Frosh Responsibility-Spirit

One of the most taxing problems facing college life at CPS is the matter of school spirit. Because of the local student, freshmen in age, marital status and the stress of almost anything that is done by a group of people at once.

Many veterans are now on the campus and are married and have children. Young people who have been talking and planning, marriage will be possible in a few years. In the meantime, a degree of departure is understood in the minds of many collegians, it is sometimes tough to take time off and cheer the football team on to victory. This makes the answer to the question: Why doesn't CPS try to build its own spirit? To be sure, the answer is not as easy as it seems.
