GOVERNOR MARTIN ATTENDS TRADITIONAL CPS CEREMONY

Takes Part in Annual Methylation Exercises; Classroom Look as At Freshmen Initiated By Student Body President and Faculty

GOVERNOR CLARENCE D. MARTIN generously interrupted his official duties to assist in the annual ceremony marking the induction of new students into the Alpha Xi Delta fraternity, and the P Tudor, a popular student organization.

For the first time in its history, the Tudor, CPS literary magazine, will be in print as a permanent publication. The magazine is dedicated to the memory of Robert Smith, M. L. S. S. Fredrickson, and others who contributed to its success.

"TIDE" ON WAY FROM PEKING

We are pleased to announce that the CPS Literary Magazine, "Tide," will be published for the first time in its history. The magazine was founded by a group of students who wished to create a publication for the benefit of the entire student body. It is hoped that this new venture will contribute to the cultural and intellectual life of the college.

South American, U.S. Relations To Improve, Says Mr. Robbins

"In all probability the present tense of the relationship between South America and the United States will be characterized by a progressive improvement in their mutual understanding and cooperation," said Mr. Robbins, "and this should lead to a gradual easing of tensions and a strengthening of the bond of friendship between the two countries.

Sports Writer Boosts CPS Bowl

Not only the sport followers but all CPS students were interested in the development of the College Bowl. The 1936 CPS Bowl will be a true "Anarch" as the following activity is perhaps the most interesting part of the opening play.

DEBATE TEAM INITIATES 25

Williamson, professor of history and government, has been chosen as the new dean of the College of Letters and Sciences. He succeeds Dr. Jernigan, who retired last year.

Library Makes New Reserve Book Rule

Worm Perry, librettist, has announced that a new rule for all students will be in effect next term. Perhaps the most important of these rules is the one which makes it impossible for students to hold more than one copy of a particular book.

TO THE TRAIL — A NEW EDITORSHIP

Next week the Trail will come out under a new editorial direction. It has been decided that the work we have been doing up to date will be ended, and The Trail becomes what it justly deserves to be — a better paper. The staff of the last few years has felt that, under financial limitations, they have been unable to do everything they otherwise could have done. But this year the financial situation looks much brighter. The business manager, Sherman Jones, will receive the Trail, and we shall have the happy privilege of setting up new columns on a large scale. Although we have been unable to use them to the utmost, we shall certainly try to do so this year.

The temporary staff has made their initial mistakes, but we have learned as we go. This is the Trail this year, and we should like to see the Trail go far, for there is a desire in the hearts of many of us to improve it. Don't a few days; I'm sure we can do it.

We have entered new fields, the Trail is a new field, and we have a new editor. The Trail is a new field, and we have a new editor. But we shall try to do the best for it, and we shall be glad to have your help.

WHAT ABOUT JAPAN?

The United States Government has made itself clear that it will be to the advantage of the United States to go to war against Japan. The question is, what is the position of the United States in the world?

Japan is an enemy of the United States, but the United States is also an enemy of Japan. It is a question of which way the United States is going to go.

The United States has a large number of troops in Japan, and it is very possible that this is a war that the United States is going to go to war in.

Frederick Miller

In Case You Missed It

Grande a Ronto, University Newscaster, has written a book on the history of the University. It is titled, "The Story of the University," and is scheduled for publication next month.

The book, which is published by the University Press, is a comprehensive history of the university from its inception in 1857 to the present. It covers the university's growth and development, its faculty and students, and its impact on the community.

Miller said that the book is written in a readable, engaging style that will appeal to both scholars and general readers. It is divided into chapters that focus on different periods in the university's history, and each chapter includes photographs, maps, and other visual aids to help illustrate the text. The book also includes appendices that provide additional information and context.

Miller is a native of the area and has been a member of the university faculty for over 30 years. He has written extensively on the history of the university, and his previous books on the subject have received critical acclaim.

The book is scheduled for publication in November, and Miller will be available for interviews and book signings in the coming months.
