DEDICATION

Each year the catalogue is dedicated to a group of classes called a quadrant. The quadrant organization is explained on page 163.

This year the catalogue is dedicated to the classes and members of the classes of Quadrant One.

It is composed of the classes of 1893, 1897, 1901, 1905, 1909, 1913, 1917, 1921, 1925, 1929, 1933, 1937, and 1941. Each of the classes of alumni should plan to have a reunion and witness the graduation of the class of '41 on June 7, 1941.

The color of this cover, purple, is that of law, or good government. It is the color of the First Quadrant.
The College of Puget Sound is a fully accredited college of arts and sciences. Its credits and degrees are recognized not only regionally by the Northwest Association of Colleges and Secondary Schools but also nationally through approval of the Association of American Universities.

LEONARD HOWARTH HALL OF SCIENCE
THE COLLEGE

NATURE AND AIDS

THE College of Puget Sound is a coeducational college of liberal arts with courses of study leading to bachelor's and master's degrees in arts and sciences. It provides for liberal education, trains for teaching in the secondary schools, and prepares for admission to professional schools.

The college is dedicated to “the promotion of Learning, Good Government, and the Christian Religion.” The attempt is made to interpret the phrase “good government” as both part and product of a liberal education, in the belief that capacity for self-government is a feature of an educated man. The college also presents the Christian religion, without any denominational teaching, as a part of our culture; and it seeks to promote the Christian spirit. It conceives that the Christian outlook is one that assigns supreme worth to the human spirit, and it believes that the Christian character of the institution is to be achieved through the presence of this outlook in all of its program.

It is the purpose of the college to produce men and women who are intellectually, socially, and morally prepared to assume the responsibilities of citizenship and to lead in the upbuilding of society. In its instruction it aims to develop self-reliant students who can master known truth, search for new truth, and produce new ideas for their generation.

The college seeks to keep abreast of the times. It has adopted the policy of admitting freshmen for what they are rather than for the possession of credits in prescribed courses. One may be admitted upon the diploma of an accredited high school, provided he ranks in the upper half of his graduating class. Otherwise, he must satisfy the admissions committee of the college that he is capable of and will profit by pursuing a college course.

The members of the faculty have been chosen from the graduates of the best American and foreign universities. They have been selected because they have the qualities for promoting correct instructor-student relationships. This guarantees sympathetic counsel and guidance for students.

Methods of instruction are used which are progressive and have proved effective. The administration is alert to changes which are constantly being made in college procedure.
LOCATION AND EQUIPMENT

The city of Tacoma, the home of the college, is one of the three largest cities of the State of Washington. Beautifully situated on Commencement Bay, toward the south end of Puget Sound, it commands a magnificent view of majestic Mount Rainier. It is a city of extensive manufacturing plants, good homes, fine churches, and modern schools. Four transcontinental railways enter the city, and ships from all ports of the world land at its docks.

The college has a well-located campus of more than forty acres in a good residential section in the north end of the city. It moved to this site in 1924, and now has several buildings which cannot be excelled for quality and design as college buildings. The campus and plant have a value of over $800,000.00, and there are productive endowments of about $1,250,000.00.

BUILDINGS

C. H. JONES HALL occupies the east side of the academic quadrangle. This building is the gracious gift of the late Mrs. Franke M. Jones in memory of her husband. It is a three-story building of concrete and brick, 270 by 50 feet. The ground floor is occupied by the library, bookstore, alumni and field offices, Y. M. C. A. and Y. W. C. A. rooms, students' social rooms, and student offices. The first floor is occupied by the auditorium which seats over 700 people, the offices of the president, dean, bursar, and registrar, and eight class rooms. The second floor is occupied by the balcony of the auditorium, ten classrooms, the small chapel, and professors' offices. The roof is decked and the attic is lighted by skylights. The art studios and galleries are located here.

LEONARD HOWARTH HALL, completed in 1927, is one of the finest science buildings in the country. It is a modern, fireproof, three-story building of concrete and brick, 150 by 60 feet. The lower floor is occupied by the physical laboratories, the Commons and the heating plant. The second floor houses the biological and home economics laboratories and classrooms. The third floor is occupied exclusively by the chemical laboratories, classrooms and a modern lecture room. The attic, lighted by skylights, is used by the geology department for its classrooms and laboratories.

THE CONSERVATORY OF MUSIC BUILDING is a frame structure located on the campus west of Jones Hall.
THE COLLEGE

THE GYMNASIUM is a two-story, brick veneered building, 110 by 70 feet. On the first floor are bathrooms, locker rooms, dressing rooms and offices for the directors of physical education for men and for women. The second floor contains additional rooms for offices and trophies, and the main hall for physical exercises, 68 by 90 feet.

THE AGNES HEALY ANDERSON HALL, a residence for women, was opened for use in February, 1939. It is of concrete and brick construction, entirely fire-proof, and similar in architectural style to the other buildings. It contains lounge, dining room, recreation facilities, and accommodations for forty girls in rooms designed for one or two persons.

A STUDENT UNION BUILDING is planned to house the social activities. It is expected that it will be ready for use in the fall of 1941.

LIBRARY

The library occupies one-half of the lower floor of Jones Hall. It contains over 39,000 volumes and receives a selected list of 250 periodicals. It is a depository for the documents of the Federal government. All the collections of the library are open to the students. Most books are loaned for two-week periods with renewal privileges, but certain books in more frequent demand are kept for reference purposes or placed on reserve for class use. The library maintains the usual dictionary catalogue on cards by author, title, and subject, and subscribes to several of the standard periodical indexing services.

HISTORY

The College of Puget Sound has come to its present legal standing through three records in the State Auditor's office. March 17, 1888, the Puget Sound University was incorporated through an application authorized by the Puget Sound Annual Conference of the Methodist Episcopal Church.

Upon the action of the same Conference, the University of Puget Sound was incorporated April 23, 1903, to take over and continue the work begun by the first corporation. Upon application of the trustees, the articles of incorporation of the University of Puget Sound were amended in the spring of 1914, and the institution took the name of College of Puget Sound.
COLLEGE OF PUGET SOUND

The incorporators of the Puget Sound University were: Joseph D. Caughran, W. H. Fife, David Lister, Calvin S. Barlow, David G. LeSourd and John F. DeVore. Those who incorporated the second institution were: Joseph E. Williams, Edwin M. Randall, B. F. Brooks, Clarence E. Hill, David G. LeSourd, George Arney, Alfred Lister, John W. Berry, William S. Harrington, Daniel L. Rader, George F. Whitty, Lee L. Benbow, R. G. Hudson, Thomas S. Lippy and E. S. Collins.

The presidents of the Puget Sound University were: F. B. Cherington, 1890-1892; Crawford R. Thoburn, 1892-1898; Wilmot Whitfield, January, 1899-1901; Dean Orman C. Palmer, acting president, 1901-2; and vice-president Charles O. Boyer, acting president, 1902-3. For the University of Puget Sound the presidents have been: Edwin M. Randall, 1903-4; Joseph E. Williams, 1904-7; Professor Lee L. Benbow, acting president, 1907-8, and president, 1908-9; Julius C. Zeller, 1909-13. Edward H. Todd, the present incumbent, began his term October 1, 1913.

Its academic organization was changed from that of a university to a college of liberal arts in 1914. The business college was discontinued that spring. The preparatory school was discontinued in 1916. The accreditation by the State Board of Education for the training of teachers for the elementary schools was surrendered voluntarily in 1927. This made the institution strictly a four-year college of liberal arts.

The college has received accreditation from time to time from various organizations, and was placed on the approved list of the Association of American Universities November 12, 1932.

It has had five locations in its career. In 1923 the present campus was purchased. C. H. Jones Hall and the gymnasium were erected in 1924, and Leonard Howarth Hall was begun. The latter building was completed in 1927. In 1939 the first unit of a residence hall for women, Agnes Healy Anderson Hall, was erected. These four buildings and a reconstructed residence which is used for the music department compose the plant. Plans and specifications are drawn for a student union building, to be known as John M. Kittredge Hall, which we expect will be completed and ready for use at the beginning of the school year 1941-42.

The James J. Hill Endowment of $250,000 was completed in 1916. The New Endowment of $1,000,000 was completed in December, 1932. The latter was made possible through the challenge of $250,000 and payment thereof by the General Education Board.
THE COLLEGE

The Carnegie Corporation has recognized the College by presenting it with a College Art Set as equipment for the Art Department, a gift of $10,000 for the purchase of books for the library, and a gift of $35,000 for a fine arts project which is being conducted in the College covering a period of four years.

By a survey staff the college was pronounced to have "a challenging opportunity to provide an important center of religious and moral influence in the entire community as well as in the lives of its own students."

ACCREDITATION

The accrediting agencies for educational institutions are primarily the regional associations. As accredited by the Northwest Association of Colleges and Secondary Schools, the credits of the College of Puget Sound are also recognized by the other regional associations—namely, The North Central Association, The Association of the Middle States and Maryland, The New England Association, and The Southern Association. The Association of American Universities is the only accrediting agency of general higher education national in scope. The College of Puget Sound is on its approved list, which includes the names of about 225 of the approximately 700 colleges in the regional associations. The American Medical Association, the University Senate of the Methodist Church, the Association of American University Women, and the Washington State Board of Education also accredit the College of Puget Sound for their particular purposes.

ADMISSION

REQUIREMENTS FOR ADMISSION

I. ADMISSION TO THE FRESHMAN CLASS.

STUDENTS are admitted on the basis either of certificate of graduation with good scholastic record from a fully accredited high school and of recommendation by the principal, or of certificate of successful examinations before the College Entrance Examination Board. (Description of the various examinations offered, together with applications, may be obtained by writing to the Secretary of the College Entrance Examination Board, 431 West 117th Street, New York City).

The college may reject any application. The student body is limited to a size that can be effectively cared for with the staff and equipment of the college. Selection of candidates will be made on the basis of qualities that give promise of academic success and of future social usefulness.

Each candidate for admission to the freshman class of the College of Puget Sound is requested to file a formal application of admission, including a statement of personal qualification, biographical data, physical condition, and an official copy of his high school record with the registrar a month in advance of the registration date set for the semester in which the candidate desires to enter.

Blanks for the filing of these credentials may be obtained from the high school principal or by addressing the registrar of the college.

The total requirement of secondary school work is 12 units from the 10th, 11th, and 12th grades of a three-year senior high school or 16 units from a four-year senior high school.

The following distribution of 16 units* of high school work is recommended:

- English, at least 3 units
- Algebra, at least 1 unit.
- Plane geometry, at least 1 unit.
- Ancient or modern foreign language, at least 2 units of one language.
- History and civics, at least 1 unit.
- Laboratory science, at least 1 unit.
- Additional to be chosen from the above groups, 3 units.
- Electives, 4 units to be selected from subjects accepted by an accredited high school towards graduation.

* A “unit” is defined as credit for one subject taught five times a week in periods of not less than 45 minutes, for a school year of not less than 36 weeks.
NO college credit is given for surplus high school credits or post-
graduate work taken in high school.

Candidates for the freshman class are required to report for Fresh-
man Induction on Monday, September 15, 1941, at 9 o’clock, a.m.
All entering students are required to take the psychological and
aptitude tests as scheduled. A student is not fully registered until he
has taken these tests. The results of these tests, duly analyzed and
interpreted, will be reported to the faculty and administrative officers
for their guidance in advising students.

II. ADMISSION TO ADVANCED STANDING.

Students who have been in attendance at institutions of college
grade may be admitted to advanced standing in the College of Puget
Sound, receiving credit for work done in other institutions under the
following conditions:

1. In no case will a student who is unable to present a certificate
of honorable dismissal from the institution previously attended be
admitted to the College of Puget Sound.

2. The student should file with the registrar of the College of Puget
Sound a complete transcript, signed by the registrar of the institu-
tion last attended, at least two weeks prior to the first day of regis-
tration of any session. Prompt evaluation of transcripts received
later than this can not be assured. In no case will a student be
permitted to enter, other than tentatively, until his certified tran-
script has been received and evaluated.

3. Any transfer student, expecting upper-class standing in the
College of Puget Sound, should indicate his major and probable
minors at the time of submitting his transcript.

4. No credit will be given for any courses from institutions previ-
ously attended for which the institution’s lowest passing grade was
given, unless such courses are counterbalanced by an equivalent
number of hours of credit with grades above their average.

5. Advanced standing credit will be considered tentative until at
least one semester of satisfactory work has been done at the College
of Puget Sound, and may be revised in the light of such perform-
ance before being accepted towards graduation as part of the
student’s permanent record.

6. Credit will not be given for less than six hours of a beginning
foreign language until another semester of that language is com-
pleted.

7. No extension or correspondence study credit will be accepted
unless presented from accredited institutions having regularly organ-
ized departments for such work. Except with the consent of the
head of the department concerned such credits can be applied to meet only general elective requirements in the College of Puget Sound.

8. Students from unaccredited institutions may, upon application to the Administrative Committee, be allowed to enter as special students without classification, for a trial period of one semester. Upon satisfactory completion of this work, division examiners will determine the amount of advanced standing to be allowed.

III. ADMISSION TO GRADUATE WORK.

Applicants for admission to graduate study, if not graduates of the College of Puget Sound, are required to file with the registrar, not later than the dates of regular college registration for the semester in which graduate work is begun, a certified transcript of courses and grades earned at institutions previously attended.

Not all persons engaged in graduate study are candidates for the master’s degree. Application to work for an advanced degree must be made to the graduate committee, and the qualifications of the applicant will be determined in each case by the committee. Students who are enrolled in graduate study in accordance with these conditions will be admitted to candidacy for the master’s degree after a half semester of satisfactory graduate residence work.

IV. ADMISSION OF SPECIAL STUDENTS.

Mature students who are not graduates of high schools or who cannot present the required entrance credits, and who are not candidates for a degree, may be admitted as special students with the privilege of pursuing the studies for which they are prepared. The college prefers that all students meet the entrance requirements. Only a limited number of special students can be admitted.

V. AUDITORS.

Persons not registered as students, desiring to attend a course as auditors, may be admitted on the authorization of the dean and the payment of $5.00 per course. Auditors will not receive special instruction or attention from the instructor in charge. They cannot earn credit in the work.

REGISTRATION

REGISTRATION DAYS—Freshmen and new students in the fall are required to register during the first three days of the period designated for Freshman Induction. For former students the last two days of the week in which Freshmen enter are devoted to registration. Registration for the second semester will be on the days indicated in the calendar. Registration at other times will be at the convenience of the registration officers.

The acceptance of entrance credentials, the completion of entrance tests, and the payment of fees give full admission to college membership.
LATE REGISTRATION—A late registration fee of $3.00 must be paid by all students who register after the regular registration days. No student will be permitted to register after the second full week of class meetings.

NORMAL ENROLLMENT—The normal enrollment for a student will be fifteen credit hours, or sixteen when one is for a physical education activity. A freshman may carry one hour above the normal enrollment, if his high school grades were good. A sophomore may carry two hours, and a junior or senior three hours, above the normal enrollment provided that his grade average for the previous semester was B or above.

PARTIAL ENROLLMENT—Students who are earning a part of their way through college should plan to carry a lighter load of academic work to conform to the amount of outside work carried. While individual capacities differ a great deal, it has been found that the average student would profit greatly by not attempting too much. If outside employment is necessary, it would be better to take a longer time to complete the college course. The following schedule is recommended:

<table>
<thead>
<tr>
<th>Amount of Daily Outside Work</th>
<th>Weekly Academic Load</th>
</tr>
</thead>
<tbody>
<tr>
<td>Under two hours</td>
<td>15 hours</td>
</tr>
<tr>
<td>Two to four hours</td>

</tr>
<tr>
<td>Four to six hours</td>
<td>8-12 hours</td>
</tr>
<tr>
<td>Six to eight hours</td>
<td>6-8 hours</td>
</tr>
</tbody>
</table>

REDUCED REGISTRATION—A student who in any semester fails in 1/4 of his hours shall, in the following semester at the discretion of the dean, carry less than the normal registration. A student who fails in 1/3 of his hours shall not be reregistered except by special action of the faculty.

