Dedication

The student-body and alumni of the College are organized on a quadrant plan. This has a physical symbol in "The Color Post."

Colors on the four sides of the post are purple, red, yellow and white, which stand in academic usage respectively for law, religion, science and the arts. Thus it represents also the College's motto of "Learning, Good Government and the Christian Religion."

Each college class holds one side of The Color Post and belongs to the group of classes, or the Quadrant, which has held it as undergraduates. When a side is left vacant by a graduating class the next entering class receives it.

The catalog is dedicated to outgoing and incoming classes. As this is a publication covering two years it honors incoming classes 1959 and 1960 and outgoing classes 1963 and 1964.

Dean Regester
The College reserves the right to make changes in the announced program and regulations as deemed by the faculty and administration to be desirable, and to put them into effect, after notice, at suitable times within the period covered by this catalog.
### College Calendar

**SUMMER SESSION, 1959**

- **Registration**: Friday, June 12
- **Classes begin**: Monday, June 15
- **Graduate Record Examinations**: July 21, 22
- **End of first half of summer session**: Wednesday, July 15
- **Classes begin for second half**: Thursday, July 16
- **Close of summer session**: Friday, August 14

---

**FIRST SEMESTER, 1959-60**

- **Registration for day classes**: Mon., Tues., Wed., September 14-16
- **Freshman Induction**: September 14-16
- **Registration for late afternoon and evening classes, 3 to 9 p.m.**: September 17, 21-23
- **Classes begin—day, late afternoon and evening classes, 3 to 9 p.m.**: September 17
- **Christmas Recess, begins**: Saturday, December 19
- **Thanksgiving Holiday, begins at noon**: Wednesday, November 25
- **Mid-semester grade reports**: Friday, November 30
- **Last day of the first semester**: Wednesday, January 27

---

**SECOND SEMESTER, 1960-61**

- **Registration for day classes**: Mon., Tues., Wed., January 17-19
- **Mid-semester grade reports**: Friday, February 10
- **Last day of the second semester**: Monday, May 29

---

**REGISTRATION**

- **First week of registration**: Friday, June 12
- **Second week of registration**: Monday, June 15
- **Graduate Record Examinations**: July 21, 22
- **End of second half of summer session**: Wednesday, July 15
- **Classes begin for second half**: Thursday, July 16
- **Close of summer session**: Friday, August 14

---

**HOLIDAYS**

- **Thanksgiving Holiday**: Thursday, November 26
- **Christmas Recess**: Monday, December 26
- **New Year's Day**: Monday, January 1

---

**EXAMINATIONS**

- **Mid-term examinations**: Monday, January 11
- **Final examinations**: Monday, May 29
SECOND SEMESTER, 1959-60

Registration for day classes ................................ Mon., Tues., February 1, 2
Registration for late afternoon and evening
classes, 3 to 9 p.m. ........................................ February 3, 4, 8, 9
Classes begin—day, late afternoon and evening .................. February 3
Graduate Record Examinations ................................ March 8, 9
Latest date for removal of INC. or K grades ............... Friday, March 18
Latest date for discontinuing a course without F, unless
work is satisfactory to date of withdrawal .................. Friday, March 25
Mid-semester grade reports .................................. Friday, April 1
Spring Recess, begins ....................................... Saturday, April 9
ends at 8:00 a.m. ........................................ Mon., April 18
Senior Recognition Day ..................................... Tuesday, May 10
Closed Period (from 6 p.m. to 6 p.m.) ..................... May 20-June 3
Examinations ................................................. May 31-June 3
Baccalaureate and Graduation Convocation .............. Sunday, June 5

SUMMER SESSION, 1960

Registration .................................................. Friday, June 17
Classes begin ................................................ Monday, June 20
Independence Day Holiday .................................. Monday, July 4
Graduate Record Examinations ............................. July 12, 13
End of first half of summer term ........................... Wednesday, July 20
Classes begin for second half .............................. Thursday, July 21
Close of summer term .................................... Friday, August 19

FIRST SEMESTER, 1960-61

Registration for day classes ................................ Mon., Tues., Wed., September 12-14
Freshman Induction ........................................... September 12-14
Registration for late afternoon and evening
classes, 3 to 9 p.m. ......................................... September 15, 19, 20, 21

Graduate Record Examinations ............................ July 11, 12
End of first half of summer session .................... Wednesday, July 19
Classes begin for second half .............................. Thursday, July 20
Close of summer term .................................. Friday, August 18
GENERAL CHARACTER

The College of Puget Sound offers courses of study leading to bachelors' and masters' degrees in the arts and sciences. It also offers professional training and degrees in teaching, music, occupational therapy, business, nursing, and medical technology, and preparatory courses for students of medicine, law, engineering, dentistry, and theology.

The College is coeducational. Its aim is to produce men and women who, in addition to being competent in their respective areas of study, will become well integrated persons and leaders in their communities.

The College provides a carefully balanced education within a Christian framework. The Christian religion is presented without denominational bias; and to its presence throughout the whole program the College attributes its character.

HISTORY

The College of Puget Sound was founded as Puget Sound University in Tacoma, Washington, on March 17, 1888, on initiative of the Puget Sound Annual Conference of the Methodist Episcopal Church and by authorization of the Territorial Legislature. In 1903, the corporation became the University of Puget Sound; and in 1914, taking its present name, it was reorganized as a college of liberal arts.

In 1916, an endowment of a quarter-million dollars was completed through the James J. Hill Grant. By 1932 an additional million dollars had been added to the general endowment fund. The College at present, operating as an independent, non-tax-supported institution, has an endowment of more than two-and-one-half million dollars and total assets worth more than eight million dollars.

CAMPUS AND PLANT

Originating in one frame building, the College of Puget Sound now occupies fifteen brick-faced concrete structures conveniently spaced over a campus of sixty acres. All of the College's resources and facilities have been well designed and directed for the benefit of the students.

C. H. Jones Hall houses the administrative offices, classrooms and art galleries. In addition, it contains the main auditorium, and the Gail Pauline Day Memorial Chapel.

Leonard Howarth Hall is the science building. Physics, biology, chemistry and geology laboratories are here, as well as a completely equipped home economics department.

The Music Building contains studios, classrooms, practice rooms, listening rooms, a recording studio, student and faculty lounges, and a recital hall.

The Gymnasium contains facilities for women's athletics and sports. Adjoining the gymnasium is a large, sodded playfield.

The Everell S. Collins Memorial Library contains over eighty-two thousand volumes. Besides being a depository for federal documents the library subscribes to a selected list of three-hundred-and-fifty periodicals. The reading rooms have a seating capacity of six-hundred. There is also a fully-equipped film-projection room, student lounge, typing rooms, special study rooms, and a rare book collection.

The Memorial Field House measures two-hundred by one-hundred-eighty feet, with space for four basketball courts. Its total seating capacity is over six-thousand. Besides providing for men's physical education, it houses the Air Force ROTC Unit.

The Agnes Healy Anderson Hall is the women's residence. Attractively designed to accommodate two-hundred women, the hall contains student rooms, lounges, study rooms and recreational facilities.

Harrington Hall is a new women's residence with facilities for seventy-eight women. There are two beautifully furnished lounges, plus study, typing and recreational rooms.

The Edward H. Todd Hall is the men's residence. This hall contains facilities for one-hundred-and-twenty-five men. Besides the student rooms, there are lounges and recreational facilities.

The John M. Kittredge Hall is the student union building—the "SUB." It contains the book store, cafeteria, student activities offices, lounges and sorority chapter rooms. A new, larger student center, with increased facilities, is in preparation.

New Hall is the new men's residence. This hall is located just south of Todd Hall. Besides student rooms for seventy-eight men, there are lounges and recreational facilities.
The Flora B. Tenzler Hall, new residence for women students, was completed for occupancy in September, 1958. This beautiful new dormitory, which will accommodate seventy-two women, is one of the most advanced and unusual on any college campus. The style of the four-floor structure is a block of three suites built around a private bath. This home for women students is one of the finest on the coast.

The Hugh Wallace Memorial Swimming Pool, an indoor Olympic sized, eighty-two-foot, six-lane swimming pool, a contribution by the Hugh Wallace Foundation, was completed in 1957.

The New Student Center, a million-dollar project, will be approximately a block long and a half block wide. The "great hall" dining room will seat five-hundred. In the room will be a mammoth fireplace, its size being emphasized by a vaulted ceiling, hand-hewn timbers and clusters of circular feudal type lighting fixtures. A second dining room will seat another five-hundred, and there will be student body offices, lounges, a recreational area and many other facilities. This will also be the home of the Peggy Strong murals.

The Dr. W. B. Burns baseball diamond, and the athletic field and stadium, occupy positions between the Women's Gymnasium and the Memorial Field House.

The President's Home, a large beautiful residence on a spacious lawn, is located on the northwest corner of the carefully planned and landscaped campus.

ACADEMIC STANDING

Long recognized for its academic excellence, the College of Puget Sound was placed on the accredited list of the Association of American Universities and remained continuously on that highly selected list until the association discontinued accrediting function in 1948.

The College of Puget Sound is accredited by the Northwest Association of Secondary and Higher Schools. This accreditation is recognized by all other regional accrediting associations of the United States.

For particular work in the professional fields, the College is accredited by the American Medical Association, the University Senate of the Methodist Church, the National Association of Schools of Music, the American Association of University Women, the American Chemical Society, and the Washington State Board of Education.
Admission

ADMISSION TO THE FRESHMAN CLASS

Graduates of accredited high schools may apply for admission to the freshman class. They must take the aptitude test administered nationwide by the College Entrance Examination Board. Applicants will then be selected on the basis of qualities which give promise of success in higher education.

Factors considered are:
1. Evidence of graduation from an accredited high school.
2. High school subjects and grades.
3. Recommendation of high school principal.
4. References from high school counselors.
5. Scores on the College Board’s Scholastic Aptitude Test.
6. Scores on USAFI General Educational Development Tests (only for active or honorably-discharged members of the armed services).
7. Evidence of satisfactory physical condition.

Formal application should be made to the College on the “Uniform Personal and Scholastic Record and Application for Admission to Higher Institutions in the State of Washington.” This form is available in the principals’ offices of all high schools in the State of Washington or may be obtained by request from the Director of Admissions at the College. When properly completed, the form presents necessary information on Factors 1 through 4 above. Applications should be received in the Admissions Office not later than two weeks prior to the registration date set for the semester.

Candidates must make arrangements directly with the College Entrance Examination Board for the required test, and should take these actions:
1. Write early to the College Entrance Examination Board* for a copy of the Bulletin of Information. The Bulletin contains full instructions, a list of places where the examination will be given, and an application blank.
2. Complete the application (for the Scholastic Aptitude Test only) and send it to the appropriate office of the Board with a remittance of $7.00 made payable to the Board.

All candidates will be notified by letter of the action taken on their applications. Accepted candidates will receive formal certificates of admission. The College necessarily reserves the right to reject any application.

ADVANCED STANDING FOR SUPERIOR ACHIEVEMENT STUDENTS

Upon demonstration of special achievement through examinations in the College Board Advanced Standing Program and upon recommendation of high school teachers, students may be given the opportunity for advanced standing. Such students would be permitted to omit first year college courses in certain subject areas. Credit may or may not be given for the courses by-passed.

ADMISSION TO ADVANCED STANDING

Students who have attended other accredited colleges or universities, and former students of the College of Puget Sound, may apply for admission to advanced standing.

Admission will be granted on the conditions set forth below:
1. The applicant must have on file with the Registrar of the College an official transcript of his record from each college or university previously attended. Such transcripts must be sent by these institutions directly to the College, not by way of the student. Transcripts must be on file at least two weeks prior to the first day of registration of any session to assure consideration.
2. The applicant must present a certificate of honorable dismissal from the last-attended institution. No exception will be made to this condition.
3. The applicant’s scholastic record must give clear indication of probable success in a college course of study.

*For students in the western states or Pacific Area the address is Box 27896, Los Angeles, 27, California; in the eastern states, Box 592, Princeton, New Jersey.
Assignment of advanced standing will be made following evaluation of the student's transcript. Evaluation and assignment are subject to the following considerations:

1. Advanced standing assigned to any student will be tentative until one subsequent semester of normal enrollment has been completed satisfactorily. At that point the assigned standing may be revised before being accepted towards graduation as part of the student's permanent record.

2. Credit from accredited junior colleges will be accepted but not to exceed sixty semester hours plus four physical education credits.

3. Credit for extension or correspondence courses will not be accepted in excess of fifteen semester hours. Such credit will be considered only from accredited institutions having organized departments for extension and correspondence study, and on condition that courses taken after a student is admitted to the College have been approved by the Registrar at the time of enrollment.

4. A student eligible for junior or senior standing must indicate his choice of major subject when submitting his transcript.

ADMISSION TO GRADUATE STUDY

Students holding bachelors' degrees from accredited colleges and universities may apply for admission to graduate study. Each applicant must file with the Registrar an official transcript from the institution granting his degree and from any attended subsequent to graduation.

Not all persons engaged in graduate study are candidates for the master's degree. Application to work for a master's degree must be made to the Chairman of the Graduate Committee, and suitability of the candidate and of his program must be passed by the Committee. Students who are enrolled in graduate study in accordance with these conditions will be admitted to candidacy for the master's degree after a semester of satisfactory graduate residence work.

ADMISSION OF SPECIAL STUDENTS

Mature students who are not graduates of high schools, or students from accredited institutions, are occasionally admitted as special students. Applicants should consult the Dean of Students for procedure. Special students may enroll for courses for which they are prepared, but are not considered candidates for any degree.

On application to the Dean of Students a special student may be granted regular class standing after satisfactorily completing one full year of residence study.

ADMISSION OF AUDITORS

Persons who desire to attend courses as auditors, or non-credit students, may be admitted only on the authorization of the Dean of the Faculty. The fee for auditors is half the regular tuition charge except that this reduction is not given in the evening or summer classes or in classes where participation is involved. Auditors will not ordinarily receive instruction or attention from the instructor in charge.

Registration

FRESHMAN INDUCTION

All first-year students are required to participate in Freshman Induction scheduled before the date for the beginning of classes. Announcement of the first freshman meeting will be sent each student. The purpose of Freshman Induction is to acquaint the new student with the College's facilities, objectives and opportunities. Aptitude and achievement tests are also a part of the induction program. The results of these tests are used by advisers to assist the student in planning his college program of studies and activities. A freshman is not fully registered until he has completed these tests.

REGISTRATION DAYS

Dates for registration for each session are listed in the college calendar in the front of this catalog.
LATE REGISTRATION

Students unable to register at the scheduled time are requested to advise the Registrar. Late registration will be cared for only at the convenience of the faculty and registration officials. An extra fee is charged for all late registrations.

NORMAL ENROLLMENT

The normal enrollment for a student will be fifteen credit hours, and a physical education activity. A student may not register for more than sixteen academic credit hours in a semester, or seventeen credit hours inclusive of a physical education activity credit or a basic ROTC credit, except by recommendation of his faculty adviser, and approval by the Registrar or Dean of the Faculty. Registrations for more than eighteen hours must have approval by the Dean of the Faculty. For amounts not exceeding eighteen hours, approval to students whose grade point averages are 3.0 or better may be given by the Registrar.

REDUCED ENROLLMENT

Students engaged in outside work during any semester should consider their health and the quality of their academic work. Those employed for more than two hours per day would do well to reduce their enrollment. The office of the Dean of Students is available for advice in this matter.

PRECEDENCE OF COURSES

Students must give precedence to required courses in arranging their schedules. Work required by reason of delinquency in previous courses must also be given precedence.

CHANGE OF REGISTRATION

The student's choice of studies, once made and filed with the Registrar, is expected to be permanent. If a change becomes necessary at any time, the student must report to the Registrar's Office for appropriate forms and instructions.

After the second week of class meetings, courses may be cancelled but none added. After the date listed in the college calendar a student who withdraws from a course in which his standing is below C will have a record of F.

Courses discontinued without official withdrawal will be graded F on the student's record. Credit will not be granted for courses not properly registered.

CHANGE OF ADDRESS

Students must keep the Registrar's Office advised of any change of their local or home addresses.

ADVISORY SYSTEM

When admitted to the College, each student is assigned to a member of the faculty who acts as his academic adviser until a major subject of study is chosen. The student's registration for each semester must be approved by this adviser. After the student has chosen a major subject, the head of instruction in that subject is his academic adviser. Each subsequent registration must be approved by the major adviser. This service will not release the student from personal responsibility for satisfaction of general requirements for graduation as stated in the catalog.

ATTENDANCE

Students are expected to give punctual and regular attendance at all classes and laboratory periods in courses for which they are registered. Absences are counted from the first day of the college term, not from the student's personal registration. All work missed by reason of absence, regardless of cause, must be made up. A student's membership in a class may be discontinued for frequent tardiness or absence. An instructor may report a student to the Registrar's Office for cancellation of registration in a particular course when the number of absences from it exceeds twice the number of class meetings per week. In such a case, unless the student secures reinstatement on grounds satisfactory to the Dean of the Faculty and to the instructor in the subject, a grade of F will be given for the course.

WITHDRAWAL

A student may terminate his registration by completing a withdrawal card available in the Registrar's Office. Conditions regarding withdrawal are the same as those concerning change of registration.
Degrees Offered

The degrees of Bachelor of Arts and Bachelor of Science are given for completion of under-graduate programs in arts and sciences. Bachelor of Arts in Business Administration, Bachelor of Arts in Education, Bachelor of Arts in Physical Education, Bachelor of Science in Geology, Bachelor of Science in Occupational Therapy, Bachelor of Fine Arts, and Bachelor of Arts or Science in Home Economics are offered in more specialized or applied curricula. The degree of Bachelor of Music will be given to students who major in fields of music other than literature.

The Bachelor of Education degree is granted to students who hold an A.B. or B.S. degree from an accredited college or university, and who meet residence and specific course requirements at the College of Puget Sound.

The College also offers work leading to the degrees of Master of Arts, Master of Science, Master of Arts in Education, Master of Education, and Master of Business Administration.

The requirements for each of the degrees are prescribed below. Applications for candidacy for a degree must be made not later than the first semester of the year in which such degree is sought.

Graduation Requirements

Regulations Concerning Credits and Grades

CREDIT HOURS

For each course of study successfully completed a student receives a number of credit hours which is equal to the number of standard-length class meetings per week. For example, a class which meets three times a week through a semester gives three credit hours. Lecture or recitation meetings are fifty minutes in length, and it is expected that there will be, on an average, two hours of preparation for each class meeting. Credit for laboratory periods is counted on the basis of one credit hour for two or three hours of laboratory work.

CLASSIFICATION OF STUDENTS

Freshman Standing—A student who has satisfied all entrance requirements has freshman standing.

Sophomore Standing—A student who has satisfied all entrance requirements and has a total of 24 credit hours and 48 grade points has sophomore standing.

Junior Standing—A student who has at least 55 credit hours and 110 grade points has junior standing.

Senior Standing—A student who has at least 84 credit hours and 168 grade points has senior standing.

GRADE REPORTS

Reports of the standing of all students in each of their courses are made to the Registrar at the middle of each semester, and unsatisfactory conditions are immediately considered by the students' advisers and the Deans. The student is notified of unsatisfactory conditions, and, when it seems warranted, the parents of the student are also informed.

Semester reports of grades are given to the student the second week following the close of the first semester. Second semester grades are mailed to the home address.

SYSTEM OF GRADING

<table>
<thead>
<tr>
<th>Grades</th>
<th>Significance</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Unusual Excellence</td>
<td>4</td>
</tr>
<tr>
<td>B</td>

</tr>
<tr>
<td>D</td>
<td>Passing</td>
<td>1</td>
</tr>
<tr>
<td>I</td>
<td>Incomplete</td>
<td></td>
</tr>
<tr>
<td>K</td>
<td>Conditional</td>
<td></td>
</tr>
<tr>
<td>F</td>
<td>Failure</td>
<td>0</td>
</tr>
</tbody>
</table>

A student is reported incomplete in a course only on condition that his work has been generally good and the instructor considers that additional time is warranted for a specific piece of work which was missed or unfinished. To secure credit for this work must be completed not later than six weeks after the beginning of the next semester.

A grade of K means work that is unsatisfactory but in which credit might be secured by a later examination. Failure to take examination not later than six weeks
after the beginning of the semester following that in which the grade of K was secured, or to make a grade of C in the examination, will convert a K into F. In no case can a K be converted into a grade higher than a D.

SPECIAL EXAMINATIONS

A student who is absent from an examination or test may take a special examination or test only in case his absence was excusable. A charge of one dollar is made for a special final examination or qualifying examination such as is required in the case of excessive absences. A student must obtain a permit from the Dean of the Faculty and a Bursar's receipt for payment of the fee before he takes a special test or examination.

GRADE REQUIREMENTS

Earnest application to the academic program is expected from every student. The minimum qualification for graduation is 125 semester-hours of credit, of which not less than 120 are in academic subjects, with cumulative grade-point average of not less than 2.00 for all work attempted, and not less than 5 are for physical education activities.

A student who fails in more than one course, or one-third or more of his registered hours in any session, will not be permitted to re-register except by special action of the Admissions Committee.

If a student earns in any session a grade-point average less than 1.75, he will be on scholastic probation for the next session of college attendance. Should he earn a grade-point average less than 1.75 in a probationary session, he will not be permitted to re-register except by special action of the Admissions Committee.

A student whose general scholastic record is unsatisfactory will be placed on probation or refused permission to re-register. To be in good academic standing, the following minimum cumulative grade-point average must be maintained: Freshmen, 1.75; Sophomores, 1.85; Juniors, 1.95; Seniors, 2.00.

If a student's cumulative grade-point average falls below that for his respective class in any term, he will be placed on academic probation for the following term. If, in the following term, he does not reach the requisite grade-point average, he will not be permitted to re-register.

A student on probation for scholarship is not eligible to hold office in student organizations, to participate in extra-curricular activities, nor to be pledged or initiated into a social fraternity or sorority. (See Eligibility Rules in another part of this catalog for complete information.)

A Senior will not be placed on the list of students to be graduated at the end of a semester or session which he is on scholastic probation.

CONVOCATION

There are regular convocations which serve educational and cultural purposes, and promotion of interests of the College community. Attendance at these is a part of each student's program, and in order to be in good standing a student must have a record of satisfactory in convocation attendance during, and at the end, of any semester in which he is in attendance at the College.

GRADUATE RECORD EXAMINATIONS

The College administers the Graduate Record Examinations to its senior class. These examinations give a rating on national standards in general education and in the major subject. The examinations must be taken by all students in the final semester of their senior year.

INDEPENDENT STUDY FOR HONORS

To Juniors and Seniors of superior ability the College offers an opportunity to pursue independent investigation in their major subjects.

Independent study may be requested by a student or suggested by one of his instructors, but in all cases recommendation by the faculty member who will be his major instructor and approval by the committee having general supervision of independent study are requisite. A grade-point average of 3.0 is a general standard, though selection will be based on the student's attitude and on the quality of his work in the subject in which he proposes to specialize rather than on his grade in all subjects.

Upon beginning independent study, a student will choose in conference with his major professor the topics, periods, and literature for investigation. Regular conferences and reports will be required as means of giving help and of determining progress, but credit will be based on knowledge of the subject rather than a fulfillment of formal requirements.

The student's knowledge of his subject will be determined by comprehensive written and oral examinations to be held during the second and third weeks of May in the senior year. A student who stands well in these examinations will be excused from examinations at the end of the senior year in all courses satisfactorily carried during the semester.
The comprehensive examinations will not be given in any case by a single instructor, but by a board drawn in part from outside the department or the institution. They will be under supervision of the committee on independent study.

Credit in amount recommended by the major instructor, but not to exceed five hours for a single semester, may be allowed toward the hours required for graduation, subject to confirmation by the examining board. It is to be registered in any of the subject fields in which the work is done under the numbers 495, 496.

Each student must present a thesis displaying critical study of a designated area in the field of major interest, for which four hours may be allowed. The subject of the thesis must be submitted to the committee through the major instructor before October 15 of the senior year. The completed thesis must be submitted to the committee for approval before May 1 of the senior year.

A student will be recommended by the committee on the basis of his examinations and general record, (1) for a degree without honors, (2) for a degree with special mention in his major subject, or (3) for a degree with honors and with special mention in his major subject.

Capable students will be encouraged to start independent study at the beginning of the junior year, but they may be admitted at the beginning of any subsequent semester. A student who has begun independent study may be discontinued at the beginning of any semester by his own request or by action of the committee, and credit will be allowed on an evaluation of work done. A student who starts on the plan of independent study late, and who has taken most of his work in regular courses, is eligible equally with the others for honors, but must meet the requirements of thesis and comprehensive examinations on the same basis.

**GRADUATION HONORS**

A degree with honors will be given to students who have given special evidence of intellectual ability and scholarliness. This distinction will be granted through recommendation by the Committee on Awards and Honors, based on the student's grade record and other evidences of knowledge and scholarly qualities, and approval by the faculty.

Students who are accepted for independent study are candidates for special mention in their major subjects on their diplomas and for degrees with honors.

Students who are candidates for honors may be exempted from examinations in courses in the final semester of the senior year.

**REQUIREMENTS FOR UNDERGRADUATES**

**A. GENERAL REQUIREMENTS**

1. Undergraduates working for degrees in any department of the College must take courses in each of the fields listed below, as specified in the accompanying statement.

   a. English Composition, six credit hours.

   b. Natural Science, a one-year laboratory course in a biological science and a one-year laboratory course in a physical science, except that, if a student has completed a unit of either type of science in high school, he may satisfy the requirement by a one-year course in the other type; and, if he has completed a unit in each, he may satisfy the requirement by one year of any laboratory science or of Mathematics 111 and 112.

   c. Social Studies, not less than nine semester hours from specified courses.*

   d. Humanities, not less than nine semester hours which shall be from specified courses and shall include three semester hours in religion.*

   e. Physical Education, five semester hours in activity courses, four of which may be in Basic Air Science, provided, however, that not more than one activity credit may be earned in any given semester.

2. Not later than the end of the sophomore year each student shall declare a field of specialization, or major subject, and shall secure approval of the choice from the head of the department in which the major falls. The major shall contain not less than twenty-four semester hours, with not less than twelve hours above sophomore level. Work of a D grade may not count in a major or in courses necessary to it. A comprehensive study examination in the major subject shall be taken near the end of the senior year.

3. Each student shall also choose a second field of specialization, or minor subject, in which not less than fifteen semester hours shall be taken. The minor should broaden the student's study rather than intensify his specialization, and may not be in the same field as the major subject. The choice of the minor subject must be approved by the head of the department in which the major falls. Work of a D grade may not count as part of the minor.

4. A total of not less than one hundred and twenty-five semester hours, of which not less than forty are above the sophomore level.

*The requirement in social studies may be met by choice from any courses in economics, history, or political science, or from Psychology 201, 381, and Sociology 111, 112, 201, 202, 301, 302, and 401. Selection to meet the humanities requirement may be from Art 107, 324, 325, 326, English literature, courses in literature or in national culture in the foreign languages, Music 105, 194, 303, 304, philosophy, Religion 101, 201, 202, 361, 461, 482.
B. SPECIAL REQUIREMENTS FOR:

1. The degrees of Bachelor of Arts and Bachelor of Science:

a. Candidates for the Bachelor of Arts or Bachelor of Science degree must choose a major in a department in Arts and Sciences: for the A.B., art, economics, English composition, English literature, French, German, history, mathematics, music, philosophy, political science, psychology, religion, sociology, Spanish, speech and dramatics, or one of the sciences; for the B.S., biology, chemistry, geology, mathematics, or physics.

b. Candidates for these degrees must complete two college years, or the equivalent, in one foreign language. Students with one year of a foreign language in high school may enter the second semester of the elementary course, with two years the first semester of the intermediate course.

c. Candidates for the B.S. degree must complete the following courses: Chemistry 101, 102, Mathematics 111, 112, and Physics 201, 202 (except for majors in biology who have had a year's course in physics in high school or an equivalent). The foreign language chosen for the B.S. degree must be French, German or Russian, with the provision that students majoring in Chemistry should elect German. Students who major in Geology may substitute Spanish.

2. Special degrees:

Students who select majors in business administration, education, home economics, occupational therapy, or physical education will be candidates for special degrees. These include B.A. in Business Administration, B.A. in Education, B.A. in Home Economics, B.S. in Home Economics, B.S. in Occupational Therapy, and B.A. in Physical Education. In geology a program without foreign language and with modification of the requirement for the B.S. may be followed for a degree of Bachelor of Science in Geology.

Candidates for degrees of Bachelor of Science in Medical Technology, Bachelor of Science in Nursing, Bachelor of Music, or Bachelor of Fine Arts should consult the parts of the catalog which deal with the particular field or curriculum involved.

