Preface

A college catalogue is a piece of technical literature. Hence all catalogues are much alike. This is a great convenience for the general public and the young people who are looking forward to college. The curricula presented are the results of continual study of educational processes and aims by experts.

If catalogues are followed from year to year, the reader will see that curricula are not static. New subject matter is provided, which requires new divisions of old courses. New methods of presenting and applying old theories are arising continually. The study of many catalogues will reveal the fact that certain courses and requirements are considered fundamental to the accomplishment of the task of higher education in preparing leadership.

There is individuality in every institution of higher learning. Geographical location, time of founding, the character of the founders, and social conditions surrounding the institution, all have gone into the very fibre of each institution from its beginning. This individuality grows and develops, changing gradually as it assumes new responsibilities. A complete educational system demands that there shall be schools varying in their emphasis. This condition provides checks and balances, and furnishes provision for the production of leaders and workmen in the various vocations of life.

The aim of the College of Puget Sound is to develop men and women of intelligent Christian character, and to fit them for the every-day duties of life. To accomplish this, sane physical, religious and moral education are associated with the highest intellectual training. The college knows no forbidden field of knowledge, and in all of its departments seeks to impart the truth and to develop reverence for it in the mind of the student, on the basis that "My people are destroyed for lack of knowledge" and "The truth shall make you free".
While the college is established under the auspices of the Methodist Episcopal Church, all young people of good moral character and proper intellectual preparation are admitted alike up to the capacity of the college to give the best instruction.

This catalogue is prepared for the guidance of present and prospective students. It is also placed in the hands of parents and guardians to give them information which will enable them to counsel the youth who are looking to them for educational advice. It contains descriptions of the content of the courses offered by the college, and gives much information relative to methods and ideals which animate the institution. If the student will read carefully and note the contents of this catalogue, he will save himself from possible errors which will be costly in the later years of his academic career.

The President of the College is the editor of the catalogue, but much praise and credit must be given to Dean Henry. Most of the work has been done by him. The Administration Committee and the Faculty have given careful consideration and wise counsel. Many surveys, made by duly recognized educational associations, have been laid under tribute in our effort to make this catalogue all that we conceive it should be. We express our appreciation and thanks to those who have labored with us in the preparation of this volume.

Edward H. Todd, President.
Administration of the Curriculum

ADMISSION

Each candidate from high school is required to present a testimonial of good character.

Each candidate for admission to the College by transfer from another college or university is required to present honorable dismissal from the institution from which he comes.

Delay and inconvenience will be avoided if scholarship credentials and statements of credits are presented early—a month, if possible, before proposed registration. A college Entrance Certificate blank may be obtained from the high school principal or by addressing the Registrar of the College. The submission of the College Entrance Certificate, filled out and signed by the high school principal, is interpreted as declaring an intention to enter the College of Puget Sound, but in no way obligates the candidate. The Registrar will be glad to furnish any prospective candidate for admission at any time, a tentative statement of his entrance standing, if provided with an itemized statement of the credits to be presented.

The College will accept for admission to freshman standing by certificate, credits from accredited high schools and other accredited secondary schools. Graduates of high schools of which one or more years are not accredited may be admitted by examination in unaccredited branches, or may be admitted to tentative standing until the value of preparation for college work can be determined.

High School credits are reckoned in year units. A unit stands for the equivalent of five recitation or laboratory periods per week in a branch of study for a year. Recitation periods of forty-five minutes, laboratory periods of ninety minutes, and a year of thirty-six weeks are considered minimum standards for high school work.
Candidates for the Freshman class are expected to report for registration on Wednesday, September 8th, 1926. All entering students are required to take psychological and intelligence tests. The results of these tests, duly analyzed and interpreted, will be reported to the Faculty for the guidance of its committees and administrative officers in advising students.

I. ADMISSION TO THE FRESHMAN CLASS

The total requirement for admission is 15 units.
The candidate must offer:

A.—SPECIFIC REQUIREMENTS:

English, at least 3 units.
Mathematics (Algebra and Plane Geometry), at least 2 units.
A Foreign Language, at least 2 units.
History and Civics, at least 1 unit.
Science, at least 1 unit.
Additional, to be chosen by the candidate from the above groups, 1 unit.

B.—ELECTIVES:

To be selected from subjects accepted by an accredited High School toward graduation, 5 units.

Mathematics, English and History. Deficiencies in these subjects must be made up without College credit. The minimum requirement in History must be met by a one-year course in some History subject or in U. S. History and Civics.

Foreign Language and Science. The two units of Foreign Language should be in one language. Credit will not be given for a single unit in each of two Foreign Languages unless one of the languages is continued in College. Credit will not be given for less than one unit of Foreign Language. The
ADMINISTRATION OF THE CURRICULUM

minimum requirement in Science is a unit course (with laboratory work) in one of the following sciences: Physics, Chemistry, Biology, Botany, Zoology. A candidate, deficient in Foreign Language or Science but offering 10 units in A, may have the deficiencies in Foreign Language and Science added to the curriculum prescriptions and receive College credit for such courses to the extent that free electives are available.

Electives. Not more than 4 units may be from Manual Arts or Vocational subjects. Credit will not be given for Instrumental or Vocal Music, or Physical Education.

Freshmen will not be admitted to the Normal Department. See Normal Department for details of this department.

II. ADMISSION OF SPECIAL AND NON-MATRICULATED STUDENTS

Students who are graduates of high schools, but not candidates for a degree, may be admitted as special or unclassified students with the privilege of pursuing the studies for which they are prepared.

Students of mature years who cannot present the required entrance credits may be admitted as non-matriculated students. The College prefers that all students meet the entrance requirements. The enrollment of non-matriculated students is discouraged.

III. ADMISSION TO ADVANCED STANDING

A.—FROM POST-GRADUATE COURSES IN HIGH SCHOOL.

Advanced standing will be given for post-graduate courses presented from high schools recognized as qualified to offer one or two years of collegiate work. The work covered must be equivalent to the corresponding unit in the College curriculum. Not more than six college credits shall be allowed for each high school unit. The Committee on Classification will grant such advanced standing upon the recommendation of the head of the department in which the subject belongs.
B.—FROM OTHER COLLEGES.

Students presenting credits from other colleges of recognized rank will be admitted to such advanced standing as their preparation may entitle them. Full recognition of credits will be tentative, conditioned upon satisfactory progress for not less than one semester.

C.—FROM NORMAL SCHOOLS.

Students presenting credits from approved normal schools will be given a maximum credit of thirty semester hours for the full work of each year, parallel with the freshman and sophomore years in any four-year curriculum that the candidate proposes to enter. Graduates of the normal schools of this state and of institutions of like standing elsewhere, who have completed at least two full years of normal work after graduating from a four-year accredited high school course, will be admitted to junior standing in the College. For graduation with the degree of bachelor of arts, these students are required to earn a minimum of sixty credits in the College, including the satisfaction of such requirements for the degree of bachelor of arts as have not been fairly covered by previous work. Claims for advanced standing based on excess normal credit will be passed on by a committee consisting of the registrar, the dean and the heads of departments concerned.

D.—FROM PROFESSIONAL SCHOOLS.

For professional training of two or more years in a recognized institution, 16 credits shall constitute a maximum of advanced standing for professional courses. Graduates in pharmacy will be allowed credits in materia medica, therapeutics, and toxicology, the total credits not to exceed 12. Graduates in law will be allowed 12 credits toward graduation when they major in a social science group. A total of 8 credits will be allowed a student majoring in any other group.
ADMINISTRATION OF THE CURRICULUM

REGISTRATION

Initial registration is recognized as full admission to College membership.

Registration Days—The first two days of each semester are devoted to registration. Registration thereafter will be at the convenience of the registration officers.

Late Registration—A late registration fee of $1.00 must be paid by all students who register after the regular registration days. No student will be permitted to register after the fourth week without the permission of all instructors concerned. Students registering after the fourth week will be limited to twelve hours work.

Normal Enrollment—The normal enrollment for all College students will be fifteen hours per week. Freshmen may carry 16 hours provided their high school grades are good. Sophomore students may carry 17 hours only on condition that they have an average of B in the Freshman year. Juniors and Seniors may carry 18 hours only on condition that their average for the previous year was B.

Restricted Enrollment—A student who has failed to pass in 12 hours work is limited in registration for the ensuing semester to 14 hours. A student who has failed to pass in 10 hours work is not permitted to register except by special action of the faculty, and shall be on probation for the following semester.

Precedence of Delinquent Studies—A student who has a delinquency prescription by reason of omission or failure is required to give such course precedence in arranging subsequent work.

Change in Registration — The student’s choice of studies, once made and filed, is expected to be permanent. If a change becomes necessary during the first week, the student
must fill out a change of registration form, secure the approval of his advisor and the Dean, present the form to the registrar and make adjustment of fees that the change may involve before the student may be enrolled in the new class. If the change becomes necessary after the first week, it must be approved by the Dean, the adviser and the instructors concerned. Students must file a petition with the Dean for such changes. Changes made after the fourth week must in all cases reduce the number of hours taken by the student. Students who drop a course without permission will be marked "F" on the registrar's books. Students pursuing courses in which they have not registered through the proper channels will receive no credit.

A fee of $0.50 will be charged for each change of registration after the first week of college, unless the change is made upon the advice of the Dean or the adviser.

CLASS RELATIONSHIPS

ENROLLMENT—A student may be enrolled for a course only on presentation of registration form properly endorsed by registration officers. When once enrolled, a student remains a member of the class until the conclusion of the course unless he formally withdraws or is removed for cause.

WITHDRAWAL—Termination of class membership on motion of a student requires permission of the faculty on application made through his advisor. Withdrawal is not permissible after the twelfth week of the semester unless on account of serious illness. A student will not be permitted to withdraw from a course in which he is failing. A student who discontinues class functions without permission of the faculty is charged with a failure.

ABSENCE FROM CLASS—Absence from class on account of sickness or sickness in the family may be excused. Absences due to unavoidable delay of means of transportation may also
Administration of the Curriculum

be excused. Students must secure the sanction of the Dean before they incur absences on account of work. Unexcused absences from any class, due to absence from College on consecutive days immediately preceding or following any college holiday, during the academic year, shall count as two absences. Students who are absent from the first recitations of the second semester must secure an excuse for such absences regardless of whether the student had registered or not.

Penalty for Absence—A student shall lose two per cent. on his grade for each unexcused absence, in any course.

Time Limit for Absence Excuses—An excuse for absence must be petitioned within one week after the student returns to class.

Satisfaction of Class Absences—All class work lost on account of absence must be completed to the satisfaction of the instructor.

Maximum Number of Absences—A student whose absences exceed one-sixth of the full number of recitations and laboratory periods in the course may be dropped from the class roll of the instructor, and the student subjects himself to faculty action. A student whose unexcused absences from class equals one-ninth of the total number of recitations or laboratory periods shall be dropped from class. He may be reinstated by petitioning the Faculty for reinstatement, if they act favorably on his petition.

Tardiness—Tardiness is excusable by the instructor at the time the tardiness is incurred. Four unexcused tardinesses count as one absence.

Class Standing

Freshman Standing—A student is ranked as a freshman who satisfies all entrance or conditioned entrance requirements.
ADMINISTRATION OF THE CURRICULUM

SOPHOMORE STANDING — A student is ranked as a sophomore who has satisfied all entrance requirements and has a total of 24 credits.