PRECEDENCE OF DELINQUENT STUDIES—A student shall give precedence in arranging his schedule to required courses that may have been omitted and to work required by reason of delinquency in previous studies.

CHANGE IN REGISTRATION—The student’s choice of studies, once made and filed, is expected to be permanent. If a change becomes necessary during the first week, the student must fill out a change of registration form, secure the approval of his academic advisers and the dean, present the form to the bursar and make adjustment of fees that the change may involve before the student may be enrolled in the new class. If the change becomes necessary after the first week, it must be approved by the dean, the advisers, and the instructors concerned.
ADMISSION

Changes made after the second week must in all cases reduce the number of hours taken by the student. Students who drop a course without permission will be marked F on the registrar's books. Students cannot receive credit for courses for which they have not registered properly through the correct channels.

A fee of $0.50 will be charged for each change of registration after the first week of college, unless the change is made upon the advice of the dean or the adviser.

CHANGE OF ADDRESS—Students must report any change of address to the registrar's office.

ADVISORY SYSTEM

When admitted to the college, each student is assigned to a member of the faculty who acts as his academic adviser until a major subject of study is chosen, normally at the beginning of the junior year. The student's class registration for each semester must be approved by this adviser.

After the student has chosen a major subject, the head of instruction in that subject and the chairman of the division in which the subject belongs are his academic advisers. Their approval of his registration is to be secured each term.

While the advisers will help check the student's schedule, this service will not release the student from personal responsibility for satisfaction of general requirements for graduation as stated in the catalogue.

CLASS RELATIONSHIPS

ENROLLMENT—A student may be enrolled for a course only on presentation of a registration form properly endorsed by registration officers. When once enrolled, a student remains a member of the class until the conclusion of the course unless he formally withdraws or is removed for cause.

WITHDRAWAL—Termination of class membership on motion of a student requires permission of the faculty on application made through his adviser. Withdrawal is not permissible after the twelfth week of the semester unless on account of serious illness. A student will not be permitted to withdraw from a course in which he is failing after the fourth week of a semester. A student who discontinues class functions without permission of the faculty is charged with a failure.

ABSENCES—Students are expected to give punctual and regular attendance at all classes and laboratory periods in courses for which they are registered. Absences are counted from the first day of the college term, not from the student's personal registration.
All work missed by reason of absence, regardless of cause, must be made up. A student's membership in a class may be discontinued for frequent tardiness or absence, and an instructor may return a class card to the registrar's office for cancellation of registration in a particular course when the number of absences from it exceeds twice that of its weekly meetings. In such a case, unless the student secures reinstatement on grounds satisfactory to the administration and to the instructor in the subject, a grade of F will be given for the course.

CONSERVATORY BUILDING
FOR each course of study successfully completed a student receives a number of credits which is equal to the number of standard-length class meetings per week in the course for one semester. For example, a class which meets three times a week through a semester gives three credits. Lecture or recitation meetings are approximately an hour in length, and it is expected that there will be, on an average, two hours of preparation for each. Credit for laboratory periods is counted on the basis of one credit for two or three hours of laboratory work, depending upon the amount of supplementary work required outside the laboratory.

EXPLANATION OF GRADE POINTS
For each credit in which he has a grade of C a student receives one grade point; for each credit in which he has a grade of B, two grade points; and for each credit in which he has a grade of A, three grade points. Credits are given for work with a D grade, except toward a major or minor, but no grade points are allowed for it. Grade points as well as credits are conditions for graduation.

CLASSIFICATION OF STUDENTS
Freshman Standing—A student who has satisfied all entrance requirements has freshman standing.

Sophomore Standing—A student who has satisfied all entrance requirements and has a total of 24 credits and 24 points has sophomore standing.

Junior Standing—A student who has at least 55 credits and 55 points has junior standing.

Senior Standing—A student who has at least 84 credits and 84 points has senior standing.

Special Standing—A student who is unable to obtain any of the foregoing ranks but is permitted to pursue certain subjects for which he is recognized as qualified is designated as a special.

GRADE REPORTS
Reports are made upon the standing and scholarship of all students at the middle of each semester, and unsatisfactory conditions are im-
mediately considered by the dean or academic adviser. The student is notified of unsatisfactory conditions, and, when it seems warranted, the parents of the student are also informed.

Semester reports of grades are given to the student the second week following the close of the first semester. Second semester grades are mailed to the home address.

A student is reported incomplete only on condition that some small part of the work remains unfinished and his standing in the course has a grade of C or higher. *To secure credit this work must be completed within six weeks of the beginning of the next semester the student is in college.*

Re-examinations are given on the second Saturday of each semester and the Saturday preceding the Thanksgiving and Spring Vacations for students who have conditional credit. *Failure to take the examination on one of the two examination days following the semester in which the grade of K was secured or to make a grade of C will convert a K into F.*

**SPECIAL EXAMINATIONS**

A student who is absent from an examination or test may take a special examination or test only in case his absence was excusable. A charge of fifty cents is made for a special class test and of a dollar for a special final examination or qualifying examination such as is required in the case of excessive absences. A student must obtain a permit from the dean and a bursar’s receipt for payment of the fee before he takes a special test or examination.

**GRADE REQUIREMENTS**

Earnest application to the academic program is expected from every student. The minimum qualification for graduation is a general grade average of C in 125 semester hour credits. Individuals whose work consistently falls below the level of scholarship expected, or who do not cooperate in maintaining the scholarly conditions and interests or in promoting the reasonable life of the college will not be continued as students.
GRADUATION REQUIREMENTS

A student who fails in one-third of his hours will not be reregistered except by special action of the faculty.

If a student earns in any term less grade points than three-fourths the number of hours for which he is registered, he will be on scholastic probation for the next semester of college attendance. In case a student earns less grade points than three-fourths the number of hours for which he is registered in a probationary semester, he will not be registered for another term.

A student while on probation is ineligible to hold office in student organizations.

CREDIT BY TRANSFER

Credits may be allowed by transfer from properly accredited institutions under conditions stated for admission to advanced standing, on p. 28f. Credit for extension work is further limited in amount, and is subject to conditions involved in the rules which apply to student load and to approval of study programs during terms in which students are registered in this college.

NATIONAL COLLEGE SOPHOMORE TESTING PROGRAM

Beginning in the spring of 1942 the College of Puget Sound will join in the National College Sophomore Testing Program sponsored by the American Council of Education, of which the College is a member. This testing program is in its tenth year, and is used by one hundred and fifty-three leading colleges in the United States.

The program will include tests in contemporary affairs, in general culture, and in effectiveness of expression, and reading comprehension in English. The purpose of the testing program will be to help the student to appraise his own interests, aptitudes, abilities, and progress; to enable the College to measure the students' general educational achievements; and to provide evaluation of the College's program and results in particular fields in comparison with those of other institutions. There are no passing or failing grades in the tests, and they are to be used only for individual and institutional self-appraisal and guidance.

INDEPENDENT STUDY FOR HONORS

To juniors and seniors of superior ability the college offers an opportunity to pursue independent investigation of a chosen subject.

Independent study may be requested by a student or suggested by one of his instructors, but in all cases recommendation by the faculty member who will be his major instructor and approval by the committee having general supervision of independent study are requisite. A point average of 2.0 is a general standard, though selection will be
based on the student's attitudes and on the quality of his work in the subject in which he proposes to specialize rather than on his average grade in all subjects.

Upon beginning independent study, a student will be given a statement of the topics, periods, and literature of his subject which he will be required to know. He may make use of any lectures or classes offered by the college in the subject, but will not be required to attend classes or take course examinations in it. Regular conferences and reports will be required as means of giving help and of determining progress, but credit will be based on knowledge of the subject rather than on fulfillment of formal requirements.

The student's knowledge of his subject will be determined by comprehensive written and oral examinations to be held during the second and third weeks of May in the senior year. A student who stands well in these examinations will be excused from examinations at the end of the senior year in all courses satisfactorily carried during the semester.

The comprehensive examinations will not be given in any case by a single instructor, but by a board drawn in part from outside the department or the institution. They will be under supervision of the committee on independent study, appointed by the college administration and representative of the several divisions of the faculty.

Credit in amount recommended by the major instructor, up to five hours for each semester during which a student has worked under the plan, may be allowed toward the hours required for graduation, subject to confirmation by the examining board.

Each student must present a thesis displaying critical study of a designated area in the field of major interest, for which four additional hours may be allowed. The subject of the thesis must be submitted to the committee through the major instructor before October 15 of the senior year. The completed thesis must be submitted to the committee for approval before May 1 of the senior year.

A student will be recommended by the committee on the basis of his examinations and general record, (1) for a degree without honors, (2) for a degree with special mention in his major subject, or (3) for a degree with honors and with special mention in his major subject.

Capable students will be encouraged to start independent study at the beginning of the junior year, but they may be admitted at the beginning of any subsequent semester. A student who has begun independent study may be returned to class attendance at the beginning of any semester by his own request or by action of the committee, and credit will be allowed on an evaluation of work done. A student who starts on the plan of independent study late, and who has taken most of his
work in regular courses, is eligible equally with the others for honors, but must meet the requirements of thesis and comprehensive examinations on the same basis. Ultimately it is expected that all candidates for honors will have pursued some part of their course in independent study.

**Graduation Honors**

A degree with honors will be given to students who have given special evidence of intellectual ability and scholarliness. This distinction will be granted through nomination by the student's major department, recommendation by the Committee on Awards and Honors based on the student's grade record and other evidences of knowledge and scholarly qualities, and approval by the faculty.

Students who are accepted for independent study are candidates for special mention at graduation in their major subjects and for degrees with honors.

Students who are candidates for honors may be exempted from examinations in courses in the final semester of the senior year.

**Degrees Offered**

The courses of study in the college lead to the degrees of Bachelor of Arts, Bachelor of Science, Bachelor of Education, Master of Arts, and Master of Science. The requirements for these degrees are definitely prescribed below. Applications for candidacy must be made on or before the first Monday in April of the year in which the degree is expected.

**Requirements for the Degrees of Bachelor of Arts and Bachelor of Science**

A. General Requirements:

For graduation with the bachelor's degree a student must earn not less than one hundred and twenty-five semester hours credit in which there is an average grade of C. In the total credits required for graduation there must be five for physical education activities, and not less than one hundred and twenty in academic subjects. The student must organize his study in such a way as to secure a command of methods and instruments through which knowledge is obtained and communicated, an acquaintance with the several fields of human achievement adequate to be the beginning of a liberal education, and a special competence in some field of knowledge.
The achievements indicated above are the objectives of all specific requirements concerning courses, subjects, and distribution of credits. The specific requirements will not be insisted upon where the end is clearly obtained without them, but exemptions will be allowed only upon adequate evidence that the ends which are sought have been realized.

The detailed requirements common to all students regardless of choice of curriculum are:

1. Correct and effective use of the English language:
   Six semester hours in English composition are to be taken in the freshman year. Review and corrective work without credit will also be required of students who are not prepared for the regular composition course or whose later work in any subject shows deficiencies in English training.

Two semester hours in speech are required. They are to be taken during the freshman year except by advice of registration officials.

2. An acquaintance with the methods, concepts, and principles of the natural sciences:
   A one-year laboratory course in biological science (biology, botany), and a one-year laboratory course in physical science (astronomy, chemistry, geology, or physics) must be completed before graduation, except that, if a student has completed a unit of either type of science in high school, he may satisfy the requirement by a one-year course of the other; and, if he has completed a unit in each, he may satisfy the requirement by one year of any laboratory science or of mathematics in college.

3. A working knowledge of one foreign language, or an elementary knowledge of two.*
   A working knowledge could be defined as the level of completion of the third-year college course. When the requirement is satisfied by more elementary knowledge of two languages, the student should show the level of achievement of satisfactory completion of two college years in one language and one college year in the other.

Completion of the requirement in foreign language will not ordinarily demand three years in college, as two high school units in a foreign language commonly prepare a student to enter the second-year course in that language in college. Placement tests will be used to assign students to the proper course on the basis of

* On application to the Administrative Committee, permission is granted in some cases to substitute fifteen hours of literature for the requirement of foreign language.
actual knowledge. Credits will be given only for courses taken, but completion of the requirement will be determined by proficiency and not by the amount of time spent.

4. An introduction to human society and to some of its cultural products:

Not less than twenty-four semester hours are to be taken in the Divisions of Social Studies, Philosophy-Psychology-Religion, and Fine Arts. These hours are to include Religion 1 unless a substitute course in the field is advised by the head of the department, or the student has presented a transcript of credit for an equivalent course in another accredited institution of higher education or for not less than one unit in religion in an accredited senior high school. They are to be in addition to any hours which are primarily vocational. They should be distributed among the three divisions with not less than five in any one of them.

5. Good health habits and recreational interests:

To promote the realization of these objectives all students are required to take five credits in physical education of which only one can be earned in a semester. Credits for physical education, after the first two can be earned in various supervised sports or in inter-collegiate athletics, with not more than one credit for any single sport. A semester course in Health Education (Physical Education 3) may be required.

6. Attendance at the Assemblies on Mondays, Wednesdays, and Fridays of each week is also required of all students. The Wednesday program is religious; and, while it is not in any way sectarian, a student may, on grounds of his personal religious affiliations, be excused from attendance at this meeting on request made by him and his parents.

B. REQUIREMENTS FOR SPECIALIZATION:

General requirements and elementary courses should be completed during the first two years. If this has been done, the student will have the later years for concentration on the field of his particular interest.

1. Major Subject:

By the beginning of the junior year a student should have selected a particular subject in which he wishes to do his major work and should be ready to begin intensive specialization. It is desired that the advanced student be able to center his work on courses in the major subject and in allied departments under personal guidance of the major professor.

At least twenty-four semester hours shall be completed in the major subject. The hours in the major must include not less than

[ 39 ]
twelve from courses above the sophomore level. Work of a D grade will not count toward a major; credit for such work may be counted toward the graduation total, but not toward the major total.

A comprehensive examination in the major subject is to be taken near the end of the senior year. This examination is to appraise the student's general knowledge of the subject as a result of his several courses and total study.

2. Minor Subjects:
A student must have two subjects other than the major in each of which he has not less than fifteen semester hours. Not more than one may be in the same division as the major. The choice of minor subjects must be approved by the major professor and division chairman. Work with a grade below C will not be counted in a minor.

3. Upper Level Work:
From the beginning of the junior year the work is expected to be in advanced courses, and at least forty hours offered for the bachelor's degree must be above the sophomore grade.

4. Special Requirements:
A student should consult the statement of special requirements made by the division or department in which he wishes to take a major or minor.

C. Minimum Residence and Credits:
To be recommended for graduation from any curriculum, a student must have been in attendance at least two semesters, one semester and two summer sessions, or three summer sessions, and present a minimum of thirty semester hours, six of which must be in the major, earned in the College of Puget Sound.

In the case of students who spend only one year in residence, this must be the senior year; in all other cases, except as herein-after provided, without regard to the amount of previous residence, the last 15 semester hours must be completed in residence.

