NO EXAMINATIONS FOR TEN STUDENTS WITH HIGH GRADES

The following students have averaged 90 or more for the first seven semesters of "B" or higher, and are consequently exempt from all courses they may now be taking except those in which they are using doing failing or borderline work:

James Martin, Margaret Gilbert,
Ethel Griswold, Margaret Irwin,
J. Herman Mathson, Paul Williams,
Herman Pierson, Evelyn M. Fiske,
Ella Keesler and Fradleigh Walker.

CPS BAND GIVES SPRING CONCERT

Harry W. Evans Directs Group

Solo numbers with band accompaniment will bel the main feature of the annual spring concert of the College of Puget Sound, to be presented in the auditorium of Jones Hall this evening at 8 P.M., under the leadership of Harry W. Evans.

The remainder of the program consists of novelty numbers and well-known selection.

No arrangements are to be changed and Mr. Evans extends a special invitation to those interested in music of this type.

The order of the program is as follows:

Part I

Offertory, "Harmony King"—Joseph de Lucas
Coronet Solo, "Stella Lutea"—Thora Enfield
A. M. McRoberts, viola
Walter "Murmuring Waters"—John T. Hall

Part II

Morceau, "Meadow Dance"—A. Herman
Bruciotte Solo, "My Regards"—Richard L. Laidley
Tom Williams, organ
Bernard Sliney, baton
Paul Lichte, saxophone
Selection, "Plondrons"—Leslie Stewart
March of the Superman"—Paul Lincke

Field trips are becoming common events in the science department. The geological class will go to Olin River Wednesday to fish for salmon. The biology class will go to Day Island Thursday and take advantage of the low tide to study many salt water specimens. The Biology Club visited a fog and mussel farm last Friday.

McMillin Shows Panning Methods

To give the students, who attended Professor Frederick A. McMillin's placer mining classes last Tuesday and Thursday evening, an opportunity to put into practice what they learned, the practical equipment in the geology room has been placed at the disposal of students free.

More than 40 attended the classes with students of CPS completing the larger proportion. Slides were shown to illustrate the lectures. Professor McMillin demonstrated panning and explained the process of claims selection, selecting gold ground, and the use of rookers and sluice boxes.

FIELD TRIPS PLENTIFUL

Field trips are becoming common events in the science department. The geological class will go to Olin River Wednesday to fish for salmon. The biology class will go to Day Island Thursday and take advantage of the low tide to study many salt water specimens. The Biology Club visited a fog and mussel farm last Friday.

Pooring Songs

International Good-Will Day will be observed Thursday, May 18 in Tacoma with a program at the First Christian Church, 6th and K, at 8 p.m. The program will be sponsored by the local unit of the National Council for the Prevention of War, of which Walter S. Davies, CPS presiding elder, is chairman.

The program will consist of a musical half hour, followed by an address by Dr. N. D. Showalter, state superintendent of public instruction. All students of the College of Puget Sound are urged to attend, according to those in charge of the program.

**Mural Cindermen Meet This Week**

Events to Be Held Friday and Saturday

The annual intramural track meet will be held Friday and Saturday. Preliminaries are scheduled for Thursday with finals Friday.

This year's meet, which is the second to be held due to snow, will be a much closer event than in the previous year.

Four Places to Count

A new feature this year is that four places will count points instead of two as in the previous meet.

**Lea Grant**

On Thursday the preliminaries of the 30-yard dash, the 100-yard dash, 200- and 500-yard dashes will be held as well as all the finals in the short put and the broad jump. Friday will see the finals in the above events as well as the discus, high jump and mile run.

In the preliminaries six men will quality for the finals to be held the next day. Names of all entrants must be handed in to Lea Grant by chapel period on Thursday so that drawings may be made.

**Only Two Winners Back**

With several of last year's winners and record holders either competing for the varsity or not in school the meet this year is expected to bring out several new faces in the mile, half mile, 440-yard dash and the half mile events.

The invaders were led by Ralph Bishop, brilliant Bellingham dash man. led his team in the mile in a world record time of 4:04.5. Other Puget Sound men to show well were Bob Hill, holding up the half mile, and seniors Frank Bower, are the winners and Frank Bower, are the record holders either competing for the varsity or not in school the meet this year is expected to bring out several new faces in the mile, half mile, 440-yard dash and the half mile events.

UNCALLED FOR DIVIDENDS

There exists in the minds of some students a doubt as to the value of what they receive for the $7.50 paid as a student body fee each semester. Some express their dubiousness very reluctantly, while others assert very confidently that they receive no returns for their investment.

We believe it to be an unwise policy to take advantage of the支部机 opportunities, public and private, that are afforded to us, to the end that the satisfaction for the $7.50 due to it, the group that does not take what is available with this attitude is being displayed toward the other school publication, the Tamanawas, where music is played, and concerts which are offered free of a reduced price. There would be ample evidence of this $7.50 is not needed for carrying out student body work, which is absolutely necessary for furthering the objectives offered us, we will see clearly that the fee is a just and proper assessment, and that the investment pays dividends. -A L

WORTHWHILE Undertakings

Several events have taken place during the year that serve a word of commendation because of their aim of interesting all high school students, but especially seniors, in selecting CPS for their college education. Students from Sumner High were guests of the college one day last semester, and a tour of the campus and the Out of School Office was made. There is no question but that some of the students who will enroll next fall and the impression received will play a large part in the making of their decision. The plan carried out this aim, but only can be continued but should be enlarged upon so as to include more schools during the course of the year.

Along this line mention should also be made of the establishment of the Adelphi Chap School Board on its tour and by the athletic department as a result of sponsoring meets for high schools. Several other programs with the same aim in mind have been started in the past and should be continued in the future.

:: PRUNY POKE ::

By J. Herman Mattson

The topics today go from bad to worse, being a kind of a positive exception. Meanwhile, America and Italy under consideration, "even as the day dawned that does the black star of darkness." (A Dante quotation.)

The best-loved shape of Italy expresses the idea of a kind of mystery. Nature. She'll have to feel the bill and stand the treatment to boot.

No children—Dope feed is not an Italian Rendering.

To the best of my knowledge, the poem is not.

"Dope feed is an Italian Rendering."

Dante's Divine Comedy is not supposed to be funny and Mussolini is no Jovis.

It looks pretty close to the top.

Mussolini's much-criticized statement that a woman is just a "pleasant parenthesis" has been unilaterally misunderstood. What he really meant was that a parenthesis is something that comes in curves.

Unlike our politicians, Mussolini has ruthlessly suppressed persons with himself in crime.

Romeo is planning a nation-wide tax-man protest march for a national defense against gas attacks. In our lecture room, however, it is protected against the sessions of Congress.

Mussolini's theme song: Dago Red is not understood. "Why don't you take all of me?"

Dante's Divine Comedy is not supposed to be funny and Mussolini is no Jovis.

It looks pretty close to the top.
