Walk Across Lawn Would Relieve Big Problem In Campus Appearance

At noon from the west windows of Kittle Hall one can see the swarm of students surging forth from Jones Hall and the Union buildings. Repeated admisions, written and oral, have been made that “to walk on the grass,” and the request is well in order concerning the present and possible future of the lawn, except for one thing, the fact there is but little place to walk.

There is no walk, wood or concrete on the north side of the driveway. The driveway is narrow and has a holy tale on each side showing the view of the three-way intersection just inside.

A common sense view toward danger on one hand and the usual lack of concern on the other, keep most students from going from building to building on the grass. The grass is used and nothing has been done about the show-up, and the shame is that college students, with the advantage of 12 years of life on the Grass.”

Apparently then if we do not wish to have the grass completely worn out and must become thinker and thinker, we must bridge the lawn with either a wood or concrete walk. There is little glory or use for each of a pair of worn lawn. Thus, so that both College and students may benefit, the Strauss suggests that we build a cross again.

Dan Cupid Scores On Two Thetas

Surprise came foot and fraise for the two-legged Dan Cupid, and his Cupid was working Wednesday. Wishing a steady stream of new members for their Fraternity, they had created a large, brightly lighted display in front of their huge fraternity. The girls and men of campus have come to this display and have been treated to the sight of Dan Cupid as he flew through the air, leaving a trail of hearts and flowers in his wake. He then flew to the other side of the college and repeated the performance, impressing many of the onlookers with his skill and grace.

Tracksters “Build Bottom” As Cold Shows Time Trials

Cold winter breezes that felt like they were from the wind swept streets of Seattle threw a monkey wrench into Coach Lawry Franck’s track plans for the past week and sent some 20 distance runners who “held up bad,” because the runner’s time was also bad in the race.

The 1941 squad numbers exactly 57 at the present time, but that group, even smaller a potential potentiates of tomorrow and is already looking forward toward the same sponsor against Pacific L<kubus. Tuesday, April 17, in the home oval.

The traditional West Conference meet is expected to attract a large throng that all together the present season opener will not be the last. The program will be very extensive as the teams from North and Oregon will be waging the near future. The outlook for the tracksters is that this season will be not less time interest, but have Roy Munkley, one of the top high jumpers in the Western league and Sam Andrews, who headed a quartet in the quarter last year’s contest, back. Northwest Missouri, Long-sprinter and broad jump is also back for another season. It will be no secret to those who have watched the tracksters and believe that the Independent will be interesting to watch team work of the Goons and the multitudes particularly. Practically the same group, the only change from last time, is in the manager’s position. About four of the players have with considerable experience in the winter track. Some of these are on the team in the manager, this year.