Students of the college who transfer to an accredited professional school after having completed 95 semester hours, which must include the major, minor, and specific requirements, in the College of Puget Sound, may apply for a degree upon completion of work in the professional school equivalent to the additional 30 hours required in this college. An application for a degree under these conditions must be made at the beginning of the student's junior year and be accompanied by a statement of his proposed plan of study in both institutions.
GRADUATION REQUIREMENTS

REQUIREMENTS FOR THE DEGREE OF
BACHELOR OF EDUCATION

The degree of Bachelor of Education will be granted under certain conditions to students who have completed the requirements for the bachelor's degree in arts or science and the additional requirements specified by the State Board of Education for certificate to teach in the secondary schools. The requirements are listed in further detail under the head of the Department of Education.

REQUIREMENTS FOR THE MASTER'S DEGREE

The master's degree is granted only after a full year of residence work following receipt of a bachelor's degree, and upon the completion of an approved program of study, including the preparation of a thesis.

The minimum requirement is thirty semester hours of A or B grade. Four to six of the required number of hours may be allowed for the thesis; the remainder must be in approved upper-level courses. Requirements beyond this limit may be made at the time of admission to study or to candidacy when the character of the undergraduate preparation and the nature of the graduate study make them advisable. The degree is not earned by accumulation of credits but by evidence of familiarity with one of the special fields of knowledge and its related subjects.

A total of forty-four hours of combined undergraduate and graduate credit in the field of major interest is considered a minimum requirement, and in all cases at least twenty semester hours of graduate credit must be in the major field. Where it is possible under these conditions, subject to approval by the committee, a minor may be taken in a subject related to the major interest. A graduate minor must include not less than twenty-four hours of combined undergraduate and graduate credit.

Credit may be given, at the discretion of the committee, for graduate work in other institutions having similar standards for such work, but such credit may not exceed one-third of the total amount required.

Study for the master's degree is under supervision of the graduate committee. All graduate students who wish to become candidates for the degree must submit application and record to the committee. A student will be approved to work for the degree only on the basis of an excellent record and of conference with the committee. A student who has been accepted by the committee, but who has not enrolled
in any course or had any active relations with the committee during a period of a year will be dropped, and will have his previous work re-evaluated in case of subsequent re-admission to work for a degree.

The major instructor will serve with the committee for consideration of matters pertaining to the student’s work. A general program of study, arrived at in consultation with the major professor, must be filed with the committee not later than the end of the second week of attendance at classes. Changes in this program are to be made only on approval of the major professor and the chairman of the committee. The student’s class schedule should in every instance be approved by both the major professor and the chairman of the committee.

A general outline and bibliography of the thesis must be presented to the committee through the chairman before November 15 of the academic year in which the student expects to receive the degree when the student is enrolled in the regular session, or not later than completion of one-fourth of the necessary credits when the work is being done in summer or evening sessions. By March 31 of the year in which a student expects to receive the degree, when the student is enrolled in the regular sessions, and in other cases not later than three months before the Commencement at which the student expects to receive the degree, two copies of the thesis are to be filed with the chairman of the committee, who will forward them to the readers appointed by the committee. Two copies of the thesis in a form approved by the committee are to be filed on or before May 1 of the regular school year, or in any case not later than six weeks before the Commencement at which the student expects to receive the degree.

Not later than three weeks before Commencement the candidate must appear before the graduate committee for a comprehensive oral examination on his field of study and on his thesis.

Students who wish to receive a degree must make written application for this examination on or before May 1. See page 48 for fees.

**Vocational Preparation**

The modern tendency for the liberal arts college to pay attention to the vocational guidance of its students is recognized at the College of Puget Sound. The college desires to fit its students for useful pursuits and to qualify its graduates for personal success and direct usefulness in life.

It is recognized that the liberal arts college may extend the intellectual interests of the individual and at the same time point him toward a definite vocation. Courses given in the liberal arts college may be so organized as to fulfill both of these ideals.
GRADUATION REQUIREMENTS

Curricula can be followed in the departments of business administration, chemistry, geology, physics, art, or journalism, that will qualify a student for a definite type of work in industry at the end of his college course. In addition, students of the college can choose their courses so as to qualify for teaching and administrative work in senior and junior high schools, for playground work, for Christian Association work, for leadership in boys' and girls' organizations, as music teachers, musicians, directors of religious education, social workers, psychological examiners, for writing, the consular service, the civil service, and many other vocations.

PRE-PROFESSIONAL PROGRAMS

The College of Puget Sound does not offer professional courses in dentistry, engineering, law, library, medicine, nursing, pharmacy, and theology; but it affords an excellent opportunity to students who wish to lay a foundation for any of these subjects before beginning the technical part of the work. The following arrangements of courses will be found helpful to students who are expecting to take later training in a technical or professional school. Before a degree is granted, all the general and special requirements for graduation must be met by the student.

PRE-DENTAL

To give a basis for dentistry and at the same time a cultural foundation in liberal arts, the following subjects are recommended:

Solid geometry (Mathematics 02) is required for entrance by all engineering schools. If not taken in high school, it should be taken in the freshman year in college.

Courses recommended for choice to complete the schedule in the sophomore year are Economics 1, General Economics; Business Administration 51, 52, Business Law; Speech 1, Essentials of Public Speaking; Physical Education 17, Hygiene; and Chemistry 51, 52, Quantitative Analysis.

For the completion of engineering training in the shortest time, students may wish to take the above schedule and to transfer to a professional school at the beginning of the sophomore or junior year, since the strictly technical courses require not less than two years. For a longer combined liberal arts and engineering course a student might introduce courses in languages, literature, social studies, or other liberal subjects in the first years and extend the suggested schedule, adding advanced courses in chemistry, physics, and mathematics.

PRE-LAW

All law schools require at least two years of college preparation, and the better law schools require a bachelor’s degree as a condition for admission. A full four-years’ college course is strongly recommended.

The following studies are recommended in the first and second years:

The law schools do not prescribe the preparatory course in detail. A broad view of the social sciences is the essential background for law. The student should plan his courses in the junior and senior years to fulfill the requirements for a bachelor’s degree. The major and minors should be arranged in the departments of economics, business administration, political science, history, sociology, English, psychology, public speaking, and philosophy, according to the student’s interests and purposes. In addition to other courses which may be necessary to complete the specific requirements for graduation, the following are suggested: Business Administration 101, 111, 114, 152; Economics 111, 125, 137, 152, 176; English 52, 55, 151; History 133, 151, 152; Political Science 55, 56, and Philosophy 63, 64, 101, 102.
GRADUATION REQUIREMENTS

PRE-MEDICINE

The best medical schools are requiring a bachelor's degree for entrance. The following four-year curriculum meets the requirements for graduation from the college and for entrance into most medical schools.

The majority of medical schools select applicants on the basis of medical aptitude test scores and the average grades of the pre-medical course. The medical aptitude test is given in the college once each year under the direction of the Association of Medical Colleges.

PRE-NURSING

Although a number of schools of nursing do not require more than high school graduation for admission, all at least advise a year of college attendance, and preference is given to applicants who have had some college training. Graduates from schools of nursing who have in addition acceptable college credits receive preference for advancement to responsible positions.

College courses which particularly give a foundation for the nursing course are biology, chemistry, English, psychology, and sociology. Courses for general education should also be taken.

For the freshman year in college students who intend to enter a school of nursing are advised to take the following courses:

COLLEGE OF PUGET SOUND

Students who complete three years in the college and the course for a certificate at an accredited school of nursing may secure a bachelor's degree from the college on condition that the specific requirements for the degree have been met. The college years may be taken before, or partly before and after, the course in the school of nursing.

PRE-THEOLOGY

Students who plan to enter theological school should select their major and minors from the following subjects: English, psychology, philosophy, history, sociology, and religious education. Courses in speech and music are also recommended.

CIVIL AERONAUTICS PILOT TRAINING PROGRAM

The College of Puget Sound is conducting courses, in cooperation with the Civil Aeronautics Administration of the United States Department of Commerce, for the training of flight pilots. Both a beginning and an advanced course are given, respectively qualifying the student for a private pilot's license or a restricted commercial license. Ground school instruction is given at the College in meteorology, navigation, and civil air regulations; and training in aircraft operations and flight is given by an associated flight operator under supervision of the Civil Aeronautics Administration.
EXPENSES AND FEES

Tuition and other college fees are due and payable in full for a semester at the time of registration. A charge of $3.00 is made against all bills after the last day of the registration period. Refunds of fees in case of withdrawal are allowed subject to the conditions and schedule published below.

On application prior to registration it is possible to arrange for deferred payment of a part of the college fees. The application should be made to the bursar on a form which he will provide. On each of such deferred payments there will be a carrying charge of fifty cents, payable with each installment. In no case may a student be admitted to semester final examinations until all obligations to the college have been met in full previous to the date on which such examinations begin.

A degree, diploma, transcript of credits, or honorable dismissal will not be granted while a student is in default on bills incurred as a student at the college.

ESTIMATED EXPENSES

Students contemplating a college course may form some conception of their total yearly expenses at the College of Puget Sound by the following itemized estimate of expenses:

$449.00 $620.00

These totals do not include clothing, travel, or expenses for the summer vacation. The college bills will amount to somewhat more than the sum specified, if the student elects laboratory courses, or other courses for which special fees are charged. General expenses will, of course, vary with the tastes and habits of different students.

COURSES OF INSTRUCTION

GENERAL PROVISIONS

COURSES in the different subjects of instruction are described in the following pages. Subjects are not listed in alphabetical order but are grouped in the major divisions of knowledge as shown below.

The following information about courses should be noted.

1. The college reserves the right to withdraw any course when the enrollment does not justify its continuation. In general, classes will not be held for less than six students. This minimum may not be insisted upon in the case of advanced courses which are indispensable for the completion of a program of study; but an enrollment of more than six may be required for a class in a course which is frequently given or of which there are other sections.

2. The numbering of courses is according to the following plan:

   Courses numbered from 1 to 99 are lower-level courses, elementary or general in character. Those numbered from 1 to 49 are chiefly first-year subjects; those numbered from 50 to 99, second-year subjects.

   Courses numbered from 100 to 199 are advanced or specialized courses which are open to juniors, seniors, or graduates. Courses commonly taken in the third year are given a number between 100 and 149; and courses usually not taken until the fourth year, between 150 and 199; but not all courses in these ranges are limited to those years.

   The numbers 1, 2, 51, 52, 101, 102, and 151, 152 in general designate the standard courses in the subject on the different four year levels.

   Courses numbered 200 and upward are planned for advanced students in a subject and for graduates.

   Unless otherwise designated, courses with odd numbers are given during the first semester; those with even numbers, during the second semester.

   A course marked by hyphenated numbers (as 1-2) is one in which credit will not be given for less than a full year’s work.

   Consecutive numbers separated by a comma (as 21,22) indicate a course which continues through the year but in which credit will be allowed for a single semester’s work.

[51]
3. In rare instances the time for a course may be changed from that printed in the catalogue. Students should check with the schedule bulletin for any current term.

4. Courses which might properly be classed in either of two departments are described in one, but usually listed also in the other. Such courses may be counted toward a major or minor in the second department by approval of the ranking faculty member in that department.

THE DIVISIONS

The subject matter of college instruction is organized in five divisions: Language and Literature, Social Studies, Philosophy and Education, Natural Science, and Fine Arts. This arrangement offers practical conveniences in marking general areas for specialization and in administrating the program. It is expected that students will concentrate their work within one of the divisions but will find need to draw upon the resources of the others in order better to understand and to relate the subject of their special study. With the large divisions it is hoped to avoid narrow departmentalization of knowledge and to emphasize the relation between the various subjects of instruction.

The courses in education are designed primarily to meet requirements for certification to teach in the secondary schools of Washington and neighboring states without examination. They are also planned to aid teachers and administrators already in service to supplement their earlier training, and to provide courses specified for principals' and superintendents' credentials. They are serviceable in addition for students who desire a knowledge of educational problems and practices as a factor in general and social culture.

GENERAL PROVISIONS

1. A student who is preparing to teach in junior or senior high school shall enroll in the college for the A. B. or B. S. degree and shall plan his course to meet requirements for the degree in the division in which his major teaching subject lies, including completion of a major of not less than twenty-four semester hours in the teaching subject.

He shall apply for admission to the five-year teacher training course at the beginning of the junior year, and have at that time completed the general requirements of the college and the course in general psychology. The general scholarship requirement will be a cumulative grade point average of "C." Students admitted to the college with advanced standing must make application at the time of their admission to the College of Puget Sound. All applications will be considered by a committee of the faculty, and only such candidates as show by their high school and college records, aptitude tests, and other evidence, definite promise of success as teachers will be approved and enrolled.
COURSES OF INSTRUCTION

2. At the beginning of his junior year, the student admitted to the course for teacher training shall enroll in his first specific course in education, namely, educational psychology.

3. On completing four years of college work and satisfying the specified college requirements, including those for major and minor academic subjects,* the student in the five-year teacher training course may receive a bachelor's degree. Students in some divisions may be able by careful arrangement of program to fulfill the requirements for a master's degree in their major subject while completing the work for the teacher's certificate.

4. During his fifth year, provided that the requirements for a bachelor's degree as stated above have been satisfied and that junior and senior courses in education have been taken, the student shall be enrolled as a candidate for a teacher's certificate. No recommendation for a certificate will be given to a student who has had less than thirty semester hours of resident study at the College of Puget Sound, or who has not had a major portion of his professional training in the institution.

MAJOR AND MINOR TEACHING SUBJECTS

Each student who enters the teacher training course will be required to consult with the committee governing admission regarding selection of the subjects which he expects to teach. In making a selection of teaching subjects and in determining the number of subjects in which to make preparation, the student should be guided by (1) his interest in the subjects selected, (2) the combinations of subjects usually found in the secondary schools of the state, and (3) the number of positions ordinarily available in the several subject fields. The courses to be taken in the majors and minors will be those recommended by the several departments for academic majors and minors, and they will be regarded as constituting minimum requirements. They must be in subjects which are represented in the secondary school curricula of the state.

REQUIREMENTS IN PROFESSIONAL COURSES

The following specific requirements in educational subjects and training are listed in the rules of the State Board of Education.

1. A minimum of sixteen semester hours, or twenty-four quarter hours, in education is required for original certification.

* Besides the major subject in which a minimum of twenty-four semester hours is required, there must be two subjects properly chosen in each of which the student has earned not less than fifteen semester hours credit.

[ 77 ]
2. Applicants will be required to present evidence of having completed not less than two, nor more than four, semester hours in each of the following:
   a. Educational psychology;
   b. General methods, or principles of teaching;
   c. Secondary education;
   d. Special methods;
   e. Additional elective hours in education to complete a total of sixteen semester hours.

3. Applicants will be required to file satisfactory evidence of having had three semester hours of directed teaching or eight months of successful teaching experience, provided that not more than six semester hours in directed teaching be included in the total of sixteen semester hours.

   In addition to the sixteen semester hours in education specified by the State Board, Course 162, or an examination in State Manual, will be required of all candidates for the first certificate.

4. Applicants must have had at least ten semester hours in contemporary social problems. Courses in current history, political science, economics, and sociology will satisfy this requirement.

5. Applicants must have completed one teaching major of at least twenty-four semester hours (English, thirty hours), and two minors of not less than twelve semester hours each (English, seventeen hours).

6. Applicants must have maintained a cumulative grade point average of “C” or better for the full five year curriculum. In addition to a cumulative grade point average, it is also necessary to have maintained a grade point average of “C” or better in each of the specifically required fields, that is to say: in majors and minors, in contemporary social problems, and in education.

**Certification**

Under the authority of the laws of the state and its own regulations, the State Board of Education will grant a three-year secondary certificate valid for three years in the junior and senior high schools of the state, to those who have completed the five-year teacher training curriculum. This certificate is not renewable except in the case of those who through lack of teaching experience cannot qualify for the six-year standard secondary certificate.
COURSES OF INSTRUCTION

A six-year standard secondary certificate will be granted to holders of the three-year secondary certificates who have had at least two years of successful experience. This certificate may be renewed on evidence of two years of successful experience and six semester hours, or nine quarter hours, of credit for each renewal.