JUNIOR STANDING—A student is ranked as a junior who has at least 55 credits.

SENIOR STANDING—A student is ranked as a senior who has met all the freshman and sophomore prescriptions and has at least 84 credits.

SPECIAL STANDING—A student is designated as a special who is unable to obtain any of the foregoing ranks, but is permitted to pursue certain subjects for which he is recognized as qualified.

The ranking given a freshman student at the beginning of the year holds for the academic year concerned.

HONORS

GRADUATION HONORS—Students on completion of the curriculum in the College will be given graduating honors on the following basis:

1. "SUMMA CUM LAUDE" shall be placed on the diplomas of all students who have received no grade below "B", provided that they have completed not less than three years in this College.

2. "MAGNA CUM LAUDE" shall be placed on the diplomas of all graduates who have no grade below "C" and 90% of their credits above "C", provided that they have completed not less than two years in this College.

3. "CUM LAUDE" shall be placed on the diplomas of all graduates who have not more than 5% of their credits in "D" and at least 80% above "C", provided that they have been in this College for not less than two years.

NOTE—120 scholastic credits shall be used as the basis of computation in each case and must include all required work.
ADMINISTRATION OF THE CURRICULUM

DEPARTMENTAL HONORS—Departmental honors shall be awarded in addition to general honors and only in the department of major study.

The purpose of departmental honors is to develop on the part of the student of initiative, the power of independent investigation and constructive scholarship. They are intended to encourage the student to do more work in his major department than the usual requirements. Considerable latitude is allowed as to the scope and character of the research, provided that it falls within the general field of the major study and does not duplicate other courses counting for graduation.

A student is eligible to become a candidate for honors who has a minimum of 90 credit hours at the beginning of the senior year, an average of “C”, and no grade below “C” in his major. A student is eligible for high honors who has a minimum of 90 credit hours at the beginning of the senior year, an average of “B” and no grade in his major below “B”, and shows ability for research work.

A candidate for honors may be released from class attendance for not less than four semester hours or more than six semester hours during the senior year. The head of the major department shall be professor in charge of the research and shall determine the number of hours to be released.

A candidate for honors shall not register for more than 17 semester hours, including research, in any semester. The credit for research shall not count on the minimum requirements of the major department for graduation. The candidate shall offer a minimum of 124 scholastic credits for graduation. Any senior who is eligible for departmental honors may become a candidate by applying to the head of the department of his major study not later than October 1st, at which time he shall submit his program of research for approval. When approved by the professor in charge, the program shall be submitted to the committee on honors for final sanction. The Dean shall announce to the Faculty at the next regular meeting the name of such candidate and his program.
COLLEGE OF PUGET SOUND

The candidate shall pass such examinations and furnish such reports and theses as the professor in charge deems advisable. The candidate shall submit a preliminary report to the committee on honors through the professor in charge not later than January 15th. If the report is unsatisfactory, the committee on honors shall notify the candidate and Dean that the candidacy is cancelled. The candidate shall make a final written report on his investigation not later than the 20th of May. He shall be examined both in the field of his major study and in the research, by the professor in charge and the committee on honors and such others as they may wish to associate with themselves.

REQUIREMENTS FOR GRADUATION

The College aims to insure a fair degree of specialization in some field without infringing on a proper freedom of election. To this end the following rules are established to guide the student in a determination of his college work:

1. At the beginning of the Freshman year the student will elect the particular curriculum he desires to pursue. This choice is limited only by entrance conditions involved.

2. At the beginning of the Sophomore year each student must select a department in which he wishes to do his major work.

3. A major shall consist of not less than 24 semester hours and not more than 45 semester hours, including prerequisite courses. The work may be all in one department, or part of it may be in allied departments, provided that not less than 18 semester hours of the major work are taken in the major department, and the courses in allied departments are approved by the head of the major department. The major must include not less than 12 semester hours from courses open to Junior and Senior students only.

4. Each student must select one minor from the same group as his major, and one from a different group, in each of which he must complete not less than 15 semester hours. The
ADMINISTRATION OF THE CURRICULUM

minor must include not less than 9 hours in courses not open to Freshmen.

5. In addition to the group and prescribed work, candidates for a degree shall elect from the courses described in the following pages, a sufficient number to give them a total of 120 semester hours of scholastic work and 120 points, and the completion of the required work in physical education.

6. Not less than 40 semester hours must be chosen from advanced courses, or courses above the Sophomore grade.

A freshman subject completed in the senior year will receive only two-thirds credit.

7. The departments of the College are grouped as follows:

**GROUP I.—LANGUAGES**

English Composition M, m.  Romance Languages:
English Literature M, m.  French M, m.
German m.  Spanish m.
Classical Languages:  Public Speaking M, m.
  Greek m.

COLLEGE OF PUGET SOUND

GROUP V.—MUSIC

Music m.

"M" means that a major may be taken in that department; "m" means that a minor may be taken in that department.

8. The College reserves the right to withdraw any elective course offered, if elected by fewer than five students.

MINIMUM RESIDENCE AND CREDITS IN ANY CURRICULUM—To be recommended for graduation from any curriculum, a student must have been in attendance at least two semesters, one semester and two summer sessions, or four summer sessions, and present a minimum of thirty semester hours, six of which must be in the major, earned in the College of Puget Sound. Credits earned in evening classes or by examination may count toward graduation, but credits earned by examination will not satisfy residence requirements.

In the case of students who spend only one year in residence, this must be the senior year; in all other cases, without regard to the amount of previous residence, the last 15 semester hours must be completed in residence.

BACHELOR'S DEGREE—The Degree of Bachelor of Arts or Bachelor of Science is conferred on the satisfaction of all entrance, prerequisite, prescription, major and minor specifications in accordance with one of the four-year curricula. To be admitted to candidacy for the Bachelor's degree, the student will present a minimum of 100 semester hours, with all entrance and prerequisite requirements and all prescription requirements for the freshman and sophomore years fully satisfied. Application for candidacy must be made on or before the first Monday in April of the senior year.

NORMAL DIPLOMA—Upon completion of the prescribed two-year curriculum in Normal Training, a Normal School Elementary Diploma will be granted.
ADMINISTRATION OF THE CURRICULUM

A. General Requirements in all groups.

SUBJECTS | SEMESTER HOURS | YEAR IN COURSE
--- | --- | ---
1. (a) English:
   English 11 and 12 (Rhetoric) | 6 | Freshman
   English 13 and 14. Advisable for those who have not had a similar course in high school. | 6 | Sophomore
(b) Public Speaking | 2 | Freshman

II. SOCIAL SCIENCES. A total of 12 semester hours in Economics, History, Political Science, and Sociology, to be completed in not less than two departments.

III. Philosophy - Education: A total of 12 semester hours in the group of which three hours shall be Biblical Literature. The work shall be completed in not less than two departments. Students who expect to teach, or to major in Business Administration, should register in Psychology in the sophomore year. Students should plan to elect one course in Philosophy.

B. Special Requirements for the degree of Bachelor of Arts in the Language, Social Science, and Philosophy-Education Groups.

SUBJECTS | SEMESTER HOURS | YEAR IN COURSE
--- | --- | ---
1. (a) Classical Course: A total of 36 semester hours of a classical language in high school and college is required, of which there must be completed in college | 12 | Freshman and Sophomore
Modern Language: A total of 18 hours of which there must be completed in college | 6 | Freshman and Sophomore
(b) Literary Course: The modern language requirements depend upon the high school preparation of the student, according to the following schedule:

<table>
<thead>
<tr>

Students entering with a year course in any of these sub-groups will be excused from the requirements in that sub-group, but all students must complete one laboratory science of not less than 6 semester hours from sub-group (a), or (b) in college. Students who have completed one year of science in high school in both sub-groups (a) and (b) may elect a year of mathematics or geology in college in lieu of the science requirement. Students majoring in Business Administration may elect a year of mathematics in lieu of a science requirement.
C. Special Requirements for the Bachelor's degree in the Science and Mathematics Group.

</table>

Students may omit the Biological Science, provided that they have completed a year course in biology in high school. Students majoring in Home Economics and Biological Science may omit the Physics requirement, provided that they have completed a year course in Physics in high school.

Students majoring in Home Economics may substitute additional work in Chemistry for the Mathematics requirement.

Students majoring in Mathematics may meet the requirements under either B or C.

CREDITS

One semester hour means that the student has met with his class for one lecture or recitation per week for one semester. Credit for work done in the laboratory will be based on the basis of two hours preparation for each hour of recitation, one hour credit being given for from two to three hours of laboratory, the amount depending upon the amount of outside work required.
Grades | Significance | Points | Distribution of Grades |
--- | --- | --- | --- |
A | Superior | 3 | Not to exceed 5% |
B | Good | 2 | A & B not to exceed 25% |
C | Average | 1 | C & I should equal 50% of the grades above F |
D | Poor | 0 | D should equal 15% of the grades above C |
E | Passing | 0 | E 10% of the grades above C |
I | Incomplete | 0 | |
K | Conditioned | 0 | |
F | Failure | | |

A student may be reported incomplete only on condition that some small part of the work remains unfinished and his standing in the course has a grade of C or higher. To secure credit, this work must be completed within six weeks of the beginning of the next semester the student is in College.

Re-examinations are given for conditioned students on the second Saturday of each semester and the Saturday preceding the Thanksgiving and Easter vacations. Students who are conditioned must take the examination on one of the two examination days following their failure. Failure to take one of the two examinations or failure to make a grade of C will convert the I or K into F.

Grades below C will not be considered as affording a satisfactory basis for work along any dependent line.

Students will be charged a fee of fifty cents for any special class test. The fee for a special final examination will be one dollar. A student who is absent from an examination or test may take a special examination or test; provided, his absence was excusable. An excuse must be obtained from the Dean and a fee receipt from the Bursar before the student takes the examination.
ADMINISTRATION OF THE CURRICULUM

TEACHERS' APPOINTMENT COMMITTEE

To assist graduates of the College of Puget Sound or of the Normal Department who desire positions as teachers, a Teachers' Appointment Committee consisting of members of the Faculty has been organized. It is the function of this Committee to mediate between Boards of Education seeking efficient teachers and alumni or prospective graduates who are seeking suitable positions where scholarship and efficiency will be recognized. Great care is taken to recommend for any position only such candidates as are considered entirely competent and adapted to the position under consideration.

PRE-PROFESSIONAL COURSES

While the College of Puget Sound does not offer professional courses in Business, Engineering, Chemistry, Journalism, Library, Medicine and Theology, it does afford an excellent
opportunity to those who wish to lay a broad foundation for any of those subjects before they begin the technical part of the work. The following arrangement of courses will be found helpful to students who are expecting to complete such a course in a technical or professional school. Before a degree is granted all the general and special requirements for graduation must be met by the student.

Electives should include specific and group requirements.

WEST SIDE OF C. H. JONES HALL
Courses of Instruction

1. Courses of instruction in liberal arts are organized under fifteen departments, which are ordered alphabetically as follows:

2. Courses clearly susceptible to double departmental classification, such as Social Education, are included in only one department, but are acceptable to the department of logical secondary association for major credit on approval of the major professor.

3. In the following courses, the odd numbers indicate courses given the first semester, the even numbers, courses given the second. Courses numbered with hyphen (thus 11-12) are full year courses on which a single semester’s credit is not given. Courses numbered with a comma (thus 17, 18) are year courses, but a single semester’s credit may be received.

