Come and Get 'em

A despairing plea for mercy recently issued from the harassed members of the staff tells and was written in bold type in the Trial.

As usual, nobody paid the slightest attention to their fervent outcries and they were obliged to continue shouting, "No, you don't get them!" ever since some came up the stairs in the SUB.

Even grapes can be worn away by a persistent trickle of water. Are we to resist the perpetual stream of clamoring humanity? There's a surrender. You can get them here now. Come and get your 4947 Log Book in the Publications Office before the year 1947 is over.

What Is A Good Citizen?

It has taken thousands of years, hundreds of wars, and the desire to answer Gaits's question, "Am I my brother's keeper?" We have thought of a good citizen as one who works hard, saves his money, is well-behaved, loves his family and his country. It is probably a good church worker. But none of these will tell us whether these qualities must be added one today. The good citizen must also be able to keep on working, and must pledge his allegiance to the world even more than to his own country. That must say, "Truly I say my brother's keeper." Then, in seeing a man who is vitally interested, not only in himself, his family, his friends, and his country, but in the welfare of all peoples, we have defined a good citizen.

Ripple In Breeze on Jones Flag Pole

A blue-and-white striped flag whipped majestically in the breeze from the flag pole also Jones Hall Monday afternoon.

A blue-and-white striped flag was hoisted by the marching band. Then the blue and white bands of the student body were ushered in as they surveyed the waving ensign. Dashing up to the fourth floor only to be turned back to the door to the tower, he returned to the office of Miss B. C. Chubb, art instructor, and pleased for her key to the door.

CPS-Lute Cinder Meet For Saturday

This Saturday will find the College of Puget Sound Loggers playing hosts to the Pacific Lutheran College Cinderella's for the second straight weekend. In their initial clash the Loggers were victorious 2 to 3 as the two squads shared a meet with the Seattle Pacific and St. Martin's College.

The meet this week, however, will be a dual meet and consequently may stack up differently in the final tabulations. Five of last week's first places and two-thirds of a three-way tie in the high jump were chipped off for the hosts while the Gladiators won four first places and the other one-third of the top high jump honors.

Had the other two schools been eliminated from the meet the final count would be on those who placed but because they won they'll be held against the favored Woodmen.

Interested In Latin?

If enough students are inter-
ested, a course in Latin will be given next year. Latin is sig-
hificantly more popular here than it used to be, and up to a year or two ago it was in much demand. Fortunately the requests of the students for Latin were denied, and the course is not offered at the present time. The students who are interested should write their names and addresses on a list which should be kept by Miss Blythe in the residence hall.
