Politics Rolling as Election Draws Near

Anderson, Caussin and Pennit Run for Penn; Primaries Set for Tuesday, March 20 and 30; Finals Slated for Wednesday, Thursday, March 31 and April 1.

ASCPS candidate petitions are in and Legger lobbyists hang boughs within to jump their nominees to the top in the primary battles.

Voting machines will be placed in lower Jones Hall to the east well before the polls close from 10:20 a.m. to 2:00 p.m. and the next day from 8:00 a.m. until 8:45 a.m., Monday, March 28, and Thursday, March 31 and April 1, at the same hours.

Politically-minded students who have not yet registered to vote are urged to do so at the office of the Mariner, Room 109, as soon as possible.

Three wishes to visit the campus during the elections are Sen. Robert Byrd, Democrat of West Virginia, Dennis O'Keeffe, Democrat of Massachusetts and Eugene J. McCarthy, Democrat of Minnesota.

**Class of '45 Delegates Services to Alma Mater**

This issue of the Trail is only a bit of the work that the class of '45 is doing to strengthen the bond that we can serve our school and of our school itself. The activities in which we participate show our interest in the Alma Mater in a most tangible way. Though we are not as strong as we once were, we can work just as hard as before, and do just as well.

Many of our men have gone to serve in the armed forces of our country. While we cannot do as much as they can, we wish them good luck and Godspeed, with the hope that they will return before long. Those of us who are still in school are as interested in the Alma Mater service as we were before, and are in a position to help in any way that we can.

We feel that working for our alma mater we are working for a worthy cause, and will endeavor to better ourselves through it. We have been brought up in the tradition of true Hillman spirit, and we hope to carry forward the fine tradition that we have been taught.

We pledge our support to any movement that we believe will be of benefit to the school.

**Math Course Given to Men**

The mathematics department, under the supervision of Dr. Arthur W. Verheigen, has added an additional course to be offered to beginning mathematics students. This course will be 100% offered in the fall semester of the current academic year. Many CTS math classes have been of great value to the students in this area of study, and will give to Mathematics students an opportunity to participate in extracurricular mathematics courses to offer them an opportunity to pursue higher mathematical courses.

**Yearling Bakers Rise Early to Play In Delicious Dough**

"We're in the dough..." said the students of Fresh Class as they enjoyed the delicious dough supplied by the class of '45. The dough was made in the kitchen of the dormitory by the students themselves. The dough was ready to be baked into delicious loaves of bread which were served to the students in the dining hall.

With sleepy eyes they entered the kitchen and began the process of baking the dough. The students worked together and quickly combined the necessary ingredients to make the dough. They then shaped the dough into various sizes and placed it in the oven to bake.

The dough was almost ready to be served when the students were interrupted by the sound of a bell. The students quickly returned to the kitchen to complete the process of baking and serving the dough.

The students were pleased with the results of their efforts and enjoyed the delicious dough that they had prepared. The dough was served in the dining hall and was enjoyed by all.

**Qualifications for WAVE’s, SPAR’s Given by Recruiter**

From the Seattle Recruiting station Lt. J. G. Horsdal called the Puget Sound Trail to give a talk about qualifications for Navy and Coast Guard. Many of the students who attended the lecture are already young boys, but one of them is an elderly man. He is the class of '45's own Senator.

**New Varied Collection of Display and Film Materials**

By ALICE CLAY

Replacing the Decowar enameled and French reproductions, the Tacoma Art Association is exhibiting in its galleries in January a varied collection of paintings, sculptures, and photographs.

Featured among the exhibits is Prissy Porgy, a Gracie Lake sundial, whose work has been exhibited by various women's clubs, the New York Folk, Rochester Center, New York, and other art organizations. Miss Prissy is well-known for her beautiful designs and graceful forms. These forms are being shown.

One of these is a statue of a maiden, headless with a world in her hand, and also a statue of a woman in a dress of her own design. The statues are being shown in the Willamette University galleries.

Also being shown are a number of statues of women's groups and other organizations, all of whom have displayed these forms in various cities. The statues are being shown in various cities and have already been exhibited in many cities.

"Mudder, Inc." Solves Torn Pants Worry

For a while it seemed as if the girls chamber in the basement would forever give up their game of "Mudder, Inc." but the situation has been remedied by a "Cigarette Football!"

The game of initiation was running low and due to the threat of clothes rationing, it was decided that this past season would not be continued. But Bill McDowell, a favorite of mean molder, came to the rescue and devised a special form of flaming a patch of tape to each boy's hip.

If the process of trying to steal the trousers was not enough, the threat was increased by a "Cigarette Football". The boys who failed in their attempts to steal the trousers were marked as unable to pass the test and must go back to the basement to retake the game.

The initiative was determined by the number of patches they had collected at the end of the game. This amount of blood lost is not to be underestimated.

There has been no official reason for the sudden and mysterious loss of a beloved individual from the basement. It seems as though a woman's role in the game of "Mudder, Inc." was never meant to be taken lightly.

The game can be enjoyed at any time, even when you are not trying to steal the trousers. A special patch of tape is placed on each boy's hip to make sure that the game is not forgotten.

Girls Hit Shuttles

Wild, Wary

Staff throw through the automotive accident on the borders of the universe, the result of the meeting with the freshmen. Those girls with the unusual enthusiasm are being considered for "Girls Hit Shuttles." 

The 'girls' are in the process of trying to steal the trousers. This process is being hindered by a "Cigarette Football." The girls who fail in their attempts to steal the trousers will be marked as unable to pass the test and must go back to the basement to retake the game.

After playing several fields in the always vacant fields in all of the various events, the girls track team was defeated in the freshman meet. The varsity team were left with the black shoe throwers from Sarge Yard. The meeting was an exciting one and the girls did their best to win.

This season's meets and trials produced an interesting side of the game. Despite the fact that there were only two meets, the girls are determined to keep on trying. If they have any chance of winning, they will be sure to show it in the next meet.

Murray Is 'Tough but Oh so Gentle' Sportman

By GEORGE LUTZ

Tripping lightly and delicately into a soft blue spotlight for the sophomore athletes is 175 pounds of 'tough but oh so gentle' Glenn Murray. Glenn's list of accomplishments is one of almost unbelievable versatility.

To give you an idea, here is a representative list:

Tuesday--Number One on Percy Track.

Pony--Pony Church--Track Team.

Wrestling--Advanced.

Bikini--Track Team.

Wrestling--Advanced.

Weightlifting--Pony Church.

Bikini--Track Team.

Wrestling--Advanced.

The list shows what the average athlete could do in two or three events.

The answer to this question is probably taken into the final development of the typical high school athlete. It is difficult to say if Murray is greater in size than any other athlete.