   Courses numbered from 10 to 19 are open to freshmen; courses numbered from 20 to 29 are open to sophomores, and courses numbered above 29 are open to juniors and seniors.

ART DEPARTMENT

MRS. COCHRAN

11, 12. HISTORY OF ART.

The aim of this course is to give the student a general knowledge of the history of painting, sculpture and archi-
tecture and to develop an appreciation of these subjects. The relationship between religion, social and political life and art will be noted throughout the study which will begin with prehistoric art and continue through Egyptian, Greek, Roman, Byzantine, Gothic, Italian, Dutch, Flemish, German, French, English and American Art. The course will close with a discussion of modern art and its value.

Credit, 2 semester hours each semester. 8:55, Tu., Th.

*ART 13, 14. ART STRUCTURE.

Study of line, mass, darks and lights, and color. Principles of design; color theory; designs developed from the abstract, from nature and from study of historic ornament. History of ornament.

Credit, 1 semester hour each semester.

*ART 15. CERAMICS.

Work in enamels, flat work, etching and luster. Observation in firing. Prerequisite: Art 13, 14.

Credit, 1 semester hour.

*ART 16. ART METAL.

Practical problems in copper, brass, silver and gold. Etching, saw-piercing, repousee, shaping of bowls, spoons, etc. Stone setting and enamels in connection with jewelry. Prerequisite: Art 13, 14.

Credit, 1 semester hour.

* Special fees will be charged for these courses, the fee depending upon the number in the class.

DEPARTMENT OF BIOLOGY

PROFESSOR JAMES R. SLATER

Suggested minors:

1. Courses 11-12, 20, 21 and 24.

50
3. Courses 11-12, 21, 22 and 32.
4. Courses 11-12, 22, 23 and 24.
5. Courses 11-12, 22, 31 and 32.

No Junior may take a course below 15, and no Senior may take a course below 20.

11-12. GENERAL BIOLOGY.

This course is devoted to the study of the general laws of life, the fundamental relationships of living things, and those general biological problems which are related to human culture and progress. Recitations and lectures, 2 hours. Laboratory, 1 double period. This course is continuous through the year and can not be entered the second semester.

Credit, 3 semester hours. 10:20, Tu., Th. Laboratory, 1:15-3:00, Th.

15. GENERAL ELEMENTARY BOTANY.

The life history of typical seed plants is followed from the dormant seed through germination and the reawakening of vital processes, its establishment in its soil and light relations, maturation, flowering, fruiting and back again to the seed.

Credit, 3 semester hours. 8:55, Tu., Th. Laboratory, 1:15-3:00, Tu.

16. THE LIFE HISTORIES OF SELECTED TYPES OF PLANTS.

A general survey of the plant kingdom is obtained by a study of selected types from its several subdivisions taken in order from lower to higher types. The life histories of the more common plants are followed through their cycles. Lectures and recitations, 2 hours. Laboratory, 1 double period.

Courses 15, 16 are continuous through the year, but students may enter either semester.

Credit, 3 semester hours. 8:55, Tu., Th. Laboratory, 1:15-3:00, Tu.
20. **Mental Hygiene and Eugenics.**

A study of the problems of mental physiology, laws of heredity, sex and racial progress. The questions of responsibility for conduct, mental and nervous defects, crime and delinquency, racial betterment, the relative importance of heredity and environment in the development of the individual, are thoroughly considered. This course gives the sociological aspect of Biology. Lectures and recitations. Offered 1927-28.

Credit, 3 semester hours. 11:15, Mo., Wed., Fri.

21. **Physiology.**

A course dealing with the fundamentals of physiological processes, the correlation and interdependence of structure and function as applied to the human body. The principles of hygiene applying to the same is given due emphasis. Lectures and recitations, 3 hours. Laboratory, 1 double period.

Credit, 4 semester hours. 11:15, Mo., Wed., Fri. Laboratory, 1:15-3:55, Fri.

This course meets the requirements for those preparing for medical college and (Normal student) teaching.

22. **Comparative Anatomy of Vertebrates.**

The morphology of vertebrates is given in a study of the more important changes that take place in the several organ systems, in the five classes of vertebrates. This course should be taken by all premedical students and others wishing advanced knowledge of the higher animals. Prerequisite: Biology 12. Lectures and recitations, 2 hours. Laboratory, 1 to 2 double periods. Offered 1926-27.

Credit, 3 or 4 semester hours. 11:15, Tu., Th. Laboratory, 12:30-5:30, Wed.

23. **Bacteriology.**

A general study of microscopic plants causing disease and decay, as well as some beneficial bacteria. Recitations
COURSES OF INSTRUCTION

and lectures, 2 hours. Laboratory, 2 double periods. Offered 1926-27.
Credit, 4 semester hours. 11:15, Tu., Th. Laboratory, 1:15-3:55, Tu., Fri.

24. SANITARY SCIENCE.
An introductory course to the modern problems of sanitation—laws of health, water supply, microbiology, ventilation, food, disposal of sewage, occupational diseases, dangers, etc. Lectures and recitations. Offered 1926-27.
Credit, 3 or 4 semester hours. 11:15, Mon., Wed., Fri. Laboratory, optional, 1:15-3:55, Fri.

25. ECOLOGY AND SYSTEMATIC BOTANY.
An excellent opportunity to study plants in their living condition. Field trips, laboratory and recitation.
Credit, 3 semester hours. Offered in summer session chiefly.

26. PLANT PHYSIOLOGY.
The physiology of nutrition, growth, reproduction, and the responsive behavior of plant organs to the factors of their environment. The production of food, respiration, transpiration, and other metabolic processes are worked out. The practice in manipulation incident to performing the experiments required in this course is of special value to those who are preparing to teach botany. Lectures and recitations, 1 hour. Laboratory, 2 double periods. Offered as there is a demand. Prerequisite: One course in botany.
Credit, 3 semester hours.

31. HISTOLOGY AND MICROSCOPIC TECHNIQUE.
A study of the microscopic structure of cells and tissues of animals chiefly mammals. Students will prepare their own material largely and become familiar with methods in technic. Offered as there is a demand.
Credit, 4 semester hours.
32. **Embryology.**

The problems of vertebrate development are presented in lectures, demonstrations and laboratory work. Types to be studied are: amphioxus, frog, chick, and a mammal. Offered as there is a demand.

Credit, 4 semester hours.

35. **Methods in Teaching Biology.**

A course for those expecting to teach biology. Topics considered are: methods of presenting subject; laboratory organization and management; methods of collecting, preserving and preparation of materials. Class, laboratory and field exercises. Prerequisite: A Minor in Biology. Offered 1927-28.

Credit, 2 semester hours. 1:15, Mon. Laboratory, 2:10-4:50, Mon.

**DEPARTMENT OF BUSINESS ADMINISTRATION AND ECONOMICS**

**Professor Kelly**

All courses in Business Administration and Economics require Economics 11 as a prerequisite.

**BUSINESS ADMINISTRATION**

11. **Geography of Commerce.**

Credit, 3 semester hours. 8:00, Mon., Wed., Fri.

13. **Accounting I.**

Theory of debit and credit, trial balances, balance
COURSES OF INSTRUCTION

sheets, profit and loss statements, business forms, and papers.
Credit, 3 semester hours. 1:15-3:00, Mon., Wed., Fri.

14. ACCOUNTING II.
Classification of accounts, partnership and corporation accounts, controlling accounts and subsidiary ledgers.
Credit, 3 semester hours. 1:15-3:00, Mon., Wed., Fri.

15-16. MATHEMATICAL THEORY OF INVESTMENTS.
Same as Mathematics 15-16.

18. TRANSPORTATION.
A study of the practical problems and principles of transportation affecting the railroads of the United States. A survey of the development of land transportation and a history of the railroads of the United States and Europe.
Credit, 3 semester hours. Offered 1927-28. 8:00, Mon., Wed., Fri.

21-22. BUSINESS LAW.
Introduction to the fundamental principles of law affecting business. The course will cover contracts, agency, personal and real property, bailments, sales, guaranty, partnership and corporation. One year, 2 hours through the year.
Credit, 2 semester hours. Offered 1926-27. 8:55, Tu., Th.

25. MARKETING.
A general survey of the problems involved in the distribution of products and an application of economic theory to current marketing problems.
Credit, 3 semester hours. Offered 1927-28. 10:20, Mon., Wed., Fri.

55
COLLEGE OF PUGET SOUND

30. Corporation Finance.

A study of financial problems related to the formation of corporations, the sale of their securities, internal financial management, expansion and reorganization.

Credit, 3 semester hours. Offered 1927-28. 10:20, Mon., Wed., Fri.

33. Statistics.

Elements of statistical method, analysis, collection, assembly and presentation of data.

Pre-requisite, Business Administration 15.

Credit, 3 semester hours. Offered 1926-27. 8:00, Mon., Wed., Fri.

34. Business Statistics.

The collection, analysis and presentation of statistical data related to business. The course includes a study of business barometers and business surveys in various fields.

Prerequisite: B. A. 33.

Credit, 3 semester hours. Offered 1926-27. 8:00, Mon., Wed., Fri.

32. Business Administration.

A summary course in the field of business administration. Application of the principles of financial management, purchasing, advertising and selling to the enterprise.

Credit, 3 semester hours. Offered 1926-27. 8:55, Mon., Wed., Fri.

35. Business Barometers.

A selective study of fundamental statistics, their sources, and the methods of compilation. Prerequisite: B. A. 33 and 34.

Credit, 3 semester hours. Offered 1927-28. 10:20, Tu., Thur.
COURSES OF INSTRUCTION

40. INVESTMENTS.

A course in the elements of investment, analysis of offerings, market conditions, and the money market. Prerequisite: B. A. 30.

Credit, 3 semester hours. Offered 1926-27. 11:15, Mon., Wed., Fri.

42. ADVANCED BUSINESS FINANCE.

A study of existing markets, their organization and operation, a careful consideration of the methods and effects of the marketing of securities. Prerequisite: B. A. 26, 33, 40.

Credit, 3 semester hours. Offered 1927-28. 10:20, Tu., Thur.

ECONOMICS

11. THEORETICAL ECONOMICS.

Introductory course to the general principles of economics. Covers the consumption, production, exchange and the distribution of wealth, with special stress upon the economic laws involved. Prerequisite to all B. A. Courses.

Credit, 3 semester hours. 8:55, Mon., Wed., Fri.

22. MONEY AND BANKING.

A study of monetary theories and standards, history and principles of banking with special reference to the United States.

Credit, 3 semester hours. Offered 1927-28. 10:20, Mon., Wed., Fri.

23. ECONOMIC HISTORY OF THE UNITED STATES.

This course approaches history from the economic viewpoint with reference to territorial expansion, increase in
COLLEGE OF PUGET SOUND

population, and the development of manufacturing and commerce of the United States.
Credit, 2 semester hours. Offered 1927-28. 11:15, Tu., Thur.

31. HISTORY OF ECONOMIC THOUGHT.
A course in the history of economic thought and theory from the historical basis.
Credit, 3 semester hours. Offered 1926-27. 11:15, Mon., Wed., Fri.

36. ADVANCED ECONOMICS.
A course in advanced economic theory for Seniors.
Credit, 3 semester hours. Offered 1927-28. 11:15, Mon., Wed., Fri.

