quarter, was very one sided.

Summary

National Collegiate Athletic Association (NCAA)

Changes in football rules for next season. Widespread interest in the recent changes in football rules for next season.

New Changes

1. Abolition of the flying tackle and attempted fly tackle.
2. Awarding of the 10-yard line on all kickoffs, and on the receiving team to line up within 15 yards of their opponents, and by permitting a choice of placement, front or back of the kickoff to allow a better hold.
3. Return of a player into the zone in any period following that in which he is removed. This will make it possible for a player to re-enter the game three times. He may be returned in the first and second returns in the same period and return in the second, come out again in the third, and return in the fourth.

REVIEWED SCHEDULE

Tuesday, February 24—Beta vs. Tau. Wednesday, February 24—Theta vs. Lambda. Thursday, February 24— Gamma vs. Delta.

The second photo shows a page from a document titled "THE MAN AND A NEW ERA." The page contains text discussing various topics such as the college's history, recent developments, and new endowments. It also mentions the activities of faculty and students, including honors and awards received. The page highlights the contributions of various individuals and institutions, and mentions the role of General Electric in the field of aviation. The text is written in a formal tone, typical of academic or institutional publications. The page includes a list of contributors and a short biography of Channing Pollock's "The Sound Round."