BACHELOR OF EDUCATION DEGREE

Any student having completed the five-year teacher training course may receive a degree of Bachelor of Education if he has satisfied the following conditions:

1. Has earned a Bachelor of Arts or Bachelor of Science degree from an accredited institution;
2. Has fulfilled the requirements for the Three-year Secondary Certificate;
3. Has thirty semester hours of residence work beyond the bachelor’s degree;
4. Has a major in education, including the sixteen required for certification, of which at least eight semester hours have been earned at the College of Puget Sound;
5. Has at least eight semester hours in the teaching major and five hours in each of the teaching minors which have been earned at the College of Puget Sound.

MAJOR AND MINOR REQUIREMENTS

Candidates for certificates to teach in secondary schools must have their majors and minors in subjects regularly taught in junior and senior high schools.

Students who take a major in the subject of education itself must have the courses required by the State Board for certification to teach and eight additional semester hours, including Course 138, making a total of twenty-four.*

A minor must include the sixteen hours required by the State Board for certification.*

PRECEDENCE OF COURSES

Psychology 51 is a prerequisite to all courses in education with the exception of courses 111, 112, 121, 131, and 212 by consent of the head of the department of education.

*An exception is made for students intending to spend a fifth year in residence and for students whose interest is in religious education, who may substitute an elective course in education for practice teaching to meet the graduation requirements. Such substitution will not, however, qualify for a certificate to teach.
COLLEGE OF PUGET SOUND

HEALTH AND PHYSICAL EDUCATION

Every student is required to have a physical examination at the beginning of the freshman year as a part of his freshman week matriculation. If physical defect is found, the student is recalled later for a more detailed examination and discussion concerning the condition.

The college offers consultation and advice of the medical director free of charge. Hours for consultation are at 12:30 o'clock every day in the gymnasium. Appointments may also be made through the registrar's office. The college does not maintain an infirmary for the care of students who are ill.

Provisions are made in the physical education program for each student to participate in team games with fellow students of his own ability and to develop skills in sports which can be carried on after college. Voluntary participation of every student in some intramural, class, or varsity sport each semester is encouraged.

Five semesters of physical education activity must be taken by all students. One credit is given for each semester; and not more than one credit can be earned in a single semester.
COURSES OF INSTRUCTION

One semester of Health Education (Physical Education 3) is recommended for all students, except that those who are taking a program for a major or minor in either physical education or biology that includes Hygiene and Sanitation should take these instead of the semester of Health Education.

A major for men must include Courses 62, 100, 102, 121, 122 or 124, 123, 152, 161, 199, and 213.

A major for women must include Courses 93, 94, 100, 101, 102, 137, 138, 152, and 161 in theory, and Courses 4, 7, 8, 11, 55, 57, 58, and 59 in activities. Major students may take two activity courses a semester, but only one of the credits so earned will be counted toward the total required for graduation. Women who are candidates for teaching certificates must take Courses 201 and 213.

A minor for men must include Courses 62, 121, 123, 152, 161, and 213.

A minor for women must include Courses 93, 94, 152, and six additional hours. Course 213 is required for a teaching minor.

Students who expect to major in physical education must complete Courses 1-2, 17, 51, 52, and 61 in the department of biology. A minor in physical education must include Course 17 in biology. Requirements in education for certification to teach in the public schools are listed under the subject of education. A third minor in the academic subject matter of the high school curriculum is necessary for securing a teaching position where physical education is not a full-time assignment; and practice teaching should be done in an academic subject as well as in physical education.

53. PRINCIPLES AND METHODS OF RELIGIOUS EDUCATION.

Credit, 3 semester hours. 8:55, M., W., F.
A study of the teaching-learning process, and of the principles and techniques that should obtain in the teaching of religion. Frederick.

54. ORGANIZATION AND ADMINISTRATION OF RELIGIOUS EDUCATION.

Credit, 3 semester hours. 8:55, M., W., F. Offered in alternate years. Given in 1941-42.
Organizing for teaching religion in church, community, state, and nation; proper housing, equipment, personnel, records; relation to public school, pastor, director of religious education; standards, etc. Frederick.

101. CURRICULUM OF RELIGIOUS EDUCATION.

Credit, 3 semester hours. 10:20, Tu., Th., and one hour to be arranged. Offered in alternate years. Given in 1942-43.
A historical study of the curriculum; an evaluation of printed curricula for religious education; principles of construction and present methods in producing curricula. Frederick.

102. HISTORY OF RELIGIONS.

Credit, 3 semester hours. 8:55, M., W., F. Offered in alternate years. Given in 1942-43.
The development of religion from its primitive forms through the national to the ethical and universal types. Animism, the religions of Egypt and Babylonia, Judaism, Hinduism, Buddhism, Confucianism, Zoroastrianism, Mohammedanism, Christianity and some of the more recent cults will be briefly surveyed and evaluated. Frederick.

113. DRAMA IN RELIGIOUS EDUCATION.

See Dramatic Art 113.

[95]
136. PHILOSOPHY OF RELIGION.
See Philosophy 136.

138. PSYCHOLOGY OF RELIGION.
Credit, 3 semester hours. 10:20, Tu., Th., and one hour to be arranged. Offered in alternate years. Given in 1941-42.
A study of religious consciousness in the mental life of children, adolescents, adults, and social groups. Such problems as prayer, conversion, and the nurture of religious and moral character are studied. Frederick.

139. FIELD PROBLEMS.
Credit, 1 or 2 semester hours either semester. Time to be arranged.
This course is designed for students working in local churches through the church school or young people’s societies. Frederick.

151. RELIGIOUS EDUCATION OF YOUTH AND ADULTS.
Credit, 3 semester hours. 10:20, Tu., Th., and one hour to be arranged. Offered in alternate years. Given in 1941-42.
The specific application of principles of administration and method to these two fields will be made in this course. Problems of church, home, and community will be discussed. Frederick.

152. WORSHIP.
Credit, 3 semester hours. 10:20, Tu., Th., and one hour to be arranged. Offered in alternate years. Given in 1942-43.
Interpretation of the meaning and importance of worship. Evaluation of the elements involved, such as prayer, music, scriptures, creed, offering, and teaching. Examination of the sources of literature of worship. Selection and combination of the materials. Frederick.

164. CHARACTER EDUCATION.
See Education 164.

II. ENGLISH BIBLE
Students majoring in religious education should endeavor to present at least four hours in English Bible from courses numbered above 1.
A minor in English Bible shall consist of fifteen hours. With the consent of the instructor a maximum of six hours may be taken in religious education.
A combination religious education-Bible major may under certain conditions be allowed. Students desiring such combination should consult with the head of the department.
COURSES OF INSTRUCTION

1. INTRODUCTION TO RELIGION
   Credit, 3 semester hours. Four sections, first semester: 8:55, 10:20, 11:15, 1:15, M., W., F. Three sections, second semester: 8:55, 10:20, 11:15, M., W., F.
   The course seeks to secure an orientation to the problem of the nature of religion, an historical approach to the study of the Bible, an understanding of Jesus and his effect on civilization, and an appreciation of the place Christianity has in the life of modern man. Frederick, Robinson.

51. OLD TESTAMENT HISTORY AND LITERATURE.
   Credit, 3 semester hours. 10:20, M., W., F. Offered in alternate years. Given in 1942-43.
   A study of the history and literature of the people of Israel as found in the Old Testament from the entrance of the Israelites into Canaan until the Roman conquest of Palestine in 63 B. C. Robinson.

52. NEW TESTAMENT HISTORY AND LITERATURE.
   Credit, 3 semester hours. 10:20, M., W., F. Offered in alternate years. Given in 1942-43.
   A study of the beginning of the early Christian communities and the Christian literature as found in the New Testament and related sources. Special attention is given to the work and writings of Saint Paul, the formation of the Christian canon, and the early Christian martyrs. Robinson.

111-112. HISTORY OF CHRISTIANITY.
   Credit, 2 semester hours each semester. 11:15, Tu., Th. Offered in alternate years. Given in 1941-42.
   A study of the beginnings of the Christian religion, its conflict with the Greco-Roman world, its conquest of European paganism, and its growth in the modern period through its great thinkers and leaders. Robinson.

REQUIREMENTS FOR A DEGREE IN SCIENCE

Candidates for the Bachelor of Science degree must complete the following courses: Biology 1-2 or Botany 15, and 16 or 58 (unless a similar course has been taken in high school), Chemistry 11-12, Mathematics 1-2 (except for a major in home economics), Physics 51, 52 (except for majors in biology or home economics who have taken a year course in physics in high school).

For a foreign language, science students will take French or German, except that students who major in geology may substitute Spanish.

ASTRONOMY

1, 2. ASTRONOMY AND RELATED SCIENCES.
Credit, 4 semester hours each semester.* 8:00, M., W., F.
Laboratory, 1:15-3:55, M.

An elementary course designed to give the student a conception of the solar system and the stellar universe together with an appreciation of the basic scientific principles involved in securing the information. Seward.

BIOLOGY

A major in biology should include Courses 1-2, 51, 101-102, 148, 151 or 163.

Suggested minors:
1. Courses 1-2, 17, 51, 52 or 134, and 148—For students majoring in home economics.

* Students who have had one year of college physics may take this course for 3 semester hours credit each semester without laboratory.
COURSES OF INSTRUCTION

2. Courses 15, 16, 58, 113, and 134—In botany

3. Courses 1-2, 17, 51, 61, 52 or 148—For students majoring in physical education.

4. Courses 1-2, 52, 113, 148, and 164—For students majoring in sociology.

5. Courses 1-2, 101-102, 151 or 163—For students specializing in vertebrates.

1-2. GENERAL BIOLOGY.
Credit, 3 semester hours each semester. 10:20, Tu., Th. Laboratory, 1:15-3:00, Th., and two other sections, time to be arranged.
This course is devoted to the study of the general laws of life, the fundamental relationships of living things, and those general biological problems which are related to human culture and progress. Slater and Staff.

15. GENERAL ELEMENTARY BOTANY.
Credit, 3 semester hours. 8:55, Tu., Th. Laboratory, 1:15-3:00, Tu. Anderson.

16. THE LIFE HISTORIES OF SELECTED TYPES OF PLANTS.
Credit, 3 semester hours. 8:55, Tu., Th. Laboratory, 1:15-3:00, Tu. Offered in alternate years. Given in 1941-42.
A general survey of the plant kingdom is obtained by a study of selected types from its several subdivisions. Anderson.

17. HYGIENE.
Credit, 2 semester hours. 8:55, Tu., Th.
A study of the laws of health, designed particularly for students of biology and those who intend to enter nursing or medicine or to teach health or physical education. Slater.

51. PHYSIOLOGY.
Credit, 3 semester hours. 11:15, Tu., Th. Laboratory, 1:15-3:00, W. Offered in alternate years. Given in 1942-43.
Animal and human physiology. Sleep.

52. SANITARY SCIENCE.
Credit, 3 semester hours. 11:15, M., W., F. Offered in alternate years. Given in 1942-43. Slater.

58. ECOLOGY, SYSTEMATIC BOTANY, PLANT GEOGRAPHY.
Credit, 3 semester hours. 8:55, Tu., Th. Laboratory, 1:15-3:00, Tu. Offered in alternate years. Given in 1942-43. Anderson.

COLLEGE OF PUGET SOUND

61. ANATOMY.
Credit, 3 semester hours. 11:15, Tu., Th. Laboratory, 1:15-3:00, W. Prerequisite, Biology 1. Offered in alternate years. Given in 1941-42.
Human anatomy for physical education students.

72. BIOLOGY OF BIRDS.
Credit, 3 semester hours. Given as there is demand.

101-102. COMPARATIVE ANATOMY OF VERTEBRATES.
Credit, 3 semester hours each semester. 11:15, Tu., Th. Laboratory, 1:15-4:15, W. Prerequisite, Biology 2. Offered in alternate years. Given in 1942-43.

113. GENETICS.
Credit, 3 semester hours. 11:15, M., W., F. Offered in alternate years. Given in 1941-42.

134. BACTERIOLOGY OR PROTOBIOLOGY.
Credit, 3 semester hours. 8:55, Tu., Th. Laboratory, 1:15-3:55, W. Prerequisite, Biology 2 or 16. Offered in alternate years. Given in 1942-43.

136. ENTOMOLOGY.
Credit, 3 semester hours. 11:15, Tu., Th. Laboratory, 1:15-3:55, Tu. Offered in alternate years. Given in 1941-42.

147. MUSEUM TECHNIQUE IN BIOLOGY.
Credit, 1 semester hour. Time to be arranged.
Preparation and care of museum material.

148. EUGENICS.
Credit, 3 semester hours. 10:20, M., W., F.
Laws of heredity and racial progress.

151. HISTOLOGY AND MICROSCOPIC TECHNIQUE.
Credit, 4 semester hours. 8:55, M., W., and two three-hour laboratory periods to be arranged. Offered in alternate years. Given in 1942-43.
Microscopic structure of tissues of animals, chiefly mammals.

163. EMBRYOLOGY OF VERTEBRATES.
Credit, 4 semester hours. 11:15, Tu., Th. Laboratory, 1:15-4:15, W., F. Offered in alternate years. Given in 1941-42.
COURSES OF INSTRUCTION

164. ANTHROPOLOGY.
Credit, 3 semester hours. 1:15, M., W., F. Offered in alternate years. Given in 1941-42. Slater.

199. THE TEACHING OF BIOLOGY.
Credit, 2 semester hours. 1:15, M. Laboratory, 2:10-4:50, M. Prerequisite, Education 152; see Education 199. Given in 1941-42.
A course for those expecting to teach biology. Methods of presenting subject; laboratory organization and management; methods of collecting, preserving, and preparing materials. Slater.

201. SEMINAR.
Credit, 2 semester hours. Given as there is demand. Slater.

203, 204. RESEARCH.
Credits and hours to be arranged. Slater.

CHEMISTRY

A major in chemistry may be in either (1) the elective curriculum, or (2) the prescribed curriculum.

The elective curriculum is designed for students who want a general course in chemistry, leading to the degree of bachelor of science. This might be as a part of a broad general education, in preparation for teaching, or as a preliminary to the study of medicine. The requirements for the elective curriculum are the same as the general requirement of the college for a major; namely, 24 semester hours in the field chosen.

The prescribed curriculum is designed for students who wish to make use of chemistry as a vocation, and the requirements for this curriculum are essentially those specified by the American Chemical Society's Committee on the Professional Training of Chemists. These requirements are: the four fundamental full-year courses in chemistry, to be taken over two semesters. The prescribed curriculum leads to the degree of bachelor of science also.

The kind of major elected by a student will be entered on his permanent record, and graduates of the elective curriculum will not be certified for postgraduate work in chemistry, or for positions which are primarily chemical in nature unless they later take work to make up the requirements for the prescribed curriculum.
All students who major in chemistry must complete Physics 51, 52 and Mathematics 1-2, and should complete Mathematics 51, 52. To accompany a major in chemistry, minors in mathematics, physics, German or French are suggested as desirable.

Courses suggested to be included in the requirements in other divisions are Economics 1, Psychology 51, History 51, and Philosophy 101, 102.

1-2. GENERAL CHEMISTRY.
Credit, 4 semester hours each semester. 10:20, M., W., F. Laboratory, 1:15-3:55, Tu. Designed for students who plan to take only one chemistry course in college.
A course dealing with the nonmetallic and metallic elements, their more important compounds, method of preparation, typical reactions, everyday uses, and the fundamental principles and theories of the science. Pickard.