C. MINIMUM RESIDENCE AND CREDITS

To be recommended for graduation from any curriculum, a student must have been in attendance at least two semesters, one semester and two summer sessions, or three summer sessions, and present a minimum of thirty semester hours, six of which must be in the major, earned in the College of Puget Sound.

In the case of students who spend only one year in residence, this must be the senior year; in all other cases, except as hereinafter provided, without regard to the amount of previous residence, the last fifteen semester hours must be completed in residence.

After completing ninety semester hours, which include the specific requirements and five physical education credits, at the College of Puget Sound, a student may transfer to a professional school and upon completing work in the professional school equivalent to the additional thirty hours required apply for a degree from this College.

D. MILITARY TRAINING REQUIREMENTS

(Department of Air Science)

1. Subject to the exceptions stated herein, every entering freshman male student will be required to complete successfully four semesters of military training.

2. Subject to the exceptions stated herein, every male student who enters the College with advanced standing shall in each semester until he achieves junior standing successfully meet the military training requirements.

3. Exemptions from the military requirements will be granted to students in the classifications listed below:

a. Persons who are twenty-three years of age or over at the time of original entry into the College.

b. Students who enter as juniors, seniors, or graduate students.

c. Students registered for nine credit hours or less exclusive of AFROTC.

d. Students who are not citizens of the United States.

e. Students who are members on active duty of the Armed Forces or Coast Guard of the United States, or commissioned officers of the National Guard, or reserve officers of the Armed Forces or Coast Guard of the United States.

f. Students who claim college credit for military training elsewhere. Such students shall make their claims upon registration; all credits allowed shall be filed in the student’s permanent record file in the Registrar’s Office.

g. Students with previous military service. Exemption from one year of military training shall be granted to men who have served not less than six months, but who have served less than one year of active duty in the
Armed Forces or Coast Guard. Complete exemption from military training shall be granted:

(1) To men who have served one year or more of active duty in the Armed Forces or Coast Guard, and
(2) To those who hold a Certificate of Disability Discharge. The Registrar shall process exemptions specified in this paragraph.

h. Students who, because of physical condition, are exempted by the college physician.
i. Students who seek exemptions on grounds other than those specified above will petition the Dean of the Faculty.

4. Male students requesting exemptions other than those listed under paragraphs (a) to (e), inclusive, of Rule 3 shall register for the proper course and shall attend classes until their requests for exemption have been granted.

5. The military training requirement shall normally be satisfied during the first four semesters of residence. Deferment of the requirement shall become effective only upon recommendation of the Dean of the Faculty. Deferment of the military training requirement shall not be construed as exemption.

6. Students exempted from any of the military training requirements shall be required to earn equivalent credit in other college courses. This shall be done according to the rules established by the College.

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF EDUCATION

The degree of Bachelor of Education will be granted under certain conditions to students who have a previous bachelor's degree and who have completed the additional requirements specified by the State Board of Education for certificate to teach in the public schools. The requirements are listed in further detail in the Education section.

REQUIREMENTS FOR THE MASTER'S DEGREE

The master's degree is granted only after a full year or more of residence work following receipt of a bachelor's degree, and upon the completion of an approved program of study, including, except in the case of the Master of Education, the preparation of a thesis.

Candidates are accepted only in departments which provide the conditions of sufficient advanced courses, instruction from more than one faculty member, supervision by a staff member with a doctor's degree, and adequate research facilities and materials.

Candidates for the master's degree in the Department of Education may elect either to take the degree Master of Arts in Education, according to the requirements for that degree, or to take the degree of Master of Education. (Statement of requirements for the Master of Education degree is given in the Education section.) Students who meet the general requirements for the master's degree in the Department of Business Administration will receive the degree of Master of Business Administration.

The minimum requirement is thirty semester hours of A or B grade. Four to six of the required number of hours may be allowed for the thesis; the remainder must be in approved upper-level courses. Requirements beyond this limit may be made at the time of admission to study or to candidacy when the character of the undergraduate preparation and the nature of the graduate study make them advisable. The degree is not earned by accumulation of credits but by evidence of familiarity with one of the special fields of knowledge.

A total of forty-four hours of combined undergraduate and graduate credit in the field of major interest is considered a minimum amount of credit in the major subject, and in all cases at least twenty semester hours of graduate credit must be in the major field. Where it is possible under these conditions, subject to approval by the committee, a minor may be taken in a subject related to the major interest. A graduate minor must include not less than twenty-four hours of combined undergraduate and graduate credit.

Credit may be given, at the discretion of the committee, for graduate work in other institutions having similar standards for such work, but credit may not exceed one-third of the total amount required. As a policy, graduate work older than six years will not count toward the degree.

Study for the master's degree is under supervision of the Graduate Committee. A graduate student who wishes to become a candidate for the degree must personally submit to the chairman: 1) his application, approved by the department chairman; and 2) a copy of his undergraduate record. A student will be approved to work for the degree only on the basis of an excellent record, which has been demonstrated by the undergraduate cumulative grade point average and performance on the Graduate Record Examinations. The applicant is expected to have a cumulative grade point average of 3.0 or better and a Graduate Record score in the major subject in the upper half of the national percentiles. However, compensation for a cumulative grade point average of slightly below 3.0 may be made by an outstanding performance on the Graduate Record Examinations.
A student who has been admitted to study for an advanced degree, but who has not enrolled in any course or had any active relations with the committee during a period of a year will be dropped, and will have his previous work re-evaluated in case of subsequent re-admission to work for a degree.

The major instructor will serve with the chairman for consideration of matters pertaining to the student's work. A general program of study arrived at in consultation with the major professor, must be filed with the chairman not later than the end of the second week of attendance at classes. Changes in this program are to be made only on approval of the major professor and the chairman of the committee. The student's class schedule should in every instance be approved by both the major professor and the chairman of the committee.

A general outline and bibliography of the thesis must be presented to the chairman before November 15 of the academic year in which the student expects to receive the degree when the student is enrolled in the regular session or not later than completion of one-fourth of the necessary credits when the work is being done in summer or evening sessions. By March 31 of the year in which a student expects to receive the degree, two copies of the thesis are to be filed with the chairman, who will forward them to the appointed readers. A copy of the thesis, in approved form, is to be filed on or before May 1 of the regular school year, or in any case not later than four weeks before the Commencement at which the student expects to receive the degree.

Not later than three weeks before Commencement the candidate must pass both written and oral examinations in the fields of his major and minor studies and on his thesis. These examinations are administered by the major departments, and by the chairman of the graduate division, respectively. Students who wish to receive a degree must make written application for this examination at least one month before the degree is to be awarded.

On application prior to registration it is possible to arrange for deferred payment of a part of the college fees. The application should be made to the Bursar on a form which he will provide. In no case may a student be admitted to semester final examinations until all obligations to the College have been met in full previous to the date on which such examinations begin.

A degree, diploma, transcript of credits, or honorable dismissal will not be granted while a student is in default on bills incurred as a student at the College.

### ESTIMATED EXPENSES

Students contemplating a college course may form some conception of their total yearly expenses at the College of Puget Sound by the following itemized estimate of expenses:

<table>
<thead>
<tr>
<th>Item</th>
<th>Per Semester</th>
</tr>
</thead>
<tbody>
<tr>
<td>Food (includes Sunday)</td>
<td>$200.00</td>
</tr>
<tr>
<td>Room</td>
<td>100.00</td>
</tr>
<tr>
<td>Tuition Fees</td>
<td>275.00</td>
</tr>
<tr>
<td>Associated Student Fees</td>
<td>10.00</td>
</tr>
<tr>
<td>Sundry Fees</td>
<td>11.25</td>
</tr>
<tr>
<td>Books</td>
<td>25.00</td>
</tr>
<tr>
<td></td>
<td>$621.25</td>
</tr>
</tbody>
</table>

Estimated expenditure is $1,242.50 per academic year of nine months. These totals do not include clothing, travel, or expenses for the summer vacation. The tuition fees will amount to somewhat more than the sum specified, if the student elects courses for which special fees are charged. General expenses will, of course, vary with the tastes and habits of different students.

*This fee will be applied to tuition, but is not otherwise refunded.  
**Required of each student taking 10 hours or more.  
***Required of each student taking 8 hours or more.

For late registration                                  $10.00  
For diploma                                             $7.50   
For change of registration                              $2.00   
For certificate for occupational therapy majors          $3.50   
For Graduate Record Examination                         $5.00   
For special examination                                 $1.00   
For removal of Incomplete grade                         $3.00   
For first additional transcript                         $1.00   
For more than one copy of transcript, each copy          .25     
R.O.T.C Uniform deposit, from which $4.00 will be retained at the end of the year for cleaning | 25.00 |
Student Teachers' Service Fee (required of students taking Education 402) | 15.00 |
Service Fee for Education 401                           $5.00   
Laboratory Fee, for a science course                    $5.00   
Breakage ticket for each chemistry student              $5.00   
Materials ticket: for Occupational Therapy, Ceramics, Sculpture, Jewelry, and Puppetry Courses | 5.00 |
For Art 238, 339, 357, 461, 477, 481, 482              $5.00   
For Home Economics 101 and 102                           $3.00   
Special Fees for off-campus physical education activities:  
Bowling, per semester                                    $10.00  
Golf, per semester                                      $10.00  
Riding, per semester (includes transportation)          $25.00  
Skating, per semester (includes transportation)         $13.00  

### MUSIC

Rates for private lessons for one-half hour.  
Regular Course Students:  
- Voice and all instruments, per lesson $2.25, per semester $36.00  
- Class Piano, per lesson $1.50, per semester 24.00  
  (One 1-hour lesson per week, no credit)
Special Students:  
- Voice and all instruments, per lesson $3.00, per semester $48.00  
Practice Fees:  
- Three-manual organ, auditorium, 5 periods a week, per semester 20.00  
- Two-manual organ, chapel, 5 periods a week, per semester 8.00  
A combination of 4 periods on the chapel organ per week and one period on the auditorium organ per week is available, per semester 10.00  
Practice rooms for 2 to 4 hours per week, per semester 2.50  
Practice rooms for 5 to 9 hours per week, per semester 5.00  
Practice rooms for 10 to 12 or more hours per week, per semester 7.00  

### RATES FOR RESIDENCE HALLS

A deposit of $25.00 is required with application for a room in the Residence Halls. This deposit will not be refunded for cancellations later than July 31.  
All Residence Halls will be closed to students, without exceptions, during the Christmas and Spring vacations.

*Sunday breakfast and lunch may be purchased at the Commons as desired.
Courses of Instruction

GENERAL PROVISIONS
DEPARTMENTS AND SCHOOLS
CAREER PROGRAMS

Courses in the different subjects of instruction are described in the following pages. Subjects are listed in alphabetical order.

The College reserves the right to withdraw any course when the enrollment does not justify its continuation. In general, classes will not be held for less than ten students. This minimum may not be insisted upon in the case of advanced courses which are indispensable for the completion of a program of study; but an enrollment of more than ten may be required for a class in a course which is frequently given or of which there are other sections.

Numbers in the 100's, 200's, 300's and 400's are used respectively to indicate courses that are considered to be first, second, third or fourth year courses, although students' programs are not limited to courses at one of these levels. It is a general principle that courses numbered 300 and above are not open to freshmen or sophomores, or to upper-classmen who had not had some basic courses in the particular department. Courses numbered 500 or above are primarily graduate courses, but are open to some qualified undergraduates. Courses numbered 300 or above may be used, with approval of proper advisers, in graduate programs.

Odd numbers as a general rule indicate courses that are given in the first semester; even numbers, ones given in the second semester. There are exceptions and also some courses listed as first, or second, semester are repeated in the other semester's schedule.

Consecutive numbers separated by a comma (as 201, 202) indicate a course which continues through the year.

FEES FOR MASTER'S DEGREES

In addition to the regular college fees, graduate students will pay the fees from the following list applicable to their requirements:

Graduate fee at $1.00 per credit hour:

- For A.M. and M.S. ............................................................... $30.00
- M. of Ed. (Plan A) ........................................................... 32.00
- M. of Ed. (Plan B) ........................................................... 36.00
- Final Examination fee .................................................... 10.00
- Binding Thesis fee (for Master of Arts and Master of Science only) ...... 5.00
- Diploma fee ................................................................. 7.50

Candidates for the master's degree are required to register each semester until the degree is granted. This need not be for any additional credit-hours, if residence requirements have been met and thesis hours have been previously registered; and in these cases no fee is charged for the registration.

REFUNDS

Fees are not returnable except when withdrawal from the College is caused by sickness or causes entirely beyond the control of the student. In no case will the Associated Student fee be refunded. No refund on board charges will be made except for four or more consecutive days of absence, and only when advance notice was given when such absence was voluntary.

Refunds of total tuition fees shall be in the following proportions, based upon the period of the student's actual attendance from the date of enrollment:

- Withdrawal before the end of the first week .................................. 80%
- Withdrawal before the end of the second week ................................ 80%
- Withdrawal before the end of the third week .................................. 60%
- Withdrawal before the end of the fourth week ................................ 40%
- Withdrawal before the end of the fifth week .................................. 20%

After the fifth week no refund will be allowed.
The hours at which courses will be given will be announced in a time schedule issued before the beginning of each session.

Courses which might properly be classed in either of two departments are described in one, but usually listed also in the other. Such courses may be counted toward a major or minor in the second department by approval of the ranking faculty member in that department.

Air Science
(AIR FORCE ROTC)
Lt. Col. Oppy; Major Baker; Captains Bills, Hemm; M/Sgt. Biss; T/Sgts. Hahn, Porter

The Department of Air Science at the College of Puget Sound was authorized and officially organized on July 1, 1951. Its purpose is to select and train young college men as future leaders in the United States Air Force.

The curriculum offered by this department is divided into two phases: basic and advanced courses. The Basic Course consists of formal instruction for three hours per week for two academic years. Participation in this course is required of all qualified male students (See section on Military Training under Graduation Requirements).

The Advanced Course consists of formal instruction for five hours per week for two academic years, plus a summer camp of four weeks’ duration which is normally attended between the junior and senior years.

Students for the Advanced Course are chosen from among the highest-qualified students who have successfully completed the Basic Course or who have equivalent military training or service.

Each student accepted into the Advanced Course must:
1. Appear before a military board of officers, and successfully complete such general survey and screening tests as may be prescribed.
2. Execute a written agreement with the United States Air Force to complete the Advanced Course, contingent upon remaining in the College, and to attend the Advanced Course Summer Camp at the time specified.
3. Have a graduation date earlier than his reaching 26½ years of age if enrolled in a category leading to flight training, or 28 years of age if enrolled in any other category.
4. Be selected by the Professor of Air Science and the College President for enrollment in the Advanced Course.

The student is paid a monetary allowance during the two academic years of the Advanced Course. While attending the summer camp each student also receives pay, subsistence, housing, uniforms, and medical attention at government expense. For veterans these emoluments are in addition to benefits received through the G.I. Bill of Rights.

Upon graduation from the Advanced Course and the College, the student receives a commission as a Second Lieutenant in the United States Air Force Reserve.

All Air Force ROTC students, in both Basic and Advanced courses, are furnished complete officer-type Air Force blue uniforms. Each student is required to make a $25.00 uniform deposit to the Bursar at registration. From this deposit $4.00 is retained for cleaning the uniform at the end of the year, and the balance is refunded to the student upon return of the uniform and equipment to the College.

The Department of Air Science furnishes all necessary textbooks for classroom use.

Students in the Air Force ROTC program may be deferred from Selective Service draft within the yearly quotas allocated to the Department of Air Science at the College.

BASIC COURSE: FOUNDATIONS OF AIR POWER

First Year

Foundations of Air Power, 1—Air Science 101, 102
*Credit, 2 semester hours each semester.
A general survey of Air Power designed to provide the student with an understanding of the elements of Air Power and basic aeronautical science.

Second Year

Foundations of Air Power, 2—Air Science 201, 202
*Credit, 2 semester hours each semester.
A more advanced consideration of Air Power as exemplified by the combat operational capabilities of the United States Air Force.

*One of each two credit hours in the Basic Course is counted as a physical-education-activity credit.
ADVANCED COURSE: AIR FORCE OFFICER DEVELOPMENT

Third Year

Leadership, Principles and Practice—Air Science 301, 302
Credit, 3 semester hours each semester.
Introduces Air Force ROTC cadets to principles of leadership as they apply to Air Force problems and tasks. Involves major socio-psychological principles of leadership, a consideration of the leader-follower relationship in an Air Force environment, and communication theory relevant to leadership. Leadership practices concentrate on important behavior skills basic to leader performance with provision for practice and development of basic behavior skills in a realistic problem situation.

Summer Camp—Air Science 330
Credit, 3 semester hours.
Four weeks’ training at an Air Force Base, to include officer-orientation, military fundamentals, organization and functions of Air Force bases, weapons, marksmanship, and aircraft indoctrination.

Fourth Year

Global Relations—Air Science 401, 402
Credit, 3 semester hours each semester.
A study of global relationships of special concern to the Air Force officer with attention to such aspects as weather, navigation, geography, and international relations.

Art

Professor Wentworth (Chairman); Associate Professors Chubb, Colby; Professor Nelson; Instructor Chappell

The Department of Art offers courses leading to the Bachelor of Arts degree with a major in art and to the Bachelor of Fine Arts degree with a major in art or a major in art education.

Bachelor of Arts degree with art major. Minimum requirements in art: Art 103, 104, 107, 109, 110, 253, 265, 354, 357, 481, 482, 498 and 3 hours selected from Art 324, 325, 326 plus an additional 4 hours to be selected from upper-level courses in art. Total 36 semester-hours.

Bachelor of Fine Arts degree with art major. Majors in art leading to the Bachelor of Fine Arts degree may have areas of concentration in art history, interior design, applied design, painting, sculpture or ceramics as approved by the art faculty. Total, 60 semester-hours.

Bachelor of Fine Arts with art education major. Minimum art requirement is 42 semester-hours selected with the approval of the art faculty. The student in art education will select his minor teaching field with the approval of the School of Education, and will fulfill general education requirements as outlined in this catalog.

For a general minor in art the following courses are required: Art 103, 104, 107, 109, 253, 265. Total, 17 semester-hours.

Majors in occupational therapy may satisfy a minor requirement in art with the following courses: Art 103, 104, 107, 247, 265, 339. Total 17 semester-hours.

The Art Department reserves the right to retain student work for a period of one year for exhibit purposes.

During the senior year each art major will prepare and present a representative exhibition of his work under the direction of the art faculty. See Course 498.

Art Structure—Art 101.
Credit, 3 semester hours.
An approach to basic design and drawing in two and three dimensional problems, stressing principles of composition, color, and perspective. Course 101 is not counted in the hours for an art major or minor.

Creative Design—Art 103, 104
Credit, 3 semester hours each semester. Prerequisite, Course 101, or one year of high school art.
Advanced projects in color, composition, lettering, poster and applied design with experience in a variety of techniques.

Understanding the Arts—Art 107.
Credit, 3 semester hours. Offered each semester.
A course designed to bring an increased enjoyment and understanding of the arts of today through lectures, slides, field trips, films, and discussions. Contemporary trends in painting, architecture, and sculpture will be stressed, with an attempt being made to answer the most commonly asked questions of "what" and "why."

Sketching and Drawing—Art 109, 110.
Credit, 2 semester hours each semester. Prerequisite, Course 101, or one year of high school art.

Art Metalwork and Enameling—Art 238.
Credit, 2 semester hours. Prerequisite, Course 104.

Beginning Ceramics—Art 247, 248.
Credit, 3 semester hours each semester. Prerequisite, Course 104. Course 247 prerequisite for Course 248.

Beginning Painting, Oil—Art 253.
Credit, 3 semester hours each semester. Prerequisite, Course 104 and 109.

Beginning Sculpture—Art 265, 266.
Credit, 3 semester hours each semester. Course 265 prerequisite for Course 266.
Fundamentals of sculptural composition and design. Study of form in wood, clay, plaster and wire.

The Beginning of Art—Art 324.
Credit, 3 semester hours.
Includes prehistoric and ancient art of Europe and the Near East, classic art, Pre-Columbian arts of the Americas, and primitive arts of today.

Medieval and Oriental Art—Art 325.
Credit, 3 semester hours.
Covers Early Christian, Byzantine, Mohammedan, Persian, Romanesque, four Gothic arts in the West and Near East, and the Oriental arts of India, China and Japan.

Arts of the Renaissance and Post-Renaissance Periods—Art 326.
Credit, 3 semester hours.
Traces the development of painting, sculpture, architecture, and the minor arts in the Western World from the 15th century through the 19th century.

Display—Art 330.
Credit, 1 semester hour.
Gallery and showcase arrangement.
Jewelry—Art 339.  
*Credit, 2 semester hours. Prerequisite, Course 104.*  
Design and construction of modern jewelry.

Advanced Ceramics—Art 347, 348.  
*Credit, 3 semester hours each semester. Prerequisite, Course 248. Course 347 prerequisite for Course 348.*  
Theory and experimentation in clay bodies and glaze, advanced decorative techniques, and throwing.

Advanced Painting—Art 353, 354.  
*Credit, 3 semester hours each semester. Prerequisite, Courses 110 and 253.*  
First semester, oil painting; second, water color.

Figure Drawing—Art 357, 358.  
*Credit, 2 semester hours each semester. Prerequisite, Course 110.*

Calligraphy—Art 361, 362.  
*Credit, 1 semester hour each semester.*  
The study and use of script and lettering styles.

Advanced Sculpture—Art 365, 366.  
*Credit, 3 semester hours each semester. Prerequisite, Course 266. Course 365 prerequisite for Course 366.*  

Essentials of Interior Design—Art 411.  
*Credit, 3 semester hours.*  
General survey of the subject, including the relation of the house to the occupant; interior architecture, backgrounds, furniture arrangements, color, etc.

Art in the Public Schools—Art 461.  
*Credit, 2 semester hours. Prerequisite, Courses 101 or 103. Course 107 is recommended.*  
Problems and techniques of teaching art in the public schools.

Textile Design—Art 478.  
*Credit, 3 semester hours. Prerequisite, Courses 104 and 109.*  
Application of creative designs to fabrics through processes of batik, tie-dye, stenciling, block printing and silkscreening.

Graphic Arts—Art 481, 482.  
*Credit, 2 semester hours each semester. Prerequisite, Courses 104 and 110.*  
Print making including the processes of serigraphy, block printing, etching, and lithography.

Seminar—Art 493, 494.  
*Credit and time to be arranged. Open to advanced students.*  
Special study in selected fields.

Individual Projects—Art 498.  
*Credit, 1 semester hour.*  
Creative work in major field.

---

**Astronomy**  
Professor Seward

Astronomy and Related Sciences—Astronomy 101, 102  
*Credit, 4 semester hours each semester.*  
An elementary course designed to give the student a conception of the solar system and the stellar universe together with an appreciation of the basic scientific principles involved in securing the information.

**Biology**  
Professors Alcorn (Chairman), Slater; Assistant Professors Van Gilder, Ward; Teaching Fellows Arnold, Davis

Courses suggested in a major are:
101, 102, 221 and 222 or 231 and 232, 356, 371 or 375, 491, 492. Students preparing for forestry, pharmacy, and similar fields should choose Courses 115, 116, 246, 252, 301.

Suggested minors are:
1. For students majoring in home economics: Courses 101, 102 and at least 9 hours from 105, 221, 222, 246, 252.
2. For students majoring in physical education: Courses 101, 102, 105, 221, 222, 246.
3. For students majoring in sociology: Courses 101, 102, 246, 301, 492.
General Biology—Biology 101, 102.
*Credit, 3 semester hours each semester.*
This course is devoted to the study of the general laws of life, the fundamental relationships of living things, and those general biological problems which are related to human culture and progress.

Hygiene—Biology 105.
*Credit, 2 semester hours.*
A study of the laws of health, designed particularly for students of biology and those who intend to enter nursing or to teach health or physical education.

General Elementary Botany—Biology 115.
*Credit, 3 semester hours.*

The Life Histories of Selected Types of Plants—Biology 116.
*Credit, 3 semester hours.*
A general survey of the plant kingdom.

Anatomy and Physiology (Nurses Training Course)—Biology 121.
*Credit, 6 semester hours.*

Microbiology—Biology 142.
*Credit, 4 semester hours.*
A course in bacteriology planned particularly for students preparing to be nurses.

Fundamentals of Medical Technology—Biology 205.
*Credit, 1 semester hour.*

Elements of Medical Technology—Biology 207.
*Credit, 1 semester hour.*

Anatomy—Biology 221.
*Credit, 3 semester hours. Prerequisite, Courses 101, 102.*
Human anatomy.

Physiology—Biology 222.
*Credit, 3 semester hours. Prerequisite, Course 221.*
Animal and human physiology.

Comparative Anatomy of Vertebrates—Biology 231, 232.
*Credit, 3 semester hours each semester. Prerequisite, Course 102.*

Bacteriology—Biology 246.
*Credit, 4 semester hours. Prerequisite, Course 102 or 116.*

Ecology, Systematic Botany, Plant Geography—Biology 252.
*Credit, 3 semester hours.*

Genetics—Biology 301.
*Credit, 3 semester hours.*

Field Biology—Biology 352.
*Credit, 3 semester hours.*

Biology of Birds—Biology 354.
*Credit, 3 semester hours. Given as there is demand.*

Natural History of Invertebrates—Biology 356.
*Credit, 3 semester hours.*

Museum Technique in Biology—Biology 361.
*Credit, 2 semester hours. Given as there is demand.*
Preparation and care of museum material.

Histology and Microscopic Technique—Biology 371.
*Credit, 4 semester hours. Offered in alternate years. Given in 1959-60.*
Microscopic structure of tissues of animals, chiefly mammals.

Embryology of Vertebrates—Biology 375.
*Credit, 4 semester hours. Offered in alternate years. Given in 1960-61.*

Seminar—Biology 493, 494.
*Credit, 3 semester hours each semester.*

Research—Biology 497, 498.
*Credit and hours to be arranged.*

Thesis—Biology 597, 598.
*Credit, 4 to 6 semester hours.*
MUSEUM OF NATURAL HISTORY

The Puget Sound Museum of Natural History is under the supervision of the Board of Trustees and directly under the Department of Biology and a Museum Board of Directors. Its function is to acquire and preserve Pacific Northwest natural-history specimens for educational purposes. Organized field work helps secure specimens and related regional material. At present, the museum has about 16,000 specimens of mammals, birds, reptiles, and amphibia, in addition to 5,000 herbarium sheets.

The Museum's present major importance is in connection with certain courses in the Department of Biology as all students in the department use the facilities and specimens in their study of natural history. The museum is designed for study, research and use in all seminar courses.

The Board of Directors are: Dr. R. Franklin Thompson, President of the College; Dr. Gordon D. Alcorn, Director and Curator of Birds; W. Gerard Banks, Bursar; Dr. C. Wesley Clanton, Mammology; Leo King Couch, Mammology; Irene O. Creso, Curator of Botany; Garrett Eddy Ornithology; Dr. Murray L. Johnson, Curator of Mammals; Edward A. Kitchin, Ornithology; Dr. Victor B. Scheffer, Mammology; Dr. James R. Slater, Curator of Reptiles and Amphibia; Stanton Warburton, Jr., Ornithology.

Business Administration

Professors Hamner (Chairman), Capen; Consulting Professors Andrus, Prins; Assistant Professor Gee; Instructors Boyle, Combs, Crosby, Murtland, Stevens, Stoltz, Sullivan

Courses for majors in business administration are designed to acquaint students with the principles of organization and management fundamental in the administration of any enterprise.

Economics 101 and 102 are prerequisites to all courses in business administration other than Business Administration 103, 110, except by permission of the Chairman of the Department.

A major in business administration, to qualify for the degree of Bachelor of Arts in Business Administration, should include Courses 103, 110 or 116, 201, 202, 205, 206, 232, 301, and nine additional upper-level hours. Courses 300, 361, and 372 are recommended. Credit for Economics 101, 102, 363 and 305 or 409, 410, are also required for graduation. A year in foreign language, or alternative work in English or Speech, is advised.

Students who desire to become Certified Public Accountants should complete the following courses in addition to those prescribed for the general curriculum: Business Administration 361, 362, 365, 366, 461, 463, 500 and 525.

A minor in business administration should include Business Administration 103 or 110, 201, 205, 301, and three additional hours. Economics 101 and 102 must also be taken.

Students who minor in business administration with emphasis upon merchandising may satisfy requirements by taking Economics 101 and Business Administration 110, 201, 205, 325, 326, 327 or 328.

Students who have business administration majors and an interest in careers as technicians which are offered in aircraft and electronic industries for persons qualified in mathematics would be well advised to take at least a minor in that subject.

