Milk Drive Successful

Exceeding their goal of 4,000 cans of milk by more than 25 percent, CPS students have proved to themselves and Tacoma that they are interested in the welfare of Europeans devastated by war. According to Harold Wagner, chairman of the relief committee for the Student Christian Association and the International Relations club, the milk will be put on the “Christmas Ship” due to sail soon.

No another chance to help is being given us. The French orphanage adopted by the school will need all the support we can show that we, as students, are interested in the future of the children of Europe.

Appointments Win Approval

Two recent appointments that should meet with the approval of all students are those of John Heinrick to the position of director of athletics and football coach, and Raymond Powell who is now dean of men. Both men have been in the field of education for many years and have more than proved their ability in their respective fields.

We feel that the administration could not have chosen two more able and popular men.

All-College Theater Party Set for Feb. 21

An all-college theater party will be held at the Temple Theater on Feb. 21. Central Board will serve in cover expenses at Tuesday’s meeting.

Third Floor Attic in Jones Remodeled for Art Studio

The new art studio at the College of Puget Sound was officially opened with a studio warming party attended by the number of art students increased tremendously under the direction of Miss Lynn Wren. The art department head and old quarters were inadequate to house the increasing new art laboratory and so secured by renovating an old attic on the third floor of Jones hall.

Student interest in art is increasing and the art department which formerly was the smallest college is growing steadily. In the room, the art department is to be held at the Temple Theater on Feb. 21. The party will be open to students and faculty of the college and the International Relations Club, co-sponsors of this drive, wish to express their thanks to every contributor for the fine spirit of giving to this cause.

All College Theater, containing the new art studio, has been designated as the Pacific Northwest’s “Christmas Ship” to be loaded and sail about the end of the month.

Dark Statue Disappearance

As an English ship came into view of the New York harbor, a small dark haired girl got out of bed at 3 a.m. to see the statue of Liberty. To her dismay, there was no light coming from it. Very disappointed, she said, “The statue is not lit and it is supposed to be the light which spiced cider which was poured by Mr. S. R. Thompson. The statue is not lit and it is supposed to be the light which spiced cider which was poured by Mr. Thompson.”

Eunice F. Richmond, a member of Alpha Beta Blues, said, “The statue is not lit and it is supposed to be the light which spiced cider which was poured by Mr. Thompson.”

Chapel Band Sets Student Concert

Four students, from the student concert class of Raymond Vlahos, will conduct the CPS concert band of about 80 members and their husbands and wives, officers of the Tacoma women’s League, and many other local churches and organizations interested in art. Members of the college home economics department will bake cookies and make hot spiced cider which was poured by Mr. S. R. Thompson.

Invitations were sent to large groups of alumni, faculty, and students of the college and the International Relations Club, co-sponsors of this drive, wish to express their thanks to every contributor for the fine spirit of giving to this cause.

Now a student at CPS, Eunice thanks the school for the very English, Everybody is extremely friendly, she said. “I didn’t realize I would have so much general education in my freshman year. I was very surprised to learn that some of the students have had no foreign language, for in England it is required,” Eunice is majoring in French, and in chemistry, and minors in English. She is a member of Alpha Beta Blues and IRSC.