41. INDUSTRIAL PROBLEMS.
See Sociology 31.
Credit, 3 semester hours. Offered 1927-28.

DEPARTMENT OF CHEMISTRY
PROFESSOR HENRY, ASSOCIATE PROFESSOR McMILLIN
A major in chemistry must include Chemistry 11 or 13, 14, 21, 24, 31, 32 and one additional course from courses above 29. Students registering in Chemistry should plan their work so that they can do their laboratory work at the scheduled time.

GENERAL CHEMISTRY

11. GENERAL CHEMISTRY.
Chemistry of non-metallic elements—with reference to fundamental laws underlying general inorganic chemistry. Open to students who have not had high school chemistry.
Courses of Instruction

Three lectures and two laboratory periods, one hour of which is a quiz.

13. General Chemistry.

Chemistry of non-metallic elements. Open to students who have had chemistry in an accredited high school. Three lectures and two laboratory periods.

General chemistry and qualitative analysis. Two lectures dealing with metals, their metallurgy and use, and one lecture on qualitative analysis. Three lectures and two laboratory periods per week, one hour of which will be a quiz.

Credit, 5 semester hours. 8:55, Mon., Wed., Fri. Lab., 1:15-3:55, Tu., Thur. or Mon., Wed.

21. Advanced Qualitative Analysis.

Prerequisites: Chemistry 14 or its equivalent. Advanced analysis of more complex inorganic material. One lecture and 9 hours laboratory work.

Credit, 4 hours. 8:55, Tu. Lab.: Mon., Wed., Fri., 1-4.

24. Quantitative Analysis.

Prerequisites, Chemistry 21 or equivalent. This course includes both Volumetric and Gravimetric Analysis.

Credit, 5 semester hours. Two lectures and 9 hours laboratory. 8:55, Tu., Th. Lab.: Mon., Wed., Fri., 1-4.
30. **Chemical Technology.**

Application of Mathematics, Physics and Chemistry to chemical operations.

Credit, 2 semester hours.

31, 32. **Organic Chemistry.**

This course includes a study of the hydrogen compounds of carbon and their more important derivatives. The laboratory will include the preparation of typical compounds and will illustrate various methods of organic preparation. Prerequisite: Chemistry 12 or 13. Three lectures and 6 hours laboratory per week.

Credit, 5 semester hours. 8:00, Mon., Wed., Fri. Lab., Tu., Th., 1:15-3:55.

33. **Advanced Quantitative Analysis.**

This course will take up some of the more difficult problems of analysis. Prerequisite: Chemistry 24. One lecture and 9 hours laboratory per week.

Credit, 4 semester hours. Offered as there is a demand.

34. **Water Analysis.**

Chemical analysis of water. Occasional lectures and 6 hours of laboratory per week. Prerequisite: Chemistry 24.

Credit, 2 semester hours. Offered as there is a demand.

35, 36. **Physical Chemistry.**

This course will include the kinetic theory of gases, the determination of atomic weights, thermochemistry, equilibrium, the theory of solution, velocity of reaction, catalysis, electro-chemistry. Prerequisite: Chemistry 24, 32, and Physics 22. Two lectures per week and 3 hours laboratory.

Credit, 3 semester hours. Offered 1927-28. 8:00, Tu., Th. Lab.: Fri., 1:15-3:55.
37. **Organic Preparations.**

This course includes organic preparations from Gatterman and Fischer. One quiz and 8 hours laboratory per week.

Credit, 3 semester hours. Offered as there is a demand.

38. **Organic Analysis.**

This course will include the ultimate analysis of organic compounds. One quiz and 8 hours laboratory per week.

Credit, 3 semester hours. Offered as there is a demand.

39. **Advanced Inorganic Chemistry.**

A systematic study of inorganic chemistry from the standpoint of the periodic law. Three lectures and quizzes per week. Prerequisite: Chemistry 14.

Credit, 3 semester hours. 10:20, Mon., Wed., Fri.

40. **Chemistry, Physiological Chemistry.**

A general course consisting of the chemistry of food composition, tissue, secretions and excretions, their physiological and pathological change. Prerequisite: Chemistry 31. Three lectures and two laboratory periods per week.

Credit, 5 semester hours. Offered 1927-28. 10:20, Mon., Wed., Fri. Laboratory, 1:15-3:55, Tu., Th.

41, 42. **Industrial Chemistry.**

Credit, 5 semester hours. Mon., Wed., Fri. Laboratory: Tu., Th., 1-4.

43. **Inorganic Preparations.**
44. **Advanced Organic Chemistry.**

This course will include a detailed study of special fields of organic chemistry. Prerequisite: Chemistry 32. Three lectures or quizzes per week.

Credit, 3 semester hours. Offered as there is a demand.

48. **Theses.**

Four credit hours. To be arranged with the department.

---

**CLASSICAL LANGUAGES**

**LATIN**

**Associate Professor Cheney**

11, 12. **Beginning Latin and Caesar.**

A course in forms and syntax, followed by reading of selections from Caesar and Ovid.

Credit, 4 hours each semester. 10:20, Mon., Wed., Th., Fri. Not offered in 1926-27.

21, 22. **Cicero and Vergil.**

The class will read selected Orations of Cicero and several books of the Aeneid. Prerequisite: Courses 11, 12.

Credit, 4 hours each semester. Time to be arranged. Not offered in 1926-27.

31, 32. **Cicero and Pliny.**

The work will cover Cicero's De Senectute, Mackail's Latin Literature, and Letters of Pliny.

**Horace and Catullus.**

The Odes and Epodes of Horace and selected lyrics of Catullus will be read. Prerequisite: Courses 21, 22.

Credit, 3 hours each semester. 1:15, Mon., Wed., Fri.
COURSES OF INSTRUCTION

41, 42. LATIN COMEDY AND ROMAN HISTORY.

Plautus' Captivi and either Trinummus or Rudens, Terence's Andria or Phormio, Livy—Books XXI. and XXII., Tacitus' Germania or Agricola. Prerequisite: Courses 31, 32.

Credit, 3 hours each semester. 2:10, Mon., Wed., Fri.

DEPARTMENT OF EDUCATION

TEACHERS' CERTIFICATES

Students who intend to teach in High Schools should select their major work in some department of the college which is represented in the high school curriculum. They should also be prepared to teach one or two subjects in addition to their major.

Graduates of the College of Puget Sound who fulfill the conditions determined by the laws of the State of Washington and specified by the State Board of Education, and who pass an examination in the State Manual, are granted certificates to teach in all grades of the common schools without further examination. According to these requirements graduates who apply for state certificates must have completed three hours of psychology and twelve hours of education chosen from the following groups:

Group 1. Science of Education.
Group 2. History of Education.
Group 3. Childhood and Adolescence.
Group 4. School Administration.

Since the requirements for certificates to teach in public secondary schools in several other states are more extensive than those imposed by the State of Washington, it is strongly
advised that students of the College of Puget Sound elect at least six hours of psychology and not less than fifteen hours of education. The courses of instruction offered are not designed especially to meet any specific state requirements but rather to furnish a fairly comprehensive survey of the field of education with the aim of preparing the prospective teacher for an intelligent practice of his chosen profession.

Emphasis is placed on the theoretic conceptions and the social forces which determined specific forms of educational organization, or the spirit and content of instruction at different times. A review of the doctrines of educational leaders and reformers and of their influence on educational progress, is made. Special attention is given to the evolution of national school systems and to the influence of the modern scientific and social spirit.

Credit, 2 semester hours each semester. 10:20, Tu., Thur.

33. CHILDHOOD AND ADOLESCENCE—(Group 3).

This course consists of a careful study of physical, mental and moral development in childhood and adolescence, with special reference to educational principles and correct methods of guidance and control. The course includes an examination of the methods of child-study and a general acquaintance with the literature of the subject.
COURSES OF INSTRUCTION

Open to students who have had at least three hours of psychology.

Credit, 3 semester hours. 8:55, Mon., Wed., Fri.

34. PRINCIPLES OF EDUCATION—(Group 1).

A study of the principles underlying modern systems and methods of education,—aims and values in education, individual and social aspects of education, biological aspects of education, selection and arrangement of materials of instruction, the doctrines of interest and apperception, habit formation, concentration and correlation of studies, moral growth, character formation, etc. Lectures, reports on assigned readings, class discussions.

Open only to Juniors or Seniors who have had at least three hours of psychology.

Credit, 3 semester hours. 8:55, Mon., Wed., Fri.

35. SCHOOL ORGANIZATION AND ADMINISTRATION—(Group 4).

A course in the principles and methods of educational organization and administration. Units of organization, city school systems, forms and functions of state and local supervision; the teaching staff, courses of study, grading and promotion, correction and discipline, special types of public education, standards of efficiency, school buildings, furnishings and equipment.

For advanced students who have had at least six hours in psychology and education.

Credit, 3 semester hours. Offered 1926-27. 10:20, Mon., Wed., Fri.

36. SOCIAL PRINCIPLES OF EDUCATION—(Group 6).

The social origin of educational agencies, the school as a factor in social progress, relation of the school to the home and the community, the school as a social center, the relation of education to social stability and to social progress, the education of defectives and delinquents, the
community life of the school as related to moral training, the social significance of school plays and games, the social basis of the curriculum, industrial and vocational direction as a function of public education. Prerequisite: Psychology 21 and at least three hours of education.

Credit, 3 semester hours. 10:20, Mon., Wed., Fri.

37. Public Education in the United States—(Group 2).

A study of educational progress in the United States from colonial times, with special emphasis on recent developments. Consideration will also be given to current problems.

Credit, 2 semester hours. Offered 1927-28. 11:15, Tu., Th.

38. Educational Tests and Measurements—(Group 1).

A study of the methods used in testing pupils in the public schools, the principles underlying these methods and the relation of the tests to school efficiency and school progress. The course includes a study of individual and group intelligence tests. Practice in making tests and in charting and estimating results will be required. Prerequisite: Psychology 21, and at least three hours of education. Laboratory fee $2.50.

Credit, 2 semester hours. Offered 1926-27. 11:15, Tu., Th.

39. The Junior High School.

Historical background and reasons for a new organization; claims and objections; aims, objectives and special functions; problems of articulation; the teaching staff; programs of study and curricula; buildings and equipment; collateral and social activities. Opportunity will be given for observation and practice.
COURSES OF INSTRUCTION

Open only to students who have had Psychology 21 and at least three hours of Education.

Credit, 3 semester hours. Offered 1927-28. 11:15, Mon., Wed., Fri.

41. SECONDARY EDUCATION—(Group 4).

A study of the aim and scope of secondary education as related to the elementary school and the college, and to vocational aims. Methods of administration in secondary schools. The high school curriculum; vocational and cultural subjects; specialization in the high school. Moral and social phases of secondary education. Open only to Seniors who have had at least six hours of Education.

Credit, 3 semester hours. 8:00, Mon., Wed., Fri.

42. METHODS OF TEACHING HIGH SCHOOL SUBJECTS—(Group 5).

A general methods course for students who expect to teach in public secondary schools. A psychological analysis of the usual high school subjects is made, and the organization of the materials of the curriculum, together with the order and general method of presentation of the various subjects, is considered. Prerequisite: Course 41.

Credit, 3 semester hours. Offered 1927-28.

DEPARTMENT OF ENGLISH

PROFESSOR RENEAU
ASSOCIATE PROFESSOR BUDD
ASSOCIATE PROFESSOR CHENEY

The aim of the following courses in English is two-fold: to instill in the mind of the student the love of good literature and to teach him how to express his own thoughts in clear, concise language.
COLLEGE OF PUGET SOUND

ENGLISH COMPOSITION

11, 12. FRESHMAN COMPOSITION.

