\section*{War Stamp, Bond Sales Start Soon}

Starting Thursday, October 12, war savings stamps and bonds will be sold at the stamp booth. This year, white and blue center is located in front entrance of the Hill. The booth will be open every Thursday noon and will be sponsored by the various campus organizations during the year.

Committees in charge of the bond and stamp sales are: Vice President, John Leiman; Theta representative, Louise Kipper; dependent and Sigma representatives, Otto Hallova from Alpha Chi Omega and the Knight; Polly Packard from the Beta's; Elizabeth Amberg, head of the Gamma's, and Beverly Hoftetter, representing the Chemistry department, is Professor George Macdonald.

Miss Bell is one of the minute number of American registered occupational therapists in the United States. She comes to the college this year, following a three-year interval, during which she spent six months of her time at the Vanderbilt General Hospital in Nashville, and the remainder of her time at the Edward Hospital, returned to the United States and was taken in Chicago, Indianapolis, and other large cities, and then she settled in the north. In the North, and such a course it is expected that all students will take;

Mr. Bratton, who has studied in the Eastman and Juilliard schools of music, now teaches in the field of voice and as a director of music. Three-time winner of the atwater-Kent audits, he has had wide concert, oratorio and radio experience. He is a graduate of the University of Kansas, and has taught at Baker University in Kansas; Arizona State Teachers' College; and collaborated with Maude Adams in teaching at Stephens College, at Columbia, Missouri. Presently he is working on an Opera program for the school.

Music Department Plans Big Year

News from the CPS music department indicates that a big year is in store. In fact it does. Mr. Karl Bratton, new head of the department.

There is already an enrollment of about 100 students. This is a typical Choral society. This is perhaps the newest form of the music group in recent years. May be expected from this point of view that the number of classes will be increased by about ten in the coming fall.

Mr. Karl Bratton, who is an in-house student, has been in instructor in pre-flight music, and has been in instructor in flight training, and has been in instructor in flight

\section*{CPS Faculty Has Three New Members}

With the beginning of a new school term, CPS has added three professors to the faculty. Heading this trio is Miss Eliza-Ellen Bell, who is the instructor of the recently inaugurated occupational therapy course here. Coming to CPS from the Music Department, Mr. Karl Bratton; while the newest in the Chemistry department is Professor George Macdonald.

Wednesday, Oct. 10—Ann Dorward, Marvel Clemons, vocal solo. Mr. Robbins presides.

Friday, Oct. 13—Mr. James Stone of the National Television Assn. Mrs. Mann presiding.

College Picnic Promises A Hilarious Time

Toll be ever if you missed the "Get-Acquainted" picnic this past afternoon at the Police Department. Everyone will be there to take part in the games, "heart and plant" dinner, 5:30 until 7:00.

Following the baseball game between the men and women students, somethings will parlade out of salad and cake, supplied by the ASCPs. During the dinner, a song fest will be held around the tables.

Students planning to attend should leave the campus at 5:30 in order to join the police car at the police station. The boys may catch the bus at the bus line. The bus will leave at 5:30, arriving at the station at 5:30. Those who wish to drive should leave the campus at 5:00 and arrive at the station at 5:00.

The picnic committee is composed of Paul Raymond, chairman, assisted by Fanny Vaughn, the secretary president, Jolly Ferguson, Alpha Beta Upsilon; Pat Tidball, Delta Alpha Gamma; Jean Hallen, Kappa Sigma Theta; Rev. Eslin, Lambda Sigma Chi, and by the fraternity president, Robert Oquist.

The faculty members are in keeping with the students. Each faculty member considered as this is the first social affair of the year for all of the students and is an excellent opportunity to meet the faculty that they might be apprised of all music food that is brought to the Student Union building by 1:00 o'clock today.

IRC's To Meet On Friday—18th

Superintendent folk may want to stay at home and avoid doors on Friday, October 13th, but those who do will miss one of the best social affairs of the year. The International Relations Club (IRC) will be held at 6:30 p.m. that evening in the Fireplace Room of Mason Methodist church.

This is the first time the club has sponsored a function for interest. Among the favorite were "Begin the day the world is about to end" ("Chimes") and "Smoke Gets in Your Eyes," and "Getting Sentimental Over.

