More Pictures in Tamanawas; Out Early Next Week

Division Pages Will Carry Student Life Themes

With more individual pictures that were shown on other pages will be out in the early part of next week. More individual cartoons, snapshots and sports pictures will offer a larger field of selection for autograph hunters.

Covers will be of maroon leather and will be with Tamanawas in white. In black.

The first section of the new yearbook will consist of photos of the senior class, the administration with pictures of the buildings, officers, alumni, and Central Board. Classes and individual pictures are to be made up this week, and layout and turn-over pictures and two-page layouts for the administration, camera work will also be found here.

The music department will have a complete page in the fourth section. Their concert activities will contain dramatics, debate, and the rest of collegiate extra-curricular activities. Clubs, fraternities, sororities will make up the fifth section.

A general write-up on coaches and athletes will be included here, in the fifth section, that of sports. There will be four pages of football pictures, two pages of basketball pictures, one page of skating pictures and baseball, track, tennis, golf, intramural sports—all will be simply represented in this section of The Tamanawas.

Feature pages will be of Bob Anderson, business manager, since that of the first year and the editors are doing this year. They understand that the idea is to designate the day of publication. It will be an early next week as possible. The editors have now decided their members who were photographers, writers, and printers, and those who were the editors immediately after the publication.

Seniors tend to be more of their history than those writing the history. They can write the history of the past 100 years or 70 years, and so on. If they write about the past and the present, they can at least give a list of the pages and story numbers of the past and present years, and at least, they can give a list of the stories and the editors of the past and present years.

Library Shows Great Growth Over 10-Year Period with Perry as Librarian

At this time ten years ago, the Carnegie Endowment was $1,500. The stack room did not exist. There was a main entry into the library, and then the doors of the library was just beyond the door of the lab. There was no library as we know it now, and so to study from the comparatively small selection of 1,843 volumes.

With the Carnegie Endowment, the library became literally a powerhouse. In 1927, there were 26,000 volumes included in this library, and in 1937, the Carnegie Endowment was $10,000, and the library contained 28,000 volumes. The Carnegie Endowment was $10,000.

At the beginning of the Carnegie Endowment, it was $1,500. There was a main entry into the library, and then the doors of the library's stack room, which was the Carnegie Library. Later, it became the Psychology section room, before being taken over by the library.

The library also moved into the lower hall by changing the main entry into the stack room, which was the Carnegie Library. Later, it became the Psychology section room, before being taken over by the library.

Library Activities

The second annual Alumni Alumni will be held in the evening of Alumni Day, Monday, June 7.

This feature of the alumni program was started last year and was so successful that it will be made an annual event. Approximately one hundred alumni attended.

The following numbers of the regular college faculty will conduct classes during the evening in World Literature, Economics, History, Art, Sociology and Art. Dr. Frank G. Willard, Warren E. Tomlinson, Dr. O. Chapman, Dr. Charles T. Eastin, Dr. Marvin R. Schaefer and Prof. Melvin Robler.

As a special feature of the program an exhibit of facsimile paintings by Paul Cézanne and Paul Mere, mountain landscape by the photographer, Dr. K. Kost and lithographs by Andre G. Bell, former resident artist, now in New York City, will be presented.

The program will begin at 7:30 p.m., in registration and an assembly, followed by classes in the above-mentioned subjects. Arthur Selin, executive secretary of the Alumni Association, is in charge of this section of the program.

The fourth and final issue of the newsletter, quarterly, of the Alumni Association, will be off the press and new ones in New York City, will be presented.

The program are copies of "Paro" by Robert Dyer.

Second place in the respective sports. The second in the conference standings, Theta, Phi, Sigma Delta Tau, Will be presented.

The contest was first of its kind and was presented by the Sinking Fund Committee. On the afternoon of Friday, May 27, the Super Bowl match will be played. The game will be played at the University of Puget Sound.

An entirely new method of printing the well-known hand-lettered page from June 7, was used this year. This was printed by the editor to summarize the important CPS news events of the year. The reporter answered with ready wit that anything had happened around here.

The Trail would not have heard about it, and then proceeded to review the events of the second feature of the program.

The Trail with this 26th issue completes Volume 14, October, 1936 to June, 1937. The year has not been an eventful one for CPS, and likewise it has not been an eventful year for the Trail. If the feeling of the students for the Trail varied with the apathy, it died in the digressions in the regard the poor judgment or the carelessness of the editorial staff there is.

There are a few facts about which the editorial staff leaves the topic on the list of the uneventful or the infancy of success. They cannot escape learning or some of the truths about which the group write and for which they write.

Loggers Rated As Dark Horse In Conference Meet

McFadden, Mayer, Perkins Given Chances to Bring Home First Places

College of Puget Sound makes its final bid of the year for a conference championship Friday night at Walla Walla against the best in the way of track stars the conference has to offer.

With last week's winners of the conference meet, Linfield, out of the conference; the chances of the people seems to be Whims, who triumphed over the Loggers in a dual meet by a margin of 3 points. The Missionaries, however, have been set back considerably by repeat entries, Chick Callson, who pulled a tendon against the Loggers, will not be out of commission. Callson is the Missionary sprint star.

The Loggers have at least enough points in the track events, the way of track stars the conference meet, Linfield, margin of 3 points. The Missionaries, however, have been set back considerably by repeat entries, Chick Callson, who pulled a tendon against the Loggers, will not be out of commission. Callson is the Missionary sprint star.

If the other schools can split enough points in the track events, Whim's chances may pull through on the most of the top of the meeting. And, so, however, it will be only the third time in history that Whim's has not won.

Most of the Loggers point-winners will undoubtedly be named from the field, coming "Butt" McFadden, who placed second in inches last year, is expected to win the javelin event. He must beat out the Williamette entry, who beat "Butt" by 6 inches in an early dual.

Brett Perkins is the only first place winner of last year's team back this year. The competition in the high jump—"Butt" event—will be very close. Other entries, Nate Mayer is expected to pull down first in the pole vault at least.

Probably the most promising team entry for the Loggers will be the McFadden, in both hurdle events. Bob Morris, Jack Leaver and White thinned out in potenti. Others who are figured to pull down points next Saturday are Bob Ginn in the sprints, McDonald in the two-mile, Keating in the broad jump, Callson in the javelin, and possibly Carpenter in the mile.

Keating Named Award-Winner

Next year's Lettermen's Club will be under the direction of Clarence Keating as president. The lettermen of the College of Puget Sound elected the following board to conduct the affairs of the club at their regular yearly election.

Keating a right-hand man and vice-president of the organization will be Genn McAllister. The other winning selected John Milroy for their secretary and Nate Perkins as treasurer. Guy Byers will be sergeant-at-arms.

Craig Hartwich Awarded Books

For being the most active member of German club this year, Craig Hartwich was presented a complete set of the works of Schiller at the final meeting of the club. The gift was received from Carl Schurr Foundation, which sends similar sets to a few selected colleges every year.
