LISTENING POST

The maroon and white spirit Post at the All-College party yesterday. May I take this opportunity to thank the community who worked to make the dance a success, and who all helped generously. We hope that we will be able to have more of these events in the year to come.

Don't forget that tonight your friends are offering us an evening of fun and entertainment. This is another occasion when we hope you will join us.

Another thing - we have some grass on the campus which is taking a beating. It gets worn every day by a hundred or 15 stamps across it - hungry feet and a hungry heart; but grass looks best when it's green, so use the walk when it's green, so use the walk.

Labar Leader Gosses Talk

Bail Chappin, associated with labor councils on the west coast, spoke to students in Monday chapel on the effects of labor on the United States. His most emphasized belief was that the people of this nation are not truly felt if the government took over all forms of business and in such a way disturbed the spirit of the people.

Wednesday, Dr. Maas, from the First Methodist church of Seattle, gave several short topics relating to national and personal affairs under the heading of "What Goes On in the Life of a City Pastor." From his first intended speech, "Motives for Morale," he stated that we have to something to do for that isn't material.

Friday chapel was switched to Thursday for the convenience of Don Blandin, a noted poet. During second and third periods he was available in the reception room for personal chats.

Plaque Awards For Best Song

Class competition has always been an integral part of the All-College party and this year is no exception. The Spirit Post which is now being waged between the classes is in full swing.

Hersos will go to the person writing the winning song as well as the best written song. A first prize of $50 and a polished, wooden plaque will be awarded to the winners and possibly the life of the song.

A "CPS" banner will be given to the class of whoever wins. A "CPS" banner will be given to the class of whoever wins.

War Drive to Start Monday

Starting the city-wide War Fund Drive here at CPS with a pictorial beginning, a movie will be shown next Monday during chapel, presenting the work done by the various groups.

Inaugurated last year, the War Fund drive is a combination of the Student Service Fund, Community Chest, Red Cross, Peace Corps, and all other war agencies. Contributions will be solicited by the members of each class and any person giving money to the War Fund may designate the organization his donation will benefit.

Central Board is backing the drive to the full and has placed the Class Council in charge. Jack Gallagher, representing the War Drive committee will be the chairman.

PS'64 Return From V-12 Course

This is the spirit of CPS talking. Speaking to welcome you back to the college, I am only for two weeks; even if it was only two days, we'd be glad you're back.

Your leaving last year left a big empty place in our school life. Now you've finished your first weeks of training and have come back to visit awhile. Too soon you'll be gone. Gone back to your job of winning this war.

All of us that were here will be "happy as kings" if you were back to stay. But we'll be much happier when you do come back, so get this job up right. None of us like a shirk. We're not afraid of you. And we know only too well that it's up to us to do our part here so you can do your part over there.

Store Displays Cards

Women's Federation will have information boards of Christmas cards on display next Monday and Tuesday evenings in the book store. The receipts are for the benefit of W.A.A., Spira, R.C.A. and Othah.

Who Am I to Speak Thus?

I am just one of the not too numerous spears of grass between Jones hall and the SUB. But even I don't like to be a downtrodden spear of grass. I don't like to be ground into the grindstone. Much as I love the campus, I am far from being a happy, contented grass. This is not to say that I am blaming you, the fellows. This is simply a complaint of mine. It is done by a nifty little shoe number attached to a well-turned ankle. I would enjoy the scenery more, and life would be sweeter for me, if the little heels and legs would let the walls and trails that expect to be tramped on and made to take it.

Now as the cold, dreary days of fall and winter come and I have so little chance to resist and repair the damage and no opportunity to grow over, won't you give me a better show?

And don't blame the big bad boys entirely for my troubles. Jane Coed, too, tramples in dresses and fleck over me and my fellow grasses in her hurry to be the first to the broad lines or the flesh pots of the SUB. Would she be seriously delayed if she took the other six steps and kept to the walk?

I'm only a spear of grass on the parking along Lawrence and in front of the SUB, but I help to keep a nice, pleasant, green front to our, your, campus, so that strangers will be pleased in passing by or will wish to come to stay.

Won't you give me a chance?

Freshmen Welcome With Smiles

When we freshmen first entered the portals of CPS the thing we noticed most was the friendliness of fellow freshmen and upperclassmen. We felt more than welcome because of the friendly gesture. This friendliness seemed to be beckoning and to say: "Come, enter into the spirit of things; be our friend, too!"

This friendliness, we have found, is not confined to just our years in college. Rather it reaches out and includes a wider area. The spirit and cordiality that is put forth comes back in future years multiplied a thousand fold. Thus, when one student greets another on the campus or in a class-room, it is not just a passing gesture, but a true sign of friendship. Though friendships were developed in our years in college. Rather it reaches out and includes a wider area. It is ever present at CPS. Each and every student should feel the responsibility of continuing this tradition of CPS.

Trail Seeks to Help CPS Students

It is the wish of the Trail to give to the students of CPS an enjoyable, yet informative, service. Are we fulfilling your expectations? What do you think of our columns, features and other policies? Do you think we should send copies of the paper to the fellows who have left CPS since September of 1942?

We ask you to support the Student Body. You will find it an impossibility for us to "cover" everything. And, though it is some staff members are on correspondence with the fellows in the service, we are not all up to date.

In the Trail office, now located in the south end of the Jones Student lounge, there is a red box. The red box is a top. And it is filled with suggestions, and the addresses of any of the fellows. This is A-E edition.

The Staff.

SELECTIVE SERVICE

We just know he'd go to the front when the need was greatest! You'll find no hard lads here, aren't the spiritual leaders of tomorrow. We're not, but we're the people who are the most important. We're the people who are the most important. We're the people who are the most important.

Dorm belles have been hitting the trails and traveling far and wide on their weekends—Pasco for Cay and "Teach" could certainly qualify for the job. But even I don't like to be the only one to suffer. Bets are high on the prospects for the coming Bag Rush. The best of luck in the coming Bag Rush.

Shivering Gals Await Sherlock

Five minutes to one Friday afternoon, all shuddery and hungry gals waited, waited, and then waited. Eighteen scenes that had just finished some games and after hurrying toward the gym to get dressed for the newspaper topics the afternoon had been sore for them, they found that some "Sherlock Holmes" had stormed the door to the dressing room, behind all their clothes up before the opening day.
