Marie Agule had a practical outlook about skirts. Among them were: Willie Sepetoski and Ilene Stell signing driver during most of the trip. The bridge. Jim McCormack playing billiards. Dirk Simpson at 1 O'clock to play golf. Elizabeth Anderson trying to explain the term 'adventure'. I was unhappy before I came out in their cars and neck. . . . CPS ideas are outmoded. . . . The lunches at the SUB . . . A nickel each out in the SUB Friday afternoon. The question: "What do you think of CPS?" The answers:—

There's no shortage of women who will wholeheartedly agree with her. Whereas knows, I'm no prude, but I think that if these 'newer' things are any evidence of how these girls, at least respect themselves. You can't expect others to hold back from you when you have self-respect. I have found a well starred telegram, thank God! But I have also been with people when they received them. I'm no martyr, either! God! but I have also been with people when I have a lot a8

Adelphians Tour Washington, Idaho; Sopranos Contract Flu

On the Adelphians' tour east is ten day tour they've been advertised as a treat led by Everett. They sang to audiences and in some cities more than half of the total population turned out. Several members couldn't stand the terrible pace of the first several days. The last week's choir traveled to Aberdeen, Chehalis and points west. -The concert went as planned on April 24. Plans are already on the way for next year's tour, which will probably involve six or eight-date appearances.

Freshman Officers Are Rare Examples

"Freshman officers are rare examples of college students being leaders, taking responsibility. There are so few men who are organized enough to think of the group..."

What's Wrong With CPS?

What's wrong with CPS? Here's what wrong! It's a city school with too large a percentage of the students living in and competing in the city's little circles. There's no student body here that's just a group of classes and returning home. We don't know what to do about it.

Letter to the Editor . . .

Dear Editor:

This is a booster for the recent letter of Mr. R. O. Hardy. Right now he and his boys are trying to get you to round up the dopes that you wouldn't know an asskick from. There's an old saying, 'Don't throw the baby out with the bath water.'

Fun (and Work) Guaranteed for 25th

April 3—Camping! Don't get that everyone looks forward to! Come prepared to have a great day. There's guaranteed to be enough work and fun for everyone.

Watch the camp get cleaned up—why, you won't even recognize it! Come and have a wonderful time—real fun with a professional professor working. Watch those freshmen and sophomores really struggle in the traditional 'Far Out' War! There's some mighty sly boys when they get their heads screwed on just the right way. The sophomores always seem to be the best during these games—there are no dirty work afoot? Are they going to win anything? . . . the SUB Friday afternoon. The question: "What do you think of CPS?" Smoov asks About Skirts

by MARILEE SMoOV

Have you noticed the new fad that some seem to be taking the matter of skirts. There seems to be, and we thought maybe some of the students and faculty might have some comments. The reporter started asking questions

"You're interested in skirts, aren't you?" Jack Kahler thought that for some women the longer the received them. I 'm no martyr, either!

God! but I have also been with people when I have a lot a8

Only one woman will be hired in the county auditor's office. The move is part of a state directive to cut local government personnel. The directive will lead to a loss of approximately 150 jobs in the county. The directive was issued by Governor Jay Inslee.

Trip, though it may be the most round trip, although the scenery is very beautiful, the trip is not for the faint of heart. The road is narrow and winding, and the weather can be unpredictable. However, the views are breathtaking.