Short daily themes. Six long themes on present-day subjects. Talks by members of class on practical topics. Personal criticism.

Credit, 3 semester hours each semester. 8:00, 8:55, 10:20, 11:15, Mon., Wed., Fri., 5 sections. Budd, Cheney, Reneau.

25, 26. THE SHORT STORY.

The reading and writing of short stories. Four original short stories are required of every student each semester. Stress will be laid upon the revision of work. Through the discussion of various types of short stories an attempt will be made to develop the critical faculties of the student. Two hours recitation.

Credit, 3 semester hours. Offered 1926-27. 8:55, Tu., Th. Budd.

27. JOURNALISM.

A study of the gathering and writing of news.

Credit, 3 semester hours. Offered 1926-27. 10:20, Tu., Th. Reneau.

28. EDITING.

Credit, 3 semester hours. 10:20, Tu., Th. Offered 1926-27. Reneau.

36. WRITING THE DRAMA.

This course logically follows English 35, and is an attempt to put into practice the principles studied in that course. One complete play required of each student.

Offered 1926-27. 8:00, Mon., Wed., Fri. Reneau.
COURSES OF INSTRUCTION

43, 44. Advanced Essay Course.

The course will trace the development of the Essay from Montaigne to the present time. Emphasis will be thrown on the works of present-day writers. Five original essays required of each student, in a semester.

Credit, 3 semester hours each semester. 10:20, Tu., Th. Offered 1927-28. Reneau.

45, 46. Seminar in Short Story Writing.

An advanced course for students who have shown special aptitude for this line of work. The writing and revision of short stories, with monthly conferences, will constitute the major portion of work. One hour recitation.

Credit, 2 semester hours. Offered 1926-27. Budd.

ENGLISH LITERATURE

Credit, 3 semester hours each semester. 11:15, Mon., Wed., Fri. Budd.

21, 22. Introduction to World Literature.

Lecture course covering the following points: (a) World Bibles—Holy Bible, Ancient Classical Epic and Tragedy, Shakespeare, Dante and Milton, The Faust Legend; (b) Technical Principles of Epic, Lyric, Drama, History, Philosophy, Oratory, with a study of representative masterpieces. Selected reading courses. One long term paper and one lecture required of each student.

Credit, 3 semester hours each semester. Offered 1927-28. 8:00, Mon., Wed., Fri. Reneau.

23, 24. Elizabethan Drama.

Many of the plays of Shakespeare and of his contemporaries will be read and discussed.
25. **EARLY ENGLISH AND MIDDLE ENGLISH WRITERS.**

This course will cover the Literature of England from its beginning up to the Elizabethan Age, with especial attention given to Chaucer.

Credit, 2 semester hours. 8:55, Tu., Th. Offered 1926-27. Reneau.

26. **LITERARY STUDY OF THE BIBLE.**

The Holy Bible studied as literature with emphasis upon literary form as a factor in interpretation.

Credit, 2 semester hours. Offered 1926-27. 8:55, Tu., Th. Reneau.

31, 32. **HISTORY OF AMERICAN LITERATURE.**

Credit, 2 semester hours. Offered 1927-28. 8:55, Tu., Th. Budd.

33. **AESTHETICS.**

This is a philosophic study of the principles of good taste in general, and in particular as applied to Architecture, Sculpture, Painting, Poetry, Music. Each student is required to make a careful study of some phase of one of the fine arts and to present his findings to the class in lecture form.

34. **IBSEN.**

Plays studied in class: "Brand", "Peer Gynt", "Emperor and Galilean", "Hedda Gabler", "An Enemy of the People", "Rosmersholm", "Pillars of Society". Remaining plays to be read outside of class. Special attention given to the study of psychological, social and philosophic problems presented in the dramas.
COURSES OF INSTRUCTION

Credit, 3 semester hours. Offered 1927-28. 11:15, Tu., Th. Reneau.

35. APPRECIATION OF THE DRAMA.
This course will deal largely with recent dramatic literature.
Credit, 3 semester hours. 8:00, Mon., Wed., Fri. Offered 1926-27. Reneau.

37, 38. THE NOVEL.
Credit, 2 semester hours each semester. Offered 1927-28. 10:20, Tu., Th. Budd.

39, 40. NINETEENTH CENTURY PROSE.
The study of the leading prose writers of England, from Hazlitt to Stevenson.
Credit, 2 semester hours each semester. Offered 1927-28. 11:15, Tu., Th. Budd.

41, 42. NINETEENTH CENTURY POETRY.
The study of representative English poets of the Romantic and Victorian periods, from Wordsworth to Meredith.
Credit, 2 semester hours each semester. Offered 1926-27. 11:15, Tu., Th. Budd.

43. SPENSER.
A study of the poetry of Edwin Spenser, with special emphasis on "The Faerie Queene".
Credit, 3 semester hours. Offered 1926-27. 8:55, Mon., Wed., Fri. Budd.
44. **Milton.**

A study of the complete poetical works of John Milton.
Credit, 3 semester hours. Offered 1926-27. 8:55, Mon., Wed., Fri. Budd.

**GEOLOGY**

**ASSOCIATE PROFESSOR McMILLIN**

21. **STRUCTURAL.**

This is essentially a fundamental course in structural and dynamical geology, dealing with the natural forces involved in the development of topography from the minerals and rocks making up the earth crust, through the processes of degradation, aggradation and erosion to the final peneplanation.

The laboratory work consists of a study of rocks and minerals, together with the interpretation of topographic and geologic maps. The laboratory is supplemented with field trips.

Open to Freshmen who have had biology and either chemistry or physics in high school.

Credit, 4 semester hours. Offered 1927-28. Three lectures and one laboratory period. 11:15, Mon., Wed., Fri. Laboratory, 1:15-3:55, to be arranged.

22. **HISTORICAL.**

This is a continuation of Geology 21. It is a study of the earth and its origin, together with the procession of life upon it. Fossils and geologic maps are used in bringing details from other sections to notice. Wherever possible local material is used and emphasis is placed upon the geology of the Northwest. Three lectures and one laboratory period per week. Prerequisite: Geology 21.

Credit, 4 semester hours. Offered 1927-28. 11:15, Mon., Wed., Fri. Laboratory, 1:15-3:55, to be arranged.
COURSES OF INSTRUCTION

DEPARTMENT OF HISTORY AND POLITICAL SCIENCE

PROFESSOR DAVIS

PROFESSOR TOPPING

HISTORY

Courses 13, 14 and 21, 22 are required for a major in History. Courses 13, 14 should precede other courses in American History.

13, 14. AMERICAN.

A course in the political and social history of the United States from 1492 to the present. The social history will include the religious, educational, literary, financial and economic history, and general progress of the American people. Text: Hockett and Schlesinger's History of the United States and MacDonald's Documentary Source Book. 8:00, Mon., Wed., Fri.

17. MEDIEVAL HISTORY.

The history of Europe from 732 A.D. to 1492 A.D. will be sketched, special stress being placed upon those elements in which the organization and culture of the Middle Ages differ from that of the Modern Epoch.

Credit, 3 semester hours. 11:15, Mon., Wed., Fri.

18. ENGLISH HISTORY.

A study of the constitutional, economic, social, literary and religious history of England since 1492 A.D., with a brief sketch of the general background.

Credit, 3 semester hours. 11:15, Mon., Wed., Fri.

21, 22. MODERN EUROPEAN HISTORY.

A general course from 1500 A.D. to the present time. Beginning with a brief view of the chief events and
forces of ancient and medieval times necessary to an understanding of the modern world, a study is made of the political and social history of Europe from 1500 A. D. to the present time, including the history of the Great War and the period since the war.

Texts: First Semester, Volume I. of Hayes' Political and Social History of Modern Europe. Second Semester, Volume II. of the same work. Prerequisite: Course 17 or Medieval, Modern or English History in high school.

Credit, 3 semester hours each semester. 8:55, Mon., Wed., Fri.

29, 30. EARLY CIVILIZATIONS.

See Sociology 29, 30.

Credit, 3 semester hours. 10:20, Mon., Wed., Fri.

31, 32. AMERICAN HISTORY.

A study of the History of the Presidency, Political Parties and the leading American statesmen contemporary with each Presidential Administration. The study of each presidential election and the succeeding administration and its impress upon our national life. The biography, character and place in American history of each President. The lectures on leading American statesmen will include those most contributing to American nationality—Franklin, Hamilton, Marshall, Webster, Clay, and of such later statesmen as Seward, Chase, Blaine, John Sherman, Bryan, John Hay, Hughes, and Hoover. Offered 1926-27. 8:55, Tu., Th.

Credit, 2 hours each semester.

33. AMERICAN HISTORY.

The story of the growth of the West, internal improvements such as roads and canals, acquisition of territory, the advancing frontier, admission of new States, the growth of pro-slavery and anti-slavery sentiment, and the causes of the Civil War.
COURSES OF INSTRUCTION

Credit, 2 semester hours. 10:20, Tu., Th. Offered 1927-28.

34. AMERICAN HISTORY.

Civil War and Reconstruction.
Credit, 2 semester hours. 10:20, Tu., Th. Offered 1927-28.

35, 36. AMERICAN HISTORY.

An intensive study of the period from 1877 to the present time. First semester, to 1900. Second semester, American History from 1900 to the present.
Credit, 2 semester hours. Offered 1926-27. 10:20, Tu., Th.

37. LIFE AND TIMES OF WASHINGTON.

Credit, 2 semester hours. Offered 1927-28. 8:55, Tu., Th.

38. LIFE AND TIMES OF LINCOLN.

The chief texts will be the biographies by Nicolay and Ida Tarbell, with Lincoln's speeches and messages.
Credit, 2 semester hours. Offered 1927-28. 8:55, Tu., Th.

41, 42. SEMINAR.

For advanced students for the study of some well-known original documents of American History.
Credit, 1 semester hour each semester. 8:00, Tu.
21. AMERICAN NATIONAL GOVERNMENT.

Credit, 3 semester hours. 11:15, Mon., Wed., Fri.

22. AMERICAN GOVERNMENT—(Continuation of 21).

A study of the chief events in the history of each State of the Union, its contributions to our national and political life, the characteristics of its people, the distinctive features of its government. Text: State Constitutions and Histories.

Credit, 3 semester hours. 11:15, Mon., Wed., Fri.

23, 24. QUESTIONS OF THE DAY.

A study of the chief political State, National and World problems as they arise, from the current magazines, newspapers, pamphlets and speeches of our time.

Credit, 1 hour each semester. 8:00, Th.

31. A STUDY OF THE STATE.

Credit, 2 semester hours. Offered 1927-28. 11:15, Tu., Th.

32. A STUDY OF VOLUME II. OF BRYCE'S AMERICAN COMMONWEALTH.

This deals with Public Opinion, Reflections on Democracy, and Social Institutions in America.
COURSES OF INSTRUCTION

Credit, 2 semester hours. Offered 1927-28. 11:15, Tu., Th.

33. HISTORY OF AMERICAN DIPLOMACY AND OF THE FOREIGN POLICY OF THE UNITED STATES.

Credit, 2 semester hours. Offered 1926-27. 11:15, Tu., Th.