I. Commercial Teacher Training

This curriculum is designed to qualify students as teachers of commercial subjects in either junior or senior high schools. In addition to the courses in Education required to qualify for the state teachers' certificate, credit for the following courses in business administration or their equivalent should be presented: Economics 101, 102, Business Administration 103, 201, 202, 205, 314, 325 or 331, Economics 409, 410, and Education 459.
II. In-Service Training in Retailing

This curriculum is designed to meet the needs of two groups of students: one, those who plan to make retailing a profession; and, two, those who plan to qualify as teachers of distributive education in high schools under provisions of the George Dean Act. Both groups are advised to major in business administration and minor in either art or home economics (textile), or both.

Students who take in-service training in retailing may satisfy requirements for a major in business administration by taking Economics 101, 102, 363, Business Administration 110, 201, 205, 301, 314, 325, 326, 327, 328, 331 and Economics 409, 410.

III. Business Administration

This curriculum is designed to meet the needs of those who want to gain a comprehensive picture of our economy at work, as well as those who plan to qualify for careers in some phase of industry or commerce.

Economic Geography—Business Administration 103.
Credit, 3 semester hours.
Survey of world resources and the geographical factors affecting their production and distribution.

Principles of Marketing—Business Administration 110.
Credit, 3 semester hours.
Methods used in marketing, principal types of goods, middleman, price policies, marketing costs, government regulations.

Mathematics of Finance—Business Administration 116.
Credit, 3 semester hours.
The basic principles and techniques necessary for an understanding of mathematical problems commonly met in the fields of business and finance—e.g., in installment buying, short- and long-term loans, bonds and depreciation.

Accounting—Business Administration 201, 202.
Credit, 3 semester hours each semester. Course 201 or an equivalent is a prerequisite for Course 202.
The balance sheet approach is used with the result that students who have had bookkeeping in high school will have no advantage over students who have had no bookkeeping. Course 201 is concerned with the functions of accounts, balance sheets, profit and loss statements, books of original entry, business forms and papers. Course 202 deals with classification of accounts, partnership and corporation accounts, controlling accounts and subsidiary ledgers.

Business Law—Business Administration 205, 206.
Credit, 3 semester hours each semester.

Money and Banking—Business Administration 232.
See Economics 232.

Principles of Management—Business Administration 300.
Credit, 3 semester hours.

Statistics—Business Administration 301.
Credit, 3 semester hours.
A first course in statistics, providing instruction and training in mathematical methods of dealing with data in the fields of business and economics.

Business Fluctuations and National Income—Business Administration 306.
See Economics 306.

Corporation Finance—Business Administration 311.
Credit, 3 semester hours.
Manager's administration of finance; methods of raising fixed and working capital.

Business Communication—Business Administration 314.
Credit, 3 semester hours. Offered in alternate years. Given in 1959-60.
Significance, form, and content of general and special correspondence such as inquiries, adjustments, collections, sales and special reports.

Personnel Management—Business Administration 316.
Credit, 3 semester hours.
Problems of personnel administration, such as selection, placement, training, control and compensation of labor, will be studied.
Risk and Insurance—Business Administration 319, 320.
See Economics 319, 320.

Social Insurance—Business Administration 322.
See Economics 322.

Advertising—Business Administration 323, 324.
Credit, 3 semester hours.
Advertising appeals and their use; layouts, media, and agencies. Exercises are given to illustrate subject-matter.

Principles of Retailing (In-Service Training)
—Business Administration 325, 326
Credit, 3 semester hours each semester. Prerequisite, consent of the instructor.
Two class sessions each week will yield 2 hours of credit. Laboratory, 1 hour credit, will involve: first, actual work of eight to twenty hours per week in local stores under supervision of the instructor; and, second, written reports and tests on the work-experience. Actual store-work will be paid for by the stores. Work-assignments will be made after consultation between the instructor, the student, and the store manager.

Store Analysis—Business Administration 327, 328.
Credit, 1 semester hour each semester. Given as there is demand.
This course represents a second year of actual work in retailing under supervision of the instructor. Class sessions will be held upon call of the instructor. Reports by the student, and by the store manager under whom the student works, will be required. Unsupervised work will not be accepted for credit.

Principles of Salesmanship—Business Administration 331.
Credit, 3 semester hours.

Labor Law Problems—Business Administration 342.
See Economics 342.

Real Estate Principles—Business Administration 344.
Credit, 3 semester hours.

Human Relations in Industry—Business Administration 351.
See Psychology 351.

Intermediate Accounting—Business Administration 361, 362.
Credit, 3 semester hours each semester.
A study of the accounting and financial problems of the corporation. In the first semester, work is concentrated on problems that arise in the construction of the balance sheet, and the valuation and interpretation of items in the balance sheet; in the second semester, attention is directed to problems involved in the valuation, analysis and interpretation of items in the profit and loss statement.

Public Finance—Business Administration 363.
See Economics 363.

Accounting Theory—Business Administration 365.
Credit, 3 semester hours.

Cost Accounting—Business Administration 366.
Credit, 3 semester hours.
Specific order, process and allied methods of cost accounting are studied. Attention is given to payroll, social security deduction and general tax accounting. Both theory and practice are stressed.

Social Ethics—Business Administration 372.
See Philosophy 372.

Office Organization and Management—Business Administration 401.
Credit, 3 semester hours. Offered in alternate years. Given in 1960-61.

Industrial Organization and Management—Business Administration 411.
Credit, 3 semester hours.
A study of principles of management essential to the administration of any industrial or manufacturing enterprise.

Tax Accounting—Business Administration 461, 462.
Credit, 3 semester hours first semester, 2 semester hours second semester.
A study of the federal income tax. Emphasis in the first semester is on the tax as applied to individuals; emphasis in the second semester is on partnerships, corporations, estates and returns.

Municipal Accounting—Business Administration 463.
Credit, 3 semester hours.
Advanced Accounting—Business Administration 465, 466.
Credit, 3 semester hours each semester.
In the first semester emphasis is on partnerships, consignments, installment sales, statement of affairs, and realization and liquidation reports; in the second semester, emphasis is on estates and trusts, home office and branch accounting, parent and subsidiary accounting, and consolidated statements.

Government and Business—Business Administration 478.
See Economics 478.

Statistical Analysis—Business Administration 482.
Credit, 3 semester hours. Given as there is demand.
Analysis of tests of significance, curve fitting, time series, sampling techniques, and index numbers.

Graduate Courses

Courses listed in this section are primarily for graduate students, although they may be elected by qualified undergraduates.

Auditing—Business Administration 500.
Credit, 3 semester hours. Given as there is demand.
Analysis of balance sheets and profit and loss statements; audit procedures, and a study of the highest professional accounting opinions pertaining to accounting, business and financial policies of today.

Certified Public Accountancy Problems—Business Administration 525.
Credit, 3 semester hours.

Sales Management—Business Administration 527.
Credit, 3 semester hours.
Actual problems of retail, wholesale, and specialty selling with class practice in organizing the sales canvass. Problems of the sales manager in directing the selling and marketing activities of the individual concern.

Reading and Conference—Business Administration 591, 592.
Credit, 1 to 3 hours each semester.
Directed reading. Oral and written reports.

Seminar—Business Administration 593, 594.
Credit, 2 to 3 semester hours.

Independent Study—Business Administration 595, 596.
Credit, 2 to 5 semester hours each semester.

Thesis—Business Administration 597, 598.
Credit, 4 to 6 semester hours in total.
Chemistry

Professors Fehlandt (Chairman), Sprenger; Instructor Chittick

A major in chemistry may be in either (1) the elective curriculum, or (2) the prescribed curriculum.

The elective curriculum is designed for students who want a general course in chemistry, leading to the degree of Bachelor of Science. This might be as a part of a broad general education, in preparation for teaching, or as preliminary to the study of medicine. The requirements for the elective curriculum are the same as the general requirements of the College for a major: namely, twenty-four semester hours in the field chosen, provided that, in addition to general inorganic chemistry, courses are taken from both the fields of analytical and of organic or physical chemistry.

The prescribed curriculum is designed for students who wish to make use of chemistry as a vocation, and the requirements for this curriculum are essentially those specified by the American Chemical Society’s Committee on the Professional Training of Chemists. These requirements are: the four fundamental full-year courses in chemistry, plus advanced chemistry comprising the equivalent of two lectures or recitations a week for two semesters and at least three hours of laboratory work per week for one semester. Three years of previous chemistry is required for admission to these advanced chemistry courses.

In addition to the usual requirements for the Bachelor of Science degree, students who elect the prescribed curriculum must: (1) complete Mathematics 201, 202, (2) have a reading knowledge of scientific German, and (3) complete Chemistry 193.

Minors suggested as being suitable for accompanying either kind of chemistry major are: another science, mathematics, a foreign language or economics.

The kind of major elected by a student will be entered on his permanent record. Graduates of the prescribed curriculum only, will be certified by the department as being qualified for graduate work or industrial positions.

A minor in chemistry must include courses from the fields both of analytical and of organic or physical chemistry.

For graduate work, candidates may be accepted in the fields of organic, analytical, and inorganic chemistry.

A candidate for a graduate degree must pass a reading examination in either French or German.

General Chemistry and Qualitative Analysis—Chemistry 101, 102.
Credit, 5 semester hours each semester. Prerequisite, high school algebra and plane geometry. High school chemistry is not a prerequisite, although it is desirable. A study of fundamental theories and principles, and the more important elements. The laboratory in Course 102 will consist of qualitative analysis.

General Chemistry for Nurses—Chemistry 105.
Credit, 4 semester hours. Prerequisite, high school chemistry, or one semester of college chemistry.
A review of the basic principles of general chemistry, plus studies in certain sections of organic, physiological and pathological chemistry.

Qualitative Analysis—Chemistry 132.
Credit, 2 semester hours. Given as there is demand.
Six laboratory hours per week. Required for entrance to advanced courses of students who do not have the equivalent of five hours each of Chemistry 101 and 102.

Laboratory Arts—Chemistry 193.
Credit, 1 semester hour.
Practice in common laboratory techniques, chiefly glass-working. One demonstration-hour and two laboratory-hours per week. Open only to science majors; recommended for elective chemistry majors, and required for prescribed majors. See instructor for permission to enroll.

Quantitative Analysis—Chemistry 201, 202.
Credit, 4 semester hours each semester; 3 hours only may be elected, depending on amount of laboratory work. Prerequisite for Course 201, Course 102 or equivalent; for Course 202, Course 201.
Elementary gravimetric and volumetric analysis; electrolytic and optical methods; stoichiometrical relations; modern theory and practice.

Organic Lectures—Chemistry 301, 302.
Credit, 3 semester hours each semester. Prerequisite for Course 301, General Chemistry; for Course 302, Course 301.
Study of the hydrogen compounds of carbon and their more important derivatives.
Organic Laboratory—Chemistry 305, 306.
Credit, 2 semester hours each semester. The lecture course 301, 302 must accompany or precede this laboratory course.
Will include the preparation of typical compounds and will demonstrate various methods of organic preparation.

Advanced Inorganic—Chemistry 322.
Credit, 3 semester hours. Offered in alternate years. Given in 1960-61.

Advanced Quantitative Analysis—Chemistry 331, 332.
Credit, 1 to 4 semester hours either semester. Given as there is demand. Prerequisite, Chemistry 102 and consent of instructor.
Conferences and 3 to 12 hours of laboratory per week, depending on amount of credit elected.

Physical—Chemistry 401, 402.
Credit, 3 semester hours each semester. Laboratory, two three-hour periods per week. Prerequisites, Chemistry 201, Physics 202, and Mathematics 202.
The theories and laws of chemistry.

Graduate Courses

Courses listed in this section are primarily for graduate students, although they may be elected by qualified undergraduates.

Advanced Organic Lectures—Chemistry 543.
Credit, 3 semester hours. Offered in alternate years. Given in 1960-61.

Organic Preparations—Chemistry 545, 546.
Credit, 1 to 3 semester hours. Given as there is demand.
Synthetic work of an advanced nature. One quiz, and laboratory hours per week varying according to the credit sought.

Biochemistry—Chemistry 553.
Credit, 5 semester hours. Laboratory, two three-hour periods per week. Prerequisites, general organic chemistry and quantitative analysis. Offered in alternate years. Given in 1959-60.
The chemistry of carbohydrates, proteins, lipids and other dietary components; the composition of blood and various tissues; the chemistry of metabolic products.

Organic Analysis—Chemistry 556.
Credit, 3 semester hours. Given as there is demand.
A study of the properties of organic compounds, and laboratory practice in the methods of identifying unknown substances.

Colloids—Chemistry 566.
Credit, 2 semester hours. Prerequisite, physical chemistry. Offered in alternate years. Given in 1959-60.

Research—Chemistry 590, 591.
Credit, not to exceed 5 semester hours either semester, or a total of 10 semester hours.

Thesis—Chemistry 597, 598.
Credit, not to exceed 6 semester hours.
Courses 101, 102 are prerequisites to all other courses in the department.
A major in economics must include Courses 101, 102, 221, 232, 301, 305, 306 and 363. Social Ethics (Philosophy 372) should be taken and the introduction to ethical principles (Philosophy 371) prior to it. Three hours of accounting are also required (Business Administration 201), and at least one introductory course in another social study (history, political science or sociology). Completion of at least the introductory course in each of the social studies mentioned is recommended.
A minor in economics must include Courses 101, 102, 221, 232 or 363, 301, and 305 or 306.

Credit, 3 semester hours. Course 101 is prerequisite to 102.
An introduction to the organization and operation of the American economy; and an analysis of contemporary problems and policies.

Economic Geography—Economics 103.
See Business Administration 103.

Economic History of the United States—Economics 221.
Credit, 3 semester hours.
The development of American economic institutions from their European background to the present.

Money and Banking—Economics 232.
Credit, 3 semester hours.
A survey of the monetary and financial system, the commercial banks, central bank and other banks. The role of money and banking in the economic system.

Statistics—Economics 301.
See Business Administration 301.

Intermediate Economic Theory—Economics 305.
Credit, 3 semester hours.
Analysis of the concepts and principles of economics, and of the economic behavior of consumers and business firms; pricing under competitive conditions and under monopolistic conditions; distribution of income in a market economy.

Credit, 3 semester hours.
An analysis of the determinants of the level of national income and of employment; and an introductory study of business fluctuations.

Corporation Finance—Economics 311.
See Business Administration 311.

Risk and Insurance—Economics 319, 320.
Credit, 2 semester hours each semester.

Social Insurance—Economics 322.
Credit, 3 semester hours.

See History 329, 330.

Labor Economics—Economics 341.
Credit, 3 semester hours.
A survey of industrial relations; the background of trade unionism and collective bargaining; management and labor problems, and public welfare.

Labor Law Problems—Economics 342.
Credit, 3 semester hours. Prerequisite, Course 341.
A survey of legal aspects of labor problems and of Federal legislation on labor-management relations.

Economics of Collective Bargaining—Economics 344.
Credit, 2 semester hours.

International Trade—Economics 351, 352.
Credit, 2 semester hours each semester.
Relation of the United States to the world economy; principles of trade,
foreign exchange, balance of payments; commercial policy, foreign investment; and international economic institutions.

**Economics of Latin America—Economics 356.**  
*Credit, 3 semester hours.*  
Development and organization of economic production, organization and distribution of Latin America with an evaluation of its impact upon the economy of the United States.

**Public Finance—Economics 363.**  
*Credit, 3 semester hours.*  
Principles and practices of public finance; growth of public expenditures; sources of public revenue; incidence of taxes; effects of government fiscal policy on the national economy.

**Economics of Transportation—Economics 371.**  
*Credit, 3 semester hours.*  
The economics of rail, air, highway and inland water transportation in the United States. Government regulation, economic effects of rate structures, and special problems of the industry.

**History of Economic Doctrine—Economics 409, 410.**  
*Credit, 2 semester hours each semester.*  
A survey of the development of economic thought from the Mercantilists until the present time; the relation of economic doctrines to the problems of the period and to the other sciences.

**Comparative Economic Systems—Economics 412.**  
*Credit, 3 semester hours.*  
Comparative analyses of the economic theories, institutions and operation of communist, socialist, fascist and capitalist systems.

**History of Political and Social Thought—Economics 413, 414.**  
*See Political Science 413, 414.*

**Government and Business—Economics 478.**  
*Credit, 3 semester hours.*  
Government regulation and control of industry and commerce.

**Statistical Analysis—Economics 482.**  
*See Business Administration 482.*

---

**GRADUATE COURSES**

Courses listed in this section are primarily for graduate students although they may be elected by qualified under-graduates.

**Seminar in Economic Analysis and Policies—Economics 512.**  
*Credit, 2 or 3 semester hours.*

**Reading and Conference—Economics 591, 592.**  
*Credit, 1 or 2 semester hours each semester.*  
Directed reading, oral and written reports.

**Thesis—Economics 597, 598.**  
*Credit, 4 to 6 semester hours in total.*

---

**Education**

Professors Powell (Director), Gibbs; Associate Professors Dolan, Lee, Walker; Assistant Professors Denny, Griesel; Instructors Patterson, Thune

The program of teacher-education at the College of Puget Sound is composed of academic subjects, professional subjects, observation in the public schools, student-teaching, and other pre-professional experiences offered by the School of Education and the other departments of the institution. The program is designed primarily to meet requirements of certification to teach in the public schools of Washington and the neighboring states. Certain courses and phases of the program are also planned to aid teachers and administrators already in service, to supplement their earlier preparation, and to satisfy requirements for the principals' credentials. Students who desire a knowledge of modern educational principles and practices may also find much of value in the studies and activities of the department.

**The General Teaching Certificate***

The General Certificate Program is designed to prepare teachers for all levels from kindergarten through grade twelve. The program consists of three phases: Phase I—four years of pre-teaching college-education leading to a bachelor's

*Changes will be made at any time they become desirable through modification of State certification requirements.*
degree and the Provisional General Certificate, renewable for a total of five years; Phase II—one to five years of initial teaching-experience on a full-time basis at a standard salary, under the joint supervision of the pre-service college and the employing school; Phase III—a fifth year (30 semester hours) of teacher-education following the period of initial teaching-experience. The fifth year of work may be completed through attendance at any of the regular college sessions. Twenty semester hours of the fifth year may be taken prior to the first year of teaching experience.

I. SPECIFIC REQUIREMENTS
FOR ALL TEACHER-EDUCATION CANDIDATES

Students who wish to teach should make a tentative application to the School of Education to enter the General Certificate Program at the time of initial enrollment in the College of Puget Sound. Final acceptance in the program will be given at the close of the student’s fourth or fifth semester. The student must then meet the following conditions:

1. A cumulative grade-point-average of 2.25 or higher.
2. A grade of "C" or higher in all education courses, English 101, 102, Psychology 201, and all academic work presented to satisfy any one of the Program Options.
3. Approval by the School of Education as a candidate possessing definite promise of success in teaching. Factors that will be considered in granting approval are: high school record; quality of academic work in college; scores on aptitude, intelligence, and personality tests; physical qualities; oral and written English; and such other evidence as may be pertinent.
4. The candidate should participate in one or more of the major co-curricular activities, such as: athletics, intra-mural sports, debate, dramatics, music and art, or publications.

The junior year, which is the student’s first year as a candidate for teaching, is to be regarded as a period of orientation, self-discovery, or screening. All teacher-candidates must maintain a cumulative grade-point-average of 2.25 or higher. Failure to earn a grade of "C" or higher in any of the professional requirements and to maintain the above-named grade-point-average will result in withdrawal of the approval for the candidate’s further participation in the program of teacher-education.

During the senior year, the candidate must complete all remaining requirements for the degree of Bachelor of Arts, Bachelor of Science, or Bachelor of Arts in Education.* In addition, all remaining requirements for the Provisional General Certificate must be met.

The degrees of Bachelor of Arts and Bachelor of Science require two years of a foreign language and may necessitate more than 125 semester hours of credit by the time all certificate and graduation requirements are met.*

II. GENERAL EDUCATION REQUIREMENTS

Phase I

Four years of Pre-Service Education—125 semester hours. (A minimum of 120 academic hours and 5 activity credits in physical-education or ROTC.)

1. General Education—A minimum of 60 academic semester hours, first two years.

All teacher-candidates should arrange their first two years of college to include course work in the appropriate following areas:

*Air Force ROTC.
**Art: Course 101 or 107.
*Foreign Language
*Freshman English Composition
General Psychology (required)
**Health Education: See Non-Professional Requirements, page 32.
*Humanities
(Include 3 hours of religion; Philosophy 204, 205 or 206 recommended.)
**Music: Courses 103, 104 or 177.
*Physical Education (or ROTC)
*Laboratory Science
*Social Studies
(Elementary teachers choose from History 151, 152, Political Science 101. Secondary teachers choose from History 101, 151, 152, Political Science 101. History 251 is required of both.)
Speech, Course 101 (required)

Electives should be chosen in accord with the Program Options and the Areas of Concentration listed below.

2. Broad Areas of Concentration—a minimum of 40 semester hours. (Major and Minor)

The General Certificate provides three plans for acquiring the necessary background of subject-matter for teaching. These options are flexible enough

*See the College’s general graduation requirements as found elsewhere in this catalog.
**See Page 32, “Non-Professional Requirements” for explanation.
that the candidate can secure the particular type of subject-matter concentration best adapted to his plans. In general, Options (1) and (2) below should be chosen by those planning to teach in the junior and senior high schools, and Option (3) provides the more varied background appropriate for elementary school teaching and block-of-time teaching in the junior high school. Ordinarily, a student choosing Option (1) and (2) will take a Bachelor of Arts or Science degree in the department containing his major teaching subject. Students choosing Options (1) and (2) and who elect to take the Bachelor of Arts in Education degree must meet departmental major and minor requirements provided they do not exceed 30 and 16 hours, respectively. Students choosing Option (3) are advised to take a Bachelor of Arts or Science degree in an academic subject where feasible and possible.

a. Program Options

Subject-matter fields (e.g., English, history, biology) will be organized around five Areas of Concentration. Courses in these areas must be planned within one of three options, as explained below.

(1) One Broad Area—no more than 24 of the 40 semester hours should be devoted to one subject-matter field in a given Area of Concentration. For example, one might take 24 hours of history, 8 hours of sociology and 8 hours of political science to complete the required 40 hours.

(2) Two Broad Areas—24 to 30 semester hours in one area and 10 to 16 hours in the other. Under this option no more than 24 semester hours in the major area should be devoted to any one subject-matter field. For example, one might take 24 hours in chemistry, 6 hours in biology, and the balance in a second area to complete the required 40 hours.

(3) Three Broad Areas—approximately 14 semester hours in each area. Under this option, courses in each Area of Concentration should be in no more than two subject-matter fields.

b. Areas of Concentration (Majors and Minors)

(1) Fine and Applied Arts—This area includes art, music, industrial arts, home economics, and commercial subjects.

(2) Health—This area includes health education, physical education (exclusive of activity credits), recreation, and hygiene.

(3) Language Arts—This area includes composition, drama, foreign language, journalism, literature, reading, and speech.

(4) Sciences and Mathematics—This area includes the biological and physical sciences, and mathematics.

(5) Social Studies—This area includes history (Washington State History and Government required), sociology, anthropology, political science, geography, and economics.

c. Electives

Choice of electives is limited and should be made under the guidance of the School of Education.

3. Non-Professional Requirements

a. Elementary Teachers

(1) Art 101 and 461.

(2) Health and Physical Education 365 and 366.

(3) Music *177 and 377.

b. Secondary Teachers

(1) Art, 3 hours from 101, 107, or 324.

(2) Health and Physical Education, one course from 105, 365, 372.

(3) Music, 4 hours from 103, 104, 177, or 377.

c. History of the Pacific Northwest, History 251

4. Professional Education—26 to 30 semester hours

a. Sequence of Required Courses

(1) Introduction to Education—Education 301.

(2) Human Growth and Development—Education 302.

(3) Curriculum, Materials, Methods, and Less-Preferred Level Student Teaching—Education 403, 404, 405 or 407.

(4) Preferred Level Student Teaching—Education 406 or 408.

(6) Reading Methods—Education 449 or 451.

(7) Arithmetic Methods—Education 450.

(8) Elementary School Social Studies Methods—Education 452.

(9) Specific Methods of Teaching Secondary School Subjects—Education 458.

b. Electives in Education

Elective courses in education which will strengthen the student’s professional preparation should be chosen under the counsel and guidance of the School of Education. Normally, the required courses constitute all the professional education the student should take in his undergraduate program.

* If the department concerned feels the student has competence in this subject or area, an alternate course may be substituted.
5. September Experiences
In the September preceding his junior or his senior year each student will be required to observe and to participate in activities during the opening days of school, either in his home town or in the Tacoma Public Schools. Plans and assignments for these experiences must be made in the preceding spring semester.

III. POST-GRADUATION REQUIREMENTS

Phase II—Initial Teaching Experience

The period of initial teaching-experience is on a full-time basis at a standard salary in a public elementary or secondary school and is regarded as an integral part of the program of teacher-education. Teaching during this period is on a Provisional General Certificate, which is valid for one year and renewable annually to a total of five years. The College of Puget Sound and the employing school district share responsibility for the guidance and supervision of the teacher during the initial teaching-experience. During this period, supervisors from the College will visit the teacher and counsel with him and with his public school supervisors concerning his work.

Assistance in securing a teaching-position will be given by the Teacher-Placement Bureau of the College of Puget Sound. This service is open to all graduates of the College and to students who have taken at least twelve semester-hours of work in residence.

Phase III—Fifth Year of Teacher-Education

Under the regulations of the State Board of Education, teachers holding a Provisional General Certificate have five years from the date of original issuance to complete the fifth year of college work. The following standards have been set up to serve as a guide for the fifth year.

1. The fifth year must be completed within five years after the first year of teaching, and at least eight semester hours of credit must be completed before the beginning of the third year of teaching. Upon satisfactory completion of the fifth year of college and a record of successful teaching, the teacher will be recommended for the Standard General Certificate.

2. The teacher may choose the institution in which he wishes to complete his fifth year. In planning this year, he has several choices of institutions where he may do his work:
   a. If he wishes to take his fifth year in an out-of-state institution, his under-graduate college will be responsible for recommending him for the Standard General Certificate upon successful completion of the work. The teacher must secure approval of his plan from his under-graduate college.
   b. If he chooses to take his fifth year in the same institution in which he did his under-graduate work, that institution will recommend him for the Standard General Certificate.
   c. If he elects to take his fifth year in another college within the State of Washington, that institution will recommend him for the Standard General Certificate, under its regulations for such students.

3. There are four provisions governing the pattern of work in the fifth college year:
   a. The fifth year must include a minimum of thirty semester hours, one-half of which must be at a level required of graduate students. Twenty of the thirty hours may be taken prior to or during the first year of teaching.
   b. No more than eight semester hours of extension and/or correspondence study may be taken as a part of the thirty semester hours during the fifth year.
   c. If the fifth year is taken in a college in the State of Washington, a minimum of twenty semester hours must be in residence. Each college, however, has the privilege of establishing its own residence requirement, which may be more than the State minimum. If the fifth year is taken outside the State, at least twenty semester hours must be in the same institution.
   d. There are no required courses, but those chosen should be selected through consultation with the college which will make the recommendation for the Standard General Certificate. The major objective in the fifth college year should be growth of the teacher. The first year of teaching should indicate strengths and weaknesses which will guide in selecting studies that will increase teaching skill, add to general knowledge, and fill in gaps in the teacher’s preparation. (The College of Puget Sound requires that one-half of the fifth year be in academic subjects, and more is recommended where feasible and possible.)

4. It is the responsibility of each teacher to initiate the necessary steps for the approval and completion of the fifth year of college-work.

Teachers who have taken their under-graduate work at another institution in the State and who wish to complete their fifth year at the College of Puget Sound should notify the School of Education of their intention and have transcripts of their credits sent to the Registrar. In addition, before they are accepted, recommendations from the under-graduate college concerning plans and qualifications
for the fifth year must be forwarded to the School of Education. A transferring student's cumulative grade-point-average must be at least 2.25. Upon satisfactory completion of the last twenty hours in residence, the College of Puget Sound will recommend the candidate for the Standard General Certificate, but no degree will be granted until the full year's residence-requirements have been met. Teachers who have taken their under-graduate work at the College of Puget Sound and who plan to take their fifth year at another institution within the State, should notify the School of Education and make application to the institution where they plan to do their work. After proper request, the College of Puget Sound will forward the appropriate credentials. A teacher who completes the fifth-year at the College of Puget Sound may be eligible for the Bachelor of Education degree. With careful planning he may qualify for the Master of Arts or the Master of Education degree. The program set up for the fifth year shall take precedence and must be finished first.

MAJOR AND MINOR REQUIREMENTS

Students who take a major in the subject of education itself must have the courses required by the State Board of Education for certification to teach, and in no case shall the major be less than twenty-four semester hours.

Requirements for a minor will be determined by the School of Education in consultation with the student.

