What Do You Want?

What do C.P.S. students expect and want for the future? In a recent editorial, a question to which student body president Perry Baker contributed was asked.

Recently a motion was brought up in Central Board to凓the $600 per year budget for the American Legion which the Board decided to consider.

There is now $400 available for some sort of an American Legion and Central Board members are open to suggestions.

What do you think? B. B.

Things Are Looking Up . . .

This week's student body is looking at a great future. Our Union, last February, was opened with the suggestion to widen the sidewalk in front of the Union. In the latter part of a lasting memorial, to the next extent local fraternities and societies, there has been a week gone by and inter-fraclan council is making plans and contacts to get together.

Taking the lead in this project, it is sure to be out over in good fashion.

We are all familiar with the "Check-Off" road between Done Hall and North Hall. Mr. Thompson is quoted as saying that this road will be moved el­ements to this building. The road will be 60 feet wide providing for diagonal parking.

This road, moreover, is the north side of Todd Hall. By eliminating the roads for the fraternities and sororities who are in the area, some of which have been closed by some passing member of the fraternity, it is suggested that the road is probably seen in the rut that they are barely visible or by the mo­torists.

The fact remains that only these holes could be temporarily filled in with crushed rock or gravel before the Au­gust. Again, a comparison of the present system would perhaps even a small group and it would be a great improve­ment to University life.

Another advantage would be that the road would be less. W O. O. students, the convention was fall of dis­agreement. In the autumn of the year, the college students are already aware of the changes in the community. In the fall of the school year, the great com­mon place to be in the world.

Unfortunately, however, all those who are interested in the world of modern living is common sense. To compare the mood of the student Editor in his view of the student world to the modern world is not the better.

it made and preserves us a nation!" Until we stand, don't just wear.

A good thought, maybe.

For Veterans

PHIL O'GRADY

The house was moved and plans are being made to start the project in the near future. Miss Smith, who is the head of the Veterans Office, says that the project should be completed within a few weeks.

The building will be located on the north side of Todd Hall, and it will be used as a temporary housing facility for veterans who are attending college.

The building will be four stories high and will have a capacity of 150 veterans. It will also have facilities for studying, dining, and recreation.

The project is expected to be completed by the end of the fall semester. The building will be ready for occupancy in the spring of next year.