11-12. GENERAL CHEMISTRY.
Credit, 5 semester hours each semester. 8:55, M., W., F. Laboratory, 1:15-3:55, M., W., or three periods Tu. and Th. mornings. This course is designed for students majoring in chemistry, physics, geology, and pre-engineering.
This course is similar to 1-2 except that it will stress the theoretical phases and industrial applications more. Laboratory will include elementary qualitative analysis of anions and cations. Fehlandt.

22. QUALITATIVE ANALYSIS.
Credit, 2 semester hours. Given as there is demand.
Six laboratory hours per week. Elements of qualitative analysis. Required for entrance to advanced courses of students who do not have the equivalent of Chemistry 12. Fehlandt.

51, 52. QUANTITATIVE ANALYSIS.
Credit, 4 semester hours each semester. 8:00, Th. Laboratory, 1:15-3:55, M., W., F. Prerequisite, Chemistry 2 or 12.
Elementary gravimetric and volumetric analysis; electrolytic and optical methods; stoichiometrical relations; modern theory and practice. Pickard.

101, 102. ORGANIC CHEMISTRY.
Credit, 5 semester hours each semester. 8:00, M., W., F. Laboratory, 1:15-3:55, Tu., Th. Prerequisite, Chemistry 2 or 12.
This course includes a study of the hydrogen compounds of carbon and their more important derivatives. The laboratory will include the preparation of typical compounds and will illustrate various methods of organic preparation. Fehlandt.
COURSES OF INSTRUCTION

113, 114. ADVANCED QUANTITATIVE ANALYSIS.
Credit, 1 to 4 semester hours either semester. Given as there is demand. Prerequisite, Chemistry 52.
This course will take up some of the more difficult problems of analysis. Conferences and 3 to 12 hours of laboratory per week, depending on amount of credit elected.

134. WATER ANALYSIS.
Credit, 1 semester hour. Given as there is demand. Prerequisite, Chemistry 52.
Chemical analysis of water. Occasional lectures and 3 hours laboratory per week. Pickard.

138. GLASS BLOWING.
Credit, 1 semester hour; three hours laboratory per week. Time to be arranged. Prerequisite, consent of the instructor. Fehlandt.

151, 152. PHYSICAL CHEMISTRY.
Credit, 5 semester hours each semester. 8:55, M., W., F. Laboratory, two three-hour periods per week. Prerequisites, Chemistry 51, Physics 52, and Mathematics 2. Mathematics 52 is recommended.
This course will include the kinetic theory of gases, the determination of molecular weights, thermodynamics, thermochemistry, equilibrium, theory of solution, chemical kinetics, electro-chemistry, the phase rule and modern theories as to the structure of the atom. Pickard.

161. ADVANCED INORGANIC CHEMISTRY.
Credit, 2 semester hours. 8:00, Tu., Th. Offered in alternate years. Given in 1942-43.
A systematic study of inorganic chemistry from the standpoint of the periodic system. Fehlandt.

175. ORGANIC PREPARATIONS.
Credit, 3 semester hours. Given as there is demand.
One quiz and eight hours laboratory per week.

176. ORGANIC ANALYSIS.
Credit, 3 semester hours. Given as there is demand.
This course will include the ultimate analysis of organic compounds. One quiz and eight hours laboratory per week.
COLLEGE OF PUGET SOUND

199. THE TEACHING OF THE PHYSICAL SCIENCES.
Credit, 2 semester hours. 8:00, Tu., Th. Open to students with a major in chemistry or physics. Prerequisite, Education 152; see Education 199.
For prospective teachers of high school chemistry, physics, or general science. Seward.

202. RESEARCH.
Work may be completed in a single semester for two hours credit or carried through both with a total credit of 4 hours.

GEOLOGY
A major in geology must include Courses 1, 51, 52, and fourteen additional hours. It is advised that one minor be taken in chemistry or physics and one in economics, language, or speech.

1. STRUCTURAL GEOLOGY.
Credit, 4 semester hours. 11:15, M., W., F. Laboratory, 1:15-4:00, W., Th., or F.
This is essentially a study of the structures of the earth with the forces that produce them. McMillin.

2. INTRODUCTION TO HISTORIC GEOLOGY.
Credit, 4 semester hours. 11:15, M., W., F. Laboratory, 1:15-4:00, W., Th., or F. Field trips required.
A study of the origin of the earth and the procession of life upon it. McMillin.

51. MINERALOGY.
Credit, 3 semester hours. 10:20, Tu., Th., and one three-hour laboratory period. Prerequisite, Geology 1, or equivalent.
A comprehensive study of the more important minerals from the standpoint of physical characteristics. This will be accompanied by blowpipe analysis. McMillin.

52. INTRODUCTION TO FIELD GEOLOGY.
Credit, 3 semester hours. 10:20, Tu., Th. Laboratory, 1:15-4:00, M. Field trips required.
Problems of field geology discussed in general. Field trips made to typical fields. McMillin.

101. OPTICAL MINERALOGY.
Credit, 3 semester hours. 11:15, Tu., Th. Laboratory, 1:15-4:00, Tu. or Th. Prerequisite, Geology 52. Offered in alternate years. Given in 1942-43.
The use of polarizing microscope in the examination of minerals and rocks in thin sections. McMillin.
COURSES OF INSTRUCTION

102. PETROGRAPHY.
Credit, 3 semester hours. 11:15, Tu., Th. Laboratory, 1:15-4:00, Tu. or Th. Prerequisite, Geology 101. Offered in alternate years. Given in 1942-43.
Principles of petrography and petrographic methods. McMillin.

115. ADVANCED GEOLOGY.
Credit, 2 semester hours. 8:55, Tu., Th. Prerequisite, Geology 102. Offered in alternate years. Given in 1941-42.
A study of the underlying causes of crustal change. McMillin.

116. STRATIGRAPHIC GEOLOGY.
Credit, 2 semester hours. 8:55, Tu., Th. Prerequisite, Geology 102. Offered in alternate years. Given in 1941-42.
A study of certain forces of deposition, their cause, and effect. McMillin.

137. PALAEONTOLOGY OF THE INVERTEBRATES.
Credit, 3 semester hours. 11:15, Tu., Th. Laboratory, 1:15-4:00, Tu. Prerequisite, Geology 2. Field trips required. Offered in alternate years. Given in 1941-42.
The principles of palaeontology and a systematic study of fossils. McMillin.

138. METAMORPHISM.
Credit, 3 semester hours. 11:15, Tu., Th. Laboratory, 1:15-4:00, M. Prerequisite, Geology 102. Field trips required. Offered in alternate years. Given in 1941-42.
Problems of local and regional metamorphism discussed, particularly those which are apparent in the Northwest. McMillin.

151, 152. ECONOMIC GEOLOGY.
Credit, 2 semester hours each semester. 8:55, Tu., Th. Prerequisite, 1 year of geology. Offered in alternate years. Given in 1942-43.
The occurrence of the nonmetallic and metallic minerals and ores from the standpoint of their economic production. McMillin.

181, 182. ORE MINERALS.
Credit, 3 semester hours each semester. 8:00, Tu., Th., and one three-hour laboratory to be arranged. Prerequisite, Geology 102. Required of all majors. Offered in alternate years. Given in 1941-42.
A study of the economics of minerals and of the general principles of their physical and chemical assembling and preparation. McMillin.

201, 202. INDEPENDENT INVESTIGATION.
Credit, 2 semester hours each semester. Time to be arranged. McMillin.

203, 204. SEMINAR.
Credit, 2 semester hours. Given as there is demand.
Students who major in home economics may organize their courses to secure a degree in either science or arts. For a Bachelor of Science degree with a major in home economics one must present credit in Courses 1-2, 51-52, 101, 102, 121, 161, 175, and 204; Art 1-2, and 111; Sociology 104; Biology 134; and have a first minor in chemistry, including Courses 11-12 and 101.

For a Bachelor of Arts degree with a major in home economics one must present credit in Courses 1-2, 51-52, 101, 102, 121, 138, 161, 175, and 204; Biology 52 and 134; Sociology 104; and have a minor in art including Course 111.

A minor in home economics may be earned in Courses 1-2, 51-52, 101, and 204.

Students preparing to teach the subjects of food and nutrition, or to do dietetic or institutional work, or research are advised to earn a Bachelor of Science degree as preparation for graduate work. Those who prepare to teach should complete Courses 150, 199, and 200 for either the Bachelor of Science or Bachelor of Arts degree.

Courses in other departments suggested in addition to above requirements include Art 51-52, and Psychology 51.

1-2. TEXTILES AND CLOTHING.

Credit, 3 semester hours each semester. 8:55, Tu., Th. Laboratory, Section A, 10:20-12:05, Tu., Th.; Section B, 1:15-4:00, Tu., Th. The morning laboratory section is for more advanced students and some students on the basis of tests of skills in clothing construction may register for only 2 hours in the first semester, omitting laboratory for that semester.

Study of the sources of manufacture of modern textiles and of their selection, use, and care on the basis of artistic and economic values, with training in choice and use of patterns and fabrics, and in techniques of handling cottons, silks, and wools in garment construction.

Stevens and Shinn.

51-52. FOODS.

Credit, 3 semester hours each semester. Lecture and laboratory, 1:15-4:00, Tu., Th.

Study of economic and scientific aspects of foods, and of food selection, marketing, preparation, and meal service.

Stevens.

101. NUTRITION.

Credit, 3 semester hours. 8:55, M., W., F.

A study of the relation of nutrition to good health; food requirements and food economics for different income levels.

Stevens.
COURSES OF INSTRUCTION

102. ADVANCED CLOTHING AND TEXTILES.
Credit, 3 semester hours. Lecture, 8:00, M., W. Laboratory, 1:15-4:00, M. Prerequisites, Home Economics 1-2 and Art 111. Offered in alternate years. Given in 1941-42.
To develop artistic freedom, initiative, and independence in planning, designing, and construction of garments. To create an appreciation of the arts and skills involved in the selection and correct use of laces, embroideries, tapestries, rugs, and furs. Stevens and Shinn.

103. INTERIOR DECORATION.
See Art 111.

104. THE FAMILY.
See Sociology 104.

121. FOOD MANAGEMENT.
Credit, 3 semester hours. Lecture and laboratory, 1:15-4:00, M., W. Prerequisite, Course 52. Offered in alternate years. Given in 1941-42.
Economic study of values, selection, and use of foods. Making menus; marketing; preparation and service of meals; food budgets for different income levels. Field trips. Stevens.

138. RELATED ARTS.
Credit, 3 semester hours. 10:20, M., W., F. Laboratory, 1:15-4:00, M. Prerequisites, Home Economics 1-2 and Art 51-52 and 111. Offered in alternate years. Given in 1942-43.
History of art practice in block printing, rug work, wool, silk, and linen embroidery, colonial and tapestry weaving. Shinn.

139. CHILD PSYCHOLOGY.
See Psychology 101.

150. HOME RELATIONS.
Credit, 2 semester hours. 8:00, Tu., Th. Offered in alternate years. Given in 1942-43. Required of majors who are preparing for State certification to teach.
Methods and procedures for organizing and teaching the high school courses in Home Relations. Stevens.

161. COSTUME DESIGN.
Credit, 3 semester hours. 10:20, M., W., F. Laboratory, 1:15-4:00, M. Offered in alternate years. Given in 1942-43. Shinn.
175. Household Management.
Credit, 3 semester hours. 8:00, M., W., F. Offered in alternate years. Given in 1942-43.
The study of social and economic problems found in the home—such as housing, house management, household production, and the adequacy and use of personal and family income. Stevens.

176. Weaving.
Credit, 3 semester hours. Time to be arranged.
Weaving colonial and European patterns on two, four, and eight harness looms. Tapestry weaving on upright looms. Stevens.

199. The Teaching of Home Economics.
Credit, 2 semester hours. 10:20, Tu., Th. Prerequisite, Education 152; see Education 199. Offered in alternate years. Given in 1941-42.
Study of curricula and methods and equipment for teaching home economics. Stevens.

200. Illustrative Methods.
Credit, 2 semester hours. 10:20, Tu., Th. Offered in alternate years. Given in 1941-42.
Survey of materials and literature available for use in the home economics curriculum. Preparation and acquisition of such illustrative material for use by teachers in high school home economics classes. Stevens.

201. Seminar in Clothing and Textiles.
Credits and hours to be arranged.

Credits and hours to be arranged.

204. Consumer Education.
Credit, 3 semester hours. 10:20, M., W., F. Given in 1941-42.
A critical survey and analysis of problems confronting the household buyer; a study of various kinds of marketing agencies and financing systems; more adequate information concerning selection and use of household commodities. Stevens.

MATHEMATICS

A major in mathematics should include Courses 1-2, 51, 52, 101, and nine additional upper-division hours.
Students majoring in mathematics should elect physics as their freshman science.
A minor should include Courses 1-2 and 135, and six additional hours not open to freshmen.
COURSES OF INSTRUCTION

Candidates who expect to teach secondary mathematics should include Courses 1-2, 51, 52, 134, and 199.

Solid geometry is required of mathematics majors and pre-engineering students if not taken in high school.

02. SOLID GEOMETRY.
Credit, 3 semester hours. 10:20, Tu., Th., and one hour to be arranged. Prerequisite, plane geometry and elementary algebra.

1-2. INTRODUCTION TO MATHEMATICAL ANALYSIS.
Credit, 4 semester hours each semester. 8:00, M., Tu., W., F.
Trigonometry and college algebra are correlated with analysis including the beginnings of analytics and calculus. Graphs and the function idea are used from the first; attention is paid to the applications necessary for engineering, astronomy, physics, etc. The regular mathematics course for those taking one year's work. Required in science courses. Business students may take Course 16 in place of 2 to complete the year. Martin, Carlson.

16. MATHEMATICAL THEORY OF INVESTMENT.
Credit, 3 semester hours. 7:00-9:00 p. m., W. Laboratory, 1:00-4:00 p. m., Tu., or 9:00-12:00 a. m., Sat. Prerequisite, Course 1-2.
Recommended in the business administration curriculum. Martin.

51. ANALYTIC GEOMETRY AND CALCULUS.
Credit, 4 semester hours. 8:55, M., Tu., W., F. Prerequisite, Course 1-2.
Martin.

52. CALCULUS.
Credit, 4 semester hours. 8:55, M., Tu., W., F.
A continuation of Course 51. Martin.

53. ENGINEERING DRAWING.
Credit, 3 semester hours. 7:00-9:00 p. m., M. Laboratory, 9:00-12:00 a. m., Sat. Prerequisites, elementary algebra, and plane and solid geometry. Haynes.

54. DESCRIPTIVE GEOMETRY AND ENGINEERING DRAWING.
Credit, 3 semester hours. 7:00-9:00 p. m., M. Laboratory, 9:00-12:00 a. m., Sat. Prerequisite, Courses 1-2 and 53. Offered in alternate years. Given in 1941-42. Haynes.
COLLEGE OF PUGET SOUND

56. SURVEYING.
Credit, 3 semester hours. 7:00-9:00 p.m., W. Laboratory, 1:00-4:00 p.m., Tu., or 9:00-12:00 a.m., Sat. Prerequisite, Course 1-2. Haynes.

Credit, 2 semester hours each semester. Time to be arranged. Open only to advanced students with the consent of the head of the department.
Work in selected media. Kohler, Drummond.
COURSES OF INSTRUCTION

MUSIC

A major in the department must be in either applied music or public school music; a minor may be taken in applied music or in theory and applied music. Students of the other departments of the college as well as music students are required to consult the director of the Conservatory of Music relative to the number of the applied music course for which they may register.