Corporal Julius Edwards of Fort Dearborn HS is chorus leader for the club this year. Among the favorites were "Begin the day the world is about to end" ("Chimes") and "Smoke Gets in Your Eyes," and "Getting Sentimental Over.

\section*{Return GI's Will Rate Best Chances in Education}

When this war is ended and the boys start coming back they will be given every consideration. One of the bills for returning veterans is the G.I. Bill of Rights, which says in this bill are the following things: Hospitalization, Education, Employment. Of those mentioned CPS is chiefly interested in the Educational division.

Any person serving in the active military or naval service or on after September 14, 1940, and who was a resident of Illinois at the time he entered the service is entitled to take part in this educational program. CPS is a part of the educational program not later than two years after discharge from the armed forces or the termination of the period of active service.

To enter into this program the returning veteran must obtain Registration Number 75, which must be applied for in person before the ASCPs. During the application, he should be told an allowance of $50 per month, if dependents. The above amount may be increased $75 per month including all books and supplies. This allowance will be extending 60 days in a calendar year.

This, indeed, will be something more than enough to tide him over when they come home. CPS will play a role in watching and waiting for that day.

\section*{Life of Students In China Today Told in Chapel}

That few American students appreciate the ease with which they can acquire an education is brought out by Dr. Phyllis Lee, Forestry and Fisheries in China. That few American students appreciate the ease with which they can acquire an education is brought out by Dr. Phyllis Lee, Forestry and Fisheries in China. She will tell about this during the chapel service on Tuesday, October 12.

Dr. Lee brings to the students of CPS the story of a group of students who are going to show what they can do in this field of study.

The girls of CPS keep him in "Sus­

\section*{Symphony Will Practice Evenings}

The Pugent Sound Symphony will continue this year under the new leadership of Professor Eric Kekkhoff, of the college music department. You will have found Mr. Kekkhoff a man you can really agree that he is interested in music and the symphony. A skillful leadership is expected.

Both students and toppers are welcome to become members of the organization. Students may participate either for credits or for a credit card. First rehearsal for the group was held Tuesday evening, October 3, in the college auditorium, and every Tuesday thereafter.

Mr. Kekkhoff was educated mainly in getting back to his native Norway. His musical training was acquired in the height of the musical life in London, Paris, and New York. He is a graduate of the Cincinnati College of Music and the Conservatory of Music at Dusseldorf, Germany, and was the organist at the Norwegian American Church at Seattle. At the present moment he is flying his own commercial plane and has been instructor in flight training, and has been instructor in flight training.

SENIOR CLASS MEMBERS EXTEND WELCOME TO INCOMING FROSH

Speaking for the Senior Class, I want to extend to the Class of 45 a warm hand of welcome and friendship. On Sept. 29 you and I officially became a part of the student body of the College, and we're proud to have you here.

Now that we're seniors, we sometimes feel like big brothers and sisters to the freshmen, and we like to pass on our wealth of knowledge to anyone who will listen. Because that, I hope you will take no offense if we offer a bit of advice to you who are new to college life.

Here at CPS, as in any college, there is an abundance of activity—curricular and extra-curricular. To those of us who have been here before we know that both activities are for any student who wishes to develop a well-rounded life. And we also know that it is the teacher who really puts his heart and spirit into his college life that glean the most that CPS has to offer.

With the war in progress, and many of our students away, there is a bigger need than ever for students who are really willing to "get the heaviest loads" and care for the fine school spirit that we have been so proud of in the past.

To all you new students, may I again wish you a hearty welcome and the best of luck in your college life.

FRANK PRICE, President Class of 45.

College Campus Organizations

Hold Many and Varied Interests

Organizations here on the CPS campus are varied and many. There is a group that will hold the interest of any and all students on the campus.

Not only are there the Greek letter organizations, but varied language, contemporary affairs, and other types of interest groups to occupy one's spare time. That is it will help you to keep you from having any spare time. But, for that matter why should anyone want any spare time anyway?

To list all these groups would take too much space, but we can here mention some of the more unusual and outstanding. For those who are interested in current affairs there is the International Relations Club. This group gets together from time to time and discusses the events of the war, national and political happenings.

The only national organization on the CPS campus is the Methodist Women's club, Kappa Phi. This group of girls is made up of all women students who have Methodist preferences. It is not of a sorority nature.

