**CPS Receives Rhodes Award Announcement**

**32 Scholarships to Oxford Awarded Annually in United States**

Annual announcement of the 32 American Rhodes scholarships for requirements, for applications, has been released by Bursar Charles A. Robison, in charge of the college library.

These internationally famous scholarships, made possible through the generosity of Joseph John Rhodes, provide for two years of study at the University of Oxford, with a yearly allowance of $300.

Applicants must have completed at least their sophomore year at the college of their choosing, and be between the ages of 18 and 25 by October 1.

These scholarships have been both transported and adjusted for operation. The change was made so that the College vacation would coincide with that of the Tacoma Public Schools for the benefit of public school teachers attending night school here and of students doing cadet teaching.

Promotion will be held June 8 instead of June 1 as previously announced because of the required Cadet's meeting which must be held on the Saturday before graduation exercises. If the promotion parade is held, June 1 this meeting would have to be on Memorial Day.

**Give Place Recital**

Prof. Walter A. Richter of the Conservatory of Music, was honored by the Western Washington Chapter of the American Guild of Organists by being requested to give place recital in the First Methodist church of Seattle. It is the first time that a Tacoma organist has ever played before the Guild. The Guild, the only one of its kind in the Northwest, is professional counsel of high worth and reputation. Prof. Richter will have given a program of classical music including selections from Brahms, Handel, Haydn and Bach.

Freedom of the College Press

The press that has cast off its fetters and chains and is free to speak the belief that it wants, no matter how absurd, they may become, is a thing of beauty and a joy forever. Such freedom is journalistic heresy, and lo! the laws of our land. All the king, Hitler and Mussolini, they can do no wrong. A Ten O'clock newsman, however absurd, almost surely may become, is a thing of beauty and a joy forever. Such freedom is journalistic heresy, and lo! the laws of our land.

The press that has cast off its fetters and chains and it lives to speak the belief that it wants, no matter how absurd, they may become, is a thing of beauty and a joy forever. Such freedom is journalistic heresy, and lo! the laws of our land.

The press is free. So is advice, but somebody must hear it. The South Texan. The press of America is free. It has cast off its fetters and chains and it lives to speak the belief that it wants, no matter how absurd, they may become, is a thing of beauty and a joy forever. Five golfers from last year’s team are returning, and a strong aggregation is in prospect.

Tournament pairings for nearly 20 teams for the first week of the championship tournament for the cup will be posted by Grant this week, and play will begin immediately. There will be a number of new teams in the upstart squad this year, with Martin Carlson and Bob Swan the only returning members.
