CPS Alumni Sail for Canton

Paul Snyder, CPS '32, sailed Saturday on the Empress of Asia with his wife and two daughters in routine duty at manager of Harbor Memorial Hospital in Canton, Ohio. Mrs. Snyder (Dorothy Terry, CPS '33) also attended CPS. The older daughter was attending Muscat Intermediate school when the picture was taken.

Medical Quiz Set

For December 10

All students planning to enter a medical college any time during the year of 1938 are required to take a test set up by the Association of Medical Colleges and submit to their schools.

This test will be given for CPS students only on December 16, 1937, at 3 p.m. as a part of History of Medicine. Each student for this test will be one dollar, and if anyone else the test will be required to pay their participation, whether they pay the cost or not, will pay up to the test and will have to pay a two-dollar fee.

The Association of Medical Colleges plans to take the test as part of their normal course in the School of Medicine.

Where's Who in My Family

The "Who's Who" in my family consists of Mother, Dad, two sisters, and of course, myself. We are sort of like the "Three Musket- eers," only there are six of us.

And our slogan is "One for all, all for one."
GREETINGS, salutations, hello, howdy and hi, this typo column ends another week of mangled misspellings for your sympa-

Loggers Meet Bears: Tonight

WILLAMETTE U. WILL BE NEXT OPPONENTS for Blue and White.

The old David versus Goliath controversy arises on the gridiron Monday, when the College of Puget Sound meets Williamette University. The Loggers will have to go to Salem, Oreg., but few in the Northwest are these who peripherally watch the outcome as one of the most important games of the year.

On the basis of what Willamette did to the College of Idaho, and on the strength of what the Loggers did to CPS, the Bears again overemphasize favorites to add the Loggers to their list of clothes, and thus keep an unfeathered conference record intact.

Definitely with a Tunisian unheard of power, the Salem gridmen establish a very solid foundation on the 4-1-1 score, apparently put themselves in the mood for rocketing with the Loggers. Such a demonstration, in the light of the Loggers' history of uphill battles by Maiby, piled the odds against CPS to such an extent that not a single expert outside of the Maibyites, ca. the locals from a fearful retailer.

Odd Men on Bears.

The Bears aren't inexpert, and workmen have been given a highly coordinated unit that is sure to prove a formidable force in the other team's right.

On the offense, they can cope with the power of a dynamo. Fast backs, such as Jackard, White and Saucier carry their own weight.

For wide and wide was the score concluded for a facit who would condemn the Loggers even the hard chances of winning. Following, that defeat, and the final tally, it resulted.

In a remote corner of the campus, converted to the bear's den, there is a collection of illustrious incomers, who have learned to care for the other team's rights. On the other hand, they can cope with the power of a dynamo. Fast backs, such as Jackard, White and Saucier carry their own weight.

HOKEY LASSIES TO PLAY U. OF W.

Because of inclement weather on Monday and Wednesday, the inter-class hockey games scheduled for these two days had to be called. The tournament will be carried as soon as possible.

Monday, as many members of the towns as can be placed in a Bell Telephone booth, will play the University women in hockey. This year the Loggers were 1 0-1.

LO G G E R S TRIM PLC, 6 TO 0

The spirit of CPS seemed to prevail the Loggers Friday evening when they whacked the Lutheran College Gridironers down to the small end of a 4-1-1 score, a score which blasted the Loggers' hopes of ever getting a ton more than that up to the Timbermen.

Liner Score.

CPS Enemies were veritable bulldozers, crouching the PLC has time after time to look for their flashing, snarling, spinning, spinning, twirls down against their opponents five.

The backs were equally alert. Their fancyJerry returns rarely failed to cause gaiety and they intercepted the largest percentage of the PLC passers.

In the first half, however, was scoreless for both clubs with only two minor threats completely nullified in a holding down between the Lutheran Johnno's PLC and the Bill nashkaquah.

Pause Versus.

The final score was Rickard versus Ferguson who ripped off sizable yards of yardage everywhere to stalk the ball.

In the third quarter the Loggers had a slight push over the field, rolling up first place passing and finally pushing the placers for the lone score. A PLC couple recovered by Maiby were the Loggers score board, on the Loggers 17, set the stage for the touchdown move, more then advanced to the ball in the 27, lined up like white elephants.

The first quarter was played by Macay and Maloney. A series of reverses by Jackard, Maday and Gallery, the ball to the PLC corner, right where Goen took it over. DR. Moore's kick for the extra point was blocked.

The fourth quarter was blanked by Rickard which rolled from this boy and olden days passed under the注视 of the two teams.

Tommer and Jungke emerged for the Goosen Fowles, Gay and Maday and Majerus slashed for the Loggers.

They were: Gordon Thayer, Cullen, Falei, Bacon, Maiby, Rickard, Grinch, Mortensen, Cunningham, Thompson, White, Good and Moore.

SECOND CONFERENCE BY Gust

Too bad, CEP Obsd! But the best teams usually win, and this time was no exception... Nine goals, followed! Let's take the rain in our sprays as we go. In the second game, typical of the others, it was E. K. versus the Terriers. Warren Gray, Nenon Meyer, and Bill Middlin. Sticks placed the best game of his career ever, and it is now as a way to see the second goal result.... Warren played an excellent game on pass defense, pulling the run out of a hole several times which would have put the Terriers on position to score... Joe's blocking was superb, and Bill's jobs in the first part of the game both Loggers in Lutheran tight quarters more than once.

Here and There.

To the rain of the aguak, all we can say is that we regret that you too, can't pack the ball for more than your usual share of public... How did George Maroin live in to position to grab that gabble on the Loggers? Williamette's miserable Missiles almost stifled the Pacific Border last week. The same didn't designate their fate in the third period.

The biggest upset of the past week on the Pacific Coast was the UCDM Mako stroll, which went over Cal's score of 20 to 0. Most of the sportswriters on the Coast predicted a close thing with the Vandal, but Pacific's sportscar gave UCLA a big edge. Wonder where he is headed.

Portland showed a lot of power in defeating BYU by a score of 12-7. The Tornado will really have to jump to beat the Pilots.

This Lee Freeman-lloyd Baker combination looks like a tough one to beat in this game. There's pressure for the Cal Nacs... George McDonald looked very fine for the Robersons in the Cal UO Cal. He's darned good on defense, and all he hits is a little weight and height to make a real ball player... Tony McCook looked good for the Miss Chs on pass defense, and George Mitchell did the single charge of the ball carrying and passing for the Mu Chs.

To wonder that other nations are capturing the make shares of the world's athletic championships! Daddy Snow has more interest in this country's men's athletic scholarships, and it is in the fact that he does stay at home with the best of the a rankling cross-country grid... Raleigh and Motley aren't solved in this game now. Sallie's back is up, though its really too bad that CPS doesn't try harder to make the Alumni More for the Alumni... Much football - we pick the following to come through this week:

Northern Calif. 24, 6
Washington 17, 10
Oregon 3, 0
Southern Calif. 14, 0
Oregon 21, 0
Cal 21, 0
