Senior Spotlight

tuition-owed student will get around the same this week, and in
glow of our Senior Spotlight, is Evelyn

Evelyn had spent many long hours advising committees, 
overseeing planning, and answering the big affair which is an annual 
function of United Student Body. She is the 
that all signs indicate a good time tonight, 
the big party of the year. Evelyn was 
bestowed with the Commander-in-Chief 
her co-led-directed, or maybe be a need to 
"because you chawick."

Shine enjoys sports, good food, 
and spent much time getting to 
around the country. She says she can 
and stop around.

We congratulate the freshmen on 
the great success of their dance. 

The seniors have been 
their share of their share of their share, 
and you boys certainly 
be the king of the campus.

Veteran Expressions On United Student Body Program

When we were finally handed our discharge papers it was 
the end of one world and the beginning of another. 

We are more or less on our own now and we make what 
our lives is mostly our own doing. Most of 
us realize the importance of an education. 
That is why we are attending the 
College of Puget Sound.

At this point we would like to comment on the editorial 
that we received in the last edition which pointed out the 
need of uniting the student body. Most veterans will agree to 
this. There are a few who for some reason above college 
circular affairs, feel that they are childish and immature.
All right, if that is so, then get to work with suggestions 
for those in charge. We are civilians again.
We do not have to sit around and complain to our buddies and we can take our 
troubles to someone else besides the Chaplain. 

This college exists for you. The students can organize or create 
tivities that they want carefully planning and helpful suggestions.