BACHELOR OF EDUCATION

The degree of Bachelor of Education is a post-graduate degree conferred on students who have completed a fifth year of college and who have met the following standards:

1. Possession of a standard bachelor’s degree from an accredited institution of higher learning;
2. Fulfillment of the requirements for a standard Washington State teaching certificate;
3. Completion of not less than thirty semester hours of college-work after receipt of the bachelor's degree, one-half of which must be upper-level or graduate credit;
4. Completion of not less than twenty-seven semester hours of education, graduate and under-graduate, including the courses required for the certificate presented in Standard 2 above;
5. Attainment of a cumulative grade-point-average of 2.25 or higher for admission to, and completion of, the degree;
6. Fulfillment of the residence and credit requirements of the College of Puget Sound for a degree;
7. Work used for this degree may not be counted toward a master's degree.

MASTER OF ARTS IN EDUCATION

The statement of the general requirements for the degree of Master of Arts will be found elsewhere in the college catalog. In addition to satisfying these requirements, the candidate for the Master of Arts in Education degree must include in his graduate education courses (1) Statistical Methods; (2) Philosophy of Education, and (3) Introduction to Educational Research.

Two years of successful teaching-experience are required prior to receipt of the degree. Not more than ten semester hours of graduate credit can be applied toward the degree before the candidate has taught at least one year.

MASTER OF EDUCATION

The Master of Education is a standard graduate degree designed for persons engaged in the various fields of education (teaching, administration, supervision, and guidance) who prefer to substitute specific courses in their major areas of interest, and in some cases an extended seminar or field-study paper, for the thesis required for the degree of Master of Arts. Except as relating to the thesis, standards and procedures for admission, scholarship, and examination, shall be the same as for candidates for the Master of Arts degree. A total of twenty-four semester hours of undergraduate credit in education and fourteen hours in the minor (provided a minor is chosen) is considered a minimum for admission to graduate study. The basic academic requirement is thirty semester hours of graduate credit with A or B grade, including courses in (1) Statistical Methods, (2) Methods of Educational Research, and (3) Philosophy of Education. Candidates may then choose one of two alternate plans for the completion of their degree-requirements: Plan A, select the course in Educational Seminar (2 semester hours) and prepare a seminar paper; Plan B, complete six additional semester hours under the direction of the major adviser. A minor may be chosen in an academic subject, in which case the candidate must present a minimum of twenty hours in education and the balance in the minor. If a minor is not chosen, ten to fifteen semester hours of pertinent graduate work in related academic subjects must be
included in the total program. All graduate courses chosen to satisfy requirements shall be selected under the direction of the candidate’s major adviser.

Credit may be given, at the discretion of the Graduate Committee, for graduate work in other institutions having similar standards for such work, but such credit may not exceed ten semester hours. Not more than six semester hours of credit by extension may be allowed; and no credit will be allowed for courses taken through correspondence. The extension work presented must be acceptable for credit toward a graduate degree from the institution which offered the work. Any transfer-credit is tentative until validated by work in residence. Graduate work older than six years will not be counted toward a degree.

Two years of successful teaching-experience are required prior to receipt of the degree. Not more than ten semester hours of graduate credit can be applied toward the degree before the candidate has taught at least one year.

Application for graduation must be made not later than six months preceding the semester or summer session in which the degree is to be awarded.

Introduction to Education—Education 301.
Credit, 4 semester hours. Open to second-semester sophomores. Required for the General Certificate. Prerequisite, Psychology 201 and a cumulative grade point average of at least 2.25.

This is an orientation-course designed to give students knowledge of local, state and national aspects of the American educational system. Three hours per week will be spent in off-campus professional activities.

Human Growth and Development—Education 302.
Credit, 4 semester hours. Required for the General Certificate. Prerequisite, Education 301.

This course will center around a consideration of the growth and development of the child. The psychology of normal human growth, adjustment, and learning will be studied in detail. There will be directed observation in the public schools from kindergarten through the senior high school.

Child Psychology—Education 325.
See Psychology 325.

Psychology of Adolescence—Education 326.
See Psychology 326.

Kindergarten and Primary Grades, Curriculum and Methods—Education 401
Credit, 2 semester hours. Prerequisite, Education 302. Elective.

This course will be concerned with general elementary school materials and methods.

Secondary School Curriculum, Materials and Methods—Education 403.
Credit, 2 semester hours. Open to second-semester juniors. Required for the Provisional General Certificate. Prerequisite, Education 302. Education 405, 404 and 405 or 407 must be taken concurrently. See Education 406.

This course will be concerned with general secondary school materials and methods in the junior and senior high schools.

Elementary School Student Teaching—Education 405.
Credit, 2 semester hours. Open to second-semester juniors. Required for the Provisional General Certificate. Prerequisite, Education 302. Education 403, 404 and 405 or 407 must be taken concurrently. (Less-preferred level.)

This course will include five clock hours of student teaching per week for a full semester in the elementary school at the student's chosen grade level.

Elementary School Student Teaching—Education 406.
Credit, 10 semester hours. Open only to seniors or graduate students. Required for the Provisional General Certificate. Prerequisite, Education 403, 404 and 407. (Preferred level.)

Directed student teaching in the student's preferred grade of the public elementary schools from 8:30-12:00 a.m. daily for a full semester. Seminars are held each Monday afternoon for discussion of problems related to student teaching.

Secondary School Student Teaching—Education 407.
Credit, 2 semester hours. Open to second-semester juniors. Required for the Provisional General Certificate. Prerequisite, Education 302. Education 403, 404 and 407 must be taken concurrently. (Less-preferred level.)

This course will include five clock hours of student teaching per week for a full semester at either the junior or senior high school level in the student's chosen subject.

Secondary School Student Teaching—Education 408.
Credit, 7 to 10 semester hours. Open only to seniors or graduate students. Required for the Provisional General Certificate. Prerequisite, Education 403, 404 and 405. (Preferred level.)
Directed student teaching in the student’s major and/or minor fields of concentration at the public junior or senior high school levels for two or three clock hours daily during a full semester. Seminars are held each Monday afternoon for discussion of problems related to student teaching.

**The Government and Educational System of the State of Washington**  
*Education 410.*  
Credit, 1 semester hour. Not counted toward a major or a minor in education. Required of all students intending to teach in the State of Washington. The course will include a study of the State Constitution, an outline of the State school system and essentials of the school law, and a general view of the curricula and courses of study officially prescribed by the State Board.

**Principles and Practices of Guidance—Education 437.**  
Credit, 3 semester hours.  
Methods of personal, educational, and vocational guidance in schools. Two-hour laboratory per week in the public schools.

**Educational Tests and Pupil Evaluation—Education 441.**  
Credit, 3 semester hours.  
A study of the methods used in testing pupils in the public schools, the principles underlying these methods and the relation of the tests to school efficiency and school progress. The course includes an introductory study of statistics and statistical methods. Practice in making tests and in charting and estimating results will be required.

**Creative Teaching—Education 446.**  
Credit, 2 semester hours.

**Language Arts in the Elementary School—Education 448.**  
Credit, 2 semester hours.

**Reading Methods—Education 449.**  
Credit, 2 semester hours. Required for elementary-school teaching. Prerequisite, Education 302.

**Arithmetic Methods—Education 450.**  
Credit, 2 semester hours. Required for elementary-school teaching. Prerequisite, Education 302.

*May be taken in residence or by correspondence, or the requirement may be satisfied by examination through the Office of the County Superintendent of Schools. The examination is given on the first Saturday in March. Registration for the examination should be made in February.

**Developmental Reading—Education 451.**  
Credit, 2 semester hours. Required for secondary-school teaching. Prerequisite, Education 302.

**Social Studies Education—Education 452.**  
Credit, 2 semester hours. Required for elementary-school teaching. Prerequisite, Education 302. Methods and materials in the social studies for the elementary-school grades.

**Science Education—Education 453.**  
Credit, 2 semester hours. Not to be counted toward a science major. Recommended for elementary-school teaching. Methods and materials in elementary-school science.

**Special Methods of Teaching Secondary-School Subjects—Education 458.**  
Credit, 2 semester hours. Prerequisite, Education 403, 404 and 405. Required for secondary-school teaching. Courses will be scheduled as needed, in either the first or the second semester, to give training in methods of teaching specific subjects in the secondary-school curriculum. Teachers in the students’ major department offer courses in the following fields respectively: Commercial Subjects, English Language, Foreign Language, Health and Physical Education, Home Economics, Mathematics, Science, Social Studies and Speech.

**Audio-Visual Aids in Teaching—Education 460.**  
Credit, 3 semester hours. The uses of each type of aid, the methods by which it can be most effectively employed, administration of the school’s audio-visual program, and use of equipment.

**School Organization and Administration—Education 475.**  
Credit, 3 semester hours. A course in the principles and methods of educational organization and administration. Units of organization, city school systems, forms and functions of state and local supervision, the teaching staff, courses of study, special types of public education, standard of efficiency, school-building, furnishings and equipment.

**Reading Conference in Education—Education 491, 492.**  
Credit arranged. Open only to seniors with approval of the School of Education.
GRADUATE COURSES

Courses listed in this section are primarily for graduate students, although they may be elected by qualified seniors.

Principles of Elementary Education—Education 512.
Credit, 3 semester hours.
A critical study of the modern elementary school, with special references to philosophy, objectives, curriculum and methods.

Principles of Secondary-Education—Education 513.
Credit, 3 semester hours.
An advanced critical study of modern secondary education, including extended secondary education, vocational education, and the junior college.

History of Education—Education 515.
Credit, 3 semester hours.
A study of educational theory and practice from early times to the present. Emphasis is placed on the theoretic conceptions and the social forces which determined specific forms of educational organization, or the spirit and content of instruction at different times. Special attention is given to the evolution of national school systems and to the influence of the modern scientific and social spirit. Special attention will be given to American education.

Philosophy of Education—Education 516.
Credit, 3 semester hours. Required for the Master of Arts in Education and the Master of Education degrees.
A study of the nature and meaning of philosophy as it relates to education, with an attempt to formulate a sound educational philosophy for the United States.

Moral and Spiritual Values in Education—Education 524.
Credit, 3 semester hours.
This course is based upon the confidence that moral and spiritual values can grow in the context of teaching in any subject-matter. Time will be given to ways and means of accomplishing this within the framework of constitutional requirements.

Advanced Educational Psychology—Education 529.
Credit, 3 semester hours.
Advanced study of the psychology of learning and teaching processes, with emphasis on the evaluation of current educational theories and practices in terms of psychological principles.

Advanced Techniques of Counseling and Guidance—Education 537.
Credit, 3 semester hours.
Advanced techniques of guidance and counseling procedure in the elementary and secondary school. Designed primarily for experienced counselors and teachers.

Statistical Methods—Education 541.
Credit, 3 semester hours. Required for the Master of Arts in Education and Master of Education degrees.
A study of the statistical procedures employed in dealing with educational, psychological and sociological data.

Principles of Public School Curriculum Planning—Education 545.
Credit, 3 semester hours.
An advanced study of curricula and curriculum-making with special references to both elementary and secondary levels.

Seminar in Supervising-Teacher Education—Education 573.
Credit, 1 semester hour. Open to administrators and teachers who supervise student-teachers.

Elementary School Administration and Supervision—Education 576.
Credit, 3 semester hours.
Construction of the daily program, analyzing time-allotments and the balance of activities; classification and promotion of pupils; attendance and tardiness; health-education; school-assembly; and school-library.

Junior High School Administration and Supervision—Education 577.
Credit, 3 semester hours.
A study of the organization, functions, and problems of administration in the junior high school.

High School Administration and Supervision—Education 578.
Credit, 3 semester hours.
Problems in the administration of secondary schools; designed especially for students who expect to become principals or superintendents.

Public School Finance—Education 582.
Credit, 3 semester hours.
A study of the methods and problems of public school financing in the United States. Stress will be placed upon the study of typical states in comparison with the methods and problems of financing education in the State of
Washington. A course for administrators, classroom teachers, and laymen interested in the problem of public school finance.

School and Community Relations—Education 586.
Credit, 3 semester hours.
A re-study of the place of the school in the community, including use of the buildings for community functions, participation of the school personnel in community activities, and the use of community resources to further school purposes.

Laboratory Experience for Administrators—Education 590.
Credit, 1 or 2 semester hours. Required for principals' credentials.

Reading and Conference—Education 591, 592.
Credit arranged. Open only to advanced students with the approval of the instructor.

Introduction to Educational Research—Education 593.
Credit, 2 semester hours. Required for the Master of Arts in Education and the Master of Education degrees. Prerequisite, Education 541.
Application of methods of research to determination of selected educational problems. Especially adapted to students who desire an introduction to educational research, or to graduate methods in research.

Seminar—Education 595, 596.
Credit and time arranged. Required for the Master of Education degree. Prerequisite, Education 593.
Individual investigation and group consideration of selected problems in the field of education.

Master's Thesis—Education 597, 598.
Credit and time to be arranged. Prerequisite, Education 593.

English

Professor Chapman (Chairman); Associate Professor H. Simonson; Assistant Professors Hager, Myers, Stewart; Instructors Ashby, Chaldecott, Garrison, C. Simonson, Wilson

The Department of English includes three fields; composition, literature and journalism. Majors are offered in literature, in composition and literature combined, or in journalism and the other fields combined. A minor may be taken in any one of the three fields.

Six hours of English composition are required of all students in the freshman year, but these courses may not be counted toward a major or minor. Essential (upper-level) literature courses are grouped as follows:

Group I

Shakespeare—English 451, 452.
Medieval English Literature—English 467, 468.
Renaissance Literature—English 471, 472.

Group II

Eighteenth Century Literature—English 455, 456.
Nineteenth Century Literature—English 457, 458.
A major in literature should include Courses 221 or 222, 251, 252, 451 or 452, and six hours additional from each of Groups I and II.
A minor in literature should include six hours from Literature Courses 231, 232, 251, 252, and three hours from each of Groups I and II.
A major in composition-literature should include six hours from Literature Courses 231, 232, 251, 252. In addition the following are required: 221 or 222; 451 or 452. Composition Courses 301 and 302 are both required. The remaining nine hours are to be elected from composition and literature courses in areas of interest. The courses in this major are required of all persons expecting to teach English in the secondary schools.
A minor in composition-literature should include three hours from Literature Courses 231, 232, 251, 252. In addition the following are required: Composition Courses 301 and 302; three hours from literature, Groups I or II. The remaining five hours are to be elected from composition and literature courses in areas of interest.

I. COMPOSITION AND RHETORIC

English Composition—English 101, 102.
Credit, 3 semester hours each semester.
A course in the writing of clear and effective expository prose, with emphasis upon organization, style, and increasing maturity of thought. Personal criticism and individual conferences, augmented by reading and discussion of carefully chosen English and American selections.
English Prose Composition—English 105, 106.
Credit, 3 semester hours each semester.
An intensive course in prose writing and reading, emphasizing independent, critical thinking. Required of freshmen not assigned to English 101, 102.

Advanced Composition—English 301, 302.
Credit, 2 semester hours each semester.
A practical course for students and teachers who desire training in formal and informal essay. First semester: emphasis upon development of style. Second semester: emphasis upon the essay.

The Short Story—English 311.
Credit, 2 semester hours. It is recommended that English 301 be taken prior to this course.
An introductory course in development of fictional characters and of plot structure.

Conference in Creative Writing—English 491, 492.
Credit, 2 semester hours each semester. Registration only by permission of the instructor.
A seminar for writers engaged in either fiction or non-fiction.

History of the English Language—English 511.
Credit, 2 semester hours. Offered in alternate years. Given in 1960-61.
A study of the change and development in the vocabulary, grammar, and pronunciation of the English language from the beginning to the present time. Recommended to English majors who expect to teach.

II. LITERATURE

At least one of the following courses 231, 232, 251, 252, is a prerequisite for all upper division literature courses, except English 321, 322 for which English 221 or 222 is prerequisite.

Introduction to Types of Literature—English 111, 112.
Credit, 2 semester hours each semester.

American Literature—English 221, 222.
Credit, 3 semester hours each semester.
Colonial period to 1870; 1870 to the present. Designed to show the great range of our literature, with emphasis upon the development of significant ideas in the growth of America.

World Literature—English 231, 232.
Credit, 3 semester hours each semester.
A study of classics selected from Ancient, Medieval, and Renaissance literature, with attention to their influence on English letters.

Introduction to English Literature—English 251, 252.
Credit, 3 semester hours each semester.
A survey course covering the chief men and movements of English literary history from its beginning through the nineteenth century.

Studies in American Literature—English 321, 322.
Credit, 2 semester hours each semester.
First semester, an intensive study of the literature in America from 1920 to 1930; second semester, 1930 to 1940.

Twentieth Century Literature—English 341, 342.
Credit, 2 semester hours each semester.
A study of representative Continental, British and American novelists and poets.

Contemporary Literature After World War I—English 343, 344.
Credit, 2 semester hours each semester. Offered in alternate years. Given in 1960-61.
A study of representative Continental, British and American novelists and poets.

Shakespeare—English 451, 452.
Credit, 3 semester hours each semester.
A study of the principal plays of Shakespeare with examination of the source material. One semester required of literature majors.

Restoration and Eighteenth Century Literature—English 455, 456.
Credit, 3 semester hours each semester. Offered in alternate years. Given in 1960-61.
The Ages of Dryden, Pope, Johnson, and eighteenth century romanticism.

Nineteenth Century Literature—English 457, 458.
Credit, 3 semester hours each semester.
A study of the principal poets and essayists of the Romantic and Victorian periods.

*The Novel in English—English 461, 462.
Credit, 2 semester hours each semester. Offered in alternate years. Given in 1959-60.
The development of the English and American novel from the beginnings through the nineteenth century.
*The Drama in English—English 463, 464.
Credit, 2 semester hours each semester. Offered in alternate years. Given in 1960-61. English drama to 1642; Restoration period to contemporary drama.

Early English Literature—English 467, 468.
Credit, 3 semester hours each semester.
First semester: reading in translations from Old English prose and poetry, and in Middle English other than Chaucer. Second semester: rapid reading of Chaucer in the original. Discussion and reports.

Literature of the English Renaissance—English 471, 472.
Credit, 3 semester hours. Offered in alternate years. Given in 1960-61.
The English Renaissance, Spenser and his contemporaries, Milton and his contemporaries.

*Enrollment for one hour additional each semester with permission of the instructor.

Reading in English—English 497, 498.
Credit, 2 semester hours each semester. Open only to advanced students with the consent of the instructor and of the head of the department.
Individual study of selected topics, with written reports, and conferences.

Principles of Criticism—English 514.
Credit, 2 semester hours. Offered in alternate years. Given in 1960-61.
Reading, and application to chosen masterpieces, of a selected group of critical essays, with the view of developing in the student principles of literary taste and judgment.

Thesis—English 597, 598.
Credit, 4 to 6 semester hours.

III. JOURNALISM

Students may take a major which combines courses in journalism with English composition and literature.
Requirements for this major include: Courses 109, 110, 115, 116, 121, 122, 221, 222, 411 and 412 or 415 and 416; four hours selected from 340, 341, 343, 344; six hours selected from 231, 232, 251, 252; and either 511 and 514 or 301 and 302 or 311.

Requirements for a minor in journalism include: Courses 108, 109, 114, 115, and electives in journalism to make a total of 15 semester hours.

News-Writing and Editing—English 109, 110.
Credit, 3 semester hours each semester. Required for all majors.
The technique of the news-story. The first semester is devoted to straight news-writing and copy-editing. The second semester takes up specialized news work; editorials; sports stories, society, features and radio news.

Credit, 2 semester hours each semester. Required for all majors. Prerequisite, English 109, 110.
A writing laboratory for the staff of the College news-magazine.

Current National and International Problems—English 121, 122.
See Political Science 121, 122.

Advanced Editorial Conference—English 315, 316.
Credit, 1 semester hour each semester.
Open only to students who have completed Courses 115 and 116, and are participating in the editing of the Trail.

News Broadcasting—English 321, 322.
Credit, 3 semester hours each semester.
Students in this course prepare a daily news program and announce it over one of the Tacoma radio stations. The class studies the technique of writing radio news and features. The emphasis is on writing rather than announcing, though the students do all the broadcasting.

Advertising—English 323, 324.
See Business Administration 323, 324.

News and Publicity Through Radio and Television—English 326.
Credit, 2 semester hours.

Journalism Workshop—English 411, 412.
Credit, 2 semester hours each semester. Required of all majors.
Advanced work in feature stories, publicity and editing house organs.

Feature Writing—English 415, 416.
Credit, 2 semester hours each semester.
Seminar in Journalism—English 493, 494.
Credit, 2 semester hours each semester.
A weekly conference open only to seniors majoring in journalism.

Foreign Languages
Professors Allison (Chairman), Tomlinson; Associate Professors Bachimont, Martin; Instructor Lavaska.

CLASSICAL LANGUAGES

GREEK

Elementary Greek—Greek 101, 102.
Credit, 4 semester hours each semester.
Introduction to Greek through Attic prose. Study of forms and syntax. Reading of selections from Xenophon, Sophocles and Euripides.

Intermediate Greek—Greek 201, 202.
Credit, 3 semester hours each semester.
First semester, reading of Plato's Apology, Crito and Phaedo; second semester, reading from Homer's Iliad.

LATIN

Credit, 3 semester hours each semester.
Reading from Cicero and Vergil, and review of grammar and syntax. Open to students who have had two years of secondary-school Latin.

MODERN LANGUAGES

Language Laboratory

The Department of Languages provides a language laboratory which permits the student to train himself extensively in the use of the spoken form of the foreign language in which he is interested.

FRENCH

In a major in French, Courses 301, 302, 313, 314 (or 325, 326), 351 and 387, 388 should be included; in a minor, Courses 301, 302 and 351 are recommended. Courses 101 and 102 are not counted in the hours for a major, nor Course 101 for a minor.

Elementary French—French 101, 102.
Credit, 4 semester hours each semester.
Introduction to the phonetics and grammar of the French language, reading of graded texts and of books on French culture.

Credit, 3 semester hours each semester. Prerequisite, Course 102, or two years of high school French.
Reading of modern French writers, review of grammar, oral and written composition, and conversation.

Survey of French Literature—French 301, 302.
Credit, 3 semester hours each semester. Prerequisite, Course 202. Offered in alternate years. Given in 1959-60.

Development of French Drama—French 313, 314.
Credit, 3 semester hours each semester. Prerequisite, Course 202. Offered in alternate years. Given in 1959-60.
The first semester is devoted to the study of the drama through the seventeenth century; the second semester, to modern dramatists.

Development of French Narrative Writing—French 325, 326.
Credit, 3 semester hours each semester. Prerequisite, Course 202. Offered in alternate years. Given in 1958-59.
Lectures, reports, and discussion. Intensive study of some examples of the conte, nouvelle, and roman.

Advanced Composition—French 351.
Credit, 3 semester hours. Prerequisite, Course 202. Offered in alternate years. Given in 1959-60.

Modern French Literature—French 375, 376.
Credit, 3 semester hours each semester. Prerequisite, Course 202, or the equivalent. Offered in alternate years. Given in 1958-59.
Lectures and reading of selected works of modern period, showing particularly the development of French thought during the nineteenth century.
French Civilization—French 387, 388.
Credit, 2 semester hours each semester. Prerequisite, Course 202. Offered in alternate years. Given in 1958-59.
Reading, lectures, and reports on France from the Middle Ages to the present.

French Poetry and Explication de Textes—French 465.
Credit, 3 semester hours. Prerequisite, at least 6 upper-level credits in French. Offered in alternate years. Given in 1959-60.
Critical study of the development of French poetry from the Pleiade to the present day.

Contemporary French Literature—French 477, 478.
Credit, 3 semester hours each semester. Prerequisite, at least 6 upper-level credits in French. Offered in 1958-59.
A study of twentieth-century novelists, poets, dramatists and essayists.

Graduate Courses

Courses listed in this section are primarily for graduate students, although they may be elected by qualified undergraduates.

Seminar—French 503, 504.
Credit, 2 semester hours each semester.

Reading and Interpreting Old French Texts—French 511, 512.
Credit, 2 semester hours each semester.

Reading Conference—French 591, 592.
Credit, 1 or 2 semester hours each semester, and may be repeated once.
Enrollment only on approval by the Head of the Department. Undergraduates accepted would register under the numbers 491, 492.
Directed reading, oral and written reports, and discussion.

Thesis—French 597, 598.
Credit, 4 to 6 semester hours.

GERMAN

In a major, Courses 301, 302, 352, 388, 461, 462 should be included. In a minor, Courses 301, 302, 352, 388 are recommended.
Goethe's Faust—German 462.
Credit, 3 semester hours. Offered in alternate years. Given in 1960-61.
Intensive study of the drama (Parts 1 and 2), its problems, philosophy, and sources, in connection with Goethe's life.

Reading Conference—German 491, 492.
Credit, 1 or 2 semester hours each semester.
Directed reading and research in fields of student's special interest. Oral and written reports.

RUSSIAN

Elementary Russian—Russian 101, 102.
Credit, 4 semester hours each semester.

SPANISH

In a major in Spanish, Courses 301, 302, 331, 332, 351, 387, and 388 should be included; in a minor, Courses 301, 302, 351, 387 or 388 are recommended. Other upper-level courses may be substituted with approval by the Head of the Department. Courses 101 and 102 are not counted in the hours for a major, nor Course 101 for a minor.

Elementary Spanish—Spanish 101, 102.
Credit, 4 semester hours each semester.
Essentials of grammar, use of simple Spanish orally and in writing, reading of graded texts.

Credit, 3 semester hours each semester. Prerequisite, Course 102, or two years of high school Spanish.
Readings from Spanish and Spanish-American writers, review of grammar, oral and written composition.

Survey of Spanish Literature—Spanish 301, 302.
Credit, 3 semester hours each semester. Prerequisite, Course 202. Offered in alternate years. Given in 1959-60.

Survey of Spanish-American Literature—Spanish 331, 332.
Credit, 3 semester hours each semester. Prerequisite, Course 202. Offered in alternate years. Given in 1960-61.

Advanced Composition and Conversation—Spanish 351.
Credit, 3 semester hours. Prerequisite, Course 202. Offered in alternate years. Given in 1959-60.
Grammar review, oral and written composition and critical study of form.

Spanish Civilization and Culture—Spanish 387, 388.
Credit, 2 semester hours each semester. Prerequisite, Course 202. Offered in alternate years. Given in 1960-61.
Study of the society, politics, geography, and arts of Spain and Spanish-America.

Reading Conference—Spanish 491, 492.
Credit, 1 or 2 semester hours each semester, and may be repeated once. Admission only by approval of the Chairman of the Department.
Directed reading and research, oral and written reports.

Geology

Associate Professor Anderson (Chairman); Assistant Professor Lowther

Any major in geology must include Courses 101, 102, 201, 202, 360, and six hours from Courses 321, 331, 332, 351; however, to be recommended as a professional geologist or for a graduate appointment, a student must offer Course 482 and at least five additional hours of upper-level work. Surveying, Mathematics 224, is required of all majors, and should be completed by the end of the sophomore year.
A minor will consist of Courses 101, 102, 201, 202, plus one three-hour upper-level course.

Advanced Field Geology, Geology 360, is required of all geology majors. It is advised that each major plan to take this course in the summer session between his junior and senior years.

A student who wishes to major in geology should have had at least two years each of high school mathematics and language. If these courses have to be taken in college, additional time will be required. He should be advised also that there is certain field equipment such as a Brunton Compass, hand pick, hand lens, field notebook, and drafting equipment which he should procure as early as possible in his course.

Instruction in the department may lead to any one of the major fields of interest in geology. These areas of interest should be supported by strong minors as follows: (1) Economic Geology and Mining-Chemistry; (2) Geophysics-Geology 102; (3) Engineering Geology-Physics and/or Mathematics; (4) Petroleum Geology-Physics and/or Mathematics; (5) Paleontology-Geology 321.

Geology 101, 102 will satisfy the college science requirement only if the student has had one high school unit of biological science (Biology or Botany).

*Because the geologist is closely associated with management, General Economics should be presented as part of the broad background.

Physical Geology—Geology 101.
Credit, 4 semester hours.
This is essentially a study of the land forms of the earth and the forces that produce them.

Introduction to Historical Geology—Geology 102.
Credit, 4 semester hours. Prerequisite, Geology 101.
A study of the geographical and structural changes which have affected the earth through geologic time, with particular reference to North America; of the methods used in working out the history of our planet, and of the development and evolution of the various kinds of plants and animals which have inhabited it.

Mineralogy—Geology 201.
Credit, 3 semester hours; two lectures and a three-hour laboratory. Prerequisite, Course 101, or equivalent; and General Chemistry is recommended.
A comprehensive study of the more important minerals from the standpoint of physical and chemical characteristics.

Introduction to Field Geology—Geology 202.
Credit, 3 semester hours; two lectures and a three-hour laboratory. Prerequisite, Course 102. Field trips required.
Problems of field geology discussed in general. Compass and elementary plane-table mapping are studied. Field trips are made to typical areas.

