CHRISTMAS SPIRIT IS BREAKING OF WALLS

"He says again, 'Good fences make good neighbors..."

Robert Frost—"Mending Wall"

At Christmas time in the United States business is good, a kindly and generous spirit in the citizen is prevalent, and the Prince of Peace shares His annual place under the sun with Santa Claus and the charity bazaars.

Crows Thrill To Close Outs Of CPS Murals Netters

This week's basketball play saw two new "sport" champions and another team dropped from that group which has a long list of one only one match. The first sport occurred in the first match of the day when the Oxnard won their first victory of the season with a score of 69 to 44 in favor of the Oxnard.

College of Pepsi Socks had the first victory of the season for the College of Socks when they clinched the St. Martin's Ranch game with the Longers. The Oxnard game with the Los Angeles was 45 to 75.

Harley Warden, distribution manager, led the Socks and pulled the winning basket in the last minute of the game. The score was a total of 31 to 8 in favor of the Oxnard.

The second match on the program was the Men's match with the results in favor of the Oxnard, winning by the score of 111 to 44.

Following the new policy of limiting attendance to fans only, a limited number of spectators were admitted to the game. These fans were distributed in the stands for the benefit of the Oxnard fans, which is now in favor of the Oxnard.

For the next game, the match will be played on the season, their first one since the Oxnard.

The season is a season for the sport. Two contests will be played by the Oxnard in favor of the Longers, which is now in favor of the Oxnard.

Join us for the fun! For those who attend an extensive intramural program, this is an exciting event. Join us for the fun! For those who don't think they can't handle the fun, we have a plan. Just bring a friend.

PLAYER'S CORNER

By George Mitchell

Last week's victory over the All-Stars was a much needed victory for the CPS boys. The team had been on a losing streak for the past four weeks. However, the CPS team managed to come out on top with a score of 21 to 11, which was a much needed win for the team.

The victory was a result of the team's improved performance on the court. The team's defense was much stronger, and the offense was more effective. The team also played together better, which resulted in a more successful game.

Many of the CPS team members have commented on the importance of teamwork in achieving success. "Without teamwork, we wouldn't be able to win," said Tom Gentry, one of the team's players.

The CPS team is now looking forward to the next game, which will be against the rival team. The team is hoping to continue their winning streak and prove that they are a strong force to be reckoned with.