Instruction in voice is given either by private lessons or in small classes. Students will be accepted in the voice classes either for the study of the singing voice or for the correction of speech defects. Classes will be limited to a maximum of six in each class and will be conducted on a regular academic basis as regards attendance and recitation, two hours' attendance each week being required for two semester hours credit. There is a $7.50 laboratory fee for each semester hour credit. The instructor reserves the right to place the very advanced pupil under private individual instruction at the regular fee for such lessons, if in his opinion the pupil's development warrants the taking of such a step.

The classes or private lessons in applied music will be taken in order by semesters.

Four semester hours credit is required each semester for a major in applied music. Two private lessons each week are necessary for a major in piano, organ, violin, or band instruments. A major in voice and choral music will consist of three voice classes per week each semester plus regular enrollment and participation in the Choral Society during the four years of the course. The accompanying minor in theory requires Courses 1, 2, 51-52, 133-134, and 135-136.

All students who are seeking a degree in applied music are required to give junior and senior recitals.

For any music major the foreign language taken should be either French or German.

A minor in applied music requires one lesson per week, or in voice either one lesson or two one-hour classes per week, each semester for four years, credit, two semester hours each semester. A minor in applied and theoretical music requires eight semester hours of applied music in no more than two fields, and Theoretical Courses 1 and 2 or 51-52; and 133-134, or their equivalents.
COLLEGE OF PUGET SOUND

PUBLIC SCHOOL MUSIC CURRICULUM

The aim of the curriculum in public school music is to prepare the student for teaching and supervising music in the junior and senior high schools.

Adequate preparation of a capable and efficient supervisor cannot be expressed in terms of time or credit hours. He must have broad sound musicianship, knowledge of the subject matter, skill in musical expression, and ability to adapt himself to scholastic and community situations.

Students who take the public school music course are given a thorough foundation in theory, training in string and wind instruments, and training in voice production. They are required to participate at least eight semesters in the college chorus and in one instrumental organization (i.e., band, orchestra, or string ensemble). They are also given an opportunity to observe music classes and must do two semesters of student teaching in the Tacoma city schools.

THEORETICAL COURSES

1. RHYTHMIC FOUNDATION.
   Credit, 2 semester hours. 10:20, Tu., Th.
   This course is designed to give a thorough foundation in the quick recognition and accurate performance of rhythmic figures. Rhythmic patterns are read from the printed score and performed to the accompaniment of phonograph recordings. As the rhythms are tapped with drum sticks, considerable proficiency in the technic of drumming is also gained. Smith.

2. SIGHT SINGING.
   Credit, 2 semester hours. 10:20, Tu., Th. Prerequisite, Music 1.
   The general problem of reading melodies at sight is studied from its tonal aspects. Stress is laid upon performance, including the recording of dictation material. Performance is supplemented with fundamental musical knowledge. Smith.

3-4. BATON TECHNIQUE.
   Credit, 1 semester hour each semester, 2:10, Tu., Th.
   Baton technique, organization of all choral groups, repertoire, and rehearsal methods. Bennett.

11-12. HISTORY AND APPRECIATION OF MUSIC.
   Credit, 3 semester hours each semester. 8:55, M., W., F.
   A general survey of the evolution of music from the earliest times to the contemporary period. Lectures and assigned reading supplemented by musical illustrations. Music majors not admitted. Jacobsen.
COURSES OF INSTRUCTION

51-52. HARMONY.
Credit, 3 semester hours each semester. 10:20, M., W., F.

101-102. HARMONY—ADVANCED.
Credit, 2 semester hours each semester. 11:15, Tu., Th. Offered in alternate years. Given in 1941-42.
A continuation of 51-52. More extended use of modulations; secondary seventh chords; development of the chromatic element; free melodic and ornamental tones. Smith.

133-134. HISTORY OF MUSIC.
Credit, 2 semester hours each semester. 8:55, Tu., Th. Open only to music majors and minors. Offered in alternate years. Given in 1942-43.
A study is made of the major and minor schools of composition in the history of music with critical evaluation of the works of individual composers. Smith.

135-136. COUNTERPOINT.
Credit, 2 semester hours each semester. 8:55, Tu., Th. Offered in alternate years. Given in 1941-42.
The study of the strictest forms is emphasized as a drill work in intellectual activity, and as an artistic end in itself. Counterpoint in the various species and in combinations of them. Smith.

151-152. COMPOSITION.
Credit, 2 semester hours each semester. Given as there is demand.
Designed to develop the student’s insight into the field of music by work demanding the organization of the elements of harmony, melody, rhythm, and form previously studied separately. Work adapted to individual needs. Smith.

191. JUNIOR HIGH SCHOOL MUSIC.
Credit, 3 semester hours. 8:00, M., W., F.
Problems, methods, and procedures for the teaching and supervision of music in the junior high school grades. Opportunity is provided for the observation of music classes in the Tacoma public schools. Wersen.

192. HIGH SCHOOL MUSIC.
Credit, 3 semester hours. 8:00, M., W., F. Offered in alternate years, as required.
Problems, methods, and procedures for the teaching and supervision of music in the senior high school grades. Opportunity is provided for the observation of music classes in the Tacoma public schools. Wersen.
194. BEGINNING WIND INSTRUMENTS AND MATERIALS.
Credit, 3 semester hours. 8:00, M., W., F.
Class instruction in playing all wind instruments of the band and orchestra. The aim of this course is to provide an opportunity for gaining a working knowledge of instruments not previously played; to develop a broader knowledge of available instrumental materials and methods of class teaching.

Wersen.

199. THE TEACHING OF MUSIC.
Prerequisite, Education 152; see Education 199.

BAND METHODS.
Credit, 2 semester hours. 8:00, Tu., Th., second semester.
Organization and administration of a band program in the public schools. Wersen.

ORCHESTRA METHODS.
Credit, 2 semester hours. 1:15, Tu., Th., first semester.
Organization and administration of an orchestral program in the public schools. Koker.

PIANO METHODS.
Credit, 2 semester hours. Time to be arranged.
Study of the latest and most improved methods of teaching technique, and survey of teaching materials. Jacobsen.

201, 202. DIRECTED STUDENT TEACHING.
Credit, 2 hours each semester. See Education 201, 202.
Cadet teaching assignments in music classes of the public schools under direction of the class-room teachers and supervisors of music.

203, 204. ORCHESTRATION AND ARRANGEMENT.
Credit, 2 semester hours each semester. 11:15, Tu., Th. Offered in alternate years. Given in 1942-43.
Advanced course in the problems of arranging and performing orchestrations for the various musical organizations in the public schools. Smith.

APPLIED MUSIC
11-12, 61-62, 111-112, 161-162, 211-212. VOICE CLASSES.
Credit, 2 or 3 semester hours each semester. Hours to be arranged. A laboratory fee of $7.50 is charged for each semester hour credit.
Physiology of the voice is studied in order to produce a pure tone by means of correct registration. Special attention is given to analysis of vowels and consonants, relative to vocal needs. The basis for teaching is the standard vocal literature. Bennett.
COURSES OF INSTRUCTION

13-14, 63-64, 113-114, 163-164, 213-214. PIANO (Private).
Credit, 2 semester hours for 1 private lesson per week. Time to be arranged. Fees, $36 a semester for one private lesson a week.
A study of the standard literature for the piano. Form as well as interpretation is thoroughly studied, and only the most accepted methods of teaching technique are used. Jacobsen.

Credit, 2 semester hours for 1 private lesson per week. Time to be arranged. Fees, $36 a semester for one private lesson a week. The modern three-manual organ in Jones Hall is available for practice. Fees, $20 a semester for five periods a week, or twenty-five cents per hour.
The course in instruction in organ prepares the student for church playing, teaching, and effective concert work. The coming of lower-priced, more compact instruments now makes the organ available as a home instrument as well. The methods of presentation and the material used vary somewhat with the individual student, but in all cases the instructor aims at technical facility, musicianly style, and artistic interpretation. The literature studied covers all periods and ranges from the simplest to the more extended forms. Smith.

Credit, 2 semester hours for 1 private lesson per week. Time to be arranged. Fees, $36 a semester for one private lesson a week.
Intensive study of intonation, positions, phrasing, and style. The great violin literature is studied under modern teaching technique. Koker.

Credit, 2 semester hours for 1 private lesson per week. Time to be arranged. Fees, $36 a semester for one private lesson a week.
Instruction in wind instrument technique from the elementary scale through the most difficult technical exercises and literature. Wersen, Anarde.

ADELPHIAN CHORAL SOCIETY.
Credit, 1 semester hour each semester.
Study of sacred and secular music of all schools, both accompanied and unaccompanied. Experience in concert singing. Bennett.

COLLEGE BAND.
Credit, 1 semester hour each semester. 8:00, Tu., Th.
The band, for which any college student is eligible, plays for student activities and presents a concert each semester. Wersen.
The Puget Sound Symphony Orchestra is an organization of approximately seventy musicians, with membership selected from college students and outstanding players in the community. Several concerts are given each year. Any college student may try out for the orchestra.

The Puget Sound Chamber Music Society.

Credit, 1 semester hour each semester. 7:00-9:30 p. m., M.

An organized string ensemble which plays classic and contemporary literature of chamber music. Authoritative guidance and technique, with public concerts twice a year.

Private lessons in theory may be secured from the instructor at the same rate obtaining for other private lessons.

Students may enroll for private lessons at any time and pay tuition at the regular rate from the date of their entrance, but all students interested in definite courses are urged to enter at the beginning of the first semester as there are no courses that begin with the second semester. No student will be accepted for less than nine lessons unless by special arrangement with the director. Fees for periods shorter than a semester are at the standard rate of $2.00 per lesson. No deduction in fees can be made for absences from lessons, but private lessons may be made up if the instructor is notified in advance of the absence.

SPEECH AND DRAMATIC ART

A major should include Courses 52, 57, 58, 101, 102, 151, and 6 additional hours.

Suggested minors: 52, 59, 101, and 6 additional hours; or 52, 57, 102, and 6 additional hours.

In addition to the courses here listed, the student may elect according to his special interest from such related fields as music, art, psychology, literature, history, sociology, and philosophy.
COURSES OF INSTRUCTION

THE CONSERVATORY OF MUSIC

Professor Bennett, Director of the Conservatory, Voice
Professor Jacobsen, Pianoforte
Assistant Professor Smith, Organ and Theory
Mr. Wersen, Public School Music, Woodwind Instruments, Band, Orchestra
Mr. Anarde, Brass Instruments
Mr. Koker, Stringed Instruments

The College of Puget Sound Conservatory of Music is organized both as a professional and a cultural school, presenting instruction in piano, voice, organ, and theory of music. It aims to serve two groups of students: those wishing to specialize in music and those desiring a limited number of courses for cultural benefits. Students seeking a degree in music will follow the regular college course; others may follow any line of study desired. The descriptions of classes offered
in the conservatory appear under the Division of Fine Arts of the college.

Students enrolled in the Conservatory of Music receive many advantages. The benefits of a college environment are theirs, credits earned are recorded on the college records and may be applied toward a degree, and recitals in the college auditorium give excellent training for public performance. The chief advantage to a student in the conservatory is the training gained from membership in The Adelphian Choral Society, the college Band, The Puget Sound Chamber Music Society, The Puget Sound Symphony Orchestra, and from participation in the playing classes of the piano department and various smaller ensembles, membership in which is without any fee.

The conservatory is located in its own building, a house adjacent to Jones Hall. There are adequate facilities for the teaching of the branches offered and much reference material is obtainable at the college library. Every opportunity is given the student for self-advancement and musical growth.

Since the conservatory is the department of music of the College of Puget Sound, the unit of credit used for satisfactory completion of any course is the semester hour used by the college. By virtue of the accredited standing of the College of Puget Sound, all Conservatory of Music credits can be applied toward a degree. The admission of high school graduates is allowed under the general rules of the college.

**Elementary and Preparatory Departments**

The conservatory maintains elementary and preparatory departments for the training of children of public school age. The conservatory atmosphere is advantageous, hence many children of Tacoma and vicinity come to the college for their music lessons. The conservatory teachers understand children and their ways but do not sacrifice the best music in order to satisfy the whims of the child.

Classes for children are conducted in piano and there is also a class for high school students who wish to begin voice study.

Private lessons for elementary and preparatory students are $27 a semester for one lesson a week from any one of the teachers. Students will not be accepted for less than half of a semester (nine lessons).
GENERAL INFORMATION

ACCOMMODATIONS FOR WOMEN

THE young women of all departments of the institution are under the supervision of the dean of women.

All non-resident women students are required to live in the college residence hall except those who desire to work for board and room and those who, with the consent of their parents, are allowed housekeeping privileges in approved private homes in the college neighborhood. (The dean of women maintains a list of homes where such accommodations may be secured).

The residence hall, opened in February, 1939, is of Tudor Gothic architecture, of concrete, brick, and stone construction. On the ground floor are a large social or activity room, the laundry, the storage and trunk rooms. The main floor has the lobby, lounge, office and apartment of the director, a guest room with its private bath, the dining room where the service is at tables of eight, and the kitchen. Both the activity room and the lounge have large fireplaces.

The dormitory rooms on the second and third floors are furnished with individual wardrobes, heavy curtains and matching counterpanes, rugs, and single beds with the best of springs, mattresses, and pillows. The rooms have, also, for each occupant a desk, study lamp, and two chairs. Each resident is asked to give two sheets 72 inches by 108 inches and a pair of pillow cases 45 inches by 36 inches, chosen for the sake of uniformity from one of the following brands: First Lady, Pequot, or Penco. In return for these, the bed linen and counterpane will be laundered free of charge for the duration of her stay. The student will furnish blankets or comforters, towels, pictures, and decorations for her room. If she wishes, she may use the facilities on the ground floor for her personal laundry.

The second floor has a hospital room. Both the second and third floors have utility rooms with sinks, electric plates, ironing boards, and flat-irons. A sun porch is on the deck of the tower.

The building is a beautiful one, comfortably equipped and tastefully furnished. Its atmosphere is that of a cultured home.

Reservations will be made in the order in which applications are received. A ten dollar deposit must accompany an application.
GENERAL INFORMATION

The cost of board and room in the residence hall—for single or double rooms—is included with other expense items on page 49 of this catalogue.

A considerable number of women students work as household assistants or mothers' helpers in private homes, working three hours a day in exchange for board and room. No young woman is permitted to make such arrangements on her own responsibility. Women of the city who wish to employ college students for such help consult with the dean of women, who visits the homes and keeps in her office records of the advantages offered and of the kind of work required. There is a constant demand for students in many of the best homes in the city.

ACCOMMODATIONS FOR MEN

Men students whose homes are not in Tacoma may secure room or room and board in private homes near the campus. Rent for a room for a single individual varies from $5.00 to $10.00 a month; for two persons sharing a room, from $12.00 to $18.00 per month. Board and room for an individual can be secured for a cost of $25.00 or $30.00. A list of homes approved for student residence can be secured at the dean’s office at the beginning of each semester.

The college maintains a Commons, which is open on regular school days. Meals are served in cafeteria style. Adequate meals can be secured at a cost of about seventy cents a day.

Many of the men live at fraternity or club houses. Rates are similar to those for board and room in private homes.

SOCIAL REGULATIONS

The social life of the college is not subject to extensive regulation. Such rules as exist are the result of faculty and student cooperation. Their object is to insure comfort and safety and good citizenship in the college community. A copy of these regulations may be obtained from the dean of the college or dean of women.

RELIGIOUS AND MORAL STANDARDS

The College of Puget Sound by the very fact of its existence stands for the conception that education involves the development of all the capacities of human nature, including the moral and religious with the intellectual. This is avowed also in its motto: “Learning, Good Government, and the Christian Religion.”
The college is mindful that its primary role is that of an institution of learning, but it conceives that this function of preserving, advancing, and disseminating truth includes furthering sound ideas in personal conduct and social relations. It accepts, further, a responsibility for the improvement of individual and social life.