Optical Mineralogy—Geology 301.
Credit, 3 semester hours; two lectures and a three-hour laboratory. Prerequisite, four-teen hours of geology.
The use of polarizing microscope in the examination of minerals and rocks in thin sections.

Petrography—Geology 302.
Credit, 3 semester hours; two lectures and a three-hour laboratory. Prerequisite, Course 301.
Principles of petrography and petrographic methods in the study of igneous and metamorphic rocks.

Structural Geology—Geology 321.
Credit, 3 semester hours; two lectures, a recitation, and a two-hour laboratory.
Detailed examination of the structural features of the earth and the study of the causes of crustal deformation.
Sedimentary Rocks—Geology 331.
Credit, 3 semester hours; two lectures and a three-hour laboratory.
A comprehensive study of sedimentary rocks, their origin and composition.

Principles of Stratigraphy—Geology 332.
Credit, 3 semester hours; two lectures and a two-hour laboratory.
A study of rock strata, the conditions of their deposition, their character, age, and distribution.

Paleontology—Geology 351, 352.
Credit, 3 semester hours each semester; two lectures, one recitation, and a two-hour laboratory. Prerequisite, Course 102. Field trips required.
The principles of paleontology and a systematic study of fossils.

Advanced Field Geology—Geology 360.
Credit, 5 semester hours. Prerequisite, twenty hours of geology. Required of all majors. Summer Session.
Five-week course given at a summer field camp. Field methods, plane table mapping, geologic mapping, collection and detail study of the material entering into a complete structural investigation of an area. Upon completion of field work, the student prepares a comprehensive report on the geology of the area studied.

Ore Minerals—Geology 406.
Credit, 3 semester hours; two lectures and a three-hour laboratory. Offered in alternate years. Given in 1960-61.
A study of the economics of minerals and of the general principles of their physical and chemical assembling and preparation.

Geomorphology—Geology 450.
Credit, 3 semester hours; two lectures and a three-hour laboratory. Prerequisite, fourteen hours of geology. Offered in alternate years. Given in 1959-60.
A study of the origin and history of the earth’s surface features and their interpretation from topographic maps and aerial photographs.

Advanced Historical Geology—Geology 482.
Credit, 3 semester hours. Open only to senior majors in geology, and required of all professional majors.
A survey of fundamental principles of geology as applied to the study of earth-history.

Seminar—Geology 493, 494.
Credit, 2 semester hours each semester. Course may be repeated upon recommendation of the department. At least one semester of seminar required of all professional majors.
Detailed and critical study of various fields in geology. Analysis of reports and statistical data.

Independent Investigation—Geology 497, 498.
Credit, 2 semester hours each semester. One semester required of all majors.
A systematic study of selected geologic problems and the preparation of an acceptable report.

History

Professors Shelmidine (Chairman), Coulter; Associate Professor Tomlinson; Assistant Professor Thomas

A major in history must include Courses 101 and 102, or 151 and 152, and a seminar, with sixteen additional hours of which ten should be in upper-level courses.
A minor in history must include Courses 101 and 102, or 151 and 152, and additional hours in upper-level courses to complete the total of fifteen.

Survey of World History—History 101, 102.
Credit, 3 semester hours each semester.

History of the United States—History 151, 152.
Credit, 3 semester hours each semester.

The Ancient World—History 201, 202.
Credit, 2 semester hours each semester.

History of the Pacific Northwest—History 251.
Credit, 2 semester hours.
A comprehensive regional survey of the Pacific Northwest and of the history and government of the State of Washington.

History of England and the British Empire—History 311, 312.
Credit, 3 semester hours each semester.

History of the Near East—History 315, 316.
Credit, 3 semester hours each semester.

The Middle Ages—History 321, 322.
Credit, 2 semester hours each semester. Offered in alternate years. Given in 1960-61.

The Renaissance—History 323.
Credit, 2 semester hours. Offered in alternate years. Given in 1959-60.

The Reformation—History 324.
Credit, 2 semester hours. Offered in alternate years. Given in 1959-60.

Europe in the Eighteenth Century—History 325.
Credit, 2 semester hours. Offered in alternate years. Given in 1959-60.

The French Revolution and Napoleon—History 326.
Credit, 2 semester hours. Offered in alternate years. Given in 1959-60.

The Economic History of Europe—History 329, 330.
Credit, 2 semester hours each semester. Offered in alternate years. Given in 1959-60.

The Colonial Period of American History—History 351.
Credit, 3 semester hours. Offered in alternate years. Given in 1959-60.

The Rise of American Democracy—History 352.
Credit, 3 semester hours. Offered in alternate years. Given in 1959-60.

History of Russia—History 365, 366.
Credit, 2 semester hours each semester. Offered in alternate years. Given in 1959-60.

History of the Far East—History 371, 372.
Credit, 2 semester hours each semester. Offered in alternate years. Given in 1960-61.

The History of Latin America—History 375, 376.
Credit, 2 semester hours each semester.

Recent History of Europe—History 411, 412.
Credit, 3 semester hours each semester.
The period covered is from 1815 to the present.

History of the United States from 1865 to 1900—History 451.
Credit, 3 semester hours. Offered in alternate years. Given in 1960-61.

History of the United States in the Twentieth Century—History 452.
Credit, 3 semester hours. Offered in alternate years. Given in 1960-61.

Reading and Conference—History 491, 492.
Credit, 2 semester hours each semester. Open to majors only.

Seminar in American History—History 493, 494.
Credit, 2 semester hours each semester.

Seminar in European History—History 495, 496.
Credit, 2 semester hours each semester.

Thesis—History 597, 598.
Credit, 4 to 6 semester hours.

Home Economics

Assistant Professors Bowers (Chairman), Hall, Nelson; Instructor Guthrie

Students who major in home economics may earn the degree of Bachelor of Arts in Home Economics, or Bachelor of Science in Home Economics.
Any major in Home Economics must include courses 101, 102, 105, 106, 201, 202, 301, 328, 351, 361, 364, and 411. However, to be recommended as a professional home economist or for a graduate appointment, a student must offer four additional hours of upper-level work. This student is also urged to take Chemistry 101, 102.

Students who plan to apply for dietetic internship must satisfy the requirements of the American Dietetic Association. See page 71.

The following concentrations are offered for students who wish to minor in the department:

The courses to satisfy minors will be determined in conference on the basis of the student's objectives.

Students in Education, fulfilling the requirements for a General Certificate and choosing Home Economics as an area of concentration, should complete the following courses in Home Economics: 101, 102, 105 or 106, 201, 202, 301, 342, 351 or 411, 361, and 364. Education 459 should also be taken.

Textiles—Home Economics 101, 102.
*Credit, 2 semester hours each semester.*
Study of natural and synthetic fibers; identification of physical and chemical characteristics and manufacturing processes of finished fabrics; field-trips, reports, and care of modern textiles. Two recitations.

Clothing Construction—Home Economics 105, 106.
*Credit, 2 semester hours each semester.*
Selection of suitable design, patterns, and materials applied to the personality and needs of the individual; emphasis on pattern-analysis, sewing techniques and skills. Two two-hour laboratory periods.

Nutrition (Nurses Course)—Home Economics 111.
*Credit, 2 semester hours.*

Diet Therapy (Nurses Course)—Home Economics 112.
*Credit, 2 semester hours.*

Marriage and the Home—Home Economics 121.
*See Sociology 121.*

*Credit, 3 semester hours each semester.*
Selection, preparation and service; menu planning and meal service. One recitation, two two-hour laboratory periods.

Nutrition—Home Economics 301.
*Credit, 3 semester hours.*
Nutritive value of foods from the standpoint of newer scientific investigation; selection of optimal diet for health; recent trends in American dietary habits. Three recitations.

Diet Therapy—Home Economics 302.
*Credit, 3 semester hours.*

Weaving—Home Economics 315.
*See Occupational Therapy 315.*

The Family—Home Economics 321.
*See Sociology 321.*

Child Development—Home Economics 328.
*Credit, 3 semester hours. Prerequisite, Psychology 201.*
Includes study of the growth and development of the normal pre-school child; observation in nursery-school. Two recitations, one three-hour observation.

Related Art—Home Economics 351, 352.
*Credit, 3 semester hours. Prerequisite, Art 103, 104.*
Includes study of the practical application of art principles to home and personal use. Three recitations.

Household Management—Home Economics 361.
*Credit, 3 semester hours.*
Use of family resources, time, energy, money, mental and spiritual abilities in attaining desired values for the family and the individual.

Consumer Education—Home Economics 364.
*Credit, 2 semester hours.*
The role of the consumer in relation to advertising, labeling, equipment and purchasing problems.

Home Planning and Design—Home Economics 409.
*Credit, 3 semester hours.*
A study of home planning to meet the family's specific needs in location, cost, size, and personal interests.

Essentials of Interior Design—Home Economics 411.
*See Art 411.*
Tailoring—Home Economics 422.
Credit, 2 semester hours. Prerequisite, Courses 105, 106. Offered in alternate years. Given in 1959-60.
Principles of tailoring; planning and constructing of coats and suits. Two two-hour laboratory periods.

Advanced Food Preparation—Home Economics 432.
Credit, 2 semester hours. Prerequisite, Courses 201, 202. Offered in alternate years. Given in 1960-61.
Study of food from historical, social and economic viewpoints; foreign food; techniques of demonstration.

Quantity Cookery—Home Economics 461.
Credit, 3 semester hours. Offered in alternate years. Given in 1959-60. Enrollment only by permission of the Chairman of the Department.

Food Service Administration—Home Economics 462.
Credit, 3 semester hours. Offered in alternate years. Given in 1959-60. Enrollment only by permission of the Chairman of the Department.

Textile Design—Home Economics 478.
See Art 478.

Directed Study and Conference—Home Economics 491, 492.
Credit and time to be arranged. Enrollment only by permission of instructor.
Individual study, reading, written reports and conferences.

Latin
(See Foreign Languages)

Mathematics

Associate Professors Goman (Chairman), Lantz; Assistant Professor Champ

Preparation for college mathematics should include as many of the basic high school mathematics courses as a student can obtain. In studying mathematics, the student should emphasize the logical development of the general theory as well as the techniques involved. Course placement for the entering freshman will be determined by the result of the College Board Tests and by an interview.

A major in mathematics will include at least 12 upper-level hours in mathematics. A minor in mathematics will include a sequence of courses that will extend at least through the calculus.

Intermediate Algebra—Mathematics 103.
Credit, 3 semester hours. Prerequisite, pre-entrance test.
Basic algebraic manipulations and the resolution of linear and quadratic equations.

College Algebra and Trigonometry—Mathematics 111.
Credit, 4 semester hours.
Fundamental functional relationships, ratio, proportion, determinants, mathematical induction, trigonometric relationships with the emphasis on identities and the solution of oblique triangles.

See Business Administration 116.

Engineering Drawing—Mathematics 131.
Credit, 3 semester hours. Prerequisite, elementary algebra and plane geometry.

Descriptive Geometry and Engineering Drawing—Mathematics 132.
Credit, 3 semester hours. Prerequisite, Courses 111, 131.

Analytic Geometry and Calculus—Mathematics 211, 212.
Credit, 4 semester hours each semester. Prerequisite, Mathematics 112.

Surveying—Mathematics 224.
Credit, 3 semester hours. Prerequisite, Course 112.
The use of surveying instruments, basic computations, methods and procedures of U. S. public land surveys.

Credit, 2 semester hours each semester. Prerequisite, High School Trigonometry or Mathematics 112.
Statics in the first semester, slide rule, various types of force systems, graphic and analytical methods for determining stress, centroids and moments of inertia; dynamics in the second, rectilinear and curvilinear motion, rotation, plane motion, work, energy and power.
Ordinary Differential Equations—Mathematics 301.
Credit, 3 semester hours. Prerequisite, Course 202.

Credit, 3 semester hours. Prerequisite, Course 301.

Credit, 3 semester hours each semester. Prerequisite, Course 212, or permission of the instructor.

Elements of Statistics—Mathematics 371.
Credit, 2 semester hours. Required for psychology and sociology majors.

Advanced Calculus—Mathematics 401, 402.
Credit, 3 semester hours each semester. Course 212 is prerequisite to 401, and 401 to 402.

Vector Analysis—Mathematics 431.
Credit, 3 semester hours. Permission of the instructor.

Credit, 3 semester hours. Prerequisite, Course 212.

Independent Study—Mathematics 491, 492.
Credit, 2 to 4 semester hours. Open only to qualified students.

Seminar—Mathematics 493, 494.
Credit, 2 semester hours.

Music

Professors Rodgers (Director), Jacobsen; Associate Professors Cowell, Fisher, Ostransky; Assistant Professors Myles, Sipe, Wheeler; Instructors Margelli, Patterson, Wright

The College of Puget Sound is a Member of the National Association of Schools of Music.
The School of Music offers courses leading to either the Bachelor of Music degree or the Bachelor of Arts degree with a major in music.
The School sponsors the following activities: Adelphian Concert Choir, of forty mixed voices, admittance being by audition only; College Madrigal Singers, of ten mixed voices, specializing principally in performance of vocal music of the 16th and 17th centuries; College of Puget Sound Symphony Orchestra, whose membership consists of college students and residents of the community; Tacoma Choral Society, a large mixed chorus drawing its membership from college students and residents of the surrounding area, performing large choral works with the symphony orchestra, including the annual performance of "Messiah" at Christmas time; Concert Band; Opera Workshop; small vocal and instrumental ensembles; concerts and recitals by faculty, visiting artists and students.

All students who are minors in music are expected to attend a majority of the concerts (faculty, visiting artist and student) sponsored by the School of Music. All students who are music majors (Bachelor of Arts or Bachelor of Music) are required to attend a majority of such concerts and recitals.
The following curricula are offered to fulfill the minimum music requirements of the Bachelor of Music degree:

### Bachelor of Music, with Major in Cello or Violin:

*Elementary teachers omit Music 308, 309, 312, 479, 480.

Secondary Teachers: 55
Elementary Teachers: 45
The School of Music requires of Music Education majors the completion of specific requirements for secondary piano (functional piano facility) prior to graduation.

Psychology 201 and Northwest History 251 are required of all Music Education majors. These can be counted toward the general college requirements in Social Studies.

Elementary Teachers—An elementary music teacher should follow Option 3—see under Education, "Program Options." The student will be required to fulfill the following Education requirements: Education 301, 302, 401, 402, 410, 449, 450, 452, September Experience. In addition to specific college requirements the student will also be required to take Art 101 and 461; Speech 101; Health and Physical Education 365 and 366.

Secondary Teachers—A secondary music teacher will follow Option 1 or Option 2—see under Education, "Program Options." A secondary music teacher will select his minor teaching field from a combination of any two subjects in one of the following areas for a minimum of 16 semester hours of credit: Fine and Applied Arts, Health, Language Arts, Sciences and Mathematics, Social Studies. He will be expected to fulfill the following Education requirements: Education 301, 302, 401, 402, 410, 451, September Experience. In addition to specific college requirements the student should take Art 101 or 107 or 324; Speech 101, Health and Physical Education 105 or 365.

Bachelor of Music, with a Major in Church Music, concentrating in Voice or Organ:

Voice or Organ (Major Instrument) ................................................. 24

Freshman and Sophomore years: 2 lessons per week, 1 or more hours of practice daily, 2 credits per semester.

Junior and Senior years: 2 lessons per week, 2 or more hours of practice daily, 4 credits per semester.

Secondary Applied Instrument? .................................................. 2

Theory 101, 102; 201, 202 ......................................................... 16

Music Literature 303, 304 ......................................................... 6

Church Music 213, 214; 313, 314; 413, 414; 415, 416 .......................... 14

Conducting 307, 308 ................................................................ 4

Ensemble? ............................................................................. 6

Music Electives ....................................................................... 4

1Up to 6 credit hours may be waived by special examination.
2Ensemble required each semester of residence.
3Unless waived by special examination.
4At least 8 credits must be taken in piano unless waived by special examination. Applied music to continue throughout the 4 years. At least one semester each in the study of 3 orchestral instruments to include one instrument in each section of the orchestra—i.e., strings, woodwinds, and brass.
5Generally piano, except when piano is the major instrument.
6At least one major ensemble (Band, Orchestra, Chorus) must be taken each semester. Instrumental majors are required to take at least two consecutive semesters of chorus. Additional ensembles, without credit, may be required at the discretion of the Director of the School.
7Piano or organ if the concentration is voice; voice if the concentration is in organ.
The curricula for a major or minor in music with a Bachelor of Arts degree are:

The courses are arranged in groups under the headings of theory, history and literature, church music, choral and ensemble courses, applied music, and public school music.

### I. THEORY

#### First-Year Theory—Music 101, 102.

*Credit, 4 semester hours each semester. Course 101 is a prerequisite for 102.*

Fundamentals of musicianship developed through a correlation of aural, visual, manual and vocal experience based on the major and minor scales and major and minor triads, inverted and uninversed. Special emphasis placed on rhythmic, melodic and harmonic dictation; sight-singing; elementary written and keyboard harmony. Five periods weekly, extra aural drill as required.

*Credit, 4 semester hours each semester. Prerequisite, Courses 101, 102.*

A continuation of the fundamental approach of Courses 101, 102. Analysis of chorales; study and dictation of 7th chords, altered chords, augmented 6th chords and modulation. Emphasis placed on 4-part harmonic dictation; melodic dictation involving modulation, chomatic and modal melodies. Second semester devoted principally to the study and writing of counterpoint based on contrapuntal techniques of the 18th century. Five periods weekly plus one weekly period of aural drill.

#### Analysis of Form and Texture in Music—Music 301, 302.

*Credit, 2 semester hours each semester. Prerequisite, Courses 201, 202.*

Analytical technique involving the smaller forms of musical composition as well as the variation, rondo and sonata-allegro forms.

#### Orchestration—Music 309.

*Credit, 3 semester hours. Prerequisite, Courses 201, 202.*

Study of instrumentation; scoring for classical and romantic orchestra. Three periods weekly. Attendance at certain orchestra and band rehearsals required.

#### Orchestration (For Bachelor of Music Students Other Than Music Education Majors)—Music 310.

*Credit, 3 semester hours. Prerequisite, Course 309.*

Scoring for the modern orchestra, and of original compositions. Three periods weekly. Attendance at certain orchestra rehearsals required.

#### Band Arranging (For Music Education Majors)—Music 312.

*Credit, 3 semester hours. Prerequisite, Course 309.*

Principles of arranging and scoring for wind-based ensembles such as school regimental and symphonic bands with special emphasis on problems of arranging for groups of limited ability. Three periods weekly. Attendance at certain band rehearsals required.

#### Composition—Music 315, 316.

*Credit, 2 semester hours each semester. Prerequisite, Courses 201, 202.*

Creative expression in the larger forms through writing for various instrumental media, solo and ensemble. Three periods weekly.
Advanced Composition—Music 401, 402.
Credit, 2 semester hours each semester. Prerequisite, Courses 315, 316.
A continuation of Courses 315 and 316. Three periods weekly.

II. HISTORY AND LITERATURE

Introduction to Music Literature—Music 103, 104.
Credit, 2 semester hours each semester.
A non-technical study of the development of music, stressing the elements of musical understanding; study of representative compositions, with emphasis on their musical and historical importance. Two lecture periods weekly. Attendance at certain concerts required.

History of Music in Western Civilization—Music 303, 304.
Credit, 3 semester hours each semester. Admission only with approval of the instructor.
A survey of the history of music from primitive times to the present with special emphasis on the stylistic and formal developments of music and the important movements in the history of music. Three lecture periods weekly and one listening period.

Survey of Renaissance Music (1300-1600)—Music 341.
Credit, 2 semester hours. Prerequisite, Courses 103, 104 or 303, 304. Offered in alternate years. Given in 1960-61.
A survey of music from the time of Jacopo da Bologna and Machaut to Monteverdi showing the development of musical texture, forms and compositional techniques. Two lecture periods weekly and one listening period.

Survey of Baroque Music (1600-1750)—Music 432.
Credit, 2 semester hours. Prerequisite, Courses 103, 104 or 303, 304. Offered in alternate years. Given in 1960-61.
A survey covering the periods from Monteverdi to J. S. Bach, stressing the development of the fugue, suite, opera, oratorio, concerto, cantata, etc. Two lecture periods weekly and one listening period.

Survey of Classic and Romantic Music (1730-1900)—Music 433.
Credit, 2 semester hours. Prerequisite, Courses 103, 104 or 303, 304. Offered in alternate years. Given in 1959-60.
A survey covering the period from the pre-classical composer Porpora to Debussy, including a brief study of the writings of Mozart and Haydn and of the early influences which brought on the Romantic movement. Lives and works of Beethoven, Berlioz, Wagner, Verdi and their contemporaries are discussed. Two lecture periods weekly and one listening period.

Survey of Contemporary Music (1900— )—Music 434.
Credit, 2 semester hours. Prerequisite, Courses 103, 104 or 303, 304. Offered in alternate years. Given in 1959-60.
A survey of styles and trends in contemporary music from Debussy and impressionism to recent developments. Two lecture periods weekly and one listening period.

Credit, 1 or 2 semester hours each semester. Permission of the Director of the School is required.
Designed to offer advanced music students the opportunity to do individual study, under faculty supervision, in which the student shows exceptional aptitude and keen interest. This includes counterpoint, stylistic analysis, historical and comparative musicology, and acoustics.

III. CHURCH MUSIC

Introduction to Church Music—Music 213, 214.
Credit, 2 semester hours each semester.
The musical heritage of the great liturgies of the Church and modern Protestant trends. Resume of the hymnals of the major denominations and a consideration of the basis for hymn selection. Two periods weekly. Field work is required throughout the year, involving the observation of services of various denominations.

Church Music Administration—Music 313, 314.
Credit, 2 semester hours each semester.
The multiple choir program and choir promotion. A survey of methods and materials for Junior, Youth, Adult and Community Choirs. Ethics in the church and community. Two periods weekly. Field work is required throughout the year involving the direction of a Junior or Youth Choir in a church program.

Music and Worship—Music 413, 414.
Credit, 2 semester hours each semester.
A course taught jointly by the School of Music and the Department of Religion: Music in religious education, techniques in worship, and experiment in new forms. Campus religious services will be a workshop project for this course. Two periods weekly.
Practical Ministry of Music—Music 415, 416.
Credit, 1 semester hour each semester.
Arrangements to be made at the end of the junior year with local or suburban church where student will have responsibility for all or a defined part of the church’s music program.

IV. CONDUCTING, CHORAL, INSTRUMENTAL, ENSEMBLE AND PEDAGOGY CLASSES

Accompanying—Music 251, 252.
Credit, 1 semester hour each semester. Permission of instructor required.
Designed to give pianists the opportunity to accompany vocalists and instrumentalists under faculty supervision.

Conducting—Music 307, 308.
Credit, 2 semester hours each semester.

Service Playing—Music 349, 350.
Credit, 1 semester hour each semester. Permission of instructor required.
Organ accompaniment of hymn, anthem and solo; improvisation, modulation, and bridging techniques within the service.

Piano Ensemble—Music 351.
Credit, 2 semester hours each semester.

Credit, 2 semester hours each semester. Permission of instructor required.

Opera Workshop—Music 453, 454.
Credit, 2 semester hours each semester. Permission of instructor required.

Band
Credit, 1 semester hour each semester.
B169, B170; B269, B270; B369, B370; B469, B470. First, second, third and fourth years of College Band.

Orchestra
Credit, 1 semester hour each semester.
O169, O170; O269, O270; O369, O370; O469, O470. First, second, third and fourth years of College Symphony Orchestra.

Small Ensemble
Credit, 1 semester hour each semester.
S169, S170; S269, S270; S369, S370; S469, S470. First, second, third and fourth years of Small Ensemble (Instrumental or Vocal).

Chamber Orchestra
Credit, 1 semester hour each semester.
E169, E170; E269, E270; E369, E370; E469, E470. First, second, third and fourth years of College Chamber Orchestra.

Choral Society
Credit, 1 semester hour each semester.
C169, C170; C269, C270; C369, C370; C469, C470. First, second, third and fourth years of Choral Society.

Madrigal Singers
Credit, 1 semester hour each semester. Permission of instructor required.
M169, M170; M269, M270; M369, M370; M469, M470. First, second, third and fourth years of College Madrigal Singers.

Adelphian Concert Choir
Credit, 2 semester hours each semester. Admission by audition only. Daily rehearsals of 50 minutes.
271, 272; 371, 372; 471, 472; 571, 572. First, second, third and fourth years of Adelphian Concert Choir.
V. PUBLIC SCHOOL MUSIC

The aim of the curriculum in public school music is to prepare the student to teach and supervise music in the public schools. He must have broad, sound musicianship, knowledge of the subject-matter, skill in musical expression, and ability to adapt himself to the scholastic and community situations.

Fundamental Music Experiences—Music 177.
Credit, 2 semester hours. Required for teaching certificate.
A course designed to give experience in the major music activities in a public school music program and to lead to a working knowledge of music fundamentals.

Methods of Teaching Brass and Percussion Instruments—Music 279.
Credit, 1 semester hour.
Laboratory classes in the playing, teaching methods and materials of all brass and percussion instruments.

Methods of Teaching Woodwind Instruments—Music 280.
Credit, 1 semester hour.
Laboratory classes in the playing, teaching methods and materials of all woodwind instruments.

Credit, 2 semester hours each semester. Prerequisite, Course 177. (Music Majors are exempt from 177.)
The organization of the music program for the elementary school. A study of methods of teaching and the materials for a vocal program and for the elementary rhythmic band.

Methods of Teaching String Instruments—Music 379.
Credit, 1 semester hour.
Laboratory classes in the playing, teaching methods and materials of the violin, viola and bass.

Choral Techniques—Music 479.
Credit, 1 semester hour.
Class study of the organization, rehearsal techniques, and materials for all types of vocal ensembles.

Band Technique—Music 480.
Credit, 1 semester hour.
Class study of the organization, rehearsal techniques, and materials for all levels of band: concert, elementary and marching.

VI. APPLIED MUSIC

Private. Hours to be arranged with the instructor. Credit according to the number of lessons per week and the number of practice hours per day. Use the following system of numbers in registration:
Organ: 189, 190; 289, 290; 389, 390; 489, 490; 589, 590, for first, second, third, fourth, or fifth year.
Piano*: 191, 192; 291, 292; 391, 392; 491, 492; 591, 592, for first, second, third, fourth, or fifth year.
String Instruments: 193, 194; 293, 294; 393, 394; 493, 494; 593, 594, for first, second, third, fourth, or fifth year.
Voice: 195, 196; 295, 296; 395, 396; 495 496; 595, 596, for first, second, third, fourth, or fifth year.
Wind Instruments: 197, 198; 297, 298; 397, 398; 497, 498; 597, 598, for first, second, third, fourth or fifth year.

*Class Piano is offered for students who lack sufficient background to warrant private lessons. No credit is given. Students in Class Piano may take private lessons upon satisfactory completion of a proficiency test and permission by the head of the piano department.

Occupational Therapy

Assistant Professors Waggoner (Chairman), Brust; Instructors Diamond, Preston

The School of Occupational Therapy had its beginning at the College of Puget Sound in 1944 through the sponsorship of the Washington Tuberculosis Association. The curriculum of the school has been fully approved since 1947 by the American Medical Association and the American Occupational Therapy Association. Graduates of the school now occupy positions in army and veterans hospitals, as well as in civilian tuberculosis sanatoria, phychiatric hospitals, general and orthopedic hospitals, community workshops, rehabilitation centers and schools for crippled children.

Occupational Therapy is the science and art of employing selected activities in a medically-prescribed rehabilitation program for the sick, injured and disabled. Typically, the occupational therapist works with his hands as well as his mind, as the treatment "tools" of the occupational therapist are the creative and
manual arts, recreational and educational activities, and activities of daily living. Supervisory and administrative positions particularly call for a high degree of initiative and resourcefulness because of the rapid growth and continued development of the profession.

Previous to World War II, occupational therapy was predominantly a profession for women, but the last decade has brought increasing demands for men therapists in both civilian and military hospitals. *Recent legislation opens both the Army and Air Force for male Occupational Therapists as commissioned officers in the Medical Specialist Corps.*

Because occupational therapy is a medical-service profession, the College must reserve the right to close the course at any time to a student deemed scholastically, physically or emotionally unfit for the profession. Students who wish to enter the course should make application to the Director of Admissions, College of Puget Sound. The application should clearly state that the student is applying for admission to the occupational therapy course so that the particular requirements of the course are considered. All transfer students or students past the usual college entrance age will be asked to take a series of vocational aptitude tests before final acceptance in the course, in addition to providing information through personal interviews, college transcripts and letters of reference.

Fees for occupational therapy students are the same as for other students in the College with the addition of a $100 professional fee to defray in part the cost of the clinical-training program. Unless otherwise arranged this fee is billed to the student during his last four semesters in residence at the College.

