Deferred Payments Due
By Nov. 1, Says Bursar

At the beginning of the semester, some students used the deferred payment plan for the college for paying fees. That plan requires that the student be in good standing and that the student must pay the charges by Nov. 1. The payments will be in the form of three monthly installments.

New Coach Tells Experiences in Central American Athletes

By Bud Jonas

Stuart Parks, the Logger's new basketball coach and physical education instructor, is going to find life rather dull here at CPS. He doesn't carry concealed weapons (his hope) or fight with spectators at games.

Such were the conditions facing Mr. Parks when he arrived at El Salvador, Central America, in the summer of '87 with a contract to coach the country's Olympic track and basketball teams.

"It was not unusual to have an attendance of 50,000 at our games but on occasion the spectators would allow us to join in a great free for all. It was sometimes protection at all games. Previous to the Olympic trials, conditions have been so bad that basketball was forbidden for two years in order to comply with the requirements of the peace treaty. In recent years there have brought about modifications of the peace treaty.

All of the Central and South American countries participate in the International Olympic games. In previous years the El Salvador basketball team has been the host of the ladder. The last Olympic games we won and now we have baseball teams in fifth and third place, respectively. We also have won the track and field events placed sixth and the other departments.

The biggest obstacle in train the Latin Americans was their lack of complete disregard for training rules. However, once they realized that the rules were for their benefit they submitted quickly. As a rule they do not think of themselves as doing the worst.

Most of the coaches in these countries are from the United States. However, I wouldn't advise any of them to try to play any as illustrative for the Latin American student. They have been chosen by the entire diet the year round.

Negotiations with printing companies are still being made by Frank Walter who will make his decision when all bids have been submitted.

Anita Misner to Be Newly in Our Town

A matter of doubt, for several days, it was announced Tuesday morning by March, President, that the plans for the following production of "Our Town," will be presented by the Misner children.

The play, by Thornton Wilder which might almost be termed a classic within itself, will be presented on Friday and Saturday, Nov. 13 and 14. A special matinee is to be given on Saturday afternoon for dramatic tuition of all of the valley high schools. This high school matinee has been sponsored by the Winthrop Highschool.

Anita Misner, his sister, will play the part of Emily in Our Town. The produc tion staff will be announced after the course of the next few weeks.

New Logger Coach

F. T. Parks

Dear Guardians,

T. F. Parks, new basketball coach and gym instructor of the college, who describes his experiences with Central American athletes.

Tamanawas Needs Four Ad Chasers

Ad chasers for the Tamanawas are needed. It is announced by Frank Walter, business manager, that an advertisement in this week's will pay a 15 per cent commission should contact him as soon as possible for the four positions available. There are four positions in advertising and soliciting. Additional staff are always needed.

Margarita Irle Will Head 11 Medical Groups

Accepting the invitation of William university, Methodist students will hold next year's regional conference in Salem Oregon. At that time the recently elected president, Margarita Irle, will conduct the meeting, assisted by Mary Shancome, president of the University of Oregon. William will and Margaret Willians, secretary of the University of Idaho, will chair the meeting.

Among the eighty who registered at the Tacoma conference were representatives of nine states: California, Oregon, Washington, Idaho, Montana, Utah, and Nevada. A special interest of the event will be the humorous and satirical tone of the proceedings.

Library Given Volumes

Mrs. Alice Johnson, who has been in the library for several years, has given the library a number of volumes dealing especially with the life and other phases of American history.

Homecoming Is Financial Success

Lydia Leman, president of the Homecoming committee, said that the Homecoming activities this year were a great success financially. The total amount received from the alumni was $3,000, which is roughly above the expenses. Only $2,500 of this amount was used for Homecoming activities, the dance only covered the deficit.

One of the outstanding expenditures this year was for Homecoming decorations. An authorization of $800 of the $2,500 and 290 of them were distributed among the committees. Special Committee in charge of the committee on the campus for the Homecoming activities.

A special vote of thanks goes to the committee on the pom-poms that were used at the Friday night game.

Three on the committee were: Mary A. Gimble, chairman of Homecoming; Florence McQueen, secretary, and on committee are: Virginia Judd, Pegge Simpson, and Mary A. Gimble.

Library Given Volumes

Mrs. Alice Johnson, who has been in the library for several years, has given the library a number of volumes dealing especially with the life and other phases of American history.
Joan of Arc Kemper and Showboat theatres complemented the production. After seeing “Joan of Arc” Professor Stevens’ Marionettes will portray events surrounding Joan at the stake in Rouen. The marionettes will be “Joan of Arc,” presented by the University of Washington. The problem always presented by lack of organization is probably so that if somebody gets mad at this article he will think he was above the average.

Student Receives Letters from Grads

All who know Bob Sprunger, Bill Reynolds, and Histah Matick will be interested in knowing how those CPS Graduates are getting along in the east where they are all three graduating work.

Dick Stout, a part of the boys while they were at the college, has received several letters from former classmates and friends.

Bob and Toshi left together Sept. 4, for Chicago, and then by Detroit where they met Bill. The two men were introduced to the Capitol University of Washington, D.C., where they were introduced to a gentleman by the name of Mr. Henderson, who was welcomed to the University of Spokane.

Dick and Toshi were on the road in Washington, D.C. at the time, showed them around and introduced them to the city.

Separating from there for their various schools, Bob went to Syracuse University where he took his work as a fellow in the Chemistry department, and Toshi went to Rush Medical school to study for a doctor’s career.

Describing the differences between CPS and Syracuse University, Bob says that the graduate students in such a large school are interested in their own work, and are not so available for friends, but at least that means for such a friendly person as he.

Spanish Club to Meet at Home of Ruth Sonneman

At the first meeting of the year, members of La Musa Redonda, the University of Washington Spanish club, were present at this meeting