34. HISTORY OF INTERNATIONAL RELATIONS SINCE THE GREAT WAR.

Text: Buell's International Relations.

Credit, 2 semester hours. Offered 1926-27. 11:15, Tu., Th.

DEPARTMENT OF HOME ECONOMICS

ASSOCIATE PROFESSOR McINTOSH

A major in Home Economics must include Courses 13, 14, 21, 22, 31, 32. A minor must include Courses 13, 14, 21, 22.

13, 14. GARMENT MAKING AND TEXTILE STUDY.

Principles of hand and machine sewing. Study of textile fibers and materials. Care, repair and hygiene of clothing. Comparison of home and factory-made garments. One lecture and one laboratory period per week.

Credit, 2 semester hours each semester. 8:55, Tu.; 1:15, Fri. Students having one year of Sewing in High School may omit Home Economics 13.
21, 22. **Foods.**

Composition, selection and preparation of food. One lecture and two laboratory periods. Prerequisite: Chemistry 12 or 13. Students having credit for Cookery in High School may omit Home Economics 21.

Credit, 3 semester hours each semester. 11:15, Tu.; 1:15, Tu., Th.

31. **Planning and Serving Meals.**

Menu planning, selection, preparation and serving of food for the family group. One lecture and two laboratory periods per week.

Credit, 3 semester hours. Offered 1927-28. 10:20, Th.

32. **Nutrition and Dietetics.**

Credit, 4 semester hours. Offered 1927-28. 10:20, Tu., Th. Laboratory, 1:15, Tu., Th.

33. **Management.**

Study of the organization of the household and application of scientific principles to its management. Study of budgets and accounts. Two recitations and conference per week.

Credit, 2 semester hours. Offered 1926-27. 10:20, Tu., Th.

34. **The House.**

House selection, planning, decorating and furnishing. Study of home architecture and furniture. Problem on
COURSES OF INSTRUCTION

home for moderate income. One lecture and one laboratory period per week.
Credit, 2 semester hours. Offered 1926-27. 10:20, Tu.

35. CLOTHING—COSTUME, DESIGN AND CONSTRUCTION.
Principles of design applied to dress. Practice in selection and construction of clothing and modification of commercial patterns. Renovating and remodeling. Prerequisite: Home Economics 14. One lecture and two laboratory periods per week.
Credit, 3 semester hours. Offered 1926-27. 8:55, Th.; 1:15, Mon., Wed.

36. DRESSMAKING, ADVANCED.
Continuation of Home Economics 35. Prerequisite 35. One lecture and two laboratory periods per week.
Credit, 3 semester hours. Offered 1926-27. 8:55, Th.; 1:15, Mon., Wed.

37. METHODS OF TEACHING HOME ECONOMICS.
Curricula, methods and equipment. Reviewing of current literature. Two recitations per week.
Credit, 3 semester hours. Offered 1926-27. 8:00, Tu., Th.

LIBRARY SCIENCE
LILLIAN E. COLLINS, LIBRARIAN

11, 12. LIBRARY ECONOMY.
Relation between the library and the school. The use and value of the card catalog, dictionaries, encyclopedias and reference books; book selection and book buying; preparing books for the shelves; classification, accessioning, cataloging; reference work, preparation of bibliography
and management of school library; organization. As a project the students will have an opportunity to do practical work in the training school library.

Credit, 2 semester hours each semester.

DEPARTMENT OF MATHEMATICS AND ASTRONOMY

Professor Hanawalt

Mathematics

A major in Mathematics should include Courses 13-14, 21, 22 and 31. In addition to 24 hours, the minimum, Solid Geometry should be taken in the Freshman year.

A minor should include Courses 13, 14 and 23. Candidates who expect to teach secondary Mathematics should include Courses 11, 13, 14, 21, 22, 33, 34.

11. SOLID GEOMETRY.

The ordinary course in Geometry of three dimensions, including the sphere. It is recommended before taking Courses 13, 14. Prerequisite: Plane Geometry and Elementary Algebra.

Credit, 3 semester hours.

13-14. INTRODUCTION TO MATHEMATICAL ANALYSIS.

The objective in this course is a basis for a conception of the subject matter and possibilities of modern Mathematics. Trigonometry and College Algebra are correlated with analysis including the beginnings of analytics and calculus. Graphs and the function idea are used from the first; attention is paid to the applications necessary for engineering, astronomy, physics, etc. Some laboratory work is given. The regular Mathematics course for those taking one year's work. (But see 15-16.) Required in
COURSES OF INSTRUCTION

Science Courses. Prerequisite: Three semesters of Algebra, two semesters of Plane Geometry.
Credit, 4 semester hours each semester. 8:00 daily.

15-16. MATHEMATICAL THEORY OF INVESTMENT AND ALGEBRA.

Elementary Algebra will be reviewed first. Quadratics, graphs, binomial theorem, progressions, combinations, probabilities, logarithms and a few series will be studied as preliminary to the work in investments. The underlying principles of compound interest, annuities, amortization, bonds, sinking funds, depreciation, building and loan associations, and some problems in life insurance will be given. Elective with 13-14 for freshmen not in science courses. Required in Business Administration curriculum. Prerequisite: Elementary Algebra and Geometry. A continuous course for the year.
Credit, 4 semester hours each semester. 11:15, Mon., Tu., Wed., Fri.

17. ENGINEERING DRAWING.

Use of instruments, free-hand lettering, tracing, etc. Two three-hour laboratory periods. Prerequisite: Elementary Algebra and Geometry.
Credit, 3 semester hours.

18. DESCRIPTIVE GEOMETRY AND ENGINEERING DRAWING.

Practical problems, principles of projection, perspective shades and shadows. Two recitations and two three-hour laboratory periods. Prerequisite: Courses 11, 13, 14 and 17.
Credit, 3 semester hours.

21, 22. ANALYTIC GEOMETRY AND CALCULUS.

In essence this is a second year course in mathematical analysis, the subjects being correlated. Both Cartesian
and polar coordinates are used in presenting the ordinary material covering the line and conic sections. The derivative is used with tangents. The general equation of the second degree will be analyzed. Some higher degree curves are studied. Fuller treatment of maxima and minima than in Course 13, 14 will be employed. The early introduction of integral calculus is a feature. The needs of those contemplating engineering courses will be kept in mind. Prerequisites: Mathematics 13, 14.

Credit, 4 semester hours each semester. Offered 1926-27. 8:55, Mon., Tu., Wed., Th.

This course includes both recitation and field work (laboratory); theory of U. S. land surveying; general work with tape and transit; use of level; grades for streets, sewers, etc.; keeping field notes; computation work; a course in line with engineering work. Prerequisite: Mathematics 11, 13, 14.

Credit, 3 or 4 semester hours. Offered 1926-27.

The ordinary course. Prerequisite: Mathematics 11, 13, 14.

Credit, 2 semester hours. Offered 1926-27. 10:20, Tu., Th.

27. Elements of Statistical Method.

Uses and sources of statistics; collecting and analysis of material; application to interpretation of economic, social and natural phenomena. Prerequisite: Algebra and Geometry.

Credit, 3 semester hours. 8:00, Mon., Wed., Fri.

31. Calculus.

A continuation of Course 22. Practical applications a feature.
COURSES OF INSTRUCTION

Credit, 3 semester hours. Offered 1926-27. 10:20, Mon., Wed., Fri.

33. METHODS OF TEACHING.

The subject matter of secondary mathematics is presented in view of the recent findings of the committee on both Junior and Senior high school material and methods. Prerequisite: Courses 11, 13, 14, 21, 22.

Credit, 2 semester hours.

34. HISTORY OF MATHEMATICS.

Mathematics viewed as a unit. Development of its application to Science, Architecture, Commerce. Valuable to teachers. Prerequisite: Courses 11, 13, 14, 21, 22.

Credit, 3 semester hours. Offered 1927-28. 10:20, Mon., Wed., Fri.

35. THEORY OF EQUATIONS.

A study of the properties of higher equations, graphs, Sturm's method of location, Horner's method of approximation; general solution of the cubic and biquadratic. Prerequisite: Mathematics 13, 14.

Credit, 3 semester hours. Offered 1927-28. 10:20, Mon., Wed., Fri.

41. SOLID ANALYTIC GEOMETRY.

Prerequisite: Mathematics 31.

Credit, 3 semester hours.

42. DIFFERENTIAL EQUATIONS.

Ordinary and Partial with applications. Prerequisite: Course 31.

Credit, 3 or 4 semester hours.

(Note: Other elective courses may be arranged with proper prerequisites, as Projective Geometry, Navigation, etc.)
10. DESCRIPTIVE ASTRONOMY.

An elementary course whose purpose is to give the student a conception of the solar system and stellar heavens; attention to the constellations and current celestial phenomena; observation with 4½-inch equatorial telescope. Prerequisites: Elementary Algebra, Geometry and Physics.

Credit, 3 or 4 hours. Offered 1926-27.

21-22. GENERAL ASTRONOMY.

Practical observation with naked eye and equatorial telescope (Alvin G. Clark's Sons), star charting, tracing courses of planets, use of nautical almanac, calculation of suitable problems introductory to practical Astronomy; suitable laboratory work in connection with Young's Manual of Astronomy. Prerequisite: Mathematics, 11, 13, 14 and Elementary Physics. A continuous course for the year.

Credit, 3 semester hours each semester. Offered 1926-27.

24. HISTORY OF ASTRONOMY.

Prerequisite: Astronomy 10 or 21-22.

Credit, 2 or 3 hours.

DEPARTMENT OF MODERN LANGUAGES

FRENCH

ASSOCIATE PROFESSOR CRAPSER

Requirements for a major: A minimum of 24 hours not including 11.

Requirements for a minor: A minimum of 15 hours not including 11. Must include 31, 32, and should include 38.
COURSES OF INSTRUCTION

11-12. ELEMENTARY FRENCH.

Grammar, pronunciation, reproduction of material read, sight translation.

Credit, 4 semester hours each semester. 8:00 and 11:15, Mon., Wed., Th., Fri.

21, 22. INTERMEDIATE FRENCH.

Reading of modern French novels, plays and short stories. Advanced composition and conversation based upon material read. Review of the subjunctive and of irregular verbs. Outside reading required. Class conducted in French. Prerequisite: French 11, 12.

Credit, 3 semester hours each semester. 10:20, Mon., Wed., Fri.

31, 32. SHORT STORY.

Lectures on development of modern French Conte. Extensive study of modern writers of the Conte: Balzac, Maupassant, Daudet, Merimee, Le Braz, Coppee, Gautier, About, etc. Composition based upon material read. Outside reading required. Conducted in French. Prerequisite: Courses 21, 22.

Credit, 3 semester hours each semester. Offered 1926-27. 8:55, Mon., Wed., Fri.

33, 34. DRAMA.

First semester devoted to study of dramatists of the seventeenth century; second semester, to modern dramatists. Reports in class of reading done outside. Lectures and reports on the history of the development of the French drama. Additional credit of one hour for special reading requirements. Conducted in French. Prerequisite: Courses 21, 22.

Credit, 3 semester hours each semester. Offered 1927-28. 10:20, Tu., Th.

85

Reading in class of French novels. Lectures and reports on the novels of the eighteenth and nineteenth centuries. Study of the development of the French novel. Conducted in French. Prerequisite: Courses 21, 22. Throughout the year.

Credit, 3 semester hours each semester. Offered 1926-27. 10:20, Tu., Th.; 1:15, Fri.