Inquiries regarding general scholarships for entering freshmen should be directed to the Dean of Students. Special occupational therapy scholarships, grants and loans are available through the College, but are reserved for students who have been in residence for at least one semester. Other occupational therapy scholarships are occasionally available for entering students through community organizations which sponsor health-service programs. The Director of Occupational Therapy will supply any available information on request.

The following three programs of study are offered:

1. **THE DEGREE COURSE:** Students may enter this course in their freshman year in college. The degree, Bachelor of Science in Occupational Therapy, is awarded at the end of the senior year when the student has completed the college requirements for the academic degree as well as the professional course. Students in this course are usually advised to complete a minor in psychology, but the Director of Occupational Therapy will approve a minor in another suitable field of study, such as music, recreation, or education. The following outline of courses is intended as a guide. All programs of study are planned or approved by the Director according to individual needs and interests of the student and the minimum curriculum-essentials established by the Council on Medical Education and Hospitals of the American Medical Association.

   - Art 103, 104, 238, 247.
   - Biology 101, 102, 221, 222.
   - Home Economics 342.
   - Psychology 201, 311.
   - Sociology 201.
   - Plus: College requirements for a bachelor's degree.
   - Electives in O.T. skills from other departments in College.
   - Electives.

2. **ADVANCED-STANDING COURSE:** This program is open only to graduates of institutions of higher learning or of schools of nursing or physical therapy. The course must be started with the summer session unless the student has recently completed certain of the professional courses. Total time in residence is usually one summer session plus the regular academic year.

3. **SPECIAL COURSE:** This course requires approximately three years of college-level work. The student in this course completes all professional course-requirements but does not complete the requirements for the academic degree. Admission to the course is granted only to specially qualified applicants.
The instruction in clinical subjects is given by qualified physicians under the guidance of a Medical Advisory Board composed of physicians from the Pierce County Medical Society. Through cooperation of the participating physicians and local hospitals, the students receive part of this instruction in special clinics that are held in the hospitals. All under-graduate occupational therapy students combine their theoretical studies in the college classrooms with observation of actual treatment of patients in local occupational therapy departments through the cooperation of members of the Washington Occupational Therapy Association, and local hospitals and schools.

All students in occupational therapy register for nine to twelve months of clinical training when they complete their academic preparation in residence at the College. This clinical training, or internship, is arranged by the Director of Occupational Therapy. Each student trains in three or four different types of hospitals and rehabilitation clinics where he has an opportunity for actual experience in the planning and administering of occupational therapy treatment under the careful guidance and supervision of experienced occupational therapists. The student can either take all of his clinical training in Washington and Oregon, or he can combine travel with study and choose from more than twenty hospitals and clinics in the continental United States and Hawaii which are affiliated with the College. As most of the institutions affiliated with the College provide full maintenance for the occupational therapy students in training, the principal expense is transportation.

Students who enroll in the degree course by the end of the sophomore year (with proper prerequisites) may choose to take three months of their clinical training in the summer months between the junior and senior year and may thus shorten the internship period required after graduation.

On satisfactory completion of both the academic preparation and the clinical training, the College awards the Certificate in Occupational Therapy. This certificate is not an academic degree, but is a statement from the College which certifies that the student has satisfactorily completed the minimum curriculum-essentials as established by the Council on Hospitals and Education of the American Medical Association. When the student has received the certificate, he is then eligible to take the National Registration Examination which is given biannually at the College by the American Occupational Therapy Association.

The following courses are required for the occupational therapy major; and a grade of C or better must be earned in them: Anatomy, Physiology, Kinesiology, General Psychology, General Sociology and Abnormal Psychology.

Occupational Therapy 101, 104, 211, 304, 312, 401, 402, 459, 460, 470 are professional courses open only to department majors. Occupational Therapy 181, 182, 214, 315, 317, 319 are open to any student in the College, but first preference for registration must be given to department majors.

Introduction to Occupational Therapy—Occupational Therapy 101.
Credit, 1 semester hour.
A study of the history and development of occupational therapy, with slides and films used to portray current trends in treatment. Introduction to basic professional ethics and elementary professional terminology.

Orientation—Occupational Therapy 104, 211, 312.
Credit, 1 semester hour each semester. Prerequisite, Course 101.
Thirty hours each semester in occupational therapy departments of local hospitals and schools, with instruction and supervision of volunteer experience by registered occupational therapists.

Minor Crafts—Occupational Therapy 181, 182, 214.
Credit, 2 semester hours each semester.
Survey of minor crafts with emphasis on their practical application in occupational therapy and recreation programs. Special attention is given in Course 214 to leatherwork, basketry, and needle arts.

Metalwork—Occupational Therapy 238.
See Art 238.

Occupational Therapy in Psychiatry—Occupational Therapy 304.
Credit, 1 semester hour.
A study of techniques of occupational therapy treatment specifically related to the mentally-ill patient.

Weaving—Occupational Therapy 315.
Credit, 3 semester hours.
Study of basic techniques of harness-loom weaving. Students set up and weave samples of a wide variety of conventional weaves which have specific application in occupational therapy treatment.

Woodworking—Occupational Therapy 317.
Credit, 3 semester hours.
Construction of assigned projects which are selected to give a basic elementary knowledge of a wide variety of woodworking techniques with hand and power tools. Includes an elementary study of plastics.

Techniques of Group Leadership—Occupational Therapy 319.
Credit, 3 semester hours.
Lecture and laboratory experience in the application of techniques of group leadership in selected situations available in the community.
Jewelry—Occupational Therapy 339.
See Art 339.

Special Problems—Occupational Therapy 340.
Credit, 1 or 2 semester hours.
Special programs for the advanced student.

Kinesiology—Occupational Therapy 377, 378.
Credit, 3 semester hours first semester, 2 semester hours second semester. Prerequisite, Biology 221, 222.
The course is designed particularly for majors in physical education and occupational therapy. The first semester course includes a detailed study of skeletal muscles. The second semester includes a study of the mechanics of human motion and an analysis of activities of athletics and daily living.

Advanced Therapy—Occupational Therapy 401, 402
Credit, 2 semester hours first semester, 4 semester hours second semester.
A study of specific techniques of occupational therapy treatment in all disability-fields except psychiatry. Includes a study of teaching-skills, principles of departmental organization and administration, principles of personnel supervision and professional reporting as related to the occupational therapy field.

Clinical Subjects—Occupational Therapy 459, 460.
Credit, 5 semester hours first semester, 3 semester hours second semester.
Lectures and clinics covering the medical fields: neurology (including neuroanatomy), psychiatry, general medicine and surgery, orthopedics, pediatrics and tuberculosis.

Rehabilitation of the Handicapped—Occupational Therapy 470.
Credit, 2 semester hours.
Principles and practice of rehabilitation in all disability fields. Guest lecturers, field trips and motion pictures.

Clinical Affiliation—Occupational Therapy 500.
Credit, 2 semester hours for each month of internship.
Nine to twelve months of hospital internship in selected and approved medical hospitals, rehabilitation centers and community workshops. Three months may be taken in psychiatry between the junior and senior years.

Philosophy
Professors Regester (Chairman), Magee

A major should include Courses 205, 206, 263, 264, 307 and 371. In addition to the course-requirement, an examination in the senior year in a list of basic philosophic writings prescribed by the department will be expected.
A minor should include Courses 205, 206, 263, 307 and 371.
No course before 264 has a prerequisite.
A good knowledge of psychology and of a natural science is expected of majors and minors in the department.

Introduction to Philosophy—Philosophy 204.
Credit, 3 semester hours.
A course suitable for beginners in the subject and for those who desire a general cultural acquaintance with the nature and place of philosophy in human thought, its chief problems and achievements, and its significant thinkers.

History of Philosophy—Philosophy 205, 206.
Credit, 3 semester hours each semester.
The history of man's attempt to secure a rational interpretation of the universe and of his relation to it and to his fellowmen. The first semester covers the period from the rise of Greek Philosophy through the Middle Ages; the second semester continues the study from the Renaissance to contemporary time.

The Principles of Reasoning—Philosophy 263, 264.
Credit, 2 semester hours each semester. Course 263 is prerequisite to 264.
A study of the methods of inquiry which lead to reliable knowledge. Attention is given to common fallacies, formal reasoning, inductive procedures in the natural and social sciences, semantics, and a logic of evaluation.

Contemporary Philosophy—Philosophy 307.
Credit, 3 semester hours. Open only to students who have had history of philosophy. Offered in alternate years. Given in 1960-61.
A consideration of the problems which occupy the center of interest in present philosophical speculation and of the trends of thought in modern philosophy.

Philosophical Studies—Philosophy 331, 332.
Credit, 2 semester hours in a semester.
Under these numbers there will be offered on occasion, in either classroom or seminar manner, philosophical subjects which are not annually repeated.
Ethics—Philosophy 371.
Credit, 3 semester hours.
A study is made of the chief ethical problems and systems of moral theory.

Social Ethics—Philosophy 372.
Credit, 3 semester hours.
An application of the principles of ethics to modern social problems.

History of Political and Social Thought—Philosophy 413, 414.
See Political Science 413, 414.

Philosophy of Religion—Philosophy 482.
See Religion 482.

Reading in Philosophy—Philosophy 491, 492.
Credit and time to be arranged. Open only to advanced students with the approval of the instructor.
Individual study on selected topics, with reading, written reports, and conferences.

Philosophy of Education—Philosophy 516.
See Education 516.

Physical Education, Health and Recreation

Associate Professors Heinrick (Chairman), Bond; Instructors Duncan, Erwin, Lantz, McDonell; Assistant in Physical Education Bare

Each applicant for admission to the College is required to furnish a report of a physical examination. A form for this report is provided when an application is first received. Some health examinations are given students periodically by the college physician and staff.

Consultation with the doctor and health advice are available to students without cost. The College does not maintain an infirmary, however, or provide medical service in illness.

Provisions are made in the physical-education program for each student to participate in team games with fellow students of his own ability and to develop skills in sports which can be carried on after college. Voluntary participation of every student in some intramural, class or varsity sport each semester is encouraged. It is strongly recommended that all freshmen students take a minimum survival test; that those students who fail this test elect the course in Beginning Swimming, Physical Education 81.

At least five semesters of physical education activity must be taken by all students.
A major in physical education must include Courses 221, 222, 268, 365, 372, 377, and 378, as well as Biology 101, 102, 105, and 246 for all students. In addition, a major in physical education for men must include Courses 121, 124, 331, and 332. Courses 83, 84, 234, 366 and 437 are also recommended. A major in physical education for women must include Courses 63, 66, 71, 84, 251, 252, 348, 351, 352, 367, and 458 or Education 402; Courses 151, 152, 181, 186, 186, and 385 are additionally recommended.

Requirements in education for certification to teach in the public schools are listed under the subject of education. Practice-teaching should be done in an academic subject as well as in physical education.

A minor in physical education for men must include Courses 105, 121, 124, 268 and 372.
A minor in physical education for women should include Courses 105, 251, 252, 268, 351, 352, and 372.
A minor in recreation must include Art 101 or 103; Music 177; Physical Education 181 or 182, 186 and 385; Psychology 201; and Speech 379. The student's program should be planned in consultation with the Instructor in Recreation. Suggested recreational skills to be acquired are arts and crafts, games and sports, dancing, dramatics, music, and social recreation.
1. PHYSICAL EDUCATION ACTIVITY COURSES

Activity Courses for Men

First-Year Activity—Physical Education 1, 2.
Credit, 1 semester hour each semester. Required of all freshmen not registered in ROTC. This course is intended to introduce the student to a range of activities with both immediate and continued recreational interest and physical value.

Second-Year Activity—Physical Education 3, 4.
Credit, 1 semester hour each semester.
A student is to take part in any two of the sports listed below:
* Golf
* Bowling (Beginning—Advanced)
* Ice Skating (Beginning—Advanced)
* Riding (Beginning—Advanced)
Tennis
Badminton
Volleyball
Swimming
Activities (Horseshoes, handball, and table tennis.)
Posture (required of those who need this attention.)

Third-Year Activity—Physical Education 5.
Credit, 1 semester hour.
A student is to take part in an activity in which he did not participate in the second year.

Restricted Activity—Physical Education 13, 14.
Credit, 1 semester hour each semester.
Corrective work involving prescribed and restricted exercises for students for whom the health examination shows need of precaution in exercise or of special corrective work.

Intercollegiate Sports Program—Physical Education 21 to 29.
Credit, 1 semester hour each semester.
The practice of an intercollegiate sport throughout its entire season by a member of a varsity squad who is eligible to participate in athletics under the regulations of the College may be substituted for one semester of the second year of physical education. Not more than one semester of the requirement may be satisfied by a single sport, nor more than three semesters by intercollegiate athletics.

Square and Folk Dance—Physical Education 71.
Credit, 1 semester hour.

Swimming—Physical Education 31, 32, 33, 34.
Credit, 1 semester hour each semester.
One of these courses may be taken as one of the required semester's activity:

*Activities marked with asterisk are taken outside the College. Arrangements have been made for instruction in technique, methods and understanding of the activities.
Activity Courses for Women—Physical Education 50 to 98.

Credit, 1 semester hour each.

The purpose of these courses is to provide each student with instruction in physical skills which will contribute to a wider recreational interest and participation. Only the courses listed under this section will fulfill the general requirement of five semester hours of physical education.

51. Freshman Orientation.
52. Spring Team Sports.
53. Fall Team Sports, Advanced.
54. Spring Team Sports, Advanced.
55. Badminton and Tennis, Beginning.
56. Badminton and Tennis, Intermediate.
57. Badminton and Tennis, Advanced.
58. Badminton and Archery, Beginning.
59. Badminton and Archery, Advanced.
60. Archery, Beginning.
61. Square and Folk Dance.
62. Modern Dance, Beginning.
63. Modern Dance, Intermediate.
64. Modern Dance, Advanced.
65. Posture Training.
66. Gymnastics and Tumbling.
67. Swimming, Beginning.
69. Swimming, Advanced.
70. Life Saving.
71. *Bowling, Beginning.
73. *Golf.
74. *Riding, Beginning.
75. *Riding, Advanced.
76. *Ice Skating, Beginning.
77. *Ice Skating, Advanced.

II. HEALTH AND HYGIENE (Men and Women)

Hygiene—Physical Education 105.

See Biology 105.

*Activity courses thus marked are coeducational. There is a special fee for the marked courses, which are given off campus.

Anatomy—Physical Education 221.

See Biology 221.

Physiology—Physical Education 222.

See Biology 222.

First Aid—Physical Education 268.

Credit, 2 semester hours.

Those completing this course satisfactorily will receive the Standard and Advanced First Aid Certificates issued by the Red Cross.

Health Education in the Schools—Physical Education 365.

Credit, 2 semester hours.

For students in education and recreation.

Kinesiology—Physical Education 377, 378.

See Occupational Therapy 377, 378.

III. PHYSICAL EDUCATION—Professional Courses

Tumbling and Apparatus—Physical Education 121. (Men)

Credit, 2 semester hours.

The techniques of tumbling and apparatus.

Minor Sports—Physical Education 124 (Men)

Credit, 2 semester hours each semester.

Source materials, theory and practice in school physical education activities—tennis, badminton, golf, softball, volleyball, speedball, etc.

Freshman Technique—Physical Education 151, 152 (Women)

Credit, 1 semester hour each semester.

Two activities and a lecture period.

Training Aids—Physical Education 227 (Men)

Credit, 2 semester hours.

Theory and technique of taping, massaging, and care of muscular bruises.

Methods of Officiating Sports—Physical Education 234 (Men)

Credit, 2 semester hours.
Sophomore Technique—Physical Education 251, 252 (Women)
Credit, 1 semester hour each semester.
Two activities and a lecture period.

Techniques of Group Leadership—Physical Education 319.
See Occupational Therapy 319.

Major Sports—Physical Education 331, 332 (Men)
Credit, 2 semester hours each semester.
Methods of teaching football and track are covered in the first semester;
methds of teaching basketball and baseball in the second.

Methods of Teaching Swimming—Physical Education 348 (Women)
Credit, 3 semester hours. Prerequisite, Senior Life Saving.

Water Safety Instructor's Course
—Physical Education 349. (Men & Women)
Credit, 2 semester hours. Prerequisite, Advanced Swimming and Senior Life Saving.
Methods of water-safety instruction.

Methods of Teaching Sports—Physical Education 351, 352 (Women)
Credit, 2 semester hours each semester.
The techniques of teaching and officiating hockey, soccer, speedball and volleyball are covered in the first semester; basketball, individual sports and softball are covered in the second.

Physical Education in the Elementary School
—Physical Education 366 (Men & Women)
Credit, 2 semester hours.
For students in education and recreation.

Methods of Teaching Square and Folk Dancing
—Physical Education 367 (Men & Women)
Credit, 2 semester hours. Prerequisite, Course 71.

Psychology of Athletic Coaching—Physical Education 437 (Men)
Credit, 3 semester hours.

Methods of Teaching Health and Physical Education
—Physical Education 458 (Women)
Credit, 2 semester hours. Prerequisite, a minor in Physical Education and Education 302.

IV. RECREATION

Minor Crafts—Physical Education 181, 182, 214.
See Occupational Therapy 181, 182, 214.

Playgrounds, Their Administration and Operation
—Physical Education 186.
Credit, 2 semester hours.
Playground operation with particular emphasis on programs, administration, equipment and supplies, and playground problems. Students taking the course will be eligible for summer work with the Metropolitan Park District of Tacoma.

Introduction to Community Recreation—Physical Education 385.
Credit, 2 semester hours.
A course involving teacher-pupil participation through discussion; opportunities for the student to study, evaluate, and discuss recreation as a social force and its organization and administration, and also to work part-time in the public and private agencies of the city.

Internship in Municipal Recreation Administration
—Physical Education 581, 582.
Credit, in amount to be arranged, up to 15 semester hours each semester. Prerequisite, recreation minor and some paid experience. No credit for less than full year.
This internship is a graduate program. It involves nine months full-time study and training in all phases of municipal recreation administration with practical field work in connection with the Tacoma School District and Metropolitan Park District. A certificate is given in evidence of the completion of the program, and the student is qualified for full-time administrative positions in the field of public recreation.
Physics

Professors Nelson (Chairman), Seward; Instructor Walter

A Bachelor of Science degree with a major in physics may be granted upon completion of the general requirements of the college, including: 24 hours in physics, mathematics through calculus, general chemistry, and two years of foreign language.

Students planning to make use of physics as a vocation or as preparation for graduate work in physics or engineering fields should take Physics 301, 302, 311, 351, 352, 361, and Mathematics 301 and 431, and electives from Physics 321, 412, 422, Mathematics 401 and 402, or Chemistry 401 and 402.

Elements of Physics—Physics 101, 102.
Credit, 3 semester hours each semester.
An elementary course designed especially for home economics, occupational therapy, music, and liberal arts students.

Laboratory Arts—Physics 193.
See Chemistry 193.

General Physics—Physics 201, 202.
Credit, 5 semester hours each semester. Not open to freshmen unless they have had high school physics and trigonometry.
This course is required of all majors in a physical science (physics, chemistry, geology, mathematics) and of pre-engineering and pre-medical students.

Mechanics—Physics 301, 302.
Credit, 4 semester hours in the first semester, 3 semester hours in the second semester. Prerequisite, Courses 201, 202 and Mathematics 202. (Latter may be taken concurrently.) Offered in alternate years. Given in 1959-60.

Atomic Physics—Physics 311.
Credit, 4 semester hours. Prerequisite, Courses 201, 202. Offered in alternate years. Given in 1959-60.

Electronics—Physics 321.
Credit, 3 or 4 semester hours. Prerequisite, Courses 201, 202. Offered in alternate years. Given in 1960-61.

Electricity and Magnetism—Physics 351, 352.
Credit, 2 semester hours first semester, 3 semester hours second semester. Prerequisite, Courses 201, 202, and Mathematics 202. Offered in alternate years. Given in 1960-61.

Light—Physics 361.
Credit, 4 semester hours. Prerequisite, Courses 201, 202, and Mathematics 202. Offered in alternate years. Given in 1960-61.

Radiological Physics—Physics 382.
Credit, 3 semester hours. Prerequisite, Courses 201, 202. Given according to demand.

Nuclear Physics—Physics 412.
Credit, 3 or 4 semester hours. Prerequisite, Courses 311 and Mathematics 212. Offered in alternate years. Given in 1959-60.

Spectroscopy—Physics 422.
Credit, 2 to 4 semester hours. Prerequisite, 15 semester hours of physics. Given according to demand.

Individual Project—Physics 491, 492.
Credit, 2 to 4 semester hours.

Seminar—Physics 493, 494.
Credit, 2 semester hours either semester.

Undergraduate Thesis—Physics 497, 498.
Credit, 2 to 4 semester hours.
Political Science and Government
Professor Tudor (Chairman); Associate Professor Tomlinson

Three different programs lead to a major in political science: (1) a general political science program; (2) a special program in international relations; (3) a special program in public administration.

A general major in political science should include Courses 101, 102, 201, 413, 414, and at least two courses from 301, 302, 314, 321, 322, 331, 332. This major should be supplemented with courses from economics, history, philosophy, psychology and sociology.

A major in international relations should include Courses 101, 301, 321, 322, 331, or 332, 413 or 414, and four additional hours from upper-level political science courses, plus twelve hours from Economics 352, 412, Religion 361, Sociology 211, 312, 441.

A major in public administration should include Courses 102, 201, 202, 313, 352, 413 or 414 and six additional hours in upper-level political science courses, plus twelve hours from Business Administration 201, 301, 411, Economics 101, 363, History 151, 152, Philosophy 205, 206, Psychology 201, Sociology 201, 476.

A minor in political science includes Courses 101, 102, and nine hours of upper-level courses.

Credit, 3 semester hours.
A survey of the constitution; three branches of government; administration; civil rights; political parties.

American State Government—Political Science 102.
Credit, 3 semester hours.
A survey of state constitutions; three branches of government; inter-governmental relations; administration.

Current National and International Problems—Political Science 121, 122.
Credit, 2 semester hours each semester.
Background and interpretation of events and issues on the national and world scene. Sources of current literature. A course designed to make the general student a better-informed citizen, and to help him understand America's place in international affairs. Recommended for teachers of social studies.

Municipal Government—Political Science 201.
Credit, 2 semester hours.
City governments and their relations to the state; the rights and liabilities of municipal corporations; pressure groups; detailed analysis of forms of municipal governments. Special attention to Tacoma city government.

Credit, 2 semester hours.
The principles of public administration, structure and organization, financial management, administrative responsibility and the relation between the administration and other branches of government. Special attention to Tacoma city government.

Comparative Government—Political Science 301, 302.
Credit, 2 semester hours each semester. Offered in alternate years. Given in 1959-60.
A comparative study of selected foreign governments, from both the structural and functional standpoints. Aim of course is to broaden the interest and understanding of the student by acquainting him with the political institutions and methods that differ from those of the United States.

Political Parties and Public Opinion—Political Science 313.
Credit, 2 semester hours. Offered in alternate years. Given in 1960-61.
Nature, functions, and problems of party organization. Study of pressure groups and of their influence on government.

American Political Thought—Political Science 314.
Credit, 2 semester hours.
A consideration of trends in political thinking from the 17th Century to the present.

International Relations—Political Science 321, 322.
Credit, 3 semester hours each semester.
International rivalry, alliances and power politics; imperialism; geographic, economic, political and population factors affecting the relations of nations. The basic course for a major in international relations.

International Organization—Political Science 331.
Credit, 3 semester hours. Offered in alternate years. Given in 1959-60.
A basic study of the League of Nations, international courts, the United Nations, North Atlantic Treaty Organization, and plans for other political military and economic organizations.

American Foreign Policy—Political Science 332.
Credit, 3 semester hours. Offered in alternate years. Given in 1959-60.
History of diplomatic relations with foreign countries, negotiations and treat-
ies, with special attention to the role that American policy-makers and diplomats have played in world affairs.

**History of Development of American Constitutional Law**
— Political Science 352.
Credit, 2 semester hours. Offered in alternate years. Given in 1960-61.
The development of the basic principles of the American constitutional system of government. Some attention paid to case-method and brief-construction. A course for the general student and for the pre-law student.

**Public Finance**—Political Science 363.
See Economics 363.

**History of Political and Social Thought**—Political Science 413, 414.
Credit, 3 semester hours each semester.
A study of the major theories which have influenced mankind from the time of Plato to modern times. History 101, 102 are desirable background.

**Readings in Political Science**—Political Science 491, 492.
Credit, 3 semester hours.
A course to afford majors an opportunity to read selected books for the purpose of broadening their knowledge and understanding of the general field of political science and of the specific problems of government.

**Seminar**—Political Science 493, 494.
Credit, 3 semester hours each semester.
Seminars in political science will be utilized as demands justify for the purposes of individual projects, group study projects, field work, workshop courses. Admission requires staff approval.

**Psychology**
Associate Professor Walker; Assistant Professor Hickman; Instructors Bruvold (Chairman), Klahn, Rosen

Course 201 is prerequisite to all other courses in the department.
Requirements for a major: Courses 201, 206, 342, 371 and thirteen additional hours. Philosophy 263, 264 is also required. Biology 101, 102 is recommended.
Requirements for a minor: Courses 201, 206, 342 and six additional hours. Philosophy 263, 264 is also required.

**General Psychology**—Psychology 201.
Credit, 3 semester hours. Given both semesters.

**Personal and Social Adjustment**—Psychology 204.
Credit, 3 semester hours.

**Experimental Psychology**—Psychology 206.
Credit, 3 semester hours.

**Abnormal Psychology**—Psychology 311.
Credit, 3 semester hours. Cannot be taken for credit if course 204 has been taken.

**The Psychology of Personality**—Psychology 315.
Credit, 3 semester hours.
A study of the development of personality theories and the dynamics of personality development.

**Child Psychology**—Psychology 325.
Credit, 2 semester hours. Offered in alternate years. Given in 1959-60.

**Psychology of Adolescence**—Psychology 326.
Credit, 2 semester hours. Offered in alternate years. Given in 1959-60.

**Child Development**—Psychology 328.
See Home Economics 328.

**History and Systems of Psychology**—Psychology 342.
Credit, 3 semester hours. Offered in alternate years. Given in 1959-60.

**Human Relations in Industry**—Psychology 351.
Credit, 2 semester hours. Offered in alternate years. Given in 1960-61.

**Psychology of Religion**—Psychology 364.
See Religion 364.

**Elements of Statistics**—Psychology 371.
See Mathematics 371.

**Social Psychology**—Psychology 381.
Credit, 3 semester hours.
The Learning Process—Psychology 428.
Credit, 3 semester hours. Offered in alternate years. Given in 1960-61.

Psychological Testing—Psychology 441, 442.
Credit, 2 semester hours each semester. Prerequisite, 311, 371 and permission of the Head of the Department. Offered in alternate years. Given in 1959-60.

First semester devoted to tests of intelligence; second semester to measures of aptitude, interest, and personality.

Reading in Psychology—Psychology 491, 492.
Credit, 1 or 2 semester hours.

Seminar—Psychology 494.
Credit, 2 semester hours.

Religion

Professors Frederick (Chairman), Magee, Phillips; Assistant Professor Albertson

The Department of Religion seeks to aid the College in fulfilling its Christian aims in the following ways:

1. By endeavoring to make the Christian religion an integral part of the heritage of every student who enters the College of Puget Sound;
2. By guiding individuals in the development of rich religious experiences;
3. By helping students become better churchmen through the mastery of proved techniques in teaching religion in the home, in the church, and in the community.

Students who expect to enter graduate schools of religious education or theology should look under Career Programs in this catalog.

Religion 101 is a requirement for all students, and should be taken during the freshman year. It is a prerequisite to all other courses in the department.

The following courses meet the requirements for a major: Courses 201, 202, 251 or 252, 302, 304, 361, 364 or 461, 482 and 490.

Minor requirements are met by the following: Courses 101, 201 or 202, 302 or 304, 364 or 461, and 3 additional hours, two or three of which should be in the Field Problems.
A modified major or minor may be arranged in consultation with the Chairman of the Department.

Credit, 3 semester hours. Given both semesters.
The course seeks to secure an orientation to the problem of the nature of religion, an historical approach to the study of the Bible, an understanding of Jesus and His effect on civilization, and an appreciation of Christianity in the life of modern man.

History and Literature of the Old Testament—Religion 201.
Credit, 3 semester hours. Offered in alternate years. Given in 1959-60.
A study of the history and literature of the people of Israel as found in the Old Testament from the time of Abraham to the Roman conquest of Palestine in 63 B.C.

Credit, 3 semester hours. Offered in alternate years. Given in 1959-60.
A study of the growth of the New Testament, discussing date, authorship, place of writing, and purpose of each book. Special attention will be given to the influence of Paul’s life and letters.