Many more such groups are open to students who are interested. In fact, it is the half of one's college education is to be obtained from such associations. If you are not now affiliated with any group, why not investigate? You are sure to find one that is of interest to you. Part of CPS's traditions, or any college for that matter, is quite a number of things! You find that the associations of these groups will make your stay at college just that much more interesting.

The PUGET SOUND TRAIL

Fresenm, Look at Science

Or We "Biology" Babes

"And where are you from?" and "what crop do they grow there?" "Oh, in that area, and the freshen Junior biology class became educated on the amount of rainfall, the number of frogs, lizards and snakes that are found in each of their homes, and it's all very interesting.

It has been rumored that one transfer student and his fiancée had seen a dear of the first order that was called a "Pug." But, however, no one has seen this creature to ensure and reassured that it was just a folklore.

CWP life continues, as such Thursday—Thursday the past seven or more "geogra-" spotted students wind their way up to the third floor of Howarth Hall only to learn new and amazing facts in this complicated life world. Why? It's simply a matter of learning that frogs have teeth, and tongue, and the jaws and that they live to bite anyone... Yes, this college life is great... Why you can even let your lab partner a Butch Bowers, Ron Demaree, and I do our own experiments...So we haven't learned its common name yet.

GLIMPSES

By Frank Price
A letter came to me from one of my college friends in the armed forces the other day. He is one of the most interesting individuals that I told him about illustrates very well some of the incompetence and mismanagement in the armed forces. And what's worse, it always seems as if the service is the one that gets the raw end of the deal.

Now take this fellow for example was telling me about. He was a just a young fellow and now at pursuit, jumping jump... And, this certain day was to be his first jump. The instructor, one of those dirty little sergeants, was giving the kid the final instruction. "Make sure, that you jump out of the plane, pull as soon as you can. Then count to ten and pull the left-hand ring of your chute, don't open it quite as far--you're meant to pull that right hand ring... And when you land there'll be a truck to pick you up." Of course, the boy had no parachute instructor (God only knows why) so he climbed aboard the "appropriate vehicle," a small plane, that everything was really all right. He jumped from the ground and approached the appointed spot for the jump, flying about 500 feet above, he landed the plane. One kid signal, the boy sign, and the boy jumped and pulled up his leg of the chute and counted to—just he had been told. Then he pulled the right ring of his chute. It didn't open, and he got a little nervous, but quickly as a flash he reached over and pulled the right hand ring. Still the chute didn't open. Dis- inured and angry, he looked down, flew to the ground and said, "I'm mad and I suppose that darn truck won't be there either."
Two Girls Surprise Friends By Revealing Engagements

Coming as a surprise to her Lambda Sigma Chi sorority sisters was the news of the engagement of Miss Catherine L. Remm to John B. Holmes, an announcement came with the presentation of the customary ring by which bore their names. Also presenting a box of chocolates, this time to Kappa Phi was Miss Gertrude James, who announced engagement to Earl Gilb.

Miss Lizi is the daughter of Mr. and Mrs. C. C. Lumi, and Mr. Gallaher is the son of Mr. and Mrs. Gilbert Gallaher. A winter wedding is planned. Both are graduates of the University of Minnesota and attended college where they were active in campus government. Miss Lizi was president of her sophomore class and secretary of the Associated Student Body. Mr. Gallaher was president of Freshmen Knights, a representative to central board, and president of his fraternity, Sigma Chi, which has a chapter in Minneapolis.

Three Local Co-eds Enlist in Waves CPS Plays Host To Navy At First Dance of Season

Naval atmosphere will prevail in the Student Union Building in the first dance of the school year on October 14 sponsored by the War Coordination Committee. Seventy-five men from the Navy Barracks have been asked, with 25 civilian boys from CPS acting as hosts. One hundred girls, 20 from each sorority and 20 from the Independent group, have been selected to attend.

The dance will be informal, with small CPS pendants as name tags given out at the door. Following this theme, the decorations will consist of colorful pennants from colleges all over the country. There will be mixers during the course of the dance and refreshments of cakes and cokes during intermission.

Arrangements have been made for the dance by Lucille Ludwick, committee chairman, and Betty H., Ed Funk, Leon Miller, Helen Miller, Carol Todd, Barbara Engberg and Sue Hendricksen.