38. Advanced Composition and Conversation.

Credit, 2 semester hours. Offered 1927-28. 8:55, Tu., Th.

41. Seminar, 19th Century Prose.

Directed reading of prose of the nineteenth century. Informal discussion one hour a week. Prerequisite: Courses 21, 22.

Credit, 2 semester hours. Offered 1926-27.

German

Associate Professor Cheney

Requirements for a minor: A minimum of 15 hours, not including 11.

11, 12. Elementary Course.

Pronunciation, grammar, reading of easy prose and poetry, conversation.

Credit, 4 hours each semester. 11:15, Mon., Wed., Th., Fri.
COURSES OF INSTRUCTION

21, 22. INTERMEDIATE COURSE.
Review of grammar, prose composition. Reading of short stories and one of Schiller's dramas.
Credit, 3 hours each semester. 8:00, Mon., Wed., Fri.

31, 32. SCIENTIFIC GERMAN.
Intended for students who desire a working knowledge of the language for scientific reading. Prerequisite: Courses 21, 22.
Credit, 2 hours each semester. 8:00, Tu., Th.

33, 34. THE NINETEENTH CENTURY NOVEL.
Representative works of the leading authors will be included in this course. Prerequisite: Courses 21, 22.
Credit, 3 hours each semester. 8:55, Mon., Wed., Fri.

41, 42. GERMAN POETRY.
Poems of Goethe, Schiller, Uhland, etc., will be read. Advanced Prose Composition and Conversation. For those who expect to teach German or desire to review the essentials of the grammar. Prerequisite: Courses 21, 22.

DEPARTMENT OF PHYSICAL EDUCATION
AND ATHLETICS

PROFESSOR MCNEAL

The College of Puget Sound believes in a sane program of Physical Training. Some type of physical activity is required of all Freshmen. Our aim is to have every student take part in recreative work, thereby increasing his efficiency, not only during his college years but in later life. The courses outlined below are primarily for students who expect to follow coaching, or Physical Education work, as a profession. The field for trained and conscientious instructors in this work is growing by leaps and bounds, and the Athletic Department could place many more men in this work than they can supply.

11-a. FOOTBALL THEORY.
This work is done largely on the field during the rest periods in practice. "Blackboard talks" are also given at irregular periods during football season. Discussion of rules; the several styles of defense and offense with consideration of their special strength and weaknesses; generalship and strategy; training; conditioning, and players' equipment are given detailed attention.
11-b. Football Practice.

Includes punting, drop kicking, place kicking, kick-off, forward passing, tackling dummy, drills for linemen and backs, following the ball, interference and team work. Fundamental plays, freak plays and signal systems are studied.

Theory of batting; base running; methods of fielding each position; team work and coaching methods; study of rules and general fundamentals.

12-b. Baseball Practice.

The principles discussed in 12-a. will be practiced on the field.

14-a. Track and Field Theory.

The theory upon which each event is based. Talks on methods of preparing contestants for different events; rules of competition; study of physical condition. Practice is given in promoting, managing and officiating for meets.

14-b. Track and Field Practice.

Practice of above principles.

The course covers passing, goal throwing, dribbling, team play, conditioning and the different styles of play.

13-b. Basketball Practice.

The principles discussed above are practiced in the gymnasium.

15, 16. Calisthenics (Free Exercises).

This course is primarily for students who are not physically fitted for participation in the more strenuous sports.
COURSES OF INSTRUCTION

18. MASS PHYSICAL ACTIVITIES.

Practical participation in and direction of mass games, mass athletics, and combative contests—a coming feature in the American physical training program.

DEPARTMENT OF NORMAL TRAINING

PROFESSOR WEIR, HEAD OF THE DEPARTMENT

This department provides a two years’ Normal Training Course designed to meet the needs of those students who are preparing to teach in the grades. This course leads to a Normal School Elementary Diploma. Students who are awarded this diploma from the College receive from the State Board of Education a First Grade Elementary School Certificate. The course is very similar to the two years’ course of our State Normal Schools.

The Normal Course is very closely related to the regular baccalaureate courses of the College. The major quota of strictly Normal Training subjects is supplemented with pertinent subjects from the other departments, thus effecting a happy combination of practical preparation for teaching and closely correlated liberal arts courses. Also the prospective teacher can secure her preparation in the broadening and stimulating environment of college life. The literary and social activities of the College are open to the students of this department.

No students will be registered in the Freshman class of the Normal Department in 1926-27. All students registered in the Normal Department of the College in 1925-26 who complete the Normal course in 1927 will be graduated in June, 1927.

The College of Puget Sound feels that it has rendered a service to Education and to many young people in maintaining the Normal Department for the past twenty years. The Normal Department is really of Junior College grade, and the increased demand for advanced College courses has caused the
COLLEGE OF PUGET SOUND

faculty and trustees of the College of Puget Sound to believe that the time has come to surrender accreditation as a Normal School and devote all their energies to the development of the four-year courses of the College of Liberal Arts. Pursuant to this demand the College has added a number of new curricula. See page — for details concerning these new courses.

SOCIOLOGY N11, N12. CONTEMPORARY CIVILIZATION.

The Career of Reason will be briefly traced as shown by its achievements in the fields of Art, Science, Religion and Morals. The concepts of human nature and of culture will be factorized; as will institutions and the mechanism of social control. In the light of this background important modern social problems will be faced.

Credit, 3 semester hours each semester. 8:00.
Historical Statement

The material life alone does not constitute civilization. The brave pioneer men and women who peopled the Pacific Northwest, recognizing this truth, early provided for educational, moral and spiritual elements of civilized life. Inspired by the enthusiasm for a college on the part of the presiding bishop, Charles Henry Fowler, the Puget Sound Conference of 1884 adopted a report pledging the members to build an institution which should be a "praise in all the land."

The Conference of 1887 appointed three bishops, Fowler, Foss, and Warren, with the following members of the Conference—John F. De Vore, F. W. Loy, I. Dillon, and D. G. Le Sourd, to have full power to enter into agreements and act for the Conference. The committee made a proposition to locate the institution at Tacoma, if the city would furnish a campus and suitable building. The credit for this acceptance appears to belong chiefly to the Rev. D. G. Le Sourd and J. D. Caughran.

February 29, 1888, the citizens of Tacoma presented to the committee a subscription of $22,000 and realty to the value of $78,000. The Articles of Incorporation were signed March 17, 1888.

September 15, 1890, the Puget Sound University registered its first students in its new building at South 21st and I Streets. The Rev. F. B. Cherington was president. The University moved to South 10th Street and Yakima Avenue in 1891; the building is now known as the Imperial Apartments. In 1894 the University occupied a second building at South Ninth and G Streets, now called the Domo Apartments. The Rev. Crawford R. Thoburn was president from 1892 to 1899, and was succeeded by the Rev. Wilmot Whitfield, who served as president until 1901. The University was under the management of Dean O. C. Palmer during the year 1901-02. Professor C. O. Boyer was acting president during the year 1902-03.
HISTORICAL STATEMENT

In April, 1903, the institution was re-incorporated as the University of Puget Sound, and the Rev. E. M. Randall was elected president. This year is noted for the purchase of a new campus at the corner of Sixth and Sprague Avenues by the Alumni, the erection of the administration building at a cost of $20,000, and the accrediting of the University by the State Board of Education. The Rev. Joseph E. Williams served as president from 1904 to 1907, and was succeeded by Professor L. L. Benbow, County Superintendent of Schools. Under President Benbow’s administration, the Normal Department was accredited by the State Board of Education, and the Summer School became a part of the work of the University. President J. C. Zeller presided over the University from 1909 to 1913.

The Rev. Edward H. Todd has been president since 1913. In 1914, the articles of incorporation were amended, changing the name of the institution to College of Puget Sound. In Dr. Todd’s presidency have come to fruition the high hopes of the friends of the College. In October, 1915, the citizens of Tacoma and of the State, by their generosity, enabled the College to complete the raising of $200,000 to meet the offer of James J. Hill, of St. Paul, for $50,000, thus giving the College its first quarter of a million of endowment.

Then followed the Great War, in which the College did its full share. In 1920 came the successful campaign for a building fund of a half million dollars, given by the generous citizens of Tacoma and Pierce County. The friends of the College will ever be grateful to Dr. Horace J. Whitacre for his services as chairman of the campaign committee.

The successful endowment campaign of 1921 for a half million dollars was conducted largely in the State outside of Tacoma, while the campaign of 1922 for a quarter of a million to match the offer of a quarter of a million from the General Education Board, Rockefeller Foundation, was made successful through the generosity of friends both in and outside of Tacoma. The year 1922 is also noted for the placing of
May 22, 1923, Mrs. Franke M. Jones, of Tacoma, who had pledged $50,000 for endowment, made President Todd and the Trustees a gift of $180,000 to erect a building in memory of her husband, who had pledged $25,000 for buildings before his death. The Administration Building was named C. H. Jones Hall. At the close of this year, the College was admitted to membership in the American Association of Colleges.

On September 15, 1924, the new college year began in C. H. Jones Hall, one of the most substantial college buildings in the West. The Gymnasium and the Women’s Cottage have been completed and the Science Hall is under way.

Having for its motto, “Christ the Foundation,” and dedicated to Learning, Science, Good Government and the Christian Religion, enjoying the best wishes of a lengthening list of friends, after years of brave struggle, the College of Puget Sound has at last attained to a place among the substantial Colleges of Liberal Arts of our land. Its promise of success and service is assured.
General Information

LOCATION AND EQUIPMENT

The City of Tacoma, the home of the College, one of the three largest cities of the State of Washington, is located on Puget Sound on Commencement Bay, toward the south end of the Sound. It is a city of extensive manufacturing plants, good homes, many churches, up-to-date schools, surrounded with beautiful and magnificent scenery. Four trans-continental railways enter the city, and ships from all ports of the world land at her docks.

The College is centrally located in a good residence section of the city. It can be reached by three street car lines:—by the Point Defiance line to North 21st and Alder Streets; by the Sixth Avenue line to Lawrence Street, and by the North Kay Street line to the end of the line.

A new forty-acre campus, and three new buildings with the fourth begun, have cost the College over $550,000. This property is free from debt at this date. The College has invested endowments of approximately $660,000, and $700,000 in uncollected subscriptions. A program has been adopted by the Trustees which provides for a constant strengthening of the curriculum, and the raising of an additional $3,000,000 during the next ten years to make this possible. Of this amount, $2,000,000 will be used for endowment and $1,000,000 for building and equipment.

BUILDINGS

C. H. Jones Hall occupies the east side of the academic quadrangle. This building is the gracious gift of Mrs. Franke M. Jones in memory of her husband. It is a three-story building of concrete and brick, 270 by 59 feet. The ground floor is occupied by the library, collection offices,
physics laboratory, Y. M. C. A. and Y. W. C. A. rooms, literary society halls, student offices, lecture rooms. The first floor is occupied by the auditorium which seats over 700 people, the offices of the President, Dean, Bursar and Registrar, and eight class rooms. The second floor is occupied by the balcony of the auditorium, ten class rooms, the small chapel, and professors’ offices. The roof is decked and the attic is lighted by skylights. The art room and museum are located here.

Science Hall will be a three-story building of concrete and brick, 150 by 59 feet. It will house all the science departments when completed. Only the first story is completed. The chemical, biological and cooking laboratories and the commons are located in this building.