The History of Christianity Through the Reformation—Religion 251.
Credit, 3 semester hours. Offered in alternate years. Given in 1960-61.

History of the Protestant Church—Religion 252.
Credit, 3 semester hours. Offered in alternate years. Given in 1960-61.
A study of the Christian church from the 17th Century to the present time.

Organization and Administration of the Christian Church—Religion 302.
Credit, 3 semester hours. Offered in alternate years. Given in 1959-60.
Basic principles of organization and administration will be studied. The local church, the denomination, the City-Council of Churches, the State-Council of Churches and the National and World Councils of Churches will be examined.

Principles and Methods of Religious Education—Religion 304.
Credit, 3 semester hours. Prerequisite, Psychology 201. Offered in alternate years. Given in 1960-61.
A study of the teaching-learning process, and of the principles and techniques that should obtain in the teaching of religion.

Living Religions of the World—Religion 361.
Credit, 3 semester hours. Offered in alternate years. Given in 1959-60.
An introduction to the main beliefs, the historical beginnings, the chief doctrines, and the leading personalities of each of the world's major religions.
Credit, 3 semester hours. Prerequisite, Religion 101 and Psychology 201. Offered in alternate years. Given in 1959-60.
A study of religious consciousness, including the following problems: the psychological method employed in the study of religion, the nature of religious experience, religious growth, conversion, belief in God, prayer, worship, mysticism, conduct control, the cult, and the therapeutic service of religion.

Worship—Religion 461.
Credit, 3 semester hours. Offered in alternate years. Given in 1960-61.
Interpretation of the meaning and importance of public worship. Evaluation of the elements involved, such as prayer, music, scriptures, creed, offering, and teaching. Examination of the sources of literature of worship. Selection and combination of the materials. Part of the course will be given to a study of the classic and modern resources for personal religious devotion.

Sociology of Religion—Religion 462.
See Sociology 462.

Philosophy of Religion—Religion 482.
Credit, 2 semester hours. Prerequisite, Religion 101 and one course in Philosophy. Offered in alternate years. Given in 1959-60.
A philosophical study of the meaning of God in human experience. Deals with such issues as the knowledge of God, science and religion, the place and destiny of man, prayer, immortality, and the problem of evil.

Field Problems—Religion 490.
Credit, 2 to 3 semester hours either semester.
This course is designed for students working in local churches, through the church school or young people's fellowship, or in community activities.

Moral and Spiritual Values in Education—Religion 524.
See Education 524.

Sociology
Professors Magee, Phillips; Assistant Professor Peterson (Chairman);
Instructor Wignall

The main purpose of the department is to train students in sociology as a social science. A major should include Courses 201, 202, 301, 302, 372, 401, 498, and a minimum of five additional upper-level hours. A minor should include Courses 201, 202, 301, 302, and three additional upper-level hours. Course 201 is a prerequisite for every other course in the department, except 111, 112, and 121.

Anthropology—Sociology 111, 112.
Credit, 3 semester hours each semester.

Marriage and the Home—Sociology 121.
Credit, 2 semester hours. Not counted toward a major.
A general course on courtship, marriage, and early marital adjustment. The biological, cultural, economic and financial, educational, religious and social aspects of family life will be treated.

Introduction—Sociology 201.
Credit, 3 semester hours.
This course is concerned with the study of social institutions, social control, social contact and social processes generally.

Credit, 3 semester hours.
A survey of crime, delinquency, insanity, poverty, dope-addiction, alcoholism, and other social problems.

Historical Sociology—Sociology 301, 302.
Credit, 3 semester hours each semester.
Traditional perspectives in the study of social and cultural development; objectives and procedures in the foundation of sociology.

The Family—Sociology 321.
Credit, 3 semester hours. Offered in alternate years. Given in 1960-61.
A study of the family as an institution from its historical developments through its various transitions.

Russian
(See Foreign Languages)
Field Work—Sociology 356.
Credit, 3 semester hours.
A survey of the scope, methods and function of contemporary social work. Experience in a case-work agency and a group-work agency is provided each student under the joint supervision of the college and agency staffs.

Criminology—Sociology 361.
Credit, 3 semester hours.
A study of the extent and types of criminal behavior; the facts and theories regarding causes of crime; methods of crime prevention and methods for rehabilitation of criminals.

Juvenile Delinquency—Sociology 363.
Credit, 2 semester hours. Offered in alternate years. Given 1960-61.
A realistic study of the theories and facts about the prevalence, types, causes, results and remedies for juvenile delinquency. A study will be made of local and state conditions and of existing and needed facilities.

Elements of Statistics—Sociology 371.
See Mathematics 371.

Social Psychology—Sociology 381.
See Psychology 381.

Introduction to Community Recreation—Sociology 385.
See Physical Education 385.

Social Theory—Sociology 401.
Credit, 3 semester hours. Prerequisite, Sociology 301, 302.
An intensive survey of important sociological theoretical systems.

Problems of Family Adjustment—Sociology 422.
Credit, 3 semester hours. Prerequisite, Course 121 or 321. Offered in alternate years. Given in 1959-60.
This is a study of the interpersonal relationships and adjustments of family members through their crises from marriage to death.

Sociology of Religion—Sociology 462.
Credit, 3 semester hours. Prerequisite, Religion 101.
A study of religion in its social manifestations and interaction with other social forces.

Social Stratification—Sociology 471.
Credit, 2 semester hours. Offered in alternate years. Given in 1959-60.
A study of the basic theory of class, status and power within society.

Community Life—Sociology 476.
Credit, 3 semester hours.
An analysis of organization and change in rural, suburban, and urban communities.

Reading and Conference—Sociology 491, 492.
Credit, 1 or 2 semester hours each semester. Open only to advanced students with the approval of the Chairman of the Department.
Individual study with reading, reports and conferences.

Seminar—Sociology 494.
Credit, 2 semester hours. Open only to advanced students by permission of instructor.

(See Foreign Languages)

Speech and Dramatic Art
Professor Jones (Chairman); Associate Professor Baisinger; Assistant Professor Hanson; Instructor Colby

Activities sponsored and supervised by the Speech and Drama Department include The Campus Playcrafters, who produce various types of drama both within the College and outside; and the Choral Readers, who revive an age-old art by means of which participants and audiences realize a richer experience of the thought of great authors in both prose and poetry. Serving the wide range of forensic and public speaking activities is the original Alpha Chapter of Pi Kappa Delta, National Forensic Honorary. Its members represent the College in intercollegiate and intramural competitive events, sponsor annual clinics for High Schools, and host two of the largest forensic tournaments in the country annually.
The Speech and Drama Department is comprised of these divisions:
(1) Speech, including public speaking, speech correction and audiology
(2) Interpretation of Literature
(3) Dramatic Art and Production
(4) Radio and Television
I. PUBLIC SPEAKING

Remedial Speech—Speech 5.
Non-credit.
Regularly enrolled students of the College, with problems resulting from sub-standard or defective speech, may be referred to the Speech Department for diagnostic appointment. If the initial appointment indicates that remedial work is needed, the student may enroll for this course, which entitles him to one weekly appointment.

Fundamentals of Public Speaking—Speech 101.
Credit, 3 semester hours either semester.
A foundation course in gathering and planning materials for platform speeches. Emphasis on personal development through the preparation and delivery of oral reports and original speeches. One short speech given each week.

Voice and Articulation—Speech 111.
Credit, 2 semester hours.
A course designed to improve characteristics of speech through exercise in phonation and articulation under laboratory conditions. Introduction to phonetics.

Argumentation—Speech 141, 142.
Credit, 3 semester hours each semester.
Argumentation and debate as techniques of a free society, as methods of bringing reasoned discourse to bear on personal and social problems for purposes of decision and action.

Debate—Speech 145, 146.
Credit, 1 semester hour each semester.

Advanced Public Speaking—Speech 220.
Credit, 3 semester hours. Prerequisite, Course 101.
The ability of the student to organize and present effective platform speech is carried forward to a study of influencing beliefs, feelings and actions of different types of audiences. The emphasis is upon the persuasive factors in speech.

Introduction to Radio-Television Production—Speech 251.
Credit, 3 semester hours.
A beginner's workshop in Radio-TV production with basic experiences in radio speech, script composition, and familiarization with equipment.
Radio-Television Programming—Speech 252.
Credit, 3 semester hours.
Practice of schedule-making involving analysis of local, network, commercial and sustaining programs.

Forms of Public Address—Speech 321.
Credit, 3 semester hours. Prerequisite, Courses 101 and 220. Given as there is demand.
A practical application of the principles of persuasion to various types of audiences. Practice in writing and delivering special forms of public address. Attention is given to structure, style and delivery.

Advanced Argumentation—Speech 341.
Credit, 3 semester hours.
Intensive examination through topical research, performance, and analysis of theory and application of persuasion.

Direction of Speech Activities—Speech 345, 346.
Credit, 1 semester hour each semester.
Experience under supervision of organizing, conducting and directing speech and forensic activities.

Speech Correction and Audiology—Speech 377.
Credit, 2 semester hours.
Introduction to the functional, organic and psychogenic disorders of speech in children and adults. Theories of diagnosis and treatment. Hearing as an etiological factor in speech disorders.

Seminar—Speech 493.
Credit, 2 or 3 semester hours either semester.

II. ORAL INTERPRETATION OF LITERATURE

Literary Interpretation—Speech 361.
Credit, 3 semester hours. Prerequisite, Course 101. Required of all majors.
Training in interpretative reading of prose and poetry. Study of principles, constant practice. The reading of different types of literature. The cultivation of imagination, emotional development and effective performance.

Story Telling—Speech 364.
Credit, 3 semester hours.
A study of the principles of effective story telling for purposes of entertain-

ment and education. Analysis and classification of stories with reference to each period of the child's development. The work is designed to meet the needs of playground directors, church school leaders and teachers.

Choral Reading—Speech 365, 366.
Credit, 3 semester hours each semester.
A study and practice in the fundamentals of reading aloud together. There will be public performances at the Christmas season. The annual recital will be in the spring.

Program Building—Speech 369.
Credit, 2 semester hours, either semester. For senior students who have completed Courses 220, 361 or 365. Required of all majors.
Selection, arrangement and preparation of literature for public entertainment. Presentation of one complete program required of each student.

Advanced Literary Interpretation—Speech 462.
Credit, 2 or 3 semester hours. Prerequisite, Courses 101, 220 and 361.
The study of cutting plays and poetry for interpretative purposes. The students in this course will be required to prepare a program of actual readings. Great poetry, prose and drama are studied. Public recitals in junior and senior years.

Seminar—Speech 494.
Credit, 2 or 3 semester hours, either semester. Open to seniors and graduate students who have completed Courses 220, 361 and 365.

III. DRAMATIC ART AND PRODUCTION

Fundamentals of Acting—Speech 172.
Credit, 3 semester hours. Meets two times a week plus laboratory hours.
A practical course in the development of the fundamental techniques of acting with emphasis on characterization and ensemble playing. One-act plays will be presented for school and community.

Puppetry—Speech 174.
Credit, 3 semester hours. Meets two times a week plus laboratory hours. Given as there is demand.
The making and manipulation of hand puppets and marionettes.
Radio Dramatics—Speech 254.
Credit, 3 semester hours. Meets two times a week plus laboratory periods for practicing and broadcasting.
An introduction to the techniques of radio acting and directing. Principal forms of radio-drama will be studied. Students will present radio performances for workshop and over local radio stations.

Advanced Acting—Speech 271.
Credit, 3 semester hours. Prerequisite, Courses 172 and 277.
The development of skill in the correlation of body and voice. The study of mood and suspense.

Dramatic Production—Speech 277, 278.
Credit, 4 semester hours each semester. Required of all majors.
Problems and practice in acting and producing plays. The study of the organization and duties of the production staff; the background of a performance—scenery, lighting and costuming.

Theatre Work Shop—Speech 371, 372.
Credit, 3 semester hours. Prerequisite, Courses 277 and 278. Given as there is demand.
The problems of stagecraft, directing and make-up are studied. The group works on the actual problems involved in major productions of the College. The relation and the responsibility of the director to the community are considered.

Play Directing—Speech 378.
Credit, 3 semester hours. Meets two times a week plus laboratory hours. Prerequisite, Courses 172 and 277. Given in accordance with demand.
A presentation of the methods and techniques of stage directing, including the building of characterizations, tempo and atmosphere. The handling of rehearsals. There will be from twenty-five to thirty-five hours of observation. A complete prompt book will be required of each student.

Children’s Dramatics—Speech 379.
Credit, 3 semester hours.
A course in the direction and production of plays for children, with the emphasis upon educational and recreational values of dramatics.

Seminar—Speech 497.
Credit, 2 or 3 semester hours, either semester. Open to advanced students who have completed Courses 277, 278, 371 or 372.
Actual directing or production of specific plays.

Career Programs

PREPARING FOR CHRISTIAN EDUCATION

Students who desire to enter work in Christian education are advised to confer with the Chairman of the Department of Religion and to secure from him an outline of studies for the four college years. Graduation requirements should be fulfilled with a major in sociology, education, religion, or music.

PREPARING FOR DENTAL SCHOOL

To enter most dental schools, one needs to have at least two years in college. Although it is possible to complete the required courses in four semesters, many students take six, or even eight, semesters. In this way, they are able to avoid extreme concentration on the sciences and to build up their cultural background.
The Dental Aptitude Test, required of applicants for admission to dental schools, is given at the College each year.

PREPARING FOR A CAREER IN DIETETICS

The College of Puget Sound in affiliation with Tacoma General Hospital has established a course of study to prepare students for dietetic internships.
The student will major in home economics, biology, or chemistry. Other requirements include diet therapy, food service, administration, 20-25 hours in a physical science, and accounting.
After the successful completion of this course of study, the student is qualified to enter one of the dietetic internships recognized by the American Dietetic Association. At the close of the year of internship, the student is a graduate dietitian.

PREPARING FOR ENGINEERING SCHOOL

The requirements for entering schools of engineering and for the first years of engineering study vary a great deal. A student who intends to secure an engineering degree from a particular school would do well to learn what its requirements are before starting college study.
Students seeking to combine a general education with engineering training may take a longer time to meet the requirements for an engineering degree. In
addition to engineering subjects they might take courses in languages, literature, the arts and social sciences, and also advanced courses in chemistry, physics and mathematics.

For a student, however, who wishes to secure an engineering degree in the shortest time and who will transfer to an engineering school after the sophomore year, the program below is suggested:

**PREPARING FOR LAW SCHOOL**

Many law schools require a college degree for admission. Others require only two or three years of pre-law.

Admission into all law schools regardless of the differing length of undergraduate work is based on ability to read, speak, and write effectively. Although no particular major subject is prescribed, a social study like political science, history or economics is frequently chosen. One is expected to know something of American politics and business life and also have some understanding of Anglo-American constitutional history. A broad knowledge of literature and philosophy is also desired.

Since law schools do not generally ask for specific pre-law programs, the College of Puget Sound provides a pre-law adviser. He will help plan programs of study that will be most effective for individual purposes.

**PREPARING FOR MEDICAL SCHOOL**

Medical schools have varied admission requirements. A student who has a specific school in mind, should become acquainted with its requirements. Preference is given, however, to applicants who not only meet stated requirements but also have a bachelor's degree.

Admission to medical school is usually based upon the grades in the pre-medical course, and the score on a medical aptitude test. This test, directed by the Association of Medical Colleges, is given each year at the College of Puget Sound.

In addition to special training in scientific subjects, it is an advantage to have a broad background in literature and other humanities and the social sciences.

**PREPARING FOR A CAREER IN MEDICAL TECHNOLOGY**

The College of Puget Sound in affiliation with the Tacoma General Hospital has established a course of study leading to a degree of Bachelor of Science in Medical Technology.

A student preparing to be a laboratory technician has two or three years of work in the basic sciences and arts at the College. He is then eligible to go into the hospital laboratory for professional training (Tacoma General Hospital will take seven students each year). Here he receives instruction and practical experience under professional guidance.

Minimum requirements for admission to hospital training are:

1. Twelve semester hours in biology, of which at least four hours are zoology. Recommended courses are anatomy, physiology, bacteriology, histology and embryology. Special emphasis is given to bacteriology.
2. Eight semester hours of inorganic chemistry and four hours of quantitative analysis.

Highly recommended electives are physics, organic chemistry and bio-chemistry.

The third year of academic work may be taken either before or after the laboratory year, but preferably before. In either case one can be qualified for the degree in Medical Technology at the end of four years.

**PREPARING FOR THE NURSING PROFESSION**

The College of Puget Sound, in conjunction with the Tacoma General Hospital School of Nursing, offers a course of study leading to both a diploma from the School of Nursing and a bachelor of science degree from the College.

This program was planned with the belief that a student with a liberal, as well as a professional, education is better prepared to meet the expanding and complex nursing needs of today's community. Briefly the objectives are:

1. To provide an opportunity for the student to acquire the fundamental knowledge and skill required for beginning positions in nursing.
2. To develop an awareness of the social and health needs of the individual and the community.
3. To lay a sound educational foundation for future professional growth.

Work is begun in the fall session, and the program is completed in four cal-
endear years plus an additional semester. Ample time is provided for vacations. During the first year of study one may live at home or in a college residence hall. Work in this period will be mainly at the college. At the beginning of the second year residence is established at Jackson Hall, the nurses' home at Tacoma General Hospital.

PREPARING FOR A CAREER IN OCCUPATIONAL THERAPY

The College of Puget Sound is one of two institutions in the Northwest which has an Occupational Therapy School recognized by the American Medical Association.

Students in occupational therapy study crafts such as ceramics, weaving, woodworking and metalwork, as well as academic subjects such as psychology, biology, and sociology.

They receive instruction in clinical subjects by physicians who are members of a Medical Advisory Board, and study the actual treatment of patients in hospitals and clinics in the Tacoma area.

After the academic work is completed, they take a year of special clinical training—internship—in various hospitals and rehabilitation centers, under the supervision of professional therapists.

For further information look for Occupational Therapy in the preceding pages.

PREPARING FOR THE TEACHING PROFESSION

Preparing teachers for the public schools is the main function of the College of Puget Sound's School of Education. In addition, certain advanced phases of the program are designed for teachers and administrators already in service.

A student preparing for the teaching profession will have a faculty adviser, who will help to prepare a well-balanced program of academic and professional subjects suited to individual needs and purposes.

By arrangement with the public school system students are sent to school as observers and, later, as student-teachers. When the work is completed a General Certificate is awarded which entitles the holder to teach in the public schools at any level from the kindergarten through high school.

For additional information and specific requirements look in the section for Education under Courses of Instruction.

PREPARING FOR THEOLOGICAL SCHOOL

According to the American Association of Theological Schools these are the accomplishments to be secured by pre-theological study: ability to think clearly; reading knowledge of at least one foreign language; a broad understanding of literature, philosophy, psychology, the social sciences, and the natural sciences; and mastery in some specific field.

Most theological schools do not require a specific pre-theology program. It is desirable that subjects be chosen with the help of an adviser from the Department of Religion who will assist in selection of courses of study that will be most effective for individual purposes.
The College Community

Campus Life

The College’s role as an educational institution is primarily to foster learning. It aims, however, to perform the functions of a good community in their full scope, and attempts to develop qualities of personal, social and religious character as well as of intellect.

The character of campus life is the result of student and faculty cooperation. It is established in the main by the good judgment and taste of the members of the community rather than by regulations. The purpose is to seek conditions of mutual comfort and safety, of good citizenship, and of scholarly activity. The customs of the College permits smoking in living areas, but not class buildings, and exclude the use of alcoholic beverages from campus life.

Living Accommodations

WOMEN’S HOUSING

The young women of all departments of the College are under the supervision of the Associate Dean of Students.

Women students whose homes are not in Tacoma live in modern, fire-proof dormitories on the campus: Anderson Hall, accommodating 200 women; Har-
rington Hall, providing a home for 78 women; and the beautiful new Flora B. Tenzler Hall, which accommodates 72 women, with private bath for each three rooms. Each dormitory has attractive lounges, and a recreation room. There are a few single rooms, a number of double rooms, and some rooms which house three or four girls. All beds are single, though some of them may be double-decked, and all have good springs and mattresses. Each resident has her own chest of drawers, study desk and chair. Drapes, bedspreads and sheets are supplied by the College. The student brings only her blankets, towels and personal effects. The dormitories are equipped with laundry facilities and kitchenettes for the convenience of students.

Prices, which vary with the size of the room and the number of persons in it, are stated elsewhere in this catalog. Fees for room and board should be paid by the semester.

All students who live in the dormitories will take their meals at the Commons. The cost of meals is stated in the section of the catalog dealing with fees and expenses.

Reservations for living quarters on the campus, together with an advance deposit of twenty-five dollars, are to be made with the Bursar, after the student has been accepted for admission and has received dormitory reservation cards from the Admissions Office. Freshman allocations are made in the order in which applications are received. The advance payment will be refunded only if the halls do not have room for the student or if notice of a cancellation reaches the Bursar by July 31. The deposit will be placed in a special account to the credit of the student and will be retained in this account so long as the student remains a resident in a dormitory. When she is graduated, or moves out of the dormitory, the deposit will be refunded in full upon recommendation of the Associate Dean of Students. The deposit will not be refunded in June if the student expects to live in the dormitory the following school year.

All women students who do not live with their families in Tacoma or in the homes of Tacoma relatives are expected to live in the dormitory. Living arrangements other than in the dormitory must be planned with the Associate Dean of Students and approved by the student's parents.

Some students can earn room and board by three hours of work per day in private homes which are approved by the College. The Associate Dean of Students maintains a list of homes where this arrangement is possible. Women of the city who wish to employ college girls consult the Associate Dean of Students, who visits the homes and keeps records of the advantages offered and of the kind of work required. No young woman is permitted on her own responsibility to make arrangements for living off-campus.

The Associate Dean of Students will be glad to hear from prospective students and will try to answer questions or solve problems.

MEN'S HOUSING

Two residences for men, Todd Hall and New Hall, are located on the campus. They provide single and double rooms. The rooms are furnished with single beds, chests of drawers, wardrobes, desks, and chairs. Drapes for windows, bedspreads, blankets and sheets are supplied by the College. Towels and personal effects are all that need be brought by the student.

In addition to living quarters there are lounges, a recreation hall and special study rooms. All students living in the men’s halls take their meals in the college cafeteria.

Men from out of town are expected to live in the men’s residence halls, at least through their freshman year. Off-campus living must have approval of the Dean of Students.

The charge for residence in the men’s halls is stated elsewhere in the catalog, under "Fees."

Reservations for living quarters on the campus, together with an advance deposit of twenty-five dollars, are to be made with the Bursar. Freshman allocations are made in the order in which applications are received. The advance payment will be refunded only if the halls do not have room for the student or if notice of a cancellation reaches the Bursar by July 31. The deposit will be placed in a special account to the credit of the student and will be retained in this account so long as the student remains a resident in a dormitory. When he is graduated, or moves out of the dormitory, the deposit will be refunded in full upon recommendation of the Dean of Students. The deposit will not be refunded in June if the student expects to live in the dormitory the following school year.
Student Activities

GENERAL ORGANIZATIONS

ASSOCIATED STUDENTS—The organized student body, known as the Associated Students, has general direction and charge of such college activities as intramural sports, student publications, debating and oratorical contests, musical, literary and social activities. Direction of activities is exercised mainly through a representative body known as the Central Board.

THE ASSOCIATED WOMEN STUDENTS is the organization of the women of the College for promotion of their special programs and activities.

THE STUDENT CHRISTIAN COUNCIL is made up of representatives from each of the denominational groups on the campus, the Associated Students, the social groups and the dormitories. It helps to plan religious activities for the campus and to coordinate them with student participation in the youth programs of the local churches.

SPECIAL ACTIVITY GROUPS

DEPARTMENTAL CLUBS are groups which further in informal ways the student's interest and progress in his favorite study. These include the Art Club (Delta Phi Delta), the Biology Club (Phi Sigma), Christian Education Fellowship, the Commerce Club, Le Cercle Francais, the Geology Society, Deutscher Verein, the Home Economics Club, the Mathematics Club, the Occupational Therapy Club, the Pre-Law Club, the Pre-Medic Club, the Psychology Club, and El Espanol Club.

DENOMINATIONAL STUDENT MOVEMENTS are Canterbury Club, Christian Science Group, Lutheran Student Association, Methodist Student Movement, Methodist Kappa Phi, Newman Club, and the United Campus Christian Fellowship, consisting of Baptist, Brethren, Congregational, Disciple and Presbyterian students.

MUSICAL ORGANIZATIONS are The Adelphian Concert Choir, The College of Puget Sound Symphony Orchestra, The Madrigal Singers, The Tacoma Choral Society, The Concert Band, and several small vocal and instrumental ensembles. They present annual concerts and provide music at college functions.

THE AMERICAN CHEMICAL SOCIETY has a Student Affiliate Chapter on the campus. This is for chemistry majors above freshman standing who are superior students. Members receive publications of the Society and may attend meetings of the Section in the area.

CHINOOK is an off-campus recreational club. It's principal activities are winter sports, climbing, hiking and sailing.

THE AXEMEN is a men's organization for those who have won a letter in a major sport.

THE WOMEN'S ATHLETIC ASSOCIATION promotes and coordinates women's athletic events and activities.

KAPPA PHI is a National Methodist Girls' Club.

THE INTERNATIONAL RELATIONS CLUB is open to all students interested in world affairs.

THE FUTURE TEACHERS OF AMERICA is a national organization open to all students interested in teaching.

THE COLLEGE VETERANS CLUB is composed of students who are veterans of the armed services of the United States.

HONOR SOCIETIES

MU SIGMA DELTA is made up of men and women elected from senior students in the upper ten per cent of their class in scholarship.

OTLAH is composed of fifteen senior women chosen each year on the basis of high scholastic average, participation in activities, service to the College, and womanly character.

SPURS is a national service organization for sophomore women, and INTER-COLLEGIATE KNIGHTS is a national service organization for sophomore men. The purpose of both groups is service to the College and the promotion of interest in college activities.

PI KAPPA DELTA is a national society for intercollegiate debators and orators.

DELTA PHI DELTA is a national society for art students.

PI GAMMA MU is a national social science fraternity for senior students who have done superior work in that field.

PI PHI NU is a local honor society for Home Economics students.

SIGMA ALPHA IOTA is a national music sorority.

PHI MU ALPHA SINFONIA is a national music fraternity.

PHI SIGMA is a national honors biological society.

SOCIAL FRATERNITIES AND SORORITIES

The six fraternities and four sororities on campus are chapters of national organizations, with membership by invitation. The fraternities are Kappa Sigma, Phi Delta Theta, Sigma Alpha Epsilon, Sigma Chi, Sigma Nu, and Theta Chi.
The sororities are Alpha Phi, Chi Omega, Delta Delta Delta, and Pi Beta Phi. The Independents is the social organization of students who are not members of Greek-letter organizations.

INTERCOLLEGIATE ATHLETICS

The College is a member of the Evergreen Intercollegiate Conference. Teams are entered in football, basketball, baseball, track, tennis, golf, skiing, wrestling, and swimming.

STUDENT PUBLICATIONS

THE TRAIL is the weekly student newspaper. THE TAMANAWAS is the student year book.

ELIGIBILITY FOR ACTIVITIES

I. In order to be eligible to represent the College of Puget Sound in any student activity, a student must:
(a) Be fully registered in the College for a minimum of 12 hours credit except as provided below in Article III.
(b) Not be on scholastic probation.
(c) Not have a total of failures on his previous record, at this or any other institution, exceeding one-fifth of his total hours passed. Any grade of K, until cleared, has the same value as an F in determining eligibility.
(d) Have leave of absence approved by the Rules Committee and filed in the Office of the Dean of Students through application by the coach or manager, before absence from the College required by participation.
II. Eligibility of members of teams or groups must be checked at the beginning and middle of each semester by the coach or manager. A student may then be given ten days' grace to bring up his work before being declared ineligible.

A student, after having been declared eligible for any student activity, will remain eligible, scholastically, for the remainder of the season of participation only when the season terminates within the semester.
(c) A student is limited to two activities unless he maintains an average of C in all of his scholastic work.
(d) All questions of eligibility come under the jurisdiction of the Rules Committee which cooperates with the Dean of Students in all matters pertaining to eligibility.
(e) Those having charge of any activity must submit to the Dean of Students at the time of the first turn-out of any activity a list of all participants, and must keep this list up-to-date. This provision applies to all activities (intercollegiate, intramural, non-competitive) and to student officers.
(f) Activities wherein students engage with representatives of other student bodies in contests of any kind or represent the College off the campus are under the jurisdiction of the Rules Committee of the faculty in cooperation with the Dean of Students.
(g) The faculty director of any extra-mural activity must submit to the Dean of Students early in each semester a proposed schedule for the activity, with application for the approval of the plans. Application for events off campus must be presented in triplicate and give the (1) dates, (2) place, (3) number of students to participate, (4) financial arrangements, and (5) method of transportation, if an event is to be off the campus.