Alpha Beta Upsilon First To Hold Pledge Banquet

Climaxing the rush program for the Alpha Beta Upsilon Sorority of the College of Puget Sound, will be the annual formal and a pumpkin and cider evening in Kittredge Hall. Following the dance, this affair will be conducted by an alumnus association, and honors the pledger of the sorority. The open book theme will be carried out throughout the evening with after-dinner speakers representing the different chapters.

Three Local Co-eds Enlist in Waves

Because of restrictions into the WAVES, the College of Puget Sound list three attractive co-eds during the summer months. They are Marian Sindal, Patricia Mason, and Jane Mason, all active members of Delta Alpha Gamma sorority.

Before their departure they were entertained at several parties given by various groups of friends and relatives. The girls left Sunday evening, August 30, for Hunter College, New York, where they will have six weeks of "boot training."

Since their arrival in the east, word has been received telling of the enjoyment of service life. Their time thus far has been taken up with orientation classes, drilling, and medical examinations.

Barracks are made up of apartments, each of which houses eight girls. At the end of the day, various types of entertainment are provided. Several outstanding artists have given performances, including Nathan Milofsky, and sometimes during the month, a visit from Major Brown is expected.

FOR CHRISTMAS...
Your portrait—the gift that only YOU can give

Notes From The Gym

Smith and Oglesby are still the first ones on the floor at six-thirty the other day. They looked good for bigguns. Smith has a good right-hand.

Two freshmen were hanging out before a large and enthusiastic crowd. Both boys showed promise. One, now in his second year at the Smithies, has a good left-hand.

Among the numerous students who have come here from other states, Malcolm Mark, junior, is probably the most enthusiastic. He is an excellent athlete and displays a flair for social work, is transfer student from the Francis Johnson College Institute.

Student music is Ruth Gundlach, sophomore from Anchorage, Montana. Then there is Amy from Newton, Vermont, in the heart of New England, who has studied at the University of Vermont more than a year before coming here.

Coming from the "Great Smokey's" is Helen Mason from Ringkoping, Tennessee. Another newcomer from the south is teasingly referred to as "Smokey".

Bill Smith's courage is an example for the rest of us. He keeps so quiet and unassuming. He is beautifully proportioned through the shoulders and chest with fine muscular build.

Commando Ball was played on the second day. It was a combination of La Cross, football, soccer and basketball. Beautiful tackles and hard drives are being performed through the shovells and chest with fine muscular build.

Charles Brown is a well-molded athlete. He moves with grace and class on the gym floor. The time will come when Brown will be a fine college basketballer. He is also an excellent swimming athlete and enjoys any sport.

CPS can well be proud of its waterfront products. There is a lot of fighting spirit in the gym these days.

...or giving a returned soldier a taste of home

There's an easy way to make a soldier on furlough feel right at home. It's to offer him refreshing Coca-Cola. Have a "Coke" - it's always the hospitable thing to say. In many a visitor's own living room, Coca-Cola stands for the peace that refreshes. It sets a happy symbol of hospitality, as hostess everywhere.

ROOTED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY THE COCA-COLA BOTTLING COMPANY

CPS May Have Basketball Team

At this time it seems highly possible that a basketball team be in the making at the College. Pugel Sound. When war came on the scene, athletics lost out, and we went a good deal of the real fun out of the college, as athletics for the accompanying sports. Athletics following are of the "hopeful" type that may be called the "rah-rah" if a chance.

The Freshman class is well roused with riffs by beau Chuck Brown, Paul Dean, Chuck Stahl, George, Addison, and Arneson. Chuck, who is a big grizz and a crowd-out, was inspirational award in baskets at Clover Park High school being active in other extra-curricular activities. Paul was a swimmer at Stadium and played basketball and acted as a team, while Arneson and Brown were Stahl's sports at Cavall D. Big.

Included among the upperclassmen who have participated in the above activities, and independent activities are Bob MackCullough, Dr. Paul Dean, and Dr. Arneson. This covers a few of the "eager beavers" on the campus.

In a recent game, supra-freshman versus upperclassmen, Fresh won, 25-12, using two of class to complete an upperclass win.

Perhaps this game serves as the hidden talent of the upperclassmen, and with a basketball team to develop, the school spirit be bolstered no end.