The Women’s Cottage is a frame building on the campus that accommodates about twenty young women who are under the supervision of a resident matron.

The Gymnasium is a two-story, brick veneered building, 110 by 70 feet. On the first floor are bathrooms, locker rooms, dressing rooms and offices for the Director of Physical Education for men and for women. The second floor contains additional rooms for offices and trophies, and the main hall for physical exercises, 68 by 90 feet.

ACCREDITATION

The College of Liberal Arts, Normal Department, and Summer School are accredited by the Board of Education of the State of Washington. The College is accredited by the Northwest Association of Secondary and Higher Schools. It is a member of the American Association of Colleges.

LIBRARY

The Library occupies one-half the lower floor of Jones Hall, and is used by the students as a general reading room. It contains about 8000 volumes and receives many of the best
GENERAL INFORMATION

general and educational periodicals. The books are on open shelves and are loaned for periods of two weeks. There are, however, permanent reference books and reserve books whose use is restricted to meet the needs of various classes. The catalog is the usual dictionary catalog of author, title, and subject in one alphabetical arrangement.

STUDENT ORGANIZATIONS

ASSOCIATED STUDENTS—The organized student body, known as the Associated Students, has general direction and charge of such College activities as athletics, student publications, debating and oratorical contests, glee clubs, literary, social and certain religious activities. Direction of activities is exercised mainly through a representative body known as the Central Board, composed of the officiary of the Associated Students, class representatives, an alumni member, and three Faculty members.

THE YOUNG WOMEN'S CHRISTIAN ASSOCIATION maintains a vigorous organization. All young women find a welcome to the Y. W. rest room.

THE YOUNG MEN'S CHRISTIAN ASSOCIATION is doing effective work among the men. It maintains the Y. M. C. A. club room.

THE STUDENT VOLUNTEER BAND is composed of students who are planning to enter the foreign field.

THE OXFORD CLUB is a national organization having for its purpose the giving aid, encouragement and inspiration to students who have pledged themselves to the ministry.

PI KAPPA DELTA is a national honor society to which intercollegiate debators, or those having won first place in oratory may belong.
THETA ALPHA PHI is a national dramatic fraternity. Membership is dependent upon success in performing roles.

LITERARY SOCIETIES—There are three literary societies, the Philomathean, the Amphictyon and the Altrurian. These societies admit both men and women and are designed to give the members training in parliamentary practice and public speaking.

PUBLICATIONS

THE COLLEGE BULLETIN—This publication is issued quarterly and furnishes information concerning the College, its activities, development and plans.

THE TRAIL—This is the regular student publication and is issued weekly. Its Editor and Business Manager are elected by the Associated Students.

THE TAMANAWAS—This is the College Annual, which expresses various phases of college life. It is under the management of the Associated Students, the Editor and Business Manager being elected by them.

STUDENT EMPLOYMENT

Many students come to the College every year who need to earn a part of their expenses. The City of Tacoma, by reason of its size, affords many opportunities for self help. No young man or young woman of fair health and supplied with energy and thrift need fail to receive an education. Any prospective student wishing employment should write to the Registrar, giving details of the kind of work he is fitted to do. Students planning to earn a considerable portion of their expenses should plan to take less than the full quota of studies. While students are able to earn all their expenses, a student should come provided with sufficient funds to meet initial expenses and afford some margin for emergencies.
GENERAL INFORMATION

SUPERVISION OF YOUNG WOMEN

The young women of all departments of the institution are under the supervision of the Dean of Women.

All Freshmen girls not living in their own homes reside in the Women's Cottage unless they are working elsewhere for their board and room. All upperclass girls not living in their own homes reside either in the Women's Cottage or in approved private homes. A list of rooms approved by the College may be secured from the Dean of Women at the opening of the semester. Rooms are engaged for the semester unless specifically arranged otherwise, and any changes of residence are made only by arrangement with the Dean of Women.

The Women's Cottage on the campus accommodates eighteen women; the rate for room per semester is $30.00 in advance. Students are required to bring their own bedding, dresser scarfs and towels, and care for the laundry of same. Every article should be marked. Application for room, accompanied by $5.00 deposit, should be made to the Bursar, Jones Hall, College of Puget Sound.

Upperclass girls may obtain, in approved private homes near the College, furnished rooms which rent for from $10.00 to $15.00 per month single; $15.00 to $18.00 double. Arrangements for these rooms must be made through the Dean of Women. They may be made after the student arrives in Tacoma.

The College Commons on the campus is open to both men and women students. Regular board for the current year has been furnished at $25.00 per month.

Some young women earn a part or all of their board and room by assisting in the homes in which they live. No young woman is allowed to enter such a home on her own responsibility. Women of the city who wish to employ college women consult with the Dean of Women, who visits the homes and keeps in her office a file of the advantages offered and the kind of work required. There is a constant demand for our students in many of the best homes in the city.
SCHOLARSHIPS AND LOANS

SCHOLARSHIPS—The College grants annually fifteen scholarships to graduates of accredited four-year high schools of the State of Washington, yielding a remission of $37.25 of incidentals each semester, for the freshman year of any degree course. Such scholarship will be continued in force throughout the four years, or so long as the holder of the scholarship continues to make first grades in at least one-half of his studies and nothing lower than a medium grade. In case of failure to comply with this standard, after the first year during which the scholarship is in force, such scholarship will then be cancelled. The purpose of these scholarships is to place emphasis upon excellent work and to assist those who are worthy but may be in needy circumstances. A small amount of library service will be expected of each holder of a scholarship.

LOANS.—The Board of Education of the Methodist Episcopal Church from year to year makes loans in limited amounts to needy and worthy students who are members of this denomination. In order to obtain such assistance the student must be in actual attendance at the College, must be doing satisfactory work in his studies, and be recommended by the faculty for the loan desired. The College has an additional fund of $250.00 which it will loan to worthy students on easy terms. This should be much larger to meet the needs of the College.

PRIZES

JAMES G. NEWBEGIN DEBATING TROPHY AND PRIZES—In 1918, a beautiful loving cup was offered by Mr. James G. Newbegin as a trophy to the winning debating team in an interscholastic contest among the several literary societies. The contest is an annual function, under the auspices of the Associated Students, and the trophy will be retained by or passed on to the winning society from year to year. A cash prize of
$15.00 is given to the debator winning first place, and $10.00 to the debator winning second place.

**Attorney A. O. Burmeister Oratory Prizes**—$25.00 is given by Attorney Burmeister to the best two orators in the College. The contestants must write a 1200-word oration, which is submitted to a Faculty Committee chosen by the Department of Public Speaking. The best six orations are presented in an open Forum by the respective contestants, before a set of outside judges. To the orator winning first place is given a cash prize of $15.00; to the orator winning second is given a cash prize of $10.00.

**Alfred W. Matthews Extempore Oratory Prize**—This prize is offered by one of our graduates, who is now teaching in the city school system. Mr. Matthews offers $25.00 to the one who during his college course is judged by the faculty to have made the greatest advancement in extemporaneous oratory in discussions, in literary society, in debate, and in other college gatherings.

**William Wallace Youngson English Prize**—This prize is offered by the Rev. William Wallace Youngson, D.D., of Portland, Oregon, who is a friend of the College of Puget Sound and of young people in general. The prize, the Reference History Edition of the International Dictionary, bound in full American Russia leather and printed on India paper, is to be given to the member of the Senior class who, in the judgment of the Faculty, has used the best English throughout his college course.

**Eligibility Rules**

I. In order to be eligible to represent the College of Puget Sound in any student activity, a student must:

(a) Be registered in the College for a minimum of 12 hours credit.
(b) Not have a total of failures on his previous record, including this or any other institution, exceeding one-fifth of his total hours passed. A condition, until removed, shall have the same value as an F in determining eligibility. Incompletes must be removed within the first month the student is registered in college after the incomplete is incurred.

(c) Keep off probation. Students on probation shall be ineligible to hold any student office, participate in any student activity, or represent the College in any intercollegiate contest. A student, after having been declared eligible for any student activity, shall remain eligible, scholastically, for the remainder of the season of participation only when the season terminates within the semester. During the first semester they are in college, freshmen must be passing in ten hours of work two weeks before any game in order to be eligible.

(d) Secure written leave of absence if his absence from classes is required by participation.

II. Students who are registered for less than 12 hours’ work may participate in the work of the Musical Organizations or Dramatic Productions only with the permission of the faculty.

III. In order to be eligible to represent the College of Puget Sound in any intercollegiate athletic activity, a student must:

(a) Comply with the foregoing rules of eligibility.
(b) Comply with the Northwest Conference rules.

RELIGIOUS AND MORAL STANDARDS

Church Attendance—All students are expected to attend the church of their choice at least once every Sunday.
GENERAL INFORMATION

CHAPEL ATTENDANCE—All students are required to attend chapel exercises. Each unexcused absence will entail a loss of one-fifth hour of scholastic credit.

TOBACCO—The College deprecates, for hygienic and economic reasons, the use of tobacco by persons of college age, and requires students to abstain from its use in all college buildings, and on all college grounds, including the athletic field.

SUMMER SESSION

The Summer Session extends for a period of nine weeks, or one-half semester, for credit courses.

The work of the Summer Session is equivalent in method, character and credit to that of the regular academic year. The teaching staff is selected almost exclusively from the regular faculties.

The Summer Session is planned for students who wish to advance their standing or make up back work; for teachers who are unable to pursue regular courses along their respective lines of work except during the summer months; and for teachers who wish to complete the required nine weeks of professional training, required by law in an institution of higher learning, for renewal of certificate.

SCOPE OF INSTRUCTION—Instruction is offered in Education, Psychology, English, French, Spanish, History, Sociology, Philosophy, Biology, Chemistry, Public Speaking, Physics, Mathematics and Business Administration. The courses are all regular College courses and carry three semester hours credit. A student may carry three courses in the Summer Session. In addition to the College courses, the College also offers normal courses in Education, Music, Biology and Art.

ADVANTAGES—Tacoma is beautifully surrounded by a country full of interesting phases of nature. Parks in the city, beautiful driveways in the country, the seashore and the mountains, furnish ample opportunity for most profitable pleasure trips.
Along with the special opportunity for study and recreation, and college surroundings, with tennis courts, athletic field, library and laboratories, are to be considered. In a measure, the spirit of the college is carried over into the summer school. Last summer there was more of the advanced work done than previously. We shall strive to develop this feature.

For further information concerning the Summer School address the President, or the Director of the Summer School.

EVENING SCHOOL

The College offers a number of courses in the Evening School. A special bulletin will be issued giving detailed information concerning the courses offered in the evening classes. For the bulletin or information concerning these courses write to the Registrar of the College.

ALUMNI ASSOCIATION

The Alumni Association of the College has a governing Board of Directors consisting of ten members, five of whom are elected each year. In addition to these, there are three members of the College Board of Trustees elected by the Alumni. These trustees are ex-officio members of the Board of Directors. For the present year, the officers of the Association and the Board of Directors are as follows:

Thomas J. Gambill, President.
Tom Swayze, Vice-President.
Roy L. Sprague, Secretary-Treasurer.
Victor Hedberg, Auditor.
Miss Elizabeth Shackleford.
Paul Hanawalt.
Frank Brooks.
Mrs. Georgina Rowland.
Guy Kennard.
Melvin Olene.
The following are ex-officio members:
R. E. Cook.
Rev. Harry E. Gardner.
Rev. James E. Milligan.