III. Students who are registered for less than twelve hours' work may take part in the musical organizations, dramatic productions, or other activities which are of an academic character and in which there is not intercollegiate competition if special permission is given by the faculty. All students who are thus permitted to participate in extracurricular activities under the sponsorship of the A.S.C.P.S. must pay the regular associated student fee regardless of the number of hours for which they are registered.

IV. In order to be eligible to represent the College of Puget Sound in any intercollegiate sport, a student must comply with the athletic conference rules and the foregoing college requirements.

CLOSED PERIOD

The last two weeks of each semester are designated as a closed period for all social functions and student activities.

Financial Aid

Depending on a student's scholarship and financial need, he may receive aid through scholarships, grants, prizes, or special loan funds. Scholarships and grants in aid are made for one year, and may be renewed only upon application and after approval by the President of the College.
SCHOLARSHIPS

THE METHODIST CHURCH SCHOLARSHIPS—seven full-tuition scholarships to College of Puget Sound students who have been members of the Methodist Church for at least a year, who maintain a B average, who show promise of church leadership, and who have the endorsement of their local minister.

THE IDA A. DAVIS MEMORIAL SCHOLARSHIPS—from an endowed scholarship fund of forty-thousand dollars.

LEONARD HOWARTH SCHOLARSHIPS—from the income of fifty thousand dollars awarded to advanced students qualified to be assistants or readers for academic departments.

THE FRANK W. BAKER SCHOLARSHIP—from a fund for the assistance of worthy students.

THE MARGARETS' SCHOLARSHIP—$200.00 awarded annually on the basis of good character, academic record and need, to persons preparing for full-time Christian service.

THE CLEONE SOULE SCHOLARSHIP—$200.00 for an outstanding music student, on the basis of good character, academic record and need.

THE DONALD R. SHOTWELL MEMORIAL SCHOLARSHIP—awards from an endowed fund to students with good grades, excellent character and unusual promise, with preference to graduates of Stadium High School or its successor.

THE MARJORIE MANN SCHOLARSHIP—$100.00 annually for assistance to a student in the field of occupational therapy.

WOMEN OF ROTARY AWARD—$150.00 for a junior girl on the basis of character, leadership and scholarship.

THE LADIES OF KIWANIS AWARD—$75.00 to a junior girl on the basis of character, leadership and scholarship.

A.A.U.W. AWARD—$100.00 annually, to a junior woman of outstanding scholarship, wholesomeness of influence and promise of usefulness.

HERMAN KLEINER SCHOLARSHIP—$250.00 annually, to a student who has notably exemplified and fostered the spirit of friendliness and broad human brotherhood in the student community.

THE FLORENCE RUTH TODD ART AWARD—the income from two thousand dollars which goes annually to a junior or sophomore of superior native ability, diligence and good character, for the purpose of continued art study.

BETHELDA B. BUCHANAN SCHOLARSHIP—grants in amounts up to one-half tuition for occupational therapy students.

THE THOMAS AND DELLA GLASSCOCK MEMORIAL SCHOLARSHIPS—from a fund to aid needy students in Christian education.

JOHN A. FLYNN MEMORIAL SCHOLARSHIP—half tuition to an outstanding Tacoma high-school graduating senior with a creative and progressive interest in the field of chemistry.

PANHELLENIC AWARD—$100.00 awarded annually to a junior or senior sorority woman, with outstanding academic ability and financial need.

THE KAPPA KAPPA GAMMA SCHOLARSHIP—an annual award to a sophomore woman of exceptional promise.

DELTA DELTA DELTA SERVICE PROJECT AWARDS—two awards of $100.00 each, open to all women students on the basis of scholarship, participation in activities, and need.

THE DEAN RAYMOND AND MARGARET POWELL EDUCATION SCHOLARSHIP—an annual award to a self-supporting senior student with three years of residence, showing promise for successful public-school teaching, and living a Christian life.

THE PRESSER FOUNDATION SCHOLARSHIP—two awards of $175.00 each awarded annually to music students of good character, scholarship and talent.

SIGMA ALPHA IOTA ALUMNAE MUSIC SCHOLARSHIP—$100.00 awarded annually to a junior or senior sorority woman, with outstanding academic ability and financial need.

THE KAPPA KAPPA GAMMA SCHOLARSHIP—an annual award to a sophomore woman of exceptional promise.

DELTA DELTA DELTA SERVICE PROJECT AWARDS—two awards of $100.00 each, open to all women students on the basis of scholarship, participation in activities, and need.

THE DEAN RAYMOND AND MARGARET POWELL EDUCATION SCHOLARSHIP—an annual award to a self-supporting senior student with three years of residence, showing promise for successful public-school teaching, and living a Christian life.

THE PRESSER FOUNDATION SCHOLARSHIP—two awards of $175.00 each awarded annually to music students of good character, scholarship and talent.

SIGMA ALPHA IOTA ALUMNAE MUSIC SCHOLARSHIP—$100.00 awarded annually to a junior or senior sorority woman, with outstanding academic ability and financial need.

THE KAPPA KAPPA GAMMA SCHOLARSHIP—an annual award to a sophomore woman of exceptional promise.
THE WILLIAM W. KILWORTH SCHOLARSHIP—Mr. Kilworth, Chairman of the Board of Trustees, established the Kilworth Scholarship to be awarded to students having outstanding character, promise of civic usefulness, and genuine financial need.

ELKS' SCHOLARSHIP—awarded to senior or junior students in Occupational Therapy in amount, according to need, up to $700.00.

HELEN HARRINGTON SCHIFF SCHOLARSHIPS—ten $200.00 scholarships to students who show unusual promise and have financial need.

CHI OMEGA AWARDS—scholarship grants of $100.00 by the Tacoma Alumnae Association to a Junior woman majoring in Education and of $25.00 by the active chapter to a Junior woman in the field of Sociology.

THE EDNA MUNDT ELEMENTARY EDUCATION SCHOLARSHIP—established by Miss Edna Mundt, First Methodist Church, Seattle, $100 to $150 to a freshman interested in elementary education and continued for four years.

PENBERTHY INSTRUMENT COMPANY SCHOLARSHIP—$500 each year, beginning 1959, for the assistance and encouragement of superior students in physics.

BURMEISTER ORATORY PRIZES—$30.00 annually, to support an oratorical contest.

FRANK S. BAKER WRITING CONTEST—$15.00 annually, for a short story or playwriting contest.

MYRA E. DUPERTUIS PRIZE—a cash prize for an American-born senior showing the greatest proficiency in the French language. Students who have studied abroad may not compete for this prize.

THE COLLEGE OF PUGET SOUND STUDENT LOAN FOUNDATION—a fund to aid students not otherwise able to continue their college education.

THE METHODIST EDUCATIONAL FUND—a loan fund for students of Christian character. Students need the recommendation of their local church.

THE REEDER MEMORIAL LOAN FUND—a perpetual fund to aid worthy Christian students in their college careers.

THE WILLIAM J. WILKINSON, JR., LOAN FUND—an unrestricted fund to aid worthy students in their college careers.

THE ROTARY CLUB FUND—a fund from which college students may borrow upon proper recommendation.

WOMEN'S ORGANIZATIONS LOAN FUNDS—Women of Rotary, Ladies of Kiwanis, Faculty Women's Club, A.A.U.W, P.E.O., Sigma Kappa Alumnae, Washington State Federation of Women's Clubs, and Lillian Martin Alliance all have funds from which loans are made upon proper recommendation.

KNIGHTS OF THE ROUND TABLE FUND—for loans to juniors or seniors on recommendation of the President of the College.

THE LEONA M. HICKMAN LOAN FUND—a fund for young men who are residents of King County, on the basis of need, character and scholarship.

THE SUE J. BROWN LOAN FUND—established by Mr. and Mrs. Crawford A. Brown, Spokane, Washington, for juniors and seniors on the basis of need, character and scholarship.

THE LEONARD COATSWORTH MEMORIAL LOAN FUND—established by Tacoma News-Tribune employees where Mr. Coatsworth had worked for many years, and by his friends, as a revolving Loan Fund to help students with their collegiate career.

The following counties of the State of Washington have loan funds for students in occupational therapy: Kittitas, Grant, Lincoln, Stevens, San Juan, Lewis, Cowlitz, Klickitat, Chelan, Clallam, Douglas, Mason, Pend Oreille, Whitman, Jefferson. In addition there is the Hutchinson Loan Fund. Information on these is available from the Director of Occupational Therapy at the College.

Job Opportunities

Tacoma by reason of its size, offers many opportunities for student employment. For students who wish to have part-time jobs, the College maintains a placement service. The Placement Office helps to secure part-time jobs, as well as to make contacts for employment after graduation. Students who plan to earn part of their college expenses by working at part-time jobs should write to the Placement Office, giving details of the kind of work they are fitted to do. Students, however, are expected to arrive at the College with sufficient funds to meet initial expenses.

Recognition Awards

TODD SCHOLARSHIP CUP—recognition of the student with highest-average scholarship for the year.

SORORITY SCHOLARSHIP CUP—held by the women's social organization making the highest average in scholarship. Gift of Mrs. Lyle Ford Drushel.

FRATERNITY SCHOLARSHIP CUP—held by the fraternity making the highest average in scholarship. Gift of Dr. Raymond L. Powell.

SAMUEL WEIR EDUCATIONAL TROPHY—a trophy awarded annually to a senior in teacher-education judged most worthy by the School of Education.

ALLIE JONES MEMORIAL AWARD—a cash award to a senior in recognition of work and inspiration in the drama field.
MAHNCKE AND COMPANY TROPHY—recognition of the varsity football man highest in scholarship in the first semester.

AMERICAN CHEMICAL SOCIETY (JUNIOR AFFILIATE) PLAQUE—recognition annually of a senior major in chemistry with highest scholastic record in the subject during his college course.

MATHEMATICS AWARD—a monetary award to a senior showing the most promise in the field.

AMPHICTYON SOCIETY DAFFODIL CUP—recognition of the senior voted the most useful and valuable member of his class.

JOHNSON-COX TROPHY—recognition of a football man selected by his teammates for inspiration.

BASKETBALL INSPIRATION TROPHY—recognition of a basketball man selected by his teammates for inspiration.

ROBERT BRANDT MEMORIAL PLAQUE—recognition of a male student in dramatics, for attitude and excellence in acting.

RICHARD SUMMERS MEMORIAL PLAQUE—recognition of a music student who, by musical activities, has made the greatest contribution to fellow-students.

BEN AND SLAVA HEUSTON MEMORIAL SHAKESPEARE AWARD—an annual award to a superior student in literature, and particularly for interest in Shakespeare.

RAY WILLIAMS MEMORIAL AWARD—to a senior majoring in geology, on the basis of scholarship and service to fellow students.

RALPH OLSON MEMORIAL AWARD—a cup for recognition of a senior man for inspiration to the college community.

ASCPS SPIRIT TROPHY—gives recognition to a person for promoting school spirit.

HARRY WERBISKEY MEMORIAL AWARD—a cup for recognition annually of the man best exemplifying good sportsmanship.

CHIMES MEMORIAL CUP—recognition of the student who has given most unselfish service to fellow-students.

OXHOLM TROPHY—a bowl awarded annually to a student group in recognition of service to the College.

CHARLES McNARY AWARD—a briefcase to a promising senior in business administration and engraving of his name on a trophy cup.

A.A.U.W MEMBERSHIP AWARD—to a senior woman of a one-year membership in one of the Washington State Chapters of the Association.

DELTA PHI DELTA SERVICE AWARD—a recognition for an art student established by the art honorary society.

TACOMA DIETETIC ASSOCIATION AWARD—presented for annual recognition of a major in home economics for activities and scholarship.

ROBERT FRANKLIN THOMPSON, A.M., B.D., Ph.D., LL.D........... President
A.B., Nebraska Wesleyan University, 1930; A.M., B.D., Ph.D., Drew University, 1931, 1934, 1940; LL.D., Nebraska Wesleyan University, 1947. Study as Delaplaine-McDaniel Fellow at Mansfield College, Oxford University of Basel, and University of Zurich. Associate Professor of Classics, Willamette University, 1937-42, Dean of Freshmen, 1939-41, and Vice-President, 1941-42; President of College of Puget Sound, 1942-.

CHARLES THOMAS BATTIN, Ph.D. .................... Professor Emeritus of Economics
A.B., Ottawa University, 1913; Ph.D., University of Chicago, 1937. Student at the University of Rochester, 1915-16; University of Kansas, Summer, 1917; University de Montpellier, 1919; University of Chicago, Summer, 1940. Instructor of Sociology and Economics, Ottawa University, 1916-17; Manager, Foreign and Commercial Department, Cia Expresso Federale, Rio de Janeiro, 1920-24; Research Assistant, University of Chicago, 1924-26; Professor of Economics, College of Puget Sound, 1926-43 (with the National War Labor Board as Wage Stabilization Director for Alaska, 1943-45) and 1945-55; Emeritus, 1955-.

LYLE FORD DRUSHEL, A.M. .................... Dean Emeritus of Women
A.B., College of Puget Sound, 1912; A.M., New York University, 1936. Teacher, Public Schools, 1912-17, 1919-27; Dean of Women and Assistant Professor of English, College of Puget Sound, 1931-44 and Associate Professor, 1944-53.

JULIUS PETER JAEGGER, Ph.D. ......... Professor Emeritus of English
A.B., Spokane University, 1918; A.M., University of Washington, 1926, and Ph.D., 1935. Resident Master and Instructor in English, Lakeside School for Boys, Seattle, 1925-28; Professor of English, Spokane University, 1918-23; Professor of English, College of Puget Sound, 1929-32.

FREDERICK ANSTON MC MILLIN, M.S....... Professor Emeritus of Geology
A.B., Willamette University, 1916, and M.S., 1917. Research in High Explosives, United States Navy Laboratory, 1917-19. Graduate Student and Instructor in Chemistry, University of Washington, 1920-23; Head of the Department of Chemistry and Geology, Idaho Technical Institute, 1923-24; Assistant Professor of Chemistry, College of Puget Sound, 1924-25, Associate Professor of Chemistry, 1925-27, Associate Professor of Chemistry and Geology, 1927-32, and Professor of Geology, 1932-44 (US Geological Survey, 1944-46), 1946-56; Emeritus, 1956-.

BERTHA WOOD ROBBINS, Ph.B....... Assistant Professor Emeritus of Spanish
Ph.B., DePauw University, 1903. Principal, "Instituto Ingles," Callao, Peru, 1903-06; Teacher and Interpreter, La Paz, Bolivia, 1907-08; Interpreter for the United States Immigration Department; Instructor in Spanish, College of Puget Sound, 1929-44 and Assistant Professor, 1944-50.

CHARLES ARTHUR ROBBINS, A.B., LL.D............. Bursar Emeritus
A.B., DePauw University, 1904; LL.D., College of Puget Sound, 1947. In business, Chile, Peru and Bolivia, 1906-11, and Tacoma, 1911-16; Diplomatic Service, United States Legation, Copenhagen, 1918-19; Bursar and Associate Professor of Spanish, College of Puget Sound, 1916-46.

RAYMOND SANFORD SEWARD, Ph.D. .............. Professor Emeritus of Physics
B.S., Pomona College, 1912; A.M., University of California, 1921; Ph.D., Stanford University, 1930. Teacher, California Secondary Schools, 1913-23; Professor of Physics, College of Puget Sound, 1923-55; Emeritus, 1955-.
JAMES RODENBURG SLATER, A.M., M.Pd., D.Sci.  
Professor Emeritus of Biology  
Litt.B., Rutgers College, 1913; A.M., Syracuse University, 1917, and M.Pd., 1919; D.Sci., College of Puget Sound, 1954. Principal, Normal Department, Leland University, 1914-15; Professor of Biology, College of Puget Sound, 1919-51.

BLANCHE WHITTIER STEVENS, M.S.  
Professor Emeritus of Home Economics  
B.S., Stout Institute, 1919; M.S., Oregon State College, 1929. Head of Trade Dressmaking Department, Stout Institute, 1912-14; Head of Home Economics Department, Washington State Normal School, Cheney, 1914-20; Instructor in School of Home Economics, Oregon State College, 1920-27; Associate Professor of Home Economics, College of Puget Sound, 1927-30, and Professor, 1930-47.

ROBERT GRANT ALBERTSON, A.B., B.D.  
Assistant Professor of Religion, and Director of Religious Activities  

GORDON DEE ALCORN, Ph.D.  
Professor of Biology  
B.S., College of Puget Sound, 1930; M.S., University of Washington, 1933, and Ph.D., 1935. Associate Professor of Botany, University of Idaho, 1935-37; Professor of Biology, Grays Harbor Junior College, 1937, Vice-President, 1939-43, and President, 1945-46; Lecturer, War Manpower Commission, 1943-45; Associate Professor of Biology, College of Puget Sound, 1946-47, and Professor, 1947-.

MARY CLARA ALLISON, Ph.D.  
Professor of Romance Languages  
A.B., College of Idaho, 1926; A.M., Northwestern University, 1928; Ph.D., University of Washington, 1932. Professor of French, College of Idaho, 1928-37; Teacher, Public Schools, 1938-42; Instructor in Romance Languages, University of Washington, 1943-1949; Associate Professor, Luther College, 1952-54; Professor of Modern Languages, Albion College, 1954-57; Professor of Romance Languages, College of Puget Sound, 1958-.

NORMAN RODERICK ANDERSON, M.S.  
Associate Professor of Geology  

BURTON CURTIS ANDRUS, B.A. in B.A.  
Consulting Professor in Business Administration  
Graduate of USA Cavalry School 1927 (Instructor 1929-33), Air Corps Tactical School 1929, Motor Transport School 1936, Armored Force School In-
BERKLEY WARNER CHAPPELL, M.F.A. 
Assistant Professor of Avatar, 1952, and Ph.D., 1958, Instructor in Art, University of Colorado, 1956-58; Instructor in Art, College of Puget Sound, 1958.

DONALD ERNEST CHITICK, B.S. 

FRANCES FULLERTON CHUBB, M.F.A. 

BILL DALE COLBY, A.M. 
Associate Professor of Art, A.B., University of Denver, 1950; A.M., University of Illinois, 1954. Teacher in High Schools, Portland (Ore.) 1950-53 and 1954-56; Assistant Instructor, University of Illinois, 1953-54, and Instructor, Oregon State College Extension, 1954-56; Assistant Professor of Art, College of Puget Sound, 1956-59, and Associate Professor, 1959.

CALVIN BREWSTER COULTER, JR., Ph.D. 
Professor of History, A.B., Columbia College, 1938; A.M., Columbia University, 1940, and Princeton University, 1942; Ph.D., Princeton University, 1945. Assistant in History, College of William and Mary, 1941-43; Instructor, University of Delaware, 1945, and Visiting Associate Professor of History, Summer 1949; Assistant Professor of History and Political Science, College of Puget Sound, 1945-46, Associate Professor, 1946-54, and Professor, 1954.

JOHN ROWLAND COWELL, M.Mus. 
Associate Professor of Piano and Composition, B.Mus., Philadelphia Conservatory of Music, 1942, and Yale University, 1947; M.Mus., Yale University, 1948. Instructor in piano and theory, New Haven Conservatory of Music, 1946-48; Instructor in piano, College of Puget Sound, 1948-52, Assistant Professor, 1952-56, and Associate Professor, 1956.

EARL WALTER DENNY, Ed.D. 

JOSEPH CHESTER DOLAN, Ed.D. 
DONALD ALLEN DUNCAN, B.A. in Ed. ....... Instructor in Swimming

WILLIAM WALLACE ERWIN, B.A. in Ed. ....... Instructor in Physical Education

PHILIP RAYMER FEHLANDT, Ph.D. ....... Professor of Chemistry
A.B., Ripon College, 1922; A.M., University of Wisconsin, 1930, and Ph.D., 1934. Assistant Instructor, University of Wisconsin, 1929-34; Assistant Professor of Chemistry, Wittenberg College, 1934-37; USA Chemical Warfare Service, 1942-46, and Fulbright Appointment in Burma, 1951-52; Assistant Professor of Chemistry, College of Puget Sound, 1937-38, Associate Professor, 1938-40, and Professor, 1940.

CHARLES M. FISHER, S.M.D. ....... Associate Professor of Music
B.M.E., Northwestern University, 1937; M.M., Eastman School of Music, 1941; S.M.D., Union Theological Seminary, 1954. Supervisor of Music, Public School, 1937-39, Instructor in Voice, New York State Teachers College, 1941-42, and South Carolina Teachers College, 1943-45; Assistant Professor of Voice, University of Redlands, 1945-51; Professor of Church Music, Wesleyan College (Georgia) 1955-56; Associate Professor of Music, College of Puget Sound, 1956.

ARTHUR LESTER FREDERICK, A.M. ....... Professor, John O. Foster Chair of Religious Education
Ph.B., Lawrence College, 1920; A.M., Northwestern University, 1922. Student at Garrett Theological Seminary, 1920-23, Northwestern University, 1922-23, and Summer 1930. Fellow in Religious Education, Northwestern University, 1922-23; Educational Director, St. Paul’s Methodist Church, Cedar Rapids, Iowa, 1923-24; Director of Religious Education, South Bend, Indiana, Methodist Church, 1924-27; Professor of Religious Education, College of Puget Sound, 1927.

EDWARD DELMAR GIBBS, Ph.D. ....... Professor of Education
A.B., Huron College, 1933; B.S., Dakota Wesleyan University, 1934; A.M., University of South Dakota, 1938; Ph.D., University of Chicago, 1950. Teacher, Public Schools, 1934-36; Assistant Professor of Education, College of Puget Sound, 1941-44, Associate Professor, 1944-50, and Professor, 1950.

EDWARD GORDON GOMAN, M.S. ....... Associate Professor of Mathematics

BETH HANKINS GRIESEL, M.Ed. ....... Assistant Professor of Education

PHILIP ERNEST HAGER, Ph.D. ....... Assistant Professor of English

HOMER HOWELL HAMNER, LL.B., Ph.D. ....... Professor of Business Administration and Economics

WILLIAM VERNE HANSON, A.M. ....... Assistant Professor of Speech
A.B., St. Martin’s College, 1949; A.M., University of Washington, 1957. Instructor, Assistant Professor and Director of Forensics, St. Martin’s College, 1949-52; Teaching Fellow, University of Washington, 1952-53; Community Consultant, University of Washington, 1953-56; Lecturer in Speech, Seattle University, 1957-58; Assistant Professor in Speech and Director of Forensics, College of Puget Sound, 1958.

JOHN PATRICK HEINRICK, A.M. ....... Associate Professor and Director of Physical Education

WAYNE HARLAN HEMM, Captain, USAF. ....... Assistant Professor of Air Science
B.S., University of Oregon, 1950; Graduate, Academic Instructor Course, Air University, 1957; Assistant Professor of Air Science, College of Puget Sound, 1957.

LEONARD GEORGE JACOBSEN, M.Mus. ....... Professor of Pianoforte
B.M., Northwestern University, 1931; M.Mus., Eastman School of Music, 1950. Professor of Pianoforte, College of Puget Sound, 1931-43 (USA, 1943-45), and 1945-.
MARGARET MYLES.

Assistant Professor of Voice
Student of Frank LaFarges, New York City, and of Arthur Burton, Chicago.

Miss Harriet Richmond, O.T.R.

DEGREES

Granted in June, 1958

DOCTOR OF LITERATURE
Bennett Cerf, A.B., Litt.B.

DOCTOR OF CIVIL LAW
Norton Clapp, A.B., Ph.B., J.D., LL.D.

DOCTOR OF LAWS
William W. Kilworth, A.B., A.M.

MASTER OF EDUCATION
Merle Ivan Cheesman, A.B.
Francis Stanhope Jermy, B.A. in Ed.
Donald Gene Kneip, B.A. in Ed.

BACHELOR OF EDUCATION
Ruth Hadley Arnold, B.Sci., A.B.
Ralph Waldo Emerson, A.B.

Anna Margaret Horan, B.A. in Bus Adm.
BACHELOR OF ARTS

Kenneth Oliver Bates, With Honors
Robert L. Beale, With Honors
John Joseph Boughal, Jr.
Annette Christine Burk
Helen Hulbert Chapman
Donald George Cramer
Sylvia Jean Crouse
John Albert Damitio
John Edward Davidson
Irving Cutter Demarest
Harvey Dean Denton
James H. Doles
Nina Florence Ellington, With Honors
David West Engle, With Honors
Theodore Eugene Falconer
Edith Louise Gysin, With Honors
Richard Edward Hammermaster
Roswitha Hies
Norman LeRoy Knight
Walter Edward Lowrie, With Honors
Craig Carleton Lowry
William Clair Loyer
Sally Ann Marshall, With Honors
Thomas Ray Martin
Wesley Irvin Pruitt
Sandra J. Reynolds
Naomi Louise Scruton
Richard Allan Seiber
Carolyn Gail Solberg
Henry Spencer Stokes, Jr., With Honors
Ella Dorothea Strand
Florence Jo Thurber
Miriam Robinson Wallace
Arlene Alexander Walton
Nelda C. Weiler
William Weiss
Dale Robert Wirsing, With Honors

BACHELOR OF ARTS IN BUSINESS ADMINISTRATION

Gerald Clifford Ambrose
Delbert Bill Anderson
Helen M. Duffy Anderson
Robert Thomas Armour
Frederick Gust Bjorkman
Walter Thomas Bustruck
Dan Arthur Byers
Jackie M. Carter
Weldon Deloy Cook
Clarence G. DeRocher

Brown and Haley Lectureship

Under the sponsorship of Brown and Haley, manufacturing confectioners, Tacoma, Washington, a lectureship in social studies and humanities was inaugurated in 1953. Lectures and subjects in the series are:

1953—Kent Roberts Greenfield, Ph.D., L.H.D., Chief Historian of the United States Army, *First Fruits of an Adventure in World War II History.*

1954—John Kenneth Galbraith, Ph.D., Professor of Economics at Harvard University, *Wherein We Agree: A Look at Economic Controversy in Our Time.*

1956—Harry Lionel Shapiro, Ph.D., Curator of Physical Anthropology, American Museum of Natural History, New York City, *Aspects of Culture.*
1958—Howard Mumford Jones, Litt.D., L.H.D., Professor of American Literature, Harvard University; President of the American Council of Learned Societies, Reflections on Learning.
1959—David Fellman, Ph.D., Professor of Political Science, University of Wisconsin.

The lectures delivered in the series are published by the Rutgers University Press.

Memorial Funds and Foundations

BRIDLEY PROFESSORSHIP—for maintenance of a professorship in mathematics.
FOSTER PROFESSORSHIP—for maintenance of a professorship in religious education.
McCORMICK PROFESSORSHIP—for maintenance of a chair in economics, in memory of Robert Laird McCormick.
DAVIS PROFESSORSHIP—for maintenance of a chair in history, in memory of Walter S. Davis.
SHERMAN E. ELLIS FOUNDATION—for the purchase of books on religious education.
MATTIE L. MASTERS FUND—an unrestricted fund, in her memory.
MINERVA PAYNE TODD FUND—an unrestricted endowment, in her memory.
BLAINE FUND—an unrestricted endowment, in memory of Catherine and Reverend David E. Blaine.
ROWLAND FUND—an unrestricted endowment, in memory of Harriet O. Rowland.
WILSON FUND—an unrestricted endowment, in memory of Anne Femie Wilson.
CHARLES H. AMES MEMORIAL FUND—an unrestricted endowment, in his memory.
REVEREND JOHN T. ROBERTS MEMORIAL FUND—established in his memory for young people preparing for the ministry.
LILLIAN MAIBEN FUND—for maintenance of a chair in home economics.
RUTH THORNTON MEMORIAL FUND—for establishing the Department of Occupational Therapy.
ROBERT S. MUNN MEMORIAL FUND—a fund, in his memory.

CHRISTIAN MILLER MEMORIAL FUND—a fund is being built up to establish a Language-Arts Laboratory in memory of Professor Christian Miller.
CRAWFORD R. THOBURN MEMORIAL FUND—an unrestricted endowment, in his memory.
ARTHUR W. MARTIN MEMORIAL FUND—an unrestricted endowment, in his memory.
IDA WASSON MEMORIAL FUND—an endowed memorial in her honor to aid worthy students.
GAIL PAULINE DAY MEMORIAL CHAPEL—in memory of an alumna, a small chapel on the second floor of Jones Hall was beautifully finished by her parents, Mr. and Mrs. E. Verne Day.
THE HOWARD R. KILWORTH MEMORIAL CARILLON—a sixty-one bell carillon given by Mr. William W. Kilworth, Chairman of the College's Board of Trustees, as a memorial to his brother. The carillon was played for the first time on November 12, 1954.