The institution is, therefore, concerned that the type of life and influence in it shall be wholesome and shall promote the highest potentialities of its members both in intellect and in character. It aims to be a normal part of society, with occasion for the expression and encouragement of what is best in social life including religion. It has its religious meetings, in the planning and conduct of which students and faculty cooperate; and there is encouragement of attendance at the services of the churches of the city. It is, however, in the general spirit of the college and of its work that its religious character is to be sought more than in any specific programs or injunctions.

ALCOHOL AND TOBACCO

The college considers the use of alcoholic beverages as wholly at variance with its efforts and prejudicial to the realization of its objects. It regards their use as sufficient ground for termination of an individual’s connection with the institution.

The use of tobacco by youths is deprecated both for hygienic and economic reasons. While the college does not seek to regulate the individual’s personal practice regarding smoking, it requests students to abstain from the use of tobacco in college buildings and on college grounds.

FINANCIAL AID

Financial aid for students is usually administered by the president’s office. Applications for any forms of such aid should be made to the president unless a different approach is indicated.

Unless otherwise stated, grants of aid are made for one year only, and are renewed only upon application and by specific action.

SCHOLARSHIPS AND AWARDS

College Scholarships—The college grants annually eighteen scholarships to graduates of accredited four-year high schools in the State of Washington. The purpose of these grants is to encourage scholarship and to assist worthy students of limited resources. A scholarship yields a remission of half the tuition fee each semester. It is tenable...
GENERAL INFORMATION

during the freshman year on the basis of the high school record which secured the appointment and for the remainder of four college years on condition that the holder of the scholarship makes A and B grades in at least one-half of his studies and makes no grade lower than C. Failure to maintain this standard in any semester will automatically cancel the grant.

*Leonard Howarth Scholarships*—The sum of $50,000.00 was received from the estate of the late Leonard Howarth, the income from which is to be used to assist deserving students. At present this income is distributed to advanced students who are qualified to be assistants and readers to faculty members, or library helpers. They are nominated by the heads of the academic departments in which the work is to be done, and receive from $50.00 to $100.00 per year.

*The Frank W. Baker Scholarship*—Worthy students are given assistance through the income from a fund given by Mrs. Jennie S. Baker in memory of her husband, Frank W. Baker.

*Women of Rotary Award*—Seventy-five dollars is awarded by the Women of Rotary to a junior girl to apply toward the expenses of her senior year at the College of Puget Sound. The qualities upon which the award is determined are character and leadership, combined with scholarship equal to the average.

*A. A. U. W. Award*—The Tacoma Branch of the American Association of University Women offers annually, toward the end of the first semester, one hundred dollars to be awarded to a senior woman of the college who most nearly fulfills the following conditions: partial or complete financial self-dependence, high scholarship, wholesomeness of influence, and promise.

**Loan Funds**

*The Methodist Educational Fund*—A limited number of worthy students, members of the Methodist Episcopal Church, may secure loans from a Student Loan Fund which is administered by the Board of Education of that church. Christian character, satisfactory scholarship, promise of usefulness, financial responsibility, and the recommendation of the church to which the applicant belongs are essential to a loan. Each borrower must sign an interest-bearing promissory note. Detailed information may be secured from the bursar's office.

*The Rotary Club Fund*—The Rotary Club of Tacoma has established a student loan fund from which college students may borrow upon proper recommendation.
Women's Organizations Loan Funds—The Women of Rotary, Ladies of Kiwanis, Faculty Women's Club, Tacoma Branch of the American Association of University Women, Chapters B. K. and C. K. of P. E. O. of Tacoma, Sigma Kappa Alumnae, Washington State Federation of Women's Clubs, and Lillian Martin Alliance all have student loan funds from which women students in the college may borrow upon proper recommendations.

Knights of the Round Table Fund—The Knights of the Round Table have a fund from which in each year a man from the junior or senior class, on recommendation of the president of the college, may borrow for college fees.

The Knights Templars Fund—The Knights Templars of the Jurisdiction of the State of Washington will grant loans from their educational loan fund to junior and senior students in the College of Puget Sound.

The Leona M. Hickman Student Loan Fund—Administered by the Trust Department of the Peoples National Bank of Washington in Seattle, provides loans for the purpose of advanced education to young men who are residents of King County, Washington. Loans are made on the basis of need, character, scholastic record, and ability for self help.

STUDENT EMPLOYMENT

Many students come to the college who need to earn a part of their expenses. The city of Tacoma, by reason of its size, affords many opportunities for self-help. Although the college does not undertake to secure employment for prospective students, it can be helpful in this; and those wishing employment should write to the dean of the college, giving details of the kind of work they are fitted to do. Students planning to earn a considerable portion of their expenses should plan to take less than the full quota of studies. A student should come provided with sufficient funds to meet initial expenses and afford some margin for emergencies.

THE NYA COLLEGE AID PROGRAM

Part of the federal government's National Youth Administration program has been to provide funds for employment of college and university students who could not otherwise meet the expenses of a higher education. This program has been in operation for several years on appropriations made by Congress from year to year. The appropriation is apportioned for students in cooperating colleges and
universities on the basis of their enrollments, and is administered by
the NYA to pay students for work assigned to them in these institu-
tions under regulations set up by the NYA. On this program, as it
has been in operation, students who are United States citizens may
earn an amount not exceeding $20.00 each month of the college
term. Application must be made on an official form which calls for
a statement of the student’s resources and of his family’s financial
condition. Aid is granted on the basis of financial need and scholastic
promise. While this program is continued by the government, applica-
tion forms can be secured from the dean of the college.

COUNSELLING SERVICES

The successful adjustment of the student in the educational program,
in his material situation, in his personal life, and in his social relations
are all objects of interest to the college. It is desired to help the stu-
dent in the solution of any problems which confront him in his studies,
in his living conditions, or in his individual or social life. The officers
of the college and any members of the faculty will welcome students
who come to them for counsel in meeting difficulties in any of these fields.

Provision for educational guidance is made through designation of
academic advisers, as explained on page 31. All schedules of study
are reviewed by these advisers.

The dean of women is the general counsellor for women students.
In all matters affecting their welfare and development they can be
assured of her interest, understanding, and active efforts.

The dean of the college acts as adviser for men students. In this
he has the assistance of faculty advisers for each of the men’s groups.
Men in any of the fraternities or the independent group may expect
the friendly interest and help of the group adviser in any matters
which concern their academic progress or personal welfare.

COLLEGE ACTIVITIES AND ORGANIZATIONS

GENERAL ORGANIZATIONS AND ACTIVITIES

ASSOCIATED STUDENTS—The organized student body, known as
the Associated Students, has general direction and charge of such
college activities as athletics, student publications, debating and orato-
torical contests, glee clubs, literary, social, and certain religious activities.
Direction of activities is exercised mainly through a representative body
known as the Central Board, composed of the officers of the Associ-
ated Students, class representatives, an alumni member, and three
COLLEGE OF PUGET SOUND

faculty members. The Student Judiciary, composed of four seniors, three juniors, and two sophomores, has the judicial authority of the student association.

The Young Women's Christian Association maintains a vigorous organization. All young women find a welcome at the Y. W. C. A. room. Devotional meetings are held each Tuesday at the chapel hour.

The College Y. M. C. A. is an open organization for all men of the college. It provides a common meeting ground for members of the different groups in the student body, and gives a channel for the expression of constructive social interests.

Special Interest Clubs

Language Clubs. La Mesa Redonda and the German Club promote language practice and interest through regular meetings, programs, and varied activities.

Musical Organizations. The Adelphian Choral Society, The Puget Sound Chamber Music Society, The Puget Sound Symphony Orchestra, and the college band, under the direction of the music department, offer opportunities for musical training, experience, and activity for all the students of the college having musical talent and inclinations. These organizations provide music at college functions, and make many public appearances, both at the college in Tacoma, and out of town.

A Student Affiliate Chapter of the American Chemical Society, a national organization of professional chemists, is chartered at the College of Puget Sound. Membership in the local organization is open to students majoring in chemistry on nomination by the faculty sponsor. As the local chapter has stipulated that no candidate shall be nominated unless he or she is above freshman standing and has certain minimum grades in chemistry courses already taken, the organization is to a certain extent honorary. Members receive the publication of the national society, hold monthly meetings, and are privileged to attend the monthly meetings of the Seattle section of the national society.

The Biology Club is a voluntary organization of biology students which conducts field trips to various parts of the state and assists with the Museum of Natural History.

The Writers' Club is a group of students who are interested in writing for publication. This club sponsors various literary projects, both within its own group and outside it, such as various annual prize contests and the publication of Tide.

The Lettermen's Club is an organization of men who have won athletic awards in at least one major sport. The purpose of the club
GENERAL INFORMATION

is to foster and direct the athletic interests of the college, and to create and uphold the proper ideals of sportsmanship.

THE WOMEN'S ATHLETIC ASSOCIATION is an organization of women who participate in athletics. The purpose of the organization is to foster this activity and to promote qualities of leadership, good sportsmanship, and cooperation.

KAPPA PHI is a National Methodist Girls' Club. Its aim is: "Every Methodist woman in the University of today a leader in the church of tomorrow." The College of Puget Sound, in obtaining the Chi Chapter, is the first non-state-supported institution in the United States to receive a chapter.

THE INTERNATIONAL RELATIONS CLUB, sponsored by the Carnegie Endowment for International Peace, is open to all students interested in world affairs.

THE WITAN is a club of men organized for the purposes of providing cooperatively for room and board, for fellowship, and for the promotion of scholarship and of interest in the social studies.

HONOR SOCIETIES

SCHOLASTIC HONORARIES

Mu Sigma Delta is an honorary scholastic organization of junior and senior men and women who rank in the upper ten per cent of their classes in scholarship.

Otlah Club is the women's scholastic honorary organization. Membership is limited to senior women who have a scholastic average of B.

SERVICE HONORARIES

Spurs is a national honorary pep organization for sophomore women, whose aim is service to the school. Active membership consists of three women from each sorority and three from the independent group on the campus.

Knights of the Log is an honorary organization of underclassmen whose purpose is the promotion of interest in the various college activities. Members are chosen during the freshman year to serve actively for two years, at the end of which time they become honorary members.

ACTIVITIES HONORARY

Pi Kappa Delta is a national honor society to which intercollegiate debaters, or those having won first place in oratory, may belong.
SPECIAL SUBJECT HONORARIES

Pi Gamma Mu is a national social science fraternity. Senior students who have done superior work in social science are eligible for election to membership.

SOCIAL FRATERNITIES

There are five social organizations for men and four for women on the campus. These are local organizations whose membership is by invitation. The fraternities are: Alpha Chi Nu, Delta Kappa Phi, Delta Pi Omicron, Sigma Mu Chi, and Sigma Zeta Epsilon. The sororities are: Alpha Beta Upsilon, Delta Alpha Gamma, Lambda Sigma Chi, and Kappa Sigma Theta.

COLLEGE PUBLICATIONS

THE COLLEGE BULLETIN—This publication is issued quarterly and furnishes information concerning the college, its activities, development, and plans.

OCCASIONAL PAPERS—These are publications presenting the results of research conducted by the students and staff of the department of biology. They are distributed to interested persons, high schools, colleges, and libraries.

THE TRAIL—This is the regular student publication and is issued weekly. Its editor and business manager are elected by the Associated Students.

THE TAMANAWAS—This is the College Annual, which expresses various phases of college life. It is under the management of the Associated Students, the editor and business manager being elected by them.

TIDE is a literary magazine sponsored by the Writers’ Club.

ELIGIBILITY FOR STUDENT ACTIVITIES

I. In order to be eligible to represent the College of Puget Sound in any student activity, a student must:

(a) Be fully registered in the college for a minimum of 12 hours credit except as provided below in Article III.

(b) Not have a total of failures on his previous record, at this or any other institution, exceeding one-fifth of his total hours passed. A condition, until removed, shall have the same value as an F in determining eligibility. Incompletes must be removed within the first six weeks the student is registered in college after the incomplete is incurred.

(c) Secure written leave of absence if his absence from classes is required by participation.
II. Eligibility for students shall be checked at the beginning and middle of each semester. A student shall be given ten days' grace to bring up his work before being declared ineligible.

(b) A student, after having been declared eligible for any student activity, shall remain eligible, scholastically, for the remainder of the season of participation only when the season terminates within the semester.

(c) A student shall be limited to two activities unless he maintains an average of C in all of his scholastic work.

(d) All questions of eligibility come under the jurisdiction of the eligibility committee which cooperates with the dean in all matters pertaining to eligibility.

(e) Those having charge of any activity must submit to the dean at the time of the first turn-out of any activity a list of all participants, and must keep this list up-to-date. This provision applies to all activities, (intercollegiate, intramural, non-competitive), and to student officers.

(f) Activities wherein students engage with representatives of other student bodies in contests of any kind or represent the college off the campus are under the jurisdiction of the Extramural Activities Committee of the faculty in cooperation with the dean.

(g) The faculty director of any activity must submit to the dean early in each semester a proposed schedule for the activity, with application for approval of the plans. The application should be in duplicate and should give the schedule with (1) dates, (2) places, (3) number of students to participate, (4) financial arrangements, and (5) method of transportation, if an event is to be off the campus.

III. Students who are registered for less than 12 hours' work may take part in the musical organizations, dramatic productions, or other activities which are of an academic character and in which there is not intercollegiate competition if special permission is given by the faculty. All students who are thus permitted to participate in extracurricular activities under the sponsorship of the A.S.C.P.S. shall pay the regular associated student fee regardless of the number of hours for which they are registered.

IV. In order to be eligible to represent the College of Puget Sound in any intercollegiate activity, a student must:

(a) Comply with the foregoing rules of eligibility.

(b) Comply with the Northwest Conference rules.
COLLEGE OF PUGET SOUND

CLOSED PERIOD

The last two weeks of each semester have been designated as a closed period for all social functions and student activities in order to give the student every opportunity to review for the semester examinations.

HONORS AND PRIZES

GRADUATION HONORS

General Scholarship Honors. The highest recognitions conferred by the college on members of the student body are the honors for scholarship granted with degrees and recorded on the students’ diplomas. These citations are given only to students who have distinguished themselves in their studies throughout their college course.

Departmental Honors. A student who has successfully completed a program of independent study in some subject may at graduation have entry on his diploma of honors in that subject.

SCHOLARSHIP OPPORTUNITIES

Rhodes Scholarships. Men of high scholarship in the upper classes at the College of Puget Sound are eligible, on nomination by the college, to compete for the Cecil Rhodes Scholarships, tenable for three years at Oxford University, England, with a stipend of $2,000 each year. These scholarships are awarded on the combined bases of character, scholarship, athletics, and leadership in extracurricular activities.

These scholarships have been suspended until the end of the war, but it is planned at that time to make them available to persons graduated in the years of the war.

Graduate Scholarships. A number of graduate scholarships and fellowships in universities are open annually to graduates of the College of Puget Sound who have been especially able students. Applications, with records and recommendations, must generally be submitted before March 1 preceding the school year of appointment.

SPECIAL RECOGNITIONS

The President’s Scholarship Trophy Cup. A large silver cup presented to the College of Puget Sound by President and Mrs. Edward H. Todd has engraved upon it annually the name of the student of the college who has the highest average scholarship for the year.

Sorority Scholarship Cup. This cup is the gift of Mrs. Lyle Ford Drushel, Dean of Women. It is held by the women’s social organization making the highest average in scholarship. The cup is awarded each year and becomes the permanent possession of the group winning it three successive times.
GENERAL INFORMATION

Fraternity Scholarship Cup. The men of the faculty have given a cup as a trophy to be awarded each semester to the fraternity having the highest scholarship average over 1.5. The winning fraternity holds the trophy for the succeeding semester, or until it is won by another group. The cup is to be retained as a permanent possession by any organization which wins it for three successive semesters.

The Samuel Weir Educational Trophy. This trophy was provided by Dr. Raymond L. Powell, Professor of Education, in recognition of Professor Emeritus Samuel Weir's long service to the College of Puget Sound and to the cause of education in the State of Washington. It is a non-travelling trophy, awarded annually at Commencement to a student, either man or woman, who (1) has completed at least 140 semester hours of work at the College of Puget Sound and is in the last semester of the five-year teacher training curriculum; (2) has a cumulative grade average of 2.2 or higher for all work taken, with no grade below "B" in the Department of Education; and (3) gives best promise, in the judgment of the Department of Education and a committee of the Faculty, of being a successful teacher and a credit to the profession as judged by professional attitudes, performance on the aptitude tests, personality and temperament, personal habits and character, interest in extra-curricular activities, and practice teaching.

The Mahncke & Co. Trophy. A cup has been given by Mahncke & Co., of Tacoma, as a varsity football scholarship trophy. The name of the varsity football man standing highest in scholarship the first semester of each year is engraved on this cup.

The American Chemical Society (Junior Affiliate) Plaque. Furnished by the College of Puget Sound Affiliate Chapter of the American Chemical Society, it gives recognition annually to the senior major in chemistry who has made the highest scholastic record in the subject during his college course.

The Amphictyon Society Daffodil Cup. Provided by the Amphictyon Literary Society at the time it was disbanded, this cup is awarded annually to the senior voted by the members of his class to have been its most useful and valuable member.

The Kappa Alpha Theta Cup. This cup is the gift of the Tacoma Alumnae of Kappa Alpha Theta. Each year the name of the woman student in the college who has excelled in service, character, and scholarship is engraved on the cup. The woman who wins the cup three successive years receives it as her permanent possession.

The Johnson-Cox Trophy. A beautiful bronze model of Victory has been given as a trophy by the Johnson-Cox Printing Company, of Tacoma. The name of the football man selected by his team mates
as having given the most in inspiration during the football season is annually placed upon this trophy.

The Basketball Inspiration Trophy. This trophy is the gift of Louis O. Grant, basketball coach. It provides recognition each year for the member of the basketball team designated by his team mates as the most inspirational player for the season.

The Robert Brandt Memorial Plaque was presented by Mr. and Mrs. B. A. Brandt in memory of their son. Each year there is entered on this plaque the name of a student working in dramatics who is selected on the grounds of wholesome attitudes and excellence in acting.

The Richard Summers Memorial Plaque was given by Mr. and Mrs. D. C. Summers in memory of their son, Richard Summers, violinist. It provides recognition each year to a student judged by the faculty of the Conservatory of Music to have given the greatest inspiration to the students in the College of Puget Sound by his musical activities and performances.

The Chimes Memorial Cup was presented to the College of Puget Sound by the Sixth Avenue Business Men's Club. Its purpose is two-fold: to honor the student each year whose effort, more particularly than whose accomplishment, has been the most inspirational to the other students; and, incidentally, to perpetuate the thought of the allegorical play, "Why the Chimes Rang," which is frequently given at the college at Christmas time. The college faculty makes the selection each year in its own way, and the name of the student chosen is engraved upon the cup.

Prizes

Burmeister Oratory Prizes. The sum of $30.00 is given annually by Attorney A. O. Burmeister, of Tacoma, to support an oratorical contest. The contestants must write a 1000-1500 word oration, which is submitted to a faculty committee chosen by the Department of Speech. The best six orations are presented in open forum by the respective contestants before a set of outside judges. Those who win first place in the men's and women's divisions are given a cash prize of $10.00 each; those who win second place in their divisions are given cash prizes of $5.00.

Frank S. Baker Writing Contest. An annual contest in short story or play writing is sponsored by the Writers' Club. Prizes of $10.00 and $5.00 are offered by Frank S. Baker.
GENERAL INFORMATION

The Myra E. Dupertuis Prize. This prize is given by Samuel Dupertuis, a graduate of the College of Puget Sound in the class of 1914, and at the present time Professor of French in Boston University, in honor of his wife, Myra E. Dupertuis.

The prize consists of the income from a fund of $100.00 and is awarded to that member of the senior class in the College of Puget Sound who, having acquired his or her knowledge of French in some school in the United States and not having had the privilege of studying abroad, shows the greatest proficiency in speaking the French language, correct use of the language and good pronunciation both being considered.

SUMMER SESSION

THE Summer Session extends for a period of nine weeks. The normal amount of credit is four and one-half semester hours for each half, or nine semester hours for the full session. By permission, capable students may register for a maximum of six semester hours for a half, or twelve semester hours for the full session.

The work of the Summer Session is equivalent in method, character, and credit to that of the regular academic year. The teaching staff is selected largely from the regular faculties with addition of some visiting instructors.

The Summer Session is planned for students who wish to advance their standing or make up back work, and for teachers who are able only during the summer months to pursue courses in the subjects which they teach or to complete the professional training which is required by law for the renewal of certificates.

SCOPE OF INSTRUCTION—Instruction is offered in art, astronomy, biology, business administration, chemistry, dramatics, economics, education, English, French, geology, German, history, mathematics, music, philosophy, physical education, physics, political science, psychology, religion, sociology, and speech. The courses are all regular college courses and carry two to three semester hours credit. A student may carry three to four courses in the Summer Session.

ADVANTAGES—Tacoma is beautifully surrounded by a country full of interesting phases of nature. Parks in the city, beautiful driveways in the country, the seashore, and the mountains furnish ample opportunity for most profitable pleasure trips.

Along with the special opportunity for study and recreation, the college surroundings, with tennis courts, athletic field, library, and laboratories, are to be considered. In a measure, the spirit of the college is carried over into the summer school.

For further information concerning the summer classes, address THE DIRECTOR OF THE SUMMER SESSION, COLLEGE OF PUGET SOUND.
EVENING SESSION

THE college offers an extended program of adult education, the most important phase of which is the Evening Session. This is equivalent in method, character, and credit to the regular day school, with the exception of the non-credit courses provided in the Evening Session. The teaching staff is selected almost exclusively from the regular faculty.

The Evening Session is planned for teachers who wish to do additional work toward a college degree or to meet certain requirements, for religious workers who need foundation courses and modern methods, for adults who wish to do work toward a degree or to fit themselves for particular tasks or situations, and for others who seek information and other cultural advantages to be obtained through a college education.

By attending two classes in the Evening Session one evening per week and a Summer Session, it is possible to complete one-half year of regular college work. A special bulletin is issued giving detailed information concerning the work offered in Adult Education. For the bulletin or information, address THE REGISTRAR, COLLEGE OF PUGET SOUND.

MEMORIALS AND FOUNDATIONS

CHARLES H. JONES MEMORIAL BUILDING—The C. H. Jones Hall, erected in loving memory of Charles H. Jones, lumberman and business administrator of Tacoma and the Northwest by his wife, Franke M. Jones.

LEONARD HOWARTH HALL—This building was dedicated in memory of the late Leonard Howarth of Tacoma upon the award to the college by the executor, Mr. William Howarth, his brother, of a sum bequeathed to Tacoma for the good of the city. Out of this sum a portion was set aside to create an income for scholarships.
COLLEGE OF PUGET SOUND

JOHN M. KITTREDGE HALL—This building was made possible through the gift of Grace H. Kittredge, in honor of her father, John M. Kittredge, for the purpose of erecting a building which would assist the young people in their educational life. This will be a student union building, where student activities will center.

ALBERT SUTTON MEMORIAL QUADRANGLE—Improvements were made possible by a gift of Marie Sutton in memory of her husband, Albert Sutton, the architect who planned the grounds and developed the architecture of the first three college buildings.

THE GRIDLEY PROFESSORSHIP IN MATHEMATICS—The gift of Clinton C. and Mattie L. Gridley of Vancouver, Washington, for maintenance of a professorship in mathematics.

THE FOSTER PROFESSORSHIP IN RELIGIOUS EDUCATION—The gift of the friends of John O. Foster, long time teacher of religion in the College of Puget Sound, for maintenance of a professorship in religious education.

THE McCORMICK PROFESSORSHIP IN ECONOMICS—Founded by Mrs. Anna E. McCormick of Tacoma, in memory of her husband, Robert Laird McCormick, LL. D., lumberman, businessman, and economist of the city of Tacoma, for maintenance of a chair in economics.

THE DAVIS PROFESSORSHIP—Made possible by a subscription to the general endowment funds, by the Alumni Association of the College of Puget Sound in honor of the many years of service of Professor Walter S. Davis, a professor of history.

THE FRANK W. BAKER MEMORIAL SCHOLARSHIP FUND—Given by Mrs. Jennie S. Baker to establish a scholarship in memory of her husband. The income from this gift is to be used for the assistance of worthy students.

THE SHERMAN E. ELLIS FOUNDATION—Created by a gift of the First Methodist Episcopal Sunday School of South Manchester, Connecticut. The income is to be used for the purchase of books for religious education.

THE MATTIE L. MASTERS FUND—Established by the college in her memory. Her gift was made as a bequest and is unrestricted.

THE MINERVA PAYNE TODD FUND—Given by Edward H. Todd, President of the College, in memory of his mother, Minerva Payne Todd, as unrestricted endowment.

MEMORIALS AND FOUNDATIONS

The Blaine Fund—Given by Edward L. Blaine of Seattle, in memory of his father and mother, Rev. David E. Blaine and Catherine P. Blaine, pioneers and founders of church and school work in Seattle, to be used as unrestricted endowment.

The Rowland Fund—Given by Dix H. Rowland of Tacoma, in memory of his mother, Harriet O. Rowland, as unrestricted endowment.

The Wilson Fund—Given by George E. Wilson of Yakima, Washington, in honor of his deceased daughter, Anne Fernie Wilson, as unrestricted endowment.

The Charles H. Ames Memorial Fund—Established by Mrs. Minnie Ames to perpetuate the memory and influence of her husband in each succeeding generation of young people, to be used as unrestricted endowment.

The Rev. John T. Roberts Memorial Fund—Established by Mrs. Elizabeth Roberts to perpetuate the memory of her husband and to assist young people who are preparing for the ministry.

The Lillian Maiben Chair of Home Economics was named in recognition of the generous gifts of Miss Maiben and her three brothers to the endowment funds of the college.

EVERY person enrolled at any time in the College of Puget Sound is automatically a member of one of the four groups called quadrants. The college has originated this organization to keep in touch with all former students and graduates, and, in fact, with all who have had any connection with the institution.

This division into four groups is based upon the fact that there are always four classes in college. Since the first four classes graduated were the first enrolled in the institution, they naturally head the four quadrants. Hence the class of '93 heads Quadrant I; the class of '94, Quadrant II; the class of '95, Quadrant III; and the class of '96, Quadrant IV. Each Quadrant has at present twelve classes, including those now in college.

One class in every succeeding college generation, which is four years in length, automatically belongs to one of these groups. The freshman class of the fall of 1893 automatically became class number two in Quadrant I. The one which entered in 1897 became class number three in Quadrant I. Please note the table below, which illustrates this, and which will show you in what quadrant you and your class belong.

COLLEGE OF PUGET SOUND

A quadrant secretary is appointed in every class as it enters college. That secretary holds office for four years. His duty is to correspond with persons in classes belonging to his quadrant. When his class graduates, he should continue as secretary of that class to correspond with his quadrant representative in the college.

Each quadrant secretary is an aide-de-camp to the executive secretary of the Alumni Association. This executive secretary is related directly to the officers of the Alumni Association and to the president of the college. Through this organization every person who has ever attended the college continues to be a member of the college community. He will receive various communications, if his address is known.

Each of the four quadrants represents some field of learning, and the academic color of that field is the official color of the quadrant.

The college is "dedicated to the promotion of Learning, Good Government, and the Christian Religion." The State of Washington, by law, incorporated the college as an institution of higher learning. Quadrant I represents this first act—law or good government. Its color is purple.

The church proceeded to organize the institution. Therefore, the second quadrant represents religion. Its color is cardinal.

The college uses science and the scientific method to accomplish its task in education. Quadrant III represents science. Its color is yellow.

Quadrant IV represents learning, or liberal arts. Its color is white. It is presumed that white contains all other colors in one brilliant blend. All fields of learning are entered insofar as funds are available to furnish equipment and faculty.

Through the above organization each matriculant, and every graduating class, has organic union with the college, and has a representative class and a quadrant officer on the campus. Truly all of those who have ever matriculated, or who ever will matriculate, are one and inseparable in organization, purpose, and spirit. Together we can keep our Alma Mater going forward to new heights.
The Alumni Association has a governing board of fifteen members, five of whom are elected each year. In addition, the trustees elected by the alumni are ex officio members of this board. The present officers of the association and the directors are:

Donald D. Wellman.................................................President
Gordon E. Tatum......................................................Vice-President
Mary Louise Curran..............................................Secretary-Treasurer
Franklin E. Johnson...............................................Auditor
Richard D. Smith..................................................Executive Secretary
Richard Sloat Richard Wasson John D. Cochran
Fordyce Johnson, M. D. Mary Louise Curran Elizabeth Shackleford
Dora Langton William F. LeVeque Gordon Tatum
Ethelyn Lewellen Baker Robert Sconce Herbert M. Edwards
Somers R. Sleep, M. D. Donald D. Wellman Margery S. Davisson

The following are ex officio members:
Paul B. Hanawalt Stanton Warburton Henry W. Cramer
Franklin E. Johnson Mrs. Frances Goehring Swayze
John D. Cochran

NOTE TO ALUMNI

All graduates and former students of the College of Puget Sound are requested to inform the Alumni Secretary of any change in address or occupation, or of any event of especial interest to the institution or their former classmates.

METHODS OF GIVING TO THE COLLEGE

Gifts to colleges, whether direct during the life of the donor or by bequest, are exempt from gift and estate taxes. Also annual gifts up to 5% of the net income of business enterprises and 15% of personal income are deductible in making income tax returns. The fact that these exemptions are provided by law, is evidence that colleges are considered necessary for the common good.

The College of Puget Sound should have a much larger income in order to do its best academic work. It would be possible for many persons to serve as living endowments of the College of Puget Sound if they would put into their annual budgets a sum to be paid to the College each year for current and other expenses.

The College of Puget Sound is dedicated to the promotion of Learning, Good Government, and the Christian Religion. The development of these three social expressions is essential to democracy and to the American way of life. Gifts and bequests to the College are effective methods whereby our country will be maintained. Your gifts will become perpetual savings and a vital expression on your part in creating good citizens.

On the next page are legal forms for making bequests to the College. In using them please note:

Both the Will and the Codicil to the Will must be signed by the person making these instruments in the presence of two persons; and said two persons must sign as witnesses in the presence of each other and of the person making the bequest. The corporate name of the College is "College of Puget Sound."

Conferences relative to gifts and bequests may be had with the president or other officers of the College upon request.
FORM OF BEQUEST

I give, devise and bequeath to the College of Puget Sound, an institution of higher learning incorporated under the laws of the State of Washington and located at Tacoma, Washington, and its successors forever, the sum of ________________________________ $ ________________________

(or otherwise describe the gift) for its general corporate purposes (or name of particular corporate purpose) as desired.

FORM OF CODICIL TO WILL

Having heretofore made my last Will and Testament, dated ________________________________, and being still of sound mind and memory, I hereby make, publish and declare the following thereto:

________________________________________________________

(Here insert any change or addition which it is desired to make to the Will).

Except as hereinbefore changed, I hereby ratify and confirm my said last Will and Testament.
